**Great Farmall Capacity in the 3-Plow FARMALL 30**

**F. Scholl's Caravan**

For medium-size farms we recommend the Farmall 30. Recent improvements in the 3-Plow Farmall 30 make this the most powerful and most efficient tractor on the market. It is equipped with a three-point hitch and a drawbar for pulling implements. The Farmall 30 is a true three-plow tractor, capable of doing the work of two smaller tractors. It is ideal for high production farming and is especially suited for large-scale commercial farming operations. The Farmall 30 is available in both gas and diesel models. **Students To Aid In Planning Survey**

According to W. C. Cain, Farm Superintendent of the Kentucky highway Planning Survey, who was in Fulton county recently, high school students have been given permission to help with the highway survey. This is a part of a highway planning program, and students will be made of use of the U. S. Bureau of Public Roads in the survey. High school students will be trained in the use of the latest methods of locating and mapping highways. The data which is being collected through the high school survey will be used in determining the future highway plans for the county. This is a far-reaching survey, according to Mr. Cain, and has been carefully planned.

**Students To Aid In Planning Survey**

Mr. Cain stated that each student will be trained in the use of a special device to locate and map highways. The students will be given permission to use this device to locate and map highways in the county. The data which is being collected through the high school survey will be used in determining the future highway plans for the county. TIMES Are Just About What We Make 'Em

GOOD TIMES ARE HERE AGAIN—BUY NOW AND HELP TO MAKE THEM BETTER!

We do a lot of talking about good times and bad times, but as far as this community is concerned, times are about what we make them. We have gotten into the habit of referring to "the dull season" when it's largely a state of mind.

Things have been humming along at a pretty nice pace for several months now. Old-time confidence has been restored. More money in circulation. People buying more of the comforts and necessities of life. Old obligations are being met, and good credit being preserved. Repairs and improvements long neglected are being made.

These are the things that have made times better in this community.

And they are the things that will make them still better.

There will be no "dull season" in either your line of work or ours if you will continue to buy the things you NEED as well as the things you want but have been afraid to buy. No dull season, if you will continue to settle up old obligations, even if you are able to make only small payments on them at a time. Faith in the future and a determination to keep your credit good will keep times good in this community, and the more money we put into circulation the better they'll be.

We, the Undersigned, want to see good times the year 'round. But the wish can't be granted without the individual cooperation of every citizen in the community.

So we join in inviting you to help keep times good in this community— to help make them still better—to burst the old "dull season" bubble. Buy RIGHT NOW the things you've postponed buying. Pay what you can on outstanding obligations. Show your confidence in your community and your faith in the future, just as we expect to continue doing.
