NEWS CAMPAIGN GETS CANDIDATES

South Fulton, Dec. 30 - The South Fulton News has received several candidates for the upcoming election. The candidates include John Smith, Jane Doe, and David Lee. Each candidate has prepared a campaign platform and will be receiving support from various members of the community. The election will take place on January 11th.

EVERYBODY WINS: Campaign Oars Hit the Water

The campaign slogan "EVERYBODY WINS: Campaign Oars Hit the Water" was announced this week in the news. The campaign aims to involve the community in various activities, such as rowing competitions and community events. The slogan reflects the spirit of unity and teamwork that the campaign seeks to promote. The campaign is expected to launch later in the month.

A candidate entered a tournament and qualified for $750.00 in prizes. Kindly notify the organizers if you have any questions or concerns regarding the campaign. A reminder that the campaign begins on January 1st.

Friday, Dec. 8, 1938 - Management of the newspaper and the organizers of the campaign extend their congratulations to the candidate who has successfully qualified for the contest. The campaign has been well-received by the community and is expected to bring positive changes to the area. The organizers thank all participants for their participation and encourage everyone to join future events.

DISCUSSES NEW BRIDGE PROJECT

At a meeting held on December 7th, the South Fulton community discussed the new bridge project. The project aims to improve transport facilities and connect the town with neighboring areas. Attendees expressed their concerns about accessibility and urged the organizers to ensure that the bridge serves the community's needs.

To make the bridge accessible to all, the organizers plan to conduct surveys to assess the needs of the community. The survey results will be used to fine-tune the project plans. The community is encouraged to participate in the survey and share their feedback.

FULTON MERCHANTS TELL WHAT IN BOWLING CENTER

The Fulton Merchants Association has expressed their excitement about the upcoming bowling center. They anticipate that it will bring in new businesses and boost the local economy. The organizers are working closely with the community to ensure that the center meets the needs of the town.

As the organizers plan for the opening of the bowling center, they seek the input of the community. Meetings are scheduled to discuss the center's layout, facilities, and programming. The organizers welcome suggestions and encourage community members to attend the meetings.
Circulation Drive

(Continued from Page 11)

With the election just around the corner in the Fulton News, more subscriptions have been needed. The drive started with the announcement of Shirley Partnership being the top in making subscriptions. All subscriptions will be counted towards the total amount, and the winner will be announced in the News.

The winning club will receive a trophy, and the top subscription will be awarded the title of "Subs Edit." The club with the most subscriptions will receive a certificate of achievement.

The subscriptions will help to support the News and keep it running smoothly. Without them, the newspaper would not be able to continue.

Subscriptions can be made by calling the News office or by visiting the local AT&T store.

HICKMAN NEWS

In the last issue, NWA announced that it would be making some changes to its subscription system. The new system will include a subscription fee, and subscriptions will be offered on a monthly basis.

The changes are being made to improve the overall subscription experience for customers. The new subscription fee will be $25 per month, and customers will have the option to pay for a year's subscription at a discounted rate.

The News will continue to offer its current subscription options, including single subscriptions and bulk subscriptions. Bulk subscriptions can be purchased for a discount, and single subscriptions will continue to be offered at the current price.

Subscriptions are important to the News, as they help to support the newspaper in covering local news and events.

On the last day of the campaign, the News received a letter from one of its subscribers expressing their support for the publication.

The subscriber wrote, "I have been a subscriber for many years, and I want to thank the News for its coverage of local events and news. The News has been a valuable resource for me and my family, and I appreciate the hard work of the staff."
The Forum

As the production of the Kentucky in the early years of the 19th century, the town of Fulto was known as the "Oxford of the West." This was due to its location near the University of Kentucky, which at the time was known as the "Western College." The town was also known for its beautiful natural setting, with the Ohio River flowing through it.

You Can't Take Out IF YOU DON'T PUT IN!

GOOD TIMES ARE HERE AGAIN - BUY NOW AND HELP TO MAKE THEM BETTER!

The more you put into life—the MORE you get out of it!
And it's the same with a bank or a town. The more you put in the more you take out.
The more money you spend HERE and the more your neighbors spend, the greater your chance
for getting more as it circulates.

The busiest season of the year is here. Things are starting to hum and conditions are better—and constantly
getting better—than for a half-dozen years. That's the story
the whole country over. The community that lags now is one
where its citizens expect to take out without putting in.

You can't do that and if you are a good citizen
you don't want to!

Start right now and put more into your home. Put
more into your property. Put more on your back. Put more in your
stomach. And it will be easier to put more in the bank.

The things you have been neglecting to buy. Make the improve-
ments you've too long been postponing. Get more out of life—
for yourself and your family—by buying the things that make
for comfort and better living conditions. You're not waiting
back to get a second chance to do it!

We invite you, as friends and neighbors, to join now in
putting into circulation dollars that are sure to come back to
you if they are put into circulation RIGHT HERE AT HOME.

We urge you to buy now and avoid higher prices later on. We
suggest a general cleaning up of outstanding obligations—
and thus keep your credit good. It's your best asset. You're
helped to make this a good town and a good community.
New help to make it better.

Dollars spent in your own community are kept in circula-
tion and work over and over for individuals living and earning
their living in that community. Thus is the general economic
condition of your home improved. You gain if you Spend At
Home and you lose if you don't.
