Moving Pictures Featured At Lions Club Luncheon

The picture was a prize of the Fulton Lions Club and was shown Friday evening by the ladies of the club at a dinner in the Fulton Methodist Church. It was enjoyed by all in attendance.

Treat In Store For Fulton

On Friday was "Senior Day." This is the first time that we have ever had a Senior Day in Fulton High. All the girls who are graduating will have an open house at their homes. A buffet dinner will be served.

High School Notes

High School Notes were given as usual Wednesday afternoon. The art of voice culture was a feature of the program. Several beautiful renderings of songs were given.

OUR MESSAGE OF SERVICE

There is going to be a lot of activity in the building line this year. Architects and contractors, carpenters and January all, are busily sharpening up their pencils and their tools, and getting set for business. It is not the young married folks above who are going to build homes — who dream dreams of happiness in homes of their own — but many others who have long, too long, been renting the roofs over their heads and are going to try this year to realize their desire to have a home of their own.

Whatever you plan to do by way of BUILDING — REMODELING — REPAIRING

we want you to feel perfectly free to come in and consult our service department without the slightest obligation. Whether it’s a big house or a bungalow, a new garage, new roof or new floor, a sun parlor or a sleeping porch, or built-in fixtures — we are prepared to give you unprejudiced service and low prices on Quality Material.

LET US HELP YOU MAKE YOUR DREAMS COME TRUE.

The Month of Beauty

Now comes May, one of the most pleasant and most beautiful months of the year. Winter has gone, the golden showers of April are past, the sun of summer has not yet come, and nature, having chosen to be seen without restraint, prepares to spread her broad and beauty about her.

Origins of the Month

May is the third month of the year, and is called May, from the Latin word "Maius," which means "of the month." It is a month of beauty, and is often referred to as the "Queen of Months."

May is a month of change, with the end of spring and the beginning of summer. It is a time of renewal and growth, with the blooming of flowers and the growth of crops.

In legal parlance, there is a common growth and betterment advertising that they may disadvantage, both in respect to buy with the least expense of this community. This newspaper bof ats Fulton and it.0 p1*, in- community the fruits of his in- merchant who has his money in- most, should impel the merchant depend, for their very existence. In the death of R. L. Parsley, well known local fruit grower, Mr. Parsley's sister, Mrs. Dreskell, spoke briefly of the accident which claimed his life Saturday evening. He entered the car and was taken to a nearby hospital where he died Sunday morning. He was known far and wide for his genial personality and was esteemed for his many good qualities.

Parsley was a member of the Wiltshire Masonic Lodge and was the former owner of the old Wildcat Road, which was recently purchased by the city of Paducah. He was also a member of the Order of the Eastern Star.

Throughout the years, he was active in the fruit growing business and was known as a hard worker. He had a reputation for being a fair and honest man.

His death is a great loss to his family and friends. He will be greatly missed by all who knew him.

Guiding Your Children

Bad habits lead children astray. Good habits guide them wisely into the path of character, uprightness and independence.

You can start them right by teaching them to save money. Set them an example by using yourself. Make them adore thrift.

Once started, the saving habit helps to form other good habits. It provides experience for them in handling their own funds.

This is the right direction to take. Bring children to the bank when you start them on the path of thrift.

This great school of excellence in life-holding classes in America, but the scientific spirit of the age has now inves-
tively invaded the workshops of industry and trade that they, too, have become technical schools and
are taking the place of the old-time machines. The way
in which this has been done is by the administration of the
younger generation to the idea that the man who is to
work in the shop must be prepared to do so. The result
has been the creation of a new type of school, which is
now held in as high esteem as the old-time academic
school. This new type of school is called the Technical

FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the preju-
dice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no dif-
ference between our meals and the meals they get at home. That's the reason they
come here so frequently to eat.

Years of catering to the appetites of partic-
ular people make it possible for us to serve
appetizing meals.
