## EVANGELISM OF WORLD THEME.

Philadelphia, June 11.—Baptists from many lands will assemble in Philadelphia this week to attend three big conventions to consider denominational matters and to promote unity and efficiency in the efforts to evangelize the world.

The Northern Baptist Convention, representing more than a million and a quarter Baptists in the Northern States, holds a six days' meeting, beginning on Tuesday. The general convention of the Baptists of North America representing the entire United States and Canada will hold a single session June 19. The Baptist World Alliance will open its sessions on June 19 and will meet daily until the 25th. The last meeting of the latter body was held in London in 1905.

In the three conventions, some of the best known Baptists in the world are expected to speak. Chief interest is expected to center in the visit of the foreign delegations, consisting of about 300 from Great Britain and about 100 from the Continent.

Information was received here Tuesday night by his father, J. H. Utterback, that Ed Utterback was in a hospital at Cape Girardeau, Mo., where he had been since last Saturday and that he was in an unconscious condition.

It is stated that while a passenger on a train a difficulty arose between some men in which guns were drawn and Utterback fearing for his own safety leaped from the rapidly moving train resulting in his serious injury. The accident happened near Cape Girardeau and the boy was carried to the hospital for treatment. Mr. Utterback left Wednesday to see his son.

### TWIN BROTHERS MARRY; THE BRIDES TWINS, TOO.

Austin, Tex., June 12.—Leland and Lorand Tabler, twins, who are partners in business at Adrain, Mo., last evening married Alma and Alta Moore, respectively, at the home of the brides at San Marcos, near here. The brides are also twins.

The bridegrooms resemble each other so much that only close friends can tell them apart. The brides are so much alike in looks that members of their own family can hardly tell which is which.

In order that there might be no mix up of bridegrooms and brides at the double wedding each of the four principals wore different colored flowers. The two couples left today on their bridal trip, traveling together.

Two residences, just alike and side by side, await the homecoming of the two couples at Adrain.

### CARRIE NATION, NOTED KANSAS WOMAN, DIES.

Leavenworth, Kan., June 9.—Mrs. Carrie Nation, saloon smasher, died of paralysis here tonight after a several month's illness. Mrs. Nation was born in Kentucky in 1846. Her maiden name was Carrie Moore and as a girl is said to have been absolutely fearless. In early life she married a man addicted to intoxicants which created in her intense aversion to saloons.

She moved to Kansas and there married David Nation, who sympathized with her temperance principles. Mrs. Nation's first

saloon-smashing was done in the bar-room of the Carey hotel, Wichita, December, 1900. She was arrested and remained in jail several days before released on bond. Following that she terrorized saloon-keepers all over the country.

Jack Wear, of the Benton Tribune force, was here the first of the week the guest of relatives. He is unable to work on account of sustaining quite a painful injury to his right hand by getting it mashed in a press.

### INDICTMENTS IN NIGHT RIDER CASES DISMISSED.

Hopkinsville, Ky., June 7.—On motion of Commonwealth Attorney Denny P. Smith all the indictments in the famous Hopkinsville "night rider" cases were dismissed today, with the exception of those against Dr. David Amos, the alleged leader in the raid.

The commonwealth's attorney said that there was not sufficient evidence to convict the indicted men. Those against whom were found the dismissed indictments are Guy Dunning, former inspector for the Planters Protective Association; J. B. Malone, John Robinson, Irving Glass and Newton Nicholas. At the last term of court Dr. Amos was found not guilty on one count of an indictment, but two still remain to be tried.

The Ledger is in receipt of a letter from Thol Phillips, who left here some few weeks ago for Oklahoma, directing that his paper be forwarded to Pauls Valley. He states that he has been employed to teach a seven months school commencing October 1st at \$130 per month. He also anticipates conducting a summer school. He is well pleased with his new location.

## BOYDSVILLE MAN TURNS UP ALIVE.

Mayfield, Ky., June 13.—Walter McGehee, the Boydsville mill man, whose mysterious disappearance Friday night caused considerable alarm, has turned up alive and sound as a dollar. It develops that while enroute home from the city Friday night a mile or two south of the city got out of his buggy to take a snooze on the side of the road. He had removed his shoes and coat and left them in the buggy and the discovery of those articles and the absence of the owner created excitement. When he awoke during the night his horse and buggy were not there and thinking that the horse had gone towards home Mr. McGehee started out walking up the road. When he reached Vealsburg Sunday morning he telephoned to the city making known his whereabouts, thus putting an end to what was thought to have been a tragedy.

### DUTCH SMITH PLEADS GUILTY AND CATCHES A \$300 FINE.

"Dutch" Smith, who has been plying the Tennessee river with a gasoline boat for the past several months plying his trade of "thrust quenching," was this week arrested by Deputy Sheriff Tom Jones and plead guilty to the charge of violating the local option law and accepted a fine of \$300. In default of payment he was committed to jail Wednesday afternoon.

Smith was arrested in Paducah. His confederate was also arrested but while in the custody of Emmett Michaux, constable,

made his escape by jumping into a skiff at Pine Bluff and rowing across the river. It is alleged that this pair has been making regular trips up the river for many months and as a result of their visits much whiskey was sold. Citizens of the east side of the county will be glad to learn that Smith is at least temporarily out of business.

Miss Martha McCoy, of Paducah, has been the guest of Miss Marion Dale the past several days.

## OH YOU JUNE BRIDE

Close of Strenuous Life Marked by a Long and Painful Illness—Was 66 Years Old.

Leavenworth, Kas., June 12.—Mrs. Carrie Nation, who for 10 years raised unions in many cities of the United States in a militant fight for temperance, will be buried in Kansas City, Kas. Her death in a local sanitarium ended a three-month nervous breakdown. Mrs. Nation had suffered frequent relapses, and her death had not been unexpected for several weeks. She was 66 years old.

Mrs. Nation was incapable of even managing her own business affairs when she came here. All trace of the bold prohibition worker had disappeared, and she spent the last five months of her life in seclusion, no one but relatives and hospital attendants being allowed to see her.

When told several days ago that she would die, Mrs. Nation made no comment. Only Dr. A. L. Suwalsky and a nurse were with her when death came.

"Commanded to Go to Kiowa," Mrs. Nation, who styled herself "Defender of Homes," believed sincerely that she had been commanded by God to war against the liquor traffic. In a book she wrote and sold, the saloon smasher told how in a dream the Lord told her, "Go to Kiowa and I'll stand by you." Immediately thereafter, she narrated, she went to Kiowa, Kas., and began her remarkable career.

Some time later Mrs. Nation was sued by state officials of Kansas for slander and a verdict of \$1 was rendered against her in favor of the plaintiffs. Mrs. Nation paid the dollar, and the costs, amounting to about \$200, was assessed against property she owned.

Her campaign having been begun, Mrs. Nation continued to smash saloons and lecture on the evil of drink until finally she was incarcerated in the jail at Wichita, Kas., on the charge of "malicious mischief," growing out of her rampage in the bar of the Gayety hotel. After being in jail about a month, Mrs. Nation was released on a writ of habeas corpus.

In the meantime Mrs. Nation's activities had attracted the attention of the entire country, and consequently a demand for her services as a lecturer was created. From town to town she traveled thereafter, going all over the United States and Canada, smashing saloons, smashing cigars and dissuading from the lips of smokers, setting her hatchets and lecturing before large audiences.

ARREST THREE FOR FRAUD Nearly Completed Plan to Float \$12,000,000 Coal Mine Deal Falls Through.

Washington, June 12.—John Phillips, 53, an appraiser, of Richmond, England; Henry R. Ridder, 22, Phillips' secretary, and Thomas W. Latimer, a banker of Pittsburgh, 55, are held in the Tombs in \$10,000 bail each, charged with having conspired to defraud. An effort was made to release them on the ground that the arrest of the men had been made out of spite by business rivals, but Magistrate Steinert concluded to give officers time to arrive from Pittsburgh.

The arrest is said to result out of an attempt to float \$12,000,000 of stock in a coal mine in West Virginia and the men were arrested just as they were about to sail for England, where the deal was to be consummated.

Edward C. Stolzenbaum of Pittsburgh started the trouble for the three men. He told the police there that Phillips had represented himself as an agent of wealthy British capitalists, who were opening up new and extensive coal fields in West Virginia. He says he paid to Latimer, who was Phillips' American agent, \$2,000 for an option but that he learned there was nothing back of the glittering promises of the men.

St. Louis Woman, Ill. for Six Months, Refusing Medical Aid, Finally Dies.

St. Louis, June 12.—The cover held an inquest into the death of Mrs. Martha Josephine Taylor of 4048 Washington avenue, a member of the Christian Science church, who died without medical attention.

Mrs. Taylor had been ill for the past six months, but had such strong faith in Christian Science that she would not permit a physician to be called in. A week ago her illness became serious, but she still refused to take treatment from a physician, according to statements to the police by her sons.

She had been a widow 18 years, and during the greater part of that time lived in St. Louis. She was 58 years old. The coroner's verdict was death from chronic nephritis.

Another Oil Well Struck.

Carlyle, Ill., June 12.—The thirteenth producing oil well of the two-month boom period was drilled on the farm of Mrs. Winifred McCabes. The well was found at a depth of 1,150 feet and there is a flow of gas estimated at more than 2,000,000 cubic feet a day. The oil is being sprayed into the tanks at the rate of 300 barrels a day. The Standard Oil company has a right of more than 200 men at work on its six inch pipe line from Sandoval.

Mrs. Gould's Mother Dies.

Paris, June 12.—Mrs. Mary C. Gould, mother of Mrs. George J. Gould, died at the Hotel Ritz. With Mrs. Kingdon were her daughter, and Miss Edith and Gloria Gould, who left New York aboard the Kronsprunger, and Mrs. Gould, who were on their way to Disnonne-Bains for the summer.

Mrs. Kingdon had been ill two years, and the baths at Disnonne-Bains were so beneficial to her last summer that she was returning. George J. Gould, who is at Funchal today in the Adirondacks, with his two sons, was to have come over in a few weeks.

DIES ON EVE OF WEDDING Boston Man—Had Crossed Continent for Bride—Phtomaine Killed Him.

Everett, Wash., June 12.—After traveling across the continent to claim his bride, Albert A. Borosky of Boston died suddenly here, three days before the time set for the wedding. A coroner's jury has decided that his death resulted from ptomaine poisoning, caused by eating canned salmon.

Members of the household which entertained Borosky were stricken, but recovered. Borosky was to have married a daughter of Dr. L. B. Melrose of Everett. His body will be sent to Boston for burial.

# MRS. McPHERSON IS RELIEVED

In Letter Written From Chadbourne, N. C., She Makes a Full Statement Regarding Her Case.

Chadbourne, N. C.—In a letter from this place, Mrs. M. D. McPherson says: "I suffered five years with awful pains. They grew worse, till I would often faint. I could not walk at all, for two or three days at a time, and had an awful hurting in my side, and headache, and backache. I could not do anything.

I gave up, and thought I would die, but my husband said, 'Let's try Cardul.' So I began and the first bottle helped me, and I could do my cooking, and by the time the third bottle was used, I could do all my work.

The Cardul home treatment will do more than you recommend it to do. All the people around said I would die, but thanks to Cardul, I was relieved."

Cardul is composed of gentle-acting, herb ingredients. Its action is mild and natural, and it has no bad after-effects, as have many of the powerful drugs sometimes recommended.

No other medicine or tonic has exactly the same results as Cardul.

No other has the record of 10 years of successful treatment of cases of womanly weakness and disease.

Suppose you try it.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

AN OUTSIDER.

Greendyn—She is not going to stop at that resort any longer. Greendyn—What is the reason, then?

Greendyn—Not that exactly. There is one lone man, who has proposed to all of the girls but her, and she feels so out of place when they are holding an experience meeting.

An Unlabeled Hero.

Here is a niche in the Hall of Fame for Seth A. Eaton, a rural mail carrier from the Middleboro postoffice, who, surrounded by woodland fire, his horse lying on the ground stifled with smoke, his own hair singed, his hat burned and one side of his face and hands blistered, was still mindful of duty and saved the mail he was carrying by burying it in the sand, before he fought through the line of fire to safety. Not all the heroes tread the battlefields.—Fall River Herald.

Hadn't the Material.

"I really never saw such an impudent man as that Mr. De Borrowe," said Miss Wrathly. "He actually had the nerve to ask me the other night how I managed to get that lovely thing of alburn in my hair!"

"Really? Well, why didn't you box his ears?" asked Miss Slim.

"Why, I only had my Easter hat-box handy, and that wasn't big enough," said Miss Wrathly.—Harper's Weekly.

"Doctor, is it true that Welsh rabbits are unhealthy?"

"I don't know. I was never called in to attend one."

COMES A TIME.

When Coffee Shows What It Has Been Doing.

"Of late years coffee has disagreed with me," writes a matron from Rome, N. Y.

"Its lightest punishment being to make me 'jelly' and 'dizzy' and it seemed to thicken up my blood."

"The heaviest was when it upset my stomach completely, destroying my appetite and making me nervous and irritable, and sent me to my bed. After one of these attacks, in which I nearly lost my life, I concluded to quit the coffee and try Postum."

"If went right to the spot! I found it not only a most palatable and refreshing beverage, but a food, as well."

"All my ailments, the 'jellyness' and dizziness, the unsatisfactory condition of my blood, my nervousness and irritability disappeared in short order and my sorely afflicted stomach began quickly to recover. I began to rebuild and have steadily continued until now. Have a good appetite and am enjoying in sound health, which I owe to the use of Postum." Name given by Postum Co., Battle Creek, Mich.

## ANNOUNCEMENTS

### STATE TREASURER.

We are authorized to announce  
THOMAS S. RHEA,  
of Logan county, as a candidate for the office of state treasurer, subject to the action of the democratic state primary, July 1st, 1911.

### REPRESENTATIVE.

We are authorized to announce  
HENRY CHUNN  
as a candidate for re-election to the office of representative of Calloway county, subject to the action of the democratic party.

### VOTERS, BE ON YOUR GUARD

What does the whiskey gang care for a democrat or a republican? What does it care for a good man in office unless he serves its purpose? What does it care for a democrat or a republican further than to serve its purpose in passing and defeating certain laws and controlling the action of public officials? What does it care for good schools, good churches and good government?

Kentucky in many places is whiskey ridden and will continue to be until the people rise in their might and put their tools out of power, and now is the time to do it.

The trust combines are out to nominate a man of their own choice for governor, of each political party, then they will take their choice as between the two and try and elect him governor. Let the people take warning. A time to strike is now. Relegate the prison commission with all its power to the rear. Mayfield Messenger.

The season of fish fries, bran dances, brush arbor and tent meetings, gypsy teas, moonlight hay rides and beer openings is now upon us and life is worth while.

## DIRECT LEGISLATION CLUB ORGANIZED ON EAST SIDE.

The citizens of the Elm Grove section of the county have organized a "Direct Legislative Club" with quite a large and enthusiastic membership. The club will hold its first open meeting Saturday night of this week. Judge Thos. W. Patterson has been invited to deliver an address before the club at the time and a large crowd is expected to attend.

The Ledger is glad to see the awakening of the citizenship of the county to the importance of direct legislation, and it is to be hoped that all proposed progressive measures which have for their object the restoration of all forms of government in the people will form a discussion at every press road and every country school house. The nation is awake to the necessity of reforms in all branches of the government; the initiative, referendum and recall; direct election of all servants of the people including the president; commission form of government for the cities; and many other reforms are matters with which the masses need to become acquainted. The citizens of the Elm Grove section have secured upon the correct idea for the dissemination of education through such lines and the first club should grow and broaden until its influence is felt throughout the county.

**Unexpected Guests**  
The farmer and his wife were about to sit down to a cold supper when they saw some old friends driving towards the house.  
The good wife was equal to the occasion—thanks to her New Perfection Oil Cook-stove.  
She had it in a moment, and her guests hardly were seated on the porch before a hearty hot meal was ready for the table—sausages and eggs and long rashers of streaky bacon, and rolls just craped in the oven and fresh coffee—and the house, herself as cool and neat as if she had not been near the kitchen.  
She never could have managed it with an old-fashioned range. The New Perfection is the quickest, most convenient and best cooker on the market.  
Write for 1, 2 and 3 burner, with hot, pressure hot water, shower, and bath, and a complete outfit, which is sent with the stove, and a complete outfit, which is sent with the stove, and a complete outfit, which is sent with the stove.

## County Not Liable.

In a decision handed down Tuesday by the Court of Appeals in a Graves county case it was held that the sheriff of a county is not entitled to two dollars a day or any other amount for "waiting on" quarterly or county courts. It was also held that the sheriff must furnish his own tax receipts, tax books and other books. Sheriff Wallace presented an account for \$354 to the fiscal court of Graves county covering the foregoing items and the court refused to allow the claim. Thereupon the sheriff appealed and in the circuit court Judge Reed ordered the claim paid. Now the highest state court says the fiscal court was right and Judge Reed wrong. The sheriffs of Graves county and doubtless other counties have for years been paid on these claims and the fiscal court of Graves, as well as other fiscal courts, will take steps to recover this money, which will aggregate quite a sum in Graves county. ## Coldwater, Ky.

Editor Ledger: A great deal has been written about the little villages over the county, we believe this is a good idea, as it lets people know what we have. We believe that no county in the state can boast of more thriving little towns than Calloway county and I believe as nothing has been said about Coldwater will jot down a few lines.

Coldwater is located on the Mayfield and Murray road, contains about 250 inhabitants among whom are some of the best people on earth, has six stores, two tobacco factories, two mills, a blacksmith shop operated by Bazel & Newport, two as good workmen as could be found in the county, two live churches—Methodist and Baptist—with prospects of another soon, a graded school which is the pride of the community, and as a great deal has been said about this school and about the recent suit that was brought about by the payment of a debt by the county, will say this is not causing any disturbance in the district, we can pay it and never miss it. At a recent meeting of the school board a tax was levied to extend the school two or three months after the six months term. All the trouble that has existed in our community is passing and the people believe that in O. C. Wrathe and Wesley Waldrop we have two of the county's best young teachers in charge.

People are buying lots here from Mr. Bailey and others, who will sell, and are building and moving here, knowing that Coldwater is an ideal place to live in. OLD RESIDENT.

## Resolutions.

Whereas it has pleased the Great Ruler of the Universe to remove from our midst our beloved brother, John T. Blalock, who has been our church clerk for a number of years. Therefore be it.

Resolved: That the church at Poplar Springs has lost one of its most faithful and best members, his wife a dear loving companion, his children an affectionate and loving father, and the whole community a leader in religious worship. Be it further,

Resolved: That we present a copy of these resolutions to the bereaved family and extend to them our heart felt sympathy and say to them that their loss is our loss, that their sorrow and grief is ours and entreat them to sorrow not as those who have no hope, for we read in the word that the Lord death all things and especially those who love him. So let us be submissive to His will and make ready for His final summons. Be it further,

Resolved: That a copy of these resolutions be spread upon the record of church and that a copy be sent to the Murray Ledger.

BOOKS OF FORMER SHERIFFS ARE NOW BEING SEARCHED.

Mayfield, Ky., June 10.—The fiscal court of Graves county having reason to believe that certain former sheriffs had not accounted for all the moneys they had collected while in office, set on foot an investigation.

The mine at once began to develop pay dirt and the interest was soon feverish, not only among the investigators and the taxpayers, but among the investigated as well. Enough was soon brought to light to show that either gross carelessness or corruption had characterized the administration of the two former sheriffs, and the wonder grew as to how much of the people's money had failed to reach the public treasury.

Expert accountants were employed to go to the bottom of it, and the state sent inspectors to co-operate in the investigation on its behalf. Then the old sheriffs' friends got busy and sought by injunction to stop the investigation, alleging that the cost of the investigation was going to be so great that the taxpayers did not desire it continued. A temporary injunction was granted and last Monday at Bardwell Judge Bugg dissolved this and said the fiscal court would have been recreant to its trust if it had not acted upon the filing of the petition upon which the investigation was based.

On Tuesday morning the expert accountants began to delve into the books again and the first day we understand they made discoveries which point to still further sensational disclosures of official plunder of the taxpayers.

Lightning Kills Few.

In 1906 lightning killed 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble are vastly greater, but not if Electric Bitters be used, as Robert Madsen, of west Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then "completely" cured by Electric Bitters. They are the best stomach, liver, nerve and kidney remedy and blood purifier on earth. Only 50c at Dale & Stubblefield.

The Best Remedy  
For all kinds of sore eyes is Sutherland's Eagle Eye Salve. It is a creamy snow white ointment and would not injure the eyes of a babe. Guaranteed 25c.

WHY SO WEAK.

Kidney Troubles May Be Sapping Your Life Away. Murray People Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed suffers headache, backache, dizzy spells, urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney pills cure sick kidneys and keep them well. Here is Murray testimony to prove it.

George Aycock, contractor Murray, Ky., says: "For two years my kidneys were disordered, [their secretions] containing sediment and being to frequent in passage. I was also annoyed by headaches, dizzy spells and a blurring of my sight and when I arose in the morning, I was languid and tired. It was finally my good fortune to learn of Doan's Kidney Pills and I procured a box at Dale & Stubblefield's drugstore. I received relief through their use in a short time. I am pleased to recommend Doan's Kidney Pills to other kidney sufferers."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the Name—Doan's—and take no other.

### FOR AGED PEOPLE.

### MAKE THIS TEST.

Old Folks Should Be Careful in Their Selection of Regulative Medicine.

We have a safe, dependable and altogether ideal remedy that is particularly adapted to the requirements of aged people and persons of weak constitutions who suffer from constipation or other bowel disorders. We are so certain that it will relieve these complaints and give absolute satisfaction in every particular that we offer it with our personal guarantee that it shall cost the user nothing if it fails to substantiate our claims. This remedy is called Rexall Orderlies.

Rexall Orderlies have a soothing, healing, strengthening, tonic and regulative action upon the bowels. They remove all irritation, dryness, soreness and weakness. They restore the bowels and associate organs to more vigorous and healthy activity. They are eaten like candy, may be taken at any time without inconvenience, do not cause any griping, nausea, diarrhoea, excessive looseness, flatulence or other disagreeable effect. Price 25c and 10c. Sold only at our store - The Rexall Store, Dale & Stubblefield.

How to Tell If Your Hair Is Diseased.

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. 98 per cent of the people need a hair tonic.

Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

We want everyone whose hair requires treatment to try Rexall "93" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and cure baldness.

It is because of what Rexall "93" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c and \$1.00. Sold only at our store - The Rexall Store, Dale & Stubblefield.

M. Bean, of Marshall county, for representative. Lyon county's fifteen delegates are uninstructed, but as Marshall has twenty-one, the question is settled. Heretofore the counties have taken turns, but Representative McWaters is from Marshall county, and according to tradition, a Lyon-man should have been nominated.

**FLIES have no use for a Westinghouse Electric Fan—they are as helpless in the air currents which it produces as a bi-plane in a hurricane. No matter what tempting morsels your table affords, turn the button that starts the fan and every last fly will vanish.**

That's one reason why the best sizes of Westinghouse Fans are used in all the best restaurants and why you should have a little Westinghouse Fan in your home. Another reason is solid comfort. You find the air currents that are shunned by the flies very agreeable and refreshing on a hot day.

You use the fan in the dining room at meal time and in the kitchen before and after, then in the living room, then on the porch, then in the bed room. It is always in demand somewhere. Keep it going all day - from 2 o'clock in the evening till 12 at night, and the cost for current will be between two and three cents. Pretty cheap comfort, is it not? Telephone for one to-day.
