Tongues That Talk Too Much

Many a life of propriety has been destroyed by the careless tongue of a young person who never dreamed of doing any wrong. Partly because it is harder to stop the tongue in course of speaking than it is to stop a running stream. Sometimes it is just a nervous habit. It is not the fault of the tongue, but rather the fault of the person who uses it. The tongue is simply a tool, and if it is used improperly, it will cause more harm than if it were not used at all. The best way to avoid this is to learn to control the tongue and to use it only when necessary. This will help in the long run to keep the tongue from doing any harm.

The Saving Habit

Occasionally we hear of some young person who has acquired a habit of smoking, drinking, or using any other habit which is not good for him. In order to break this habit, the best way is to start by taking one small step each day until the habit becomes so small that it can no longer be noticed. This is a good way to start, and if the person is willing to put in the time and effort, he will eventually break the habit.

O. K. Laundry announces installation of a new machine which is the latest improvement in Hat Renovating, assuring customers of the best hat cleaning and blocking possible. We have been cleaning and blocking hats for the last five years with good satisfaction, knowing that we have installed the latest hat blocking service which will enable us to give just as good service as ever and also have it ready for any other service that may be needed. We offer this service as a part of our regular business and will be glad to assist in any other help possible to our related customers. The new machine works marvelously well and will have a decided influence on the blocking of all new hats.
COUNTING PENNIES

Everyone knows what it means to count the pennies, but some may find it surprising for a business handling millions of dollars a year to be so careful of its receipts and disbursements. Every large business, however, has its financial controller, and the Illinois Central System is no exception.

Pence are the measure of the payments made for Illinois Central service. When the road in 1883 earned $64,978,054 of revenue, an average of 459.44 cents per mile, 1.15 cents were the average, for each of the 273,000,000},

Pence also show where the dollars come from. From 1928 on, the Illinois Central has collected from our patrons $125,000,000 in a single year. This figure represents the cost of the local service. This revenue has been earned by the Illinois Central System

Pence likewise show where the dollars go. In 1928, the Illinois Central System spent $125,000,000 in a single year. This figure represents the cost of the local service. This revenue has been earned by the Illinois Central System

Pence on the floor indicate where the dollars have been spent in a single year. This figure represents the cost of the local service. This revenue has been earned by the Illinois Central System

Guiding Your Children

Bad habits lead children astray. Good habits guide them safely into the path of character, uprightness and independence.

You can start them right by teaching them to save money. Set them an example by saving yourself. Make them admire thrift.

Once started, the saving habit helps to form other good habits. It provides experience for them in handling their own funds.

This start in the right direction is but a single step. Bring children to the bank to open an account when you start them to school.

MUSICAL EVENT AT FIRST METHODIST CHURCH AT MAYFIELD, KY.

ON Friday evening, April 5, Mr. Joseph Schroeder, guest and Choir Master of Calvary Evangelical Church, Muncie, Ind., will give an organ recital on the new Ruyant organ recently installed in that church.

Mr. Schroeder will play a program which will be of interest to all churchmen.

In addition to this, there will be broadcasts carried by the Choir of the First Methodist Church of Mayfield, and the First Baptist Church of Fort Providence.

This start in the right direction is but a single step. Bring children to the bank to open an account when you start them to school.

No new organs of this church was formally opened in the history of the church, when Mr. Schroeder gave a recital on the new Ruyant organ recently installed in that church.

Mr. Schroeder was the soloist in the opening recital, and the recital was given in the spirit of the church's history, and in the spirit of the church's efforts to promote musical education.
