LEWIS GETS A LIFE SENTENCE.

Paris, Tenn., July 2.—On the night of December 18th, 1910, between 12 and 1 o'clock occurred one of the meanest crimes ever perpetrated in Henry county. The thousand dollar barn of John D. Atkins, together with 14 head of horses and mules, 200 barrels of corn and four or five hundred hales of hay, were burned to the ground in order to cover up the theft of two fine mules which the thief led from the barn before setting fire to it.

The next morning, only 14 carcasses were found among the debris, which immediately caused a search for the missing animals. Mr. Atkins had bloodhounds put on the trail and vigorous efforts were made to apprehend the thief. The next morning, however, officers at Mayfield, Ky., arrested Tom Miller, alias Will Lewis, who was wanted there on a serious charge. Miller had with him a fine mule and a mare and upon investigation, the mule proved to be the property of Mr. Atkins of this city. It was learned that Miller had traded off the other mule to Dan Eley of Murray for the mare and \$50.00 in money, \$30.00 of which he had when arrested. Miller was tried at Mayfield last week and sentenced to the penitentiary for life, the jury being out only eleven minutes. Not only was this Miller's third offense in the State of Kentucky, but he was also sentenced to the penitentiary for stealing a horse from Percy Edwards at Como.

Mr. Atkins attended the trial at Mayfield and did not return to Paris until the last of the week. His friends are glad that the criminal who caused him so serious a loss has received his just punishment.

PROMINENT YOUNG COUPLE OF SEDALIA ARE MARRIED.

A beautiful courtship of prominent people was culminated Tuesday evening at 9 o'clock when Rev. Howell spoke the words at his residence at Sedalia that united in marriage Mr. Clyde Johnson and Miss Bernice Sherman. The couple left Tuesday night for Louisville to spend a week before returning to Sedalia to make their home. The bride is quite a beautiful and charming young lady being the daughter of W. T. Sherman, a prominent farmer.

The groom is a sterling young man and a successful traveling salesman for Bray's Clothing Company, of Louisville. He is a son of J. L. Johnson, one of the substantial farmers of the Sedalia section. Mayfield Messenger.

Miss Sherman is a niece of E. C. Sherman of Harris Grove, and has other relatives in Calloway with whom the Ledger joins in extending happiest congratulations.

A Cough, A Cold—And then no telling what—unless you use Dr. Bell's Pine-Tar-Honey. It is the best, ask your neighbor. Look for the Bell on the Bottle. Sold everywhere.

Pace-Cress.

Miss Lurline Pace and Bailey Cress were married at the home home of the bride Wednesday evening, Rev. William Ethridge, of Hazel, officiating in his usual impressive manner. The bride was lovely in white and

the groom looked unusually well in conventional black. The bride is the third daughter of Mrs. D. H. Pace, and grand daughter of the late Andrew J. Wells. She is pretty, well educated and was one of the county's leading teachers. Mr. Cress, who came to Hardin from Trigg county, is one of the best young men of the state. He was formerly teacher in one of the leading business colleges in Georgia.

The wedding was attended by quite a number of the relatives and intimate friends of the bride and groom. Refreshments consisting of ices, cakes and fruit were served late in the evening. The happy couple will reside at their beautiful country home, formerly known as the W. R. Irvan place. Their many friends extend heartfelt congratulations.

Race Meeting Well Attended.

The races at the fair grounds July 4-5 were fairly well attended. The crowd the first day was estimated at about 2,500 while a smaller crowd, was present on the second day. The complete program was carried out and the spectators were treated to a number of good races. The liberal purses offered in the races attracted quite a number of good horses. While the weather conditions were such that the crowd sweltered and suffered from the inconveniences caused by the dust it was altogether a good natured and jolly bunch of folks and nothing occurred to mar the pleasure of the meeting.

NO INDICTMENT IN GRIFFITH CASE.

Benton, Ky., July 4.—Circuit court adjourned at noon today after trying several breach of the peace, bootlegging and other misdemeanor cases. The grand jury has not reported an indictment as yet. Opinion is divided as to whether Mrs. Lucy Griffith will be indicted on the charge of administering strychnine to her husband, Ed Griffith.

It was rumored on the streets this afternoon that this difference of opinion extended to the grand jury room. Several witnesses in the case have been examined.

Happiest Girl in Lincoln.

A Lincoln, Neb., girl writes, "I had been ailing for some time with chronic constipation and stomach trouble. I began taking Chamberlain's Stomach and Liver Tablets and in three days I was able to be up and got better right along. I am the proudest girl in Lincoln to find such a good medicine." For Sale by Dale & Stubblefield.

The remains of Mrs. Pat Beale, of Almo, arrived from Hopkinsville, where she passed away at the Western Kentucky Asylum, last Sunday night and were laid to rest Monday afternoon in the Almo cemetery. Mrs. Beale was stricken some few months ago with a serious nervous trouble from which she never rallied, and after many weeks illness she was taken to Hopkinsville for treatment and after a few weeks passed away. She was a most splendid young woman and had many friends throughout this and Marshall counties. Her death is a sad one and brings much grief to all who knew her. She is survived by a husband and children.

George Crider, colored, was arrested and lodged in jail the first of the week charged with stealing about \$43 in money from the Union store near the depot.

STUM GOES TO MADISONVILLE.

F. P. Stum, who has been a citizen of this place the past ten years, has gone to Madisonville, Ky., where he will be associated with the Farmers National Bank in the capacity of cashier. Mr. Stum came to Murray about ten years ago and organized the Citizens Bank, of which he was cashier for several years. He afterwards sold his interest in the institution but later was again associated with the bank. He was one of the most successful business men ever in the city of Murray, and during his business career here made many warm friends and strong admirers. It is with a feeling of regret that the Ledger sees him leave, and we feel that the entire community can ill afford to have him leave. Only recently he purchased the Judge Cook residence on Price street where he now makes his home. His family will remain here until the late fall and will continue to occupy the residence on Price St.

Meeting at Headquarters.

Thirteen members of the Calloway county committee of the tobacco association, accompanied by E. M. Farmer, salesman and Bunk Clark, an interested spectator and loyal association member, left here Wednesday afternoon for Clarksville to attend a meeting of the board of directors of the association. Those who went were J. H. Keys, Sime Burken, W. S. Shoemaker, Uloos Cunningham, Alex Crouch, Lee Clark, B. B. Denham, M. A. Owen, R. W. Owen, Tip Thompson, W. E. Daniel, W. G. Hamlin and J. J. Huie.

They will attend a general conference of all officials and thoroughly acquaint themselves with the affairs of the association. Several hundred delegates from the district will attend.

The play "Topsy Turvy" was rendered by a company of home talent at Hardin last Saturday night to a crowded house. There were about fifty of Benton's best people present and quite a number from Almo, Dexter and other places. The play was a success from start to finish, and the company should be congratulated.

The Baptist Meeting.

Evangelist T. T. Martin and his personal worker, Mr. J. B. DeCarino, arrived last Monday. Mr. Martin is preaching daily at 9:30 a. m. and 8:15 p. m. and will continue through out next week. Saturday morning there will be a special service for young people. Every young man and young lady and every boy and girl in reach of Murray is urged to attend that service. There will be services Saturday night. Sunday afternoon at four o'clock there will be a mass meeting at which Bro Martin will speak on "The Ancient Man and the Modern Woman."

Don't fail to hear this matchless expounder of the gospel of the new covenant, while he is in Murray.

Miss Louise Holt entertained with a lawn party, last Saturday evening in honor of her friend, Miss Joy Holland. Out of the neighborhood guests were, Miss Lena Pool, Jewel Ferguson and Rubie Hart, of Murray, and Miss Willie Owens, of Tobacco and perhaps others. All expressed themselves as having a good time.

BOILER BURSTS, ONE MAN DEAD.

The steam boiler with the Carroll & Adams threshing outfit, exploded Tuesday afternoon near Dukedom and as a result Gottla Adams was instantly killed and George Carroll severely scalded and otherwise injured. The accident occurred while the machine was at work threshing a crop of wheat and came without warning to the men working in the crew. Adams was firing the boiler and was instantly killed. He was a young man about 21 years of age and a son of Blath Adams, of near Harris Grove. He with Mr. Carroll have been conducting a blacksmith shop at Harris Grove and only recent fitted up the threshing outfit and started to work. The remains of the young man were brought to the home of his father Thursday and were buried Friday at Sinking Spring. His death is the cause of much grief to those who knew him.

Card of Thanks.

We desire to extend our sincere thanks to the many friends who were so kind and loving to us during the illness and death of our beloved daughter. Nothing that kind and loving friends could do was left undone and to them we desire to return our heartfelt thanks. We also desire to acknowledge with a deep sense of gratitude the many evidences of love and esteem as evidenced by the many beautiful flowers presented. May God's choicest blessing be bestowed upon each and every one of you is the prayer of our hearts.

LEE WATERS AND WIFE.

Saves Two Lives.

"Neither my sister nor myself might be living to-day, if it had not been for Dr. King's New Discovery," writes A. D. McDonald of Fayetteville, N. C. R. F. D. No. 8, "for we both had frightful coughs that no other remedy could help. We were told my sister had consumption. She was very weak and had night sweats but your wonderful medicine completely cured us both. Its the best I ever used or heard of." For sore lungs, coughs, colds, hemorrhage, lagrippe, asthma, hay fever, croup, whooping cough, all bronchial troubles, its supreme. Trial bottle free. 50c and \$1.00. Guaranteed by Dale & Stubblefield.

REPUBLICAN CALL FOR A CONVENTION IS AMENDED.

In obedience and conformity to the call of the State Central Committee no one but known Republicans will be allowed to participate in the Republican County Convention to be held at the court house in Murray, Ky., on July 8, 1911. This June 30, 1911.

A. DOWNS, Chairman Republican Executive Committee of Calloway county.

Long Drouth Predicted.

Ir R. Hicks, the noted weather prophet, predicts a devastating drouth for the Southern States extending from the middle of July to late in September, embracing at least sixty days. Discussing the weather for July he says:

"A regular storm period covers the 6th to 10th, with probability of being prolonged over the full Moon on the 11th. The Venus influence is still dominant at this period, which fact may reasonably excite hopes of rain over

many sections of the grain growing regions. We believe that a very serious lack of general rains will be upon every wide section of the great agricultural regions to the northwest, west and south from the middle of July until late in September. Those who figure and plan to mature crops in the earliest possible part of summer will, we predict and advise, come out winners. A possible reaction to fair and cooler may come on and touching the 10th and 11th.

May Build New Railroad.

A charter has been filed for record in the county register's office for a new rail road to be known as the Kentucky and Tennessee State Line Railroad company. The incorporators are leading farmers through whose section the proposed new railway will pass. They are: J. N. Hill, W. T. Jackson, C. V. McCambell, J. W. Williams and J. T. Turnbow. According to the charter the road will run from Tennessee to the Mississippi river, traveling on or near the Tennessee-Kentucky State Line, from which it gets its name, and will pass through Hazel, where the general office will be located. Eighty thousand dollars will be the capital stock, and the shares will be \$100 each. The charter authorizes a first mortgage bonded indebtedness of not more than \$8,000 per mile. —Paris Post-Intelligencer.

The south and west parts of the county got shower today.

AUCTION SALE OF TOWN LOTS.

E. B. Irvan has had his property just west of the city limits platted and converted into large lots and next Thursday, July 13, is going to place them on the market and sell at public auction. The property is a most desirable addition to the city and in many respects superior to other property within the city limits. With desirable improvements on these lots the sale, no doubt, will be largely attended. It has been extensively advertised and already much interest is manifest in the sale. Some rare real estate bargains are in store for the purchasers. Wide streets have been opened through the land and graded.

Prominent Divine Nearing Death.

Rev. Asa Cox, Henry county's veteran minister of the gospel, who is now nearing his ninetieth milestone on life's highway, and who for almost three score and ten years has been giving his time to the cause of the Man of Galilee, is slowly sinking and his recovery is not likely.

His sons, M. M., of Fulton, Ky., and A. B. Cox, of Ft. Worth, Tex., are here at his bedside. The grave condition of the reverend gentleman is the source of much regret. —Paris Post-Intelligencer.

This aged and esteemed citizen is well known in Calloway and many years ago was a resident of Murray.

Both Drowned.

Charles Wilkins, an engineer on the N. C. & St. L. railroad, and his daughter Lillian, 12 years old, were drowned at a sandbar opposite Paducah Tuesday night while he was teaching his daughter to swim. Wilkins was seized with cramps and the little girl, unmindful of her own fate, plunged into the river in an endeavor to save her father's life. Both bodies have been recovered.

ODD FELLOWS MEET JULY 11.

The members of the local lodges I. O. O. F., are very much interested in the great Re-union of all Odd Fellows, their families and friends throughout Kentucky and Southern Indiana, at Louisville, Ky., on Tuesday, July 11. The Re-Union will be held in Fontaine Ferry Park, one of the greatest pleasure resorts in the United States.

To make the Re-Union one of especial importance, the children of the Widows' and Orphans' Home at Lexington will be brought to Louisville by special train, and also the children of the Widows' and Orphans' Home at Greensburg, Indiana. Preparations are being made to give these children the greatest day they have ever had or ever will have.

Grand Sire, John B. Cockrum, has been invited to be present, and the Grand Masters, Grand Secretaries and Grand Patriarchs of Illinois, Indiana, Ohio, West Virginia, Virginia and Tennessee have also been invited. Many of them have already signified their intention of being present.

In Kentucky, Odd Fellowship has now 32,000 members, in Southern Indiana 20,000. Every one of these 52,000 members have been notified of this Re-union. The railroads of Kentucky have given a one-fare for the round trip, and the Indiana roads in the Louisville territory one and one-half fare for the round trip.

One of the most enjoyable features of the reunion is the basket picnic. Each family is expected to take their dinners in basket and eat them picnic fashion.

Grand Master Gruber, of Kentucky, and Grand Master Stipp, of Indiana, are both exerting all their influence toward getting every Odd Fellow within reach of Louisville to attend.

SCHOOL PER CAPITA HIGHER THIS YEAR THAN EVER BEFORE.

Frankfort, Ky., July 2.—Kentucky's school per capita this year will be higher than it has ever been in the history of the State, although it has not yet been fixed. The present per capita is \$4, but in some counties where the dog tax brings in a neat sum the per capita goes higher, as the money collected from the dog tax goes to the schools in the county where it is collected. The straight per capita for the school children of the whole State has never been higher than \$4, which was the amount of last year.

This year on account of the large increase in the assessment on personal and real property, and also because of increased assessment on franchises, there will be more money raised than in some years, and the school per capita may go as high as \$4.10, certainly as high as \$4.05. The school census has not been completed yet, so it is not possible to tell just what the school per capita will be, but Frank P. James, State Auditor, said tonight he thought it would go as high as \$4.10. Mr. James said the per capita certainly would be higher than it has ever been, and would be more than the \$4 which was fixed last year.

termined to introduce such a measure in
the senate, rush it through and have the
upper body pass it.

STAMPING OUT SHEEP SCABIES

Officers in Charge of Cam-
paign Make Report

FLAGS WILL BE THE PRIZES

Changes and Promotions in Kentucky
National Guard—Inspectors Col-
lect Money for the State—
Many Items of State
House Delays.

Frankfort, Kentucky, has about
800,000 sheep and it has been found
that 34,297 of them were affected
by scabies. These figures are
taken from a report made by
Dr. A. J. Payne, of the United
States bureau of animal industry, who
is in charge of the fight on scabies in
Kentucky. Inspectors have gone into
every county and have found in-
fection among the sheep in sixty-
two counties. In thirty-eight counties
there has been no work done toward
stamping out scabies and in seven
counties no livestock inspectors have
been appointed.

The seven counties in which no in-
spection has been made have been ap-
pointed are Breathitt, Greenup, Knott,
Letcher, McCracken, Rowan and Hen-
derson.

June 1, when Dr. Payne closed his
report, 404,853 sheep had been inspec-
ted and since that time 10,900 more
have been examined by the inspectors.
Of the number inspected 27,400 have
been officially dipped under the super-
vision of the county livestock inspec-
tors.

Dr. Payne is well pleased with the
progress being made toward the erad-
ication of scabies and believes that in
a short time the quarantine will not
be lifted if the inspectors will give proper
application to the work. Dr. Payne
says that too many of the inspectors,
after ordering the sheep owners to
leave the actual work to the sheep owners
who do not know how to dip properly.
He says that the quarantine will not
be lifted in counties where the work
of inspection and dipping is improper-
ly done. In the seven counties where
there are no inspectors sheep cannot
be shipped on account of the danger
of infection of other flocks in coun-
ties where scabies is well in hand or
inspected. The government
inspectors will be kept at work until
scabies has become a thing of the past
in Kentucky.

Old Glory the Trophy.
Kentucky—Col. C. D. Clay, of the
governor's staff, and Maj. T. T. Dean,
Third Infantry, United States army,
detailed by the war department in-
spector-instructor during the regimental
encampments at Orell station, have
been designated by Adj. Gen. John-
ston as a body of officers to deter-
mine what companies are entitled to
the silken flag embroidered with the
arms of the state and the United
States to be awarded as a prize to
the company of each regiment show-
ing the highest degree of proficiency
during the encampments. These flags
will be held by the companies winning
them until the next annual encamp-
ment. If a company loses its position
at the next annual competition the
flag will be turned over to the com-
pany winning it. Attendance at drills
from the close of each regimental en-
campment until the next annual com-
petition, to be determined by the
company's reports on file in the Adjutant
General's office, will count 50 per cent
in grading companies. The flags are
ready and will be carried on the
property returns as state property,
and the proper custodian of the reg-
imental flag will be the company flag
commander.

Kentucky Heads Fortification Sub-
committee.
Congressman Swager Sherry
was chosen chairman of subcommittee
on fortifications of the house ap-
propriations committee. "This is the
subject of expending money to
maintain and improve the coast de-
fenses of the country and drafts the
fortifications appropriation bill. Rep-
resentative Sherry will have charge
of that bill on the floor of the house
as long as he holds this position."

One of the most important ques-
tions that will come before the Sherry
subcommittee in the next few years
will be the fortification of the Panama
canal zone, plans for which are ready
and work on which is about to begin.

Spanish War Veterans.
The Spanish American war veterans
elected their officers at the annual
meeting of the Spanish American war
veterans, held at the department com-
mander, C. E. Schmitt, Covington,
senior vice commander, J. P. Fred-
erickson, Lexington, junior vice com-
mander, J. P. Fredrickson, Lexington,
Covington is selected as the next
meeting place for the state encamp-
ment.

Colleges Will Not Lose Legacies.
The supreme court of Massachusetts
has ruled that legacies in the will of
the late Albert A. Pope, consisting of
shares of stock in the Pope Manu-
facturing Co., were not affected by
subsequent dissolution of that cor-
poration in receivership proceedings
and the reorganization of a new com-
pany. Among the institutions re-
ceiving legacies of the Pope shares of

Army Officers Will Instruct.
Adjutant General P. P. John-
ston issued a circular giving the rules
and regulations for the state encamp-
ment of the National Guard in Ken-
tucky this year. Major Thomas M.
Woodward is designated as supervising
officer.

The troops of the First regiment
will go into camp July 1. Each regi-
ment will be under the observation of
the adjutant general, who will be de-
tailed from the war department as
inspector. Brig. Gen. Roger D. Wil-
liams will accompany him during the
inspection and make a report to the
adjutant general.

Brig. Gen. C. Barnes, of the United
States army, will devote part of
his time to the instruction of the non-
commissioned officers, and Sergt.
Louis Diekmann, of the United States
army, will instruct enlisted men in du-
ties pertaining to subsistence depart-
ment. The camp will be held at O'Reil
Station.

Adj. Gen. Johnston appointed Ros-
coe C. Adams, of Salersville, as first
lieutenant medical corps, detailed for
the following promotions—Capt. John
H. Evans, Beattyville, major medical
corps, detailed with Second Infantry
for duty. First Lieut. Joseph Barr,
Frankfort, captain medical corps, de-
tailed with Second Infantry for duty.

Value of Kentucky Farms.
Census Director Faulkner has issued
the first official statement from the
census bureau relative to the agricul-
tural statistics of the state of Ken-
tucky collected at the 13th United
States census.

The statement shows that the num-
ber of farms reported in 1910 was
208,717, as compared with 224,607 in
1900, an increase of 66 per cent.
The total value of farm lands and
buildings was given in 1910 as \$653,
782,000, as against \$382,004,000 in 1900,
an increase of 66 per cent.

The reported value of farm imple-
ments and machinery was \$20,792,000
in 1910, as against \$15,302,000 in 1900,
a gain of 35 per cent.

The total acreage reported in 1910
was 22,159,000, as compared with 21,
979,000 in 1900, a gain of 0.8 per cent.

The improved acreage was returned
in 1910 amounting to 14,334,000
acres, as against 13,742,000 in 1900, an
increase of 4.4 per cent.

The average acre per farm reported
in 1910 was 86, as against 94 in
1900, a decrease of 9 per cent.

The average value per acre of farm
land and buildings in 1910 is stated
as \$28.66, as against \$17.35 in 1900, a
rise of 65 per cent.

The expenditure for labor in 1910
reached the sum of \$12,181,000, as
compared with \$6,613,000 in 1900, an
increase of 84 per cent.

The expenditures for fertilizers
amounted in 1910 to \$1,348,000, as
against \$908,000 in 1900, an increase
of 48 per cent.

Part of Appeals Adjudged.
The final adjournment before
the summer vacation has been taken
by the court of appeals and it is ex-
pected that a large number of deci-
sions will be handed down. It is un-
derstood that a decision will be given
in the case involving the merger of
the L. & N. and Frankfort & Cin-
cinnati railroads, one of the most im-
portant cases which has been before the
court at the present time.

It is also expected that the petition for
a rehearing in the Joe Welling case
will be acted upon. These are about
the only important cases of general
interest that are to be decided by the
court. During the last year the court
has decided hard and a large number
of decisions have been handed down.
The court is well up with the docket
and few cases will go over to the next
term.

Shakers Will Not Be Dissolved.
The Society of Shakers, or Shagline
Quakers, of South Union, Logan coun-
ty, will not be dissolved. This deci-
sion was reached in the federal court
when Judge Walter Evans passed on
the case of Mary E. Porter and Char-
ity Hilton against Logan Johns and
others. The plaintiffs had asked for
a sale of the property, consisting of
2,600 acres of the best improved land
in Logan county. Charity Hilton, 90
years old, and blind, was persuaded
to leave South Union by the Porter
company, and suit was brought to re-
cover her interest in the colony prop-
erty. The court holds that Charity Hilton
may return to South Union if she so
wishes and will be entitled to care
and protection there.

Only about \$5,000 has been collected
from owners of automobiles in Ken-
tucky, although much more than that
is due. The state license tax is due
in June on about half the automobiles
in the state, and the force is in Lou-
isville, where the majority of the au-
tomobiles are owned, collecting taxes.
A penalty of \$500 is assessed after a
month, and the owner of an automo-
bile who drives it without paying the
license is liable to a fine. Audi-
tor's agents are keeping close tab on
who pays automobile taxes and suits
are likely to result if the fees are not
remitted.

A meeting of the state livestock
sanitary board was called in Louisville
to hear a report from Dr. Payne on
the status of the fight being waged
against sheep scabies. He has never
made a report to the board on his
work, but is making good progress
toward stamping out the disease.

The Frankfort Printing Co., the state
printer, has been selected as the state
printer for the year 1911. The con-
tract provides for union men.

RECIPROCITY WINS IN FIRST ROUND

ROOT AMENDMENT DEFEATED BY
OVERWHELMING MAJORITY.

La Follette Will Offer Amendments for
Free Paper, Free Lumber and Many
Reductions.

Washington.—The Canadian recip-
rocity bill emerged from its first ordeal in
the senate Monday night unscathed. The
Root amendment proposing a modifica-
tion of the wool pulp and paper sec-
tion of the agreement was defeated
by an overwhelming vote after seven
hours of debate. Friends of the amend-
ment were so satisfied of its defeat a
roll call on the vote was not demanded.

This leaves the reciprocity measure
open to the general fight that is to fol-
low for amendment of important provi-
sions of the Payne tariff law. Senator
La Follette announced in a speech op-
posing the Root amendment he would give
to the senate a chance to pass on gen-
eral tariff amendments for free paper,
free lumber and lumber products and for
reductions in many other schedules. Sen-
ator Clapp also announced his intention
of offering a free paper amendment later
and other senators gave evidence of their
purpose to force from now on considera-
tion of tariff revision on the widest
plane.

Attack on the Root amendment was
interperpetrated with attacks on the whole
reciprocity measure in the debate that
ran throughout the afternoon and which
resulted in the defeat of the Root amend-
ment. The defeat of the Root amend-
ment proposed to change the house bill by re-
quiring that all Canadian provinces
should remove their export restrictions
on pulp wood and its products, before
the reciprocal features of the wool pulp
and paper items of the agreement
became operative.

MRS. McMANIGAL SWOONS
Wife of Accused Man Victim of Third
Degree.

Los Angeles, Cal.—Representatives of
the prosecution in the Los Angeles Times
dynamiting case Tuesday confronted
Mrs. Orie E. McManigal with her hus-
band, one of the accused conspirators,
in an anteroom of the grand jury cham-
ber before their pleadings and she swooned.

McManigal, it was said, had been
taken from jail to plead with his wife
to be a witness for the prosecution
instead of for the defense, after she
had persisted in refusing to answer
questions put to her before the grand
jury.

When she emerged, hysterical, from
the grand jury room, Attorney Joseph
Scott, an associate of Clarence S. Dar-
row in the defense of the McManigal
brothers, rushed among the detectives
surrounding her and with clenched fists,
swept the officers aside with threats of
violence if they did not cease "hounding
this woman."

The detectives admitted they are mak-
ing every attempt to win Mrs. McMan-
igal to the side of the prosecution.

TWO PERISH IN OIL FIRE
Property Valued at \$300,000 Destroyed
at Port Arthur.

Port Arthur, Tex.—Two lives were
lost, half a dozen or more men were in-
jured, some seriously, three oil barges
and one tug burned to the water's edge,
about 10,000 barrels of oil destroyed and
two large warehouses and over 200 feet
of wharves burned in an explosion, fol-
lowed by disastrous fire in the Port
Arthur harbor and water front. The loss
is estimated at \$300,000.

INCREASE HOUSE MEMBERS
Senate Committee Agrees to 433 Repre-
sentatives.

Washington.—The senate committee
on census agreed to a bill to increase
representatives from 433 to 437, without
amendment, providing for 437 repre-
sentatives, notwithstanding practically all of
the committee members had expressed
themselves as opposed to the increased
representation.

The bill provides for forty-two rep-
resentatives over the present number, and
was framed so as to prevent a decrease
of the membership from any state.

The report will be withheld for a week
to give Mr. La Follette time to prepare a
minority report, which will be presented
by Senator Bailey.

Volvia Is Indicted.
Washington, Ill.—Overseer William Glen
Volvia and two other officers and mem-
bers of the Christian Catholic Church in
Zion were indicted at Zion City charged
with perpetrating election frauds at the
Zion City election April 3 and 18, involv-
ing, in part, control of the church fund-
ed by the late John Alexander Dowie. It
is alleged that Volvia and his co-workers
are the election brought members of the
church from all parts of the country to
vote.

Record Cattle Sales.
Kirkville, Mo.—New records for
Jersey cattle were made here Mon-
day when two bulls and one cow brought
\$26,000 at the annual Kinloch farm sale.
Viola Golden sold a seven-year-old bull
for \$13,000. He was purchased for
\$12,000 two years ago, while he was the
record price at that time. Viola Golden
sold a two-year-old bull, son of the
first named and Lady Viola, sold for \$10,
000. Majesty's Lady Honala, six-year-
old, brought \$8,450, said to be the high-
est price ever paid for a Jersey cow.

Worrying Happiness.
The bishop of Manchester, speaking
at a meeting at Church House, West-
minster, said the secret of happiness
was to have a sufficient multitude of
worries.

The man who had only one worry,
a blind that would not be pulled up
straight by the servant, or a coal
scuttle the bottom of which was al-
ways coming out, found his way to
the lunatic asylum. But the man who
had no time to dwell upon his wor-
ries because he had to go from one to
another, and back again and round
and round like a squirrel in a cage,
could be a perfectly happy man.

The Same, but Different.
"When it comes to the task of tak-
ing up the parlor carpet, do you run
away from the job?"
"No, I beat it."

Bribery.
Mrs. M.—Who did you vote for?
Miss N.—I don't remember his name.
He gave me his seat in the street car
last week.

Any man can get into a fight, but
sometimes it takes a certain amount
of courage to keep out of one.

BANDITS ROB MAIL CAR AFTER BATTLE

BRAKEMAN, MAIL CLERK AND
CONDUCTOR SHOT IN RESIST-
ING DESPERATE BAND.

HOLD UP NEAR ERIE, PA.

Engineer and Salesman Thrown Over-
Embarkment After Personal En-
counters, But Are Not
Fatally Injured.

New York, July 3.—Major Gaynor
daring and desperate train robbery
that has taken place in the East pe-
cured a few minutes after 10 o'clock
Friday night on the Philadelphia &
Erie railroad, at an isolated spot five
miles from this city.

As a result, four men were injured
by the bandits. Two of them with bul-
lets; the mail and express cars were
stripped of valuables and the lives of
many passengers were endangered,
not from the bandits, but from death
at the bottom of a deep ravine. The
injured:

C. H. Block, Erie, mail clerk; shot
through right hip; condition serious.
C. P. Bemis, brakeman; shot in the
arms and bruised on the head when
he was ejected from the train by one
of the robbers.

H. D. Rooney, conductor; struck by
stones hurled by bandits and badly
cut.

Carl Anderson of Renova, Pa., trav-
eling salesman, suffered cuts on head,
face and body, when he grappled with
a bandit and was thrown over an em-
bankment.

Estimate of Lost Runs High.
Just how valuable the registering
mail and express packages were is not
known. It is believed, however, that
the amount will run into thousands of
dollars.

An hour after the hold-up the train
was brought into this city.
The passengers were panic stricken.
Half a dozen women passengers who
had fainted during the robbery, were
gathered with a score of others in a phys-
ician's condition—were given medical
attention here.

Although from all accounts there
were at least 10 men, possibly 12, con-
nected with the robbery, not a trace
of them has been found. Throughout
the night practically the entire police
and detective force of Erie, together
with railroad police and many farm-
ers, made a thorough search of the
entire countryside.

Every railroad leading into this city
was closely watched, but not even a
suspect was picked up.

STRIKE HOLDS TOURISTS

Lines Unable to Leave Piers Because
of Lack of Crews—Prominent
Men Detained.

Liverpool, July 3.—Hundreds of
American tourists who had planned to
sail from this port for home were
marooned in England by the shipping
strike. The Cunard liners, Camania,
the Arabic and the Empress of Brit-
ain, all due to sail at noon, the Car-
mania and Arabic for the United
States, and the Empress of Britain for
Canada, were unable to leave their
piers at the time set because of the
lack of crews.

Strikers maintained a strong picket
line about the docks and were vigilant
in preventing strikebreakers from go-
ing on board the vessels.

Among those booked to sail on the
Empress of Britain was Sir Wilfrid
Laurier, premier of Canada, who de-
sires to hurry back to Ottawa to force
the reciprocity treaty to a finish.
Many Americans had booked their
passage on the Arabic and Camania.

Warned by the mysterious fires
upon the Arabic, the White Star Line
is maintaining strict vigilance and ex-
tra police are patrolling the harbor
front.

HETTY GREEN SELLS LAND

Richest Woman Disposes of More Chi-
cago Property and Will

CHICAGO, July 3.—Mrs. Hetty Green
of New York, has sold another parcel
of her large realty holdings in Chi-
cago for \$155,000. The tract consists of
28 acres at Halsted and Sixty-eighth
streets.

It was announced recently that Mrs.
Green intended to dispose of all her
property in this city, valued at sev-
eral million dollars.

Demand That Platt's Son Testify.
Oklahoma City, Okla., July 3.—The
state board of equalization made a
formal demand upon the United States
Express company that Edward T.
Platt, son of the late Senator Thomas
C. Platt, appear before the board July
10 to testify in regard to the value of
the company's property in Oklahoma.
Other leading officials of the company
also are ordered to appear.

Dynamite Hearing Put Off.
Los Angeles, Cal., July 3.—The hear-
ing on the contempt proceedings in-
stituted against Mrs. Orrie E. McMan-
is originally set for July 4, but has
been continued until July 6. The hear-
ing whether she should be adjudged
guilty of contempt for failing to an-
swer certain questions asked at the
McManis dynamite investigation.

REDUCE EXPRESS TARIFFS

SIXTEEN COMPANIES VOLUNTA-
RILY SURPRISE COMMISSION.

Bulky Volumes of New Rates Begin-
ning August 1, Furnished by All
Companies Except One.

Washington, July 3.—Members of
the interstate commerce commission
were taken by surprise when bulky
packages of new express tariffs from all
the express companies in the United
States except the Long Island com-
pany. The new rates were dumped in
on the commission only a short time
before the closing hour Friday, but a
hasty checking showed that the tariffs
call for a large reduction in express
rates beginning on August 1.

In the hurried comparison that has
been made between the new and the
old rates, it appears for one thing that
in the case of long hauls of express
packages to non-competitive points
the general reductions amount to as
much as 50 per cent. Officials of the
commission say that the new rates
will bring substantial reductions on 80
per cent of the traffic handled by 16
of the 17 big express companies of the
country.

The impression here is that this
voluntary action on the part of the
express companies is designed to an-
ticipate orders by the interstate com-
merce commission reducing express
rates. The commission has been con-
ducting an investigation into the rates,
rules and regulations of express com-
panies for some time and the general
belief is that the commission will
hand down a report holding that the
rates are too high.

STEPHENSON QUIZ NOW

Senate Gets Papers in Case of Wis-
consin Member Asking for
an Investigation.

Washington, July 3.—Another sen-
atorial election investigation question
was placed before the senate commit-
tee on elections when the full com-
pleted records of legislation in the
case of Senator Stephenson of Wis-
consin were received by the vice-pres-
ident, laid before the senate and re-
ferred to the committee.

The reference was made by Sen-
ator Heyburn of Idaho, a
member of the committee.

The investigation was first made by
a joint committee of the Wisconsin
legislature, which found no direct vi-
olation of law, and subsequently by a
special committee of the Wisconsin
senate, which in its report made a
variety of charges in connection with
Senator Stephenson's election.

The documents received direct from
the Wisconsin legislature request a
congressional investigation of the
charges against Senator Stephenson.

24 YEARS BETWEEN BATHS

Averson to Water Shown in Testi-
mony Against Wife at Twenty-
third Hearing of Case.

Decatur, Ill., July 3.—By his own ad-
mission on cross-examination in a pre-
liminary hearing, Charles Doolin of
this city has gone without a bath at
least twenty-four years.

Doolin was the complaining witness
against his wife, on trial on a statu-
tory charge. The case holds a record
for domestic difficulties, twenty-three
hearings having been held in the last
five years in local justice courts, and
more than fifty warrants having been
served out.

Doolin testified his wife received
men callers in the house while he was
at home. He admitted having made
no remonstrance.

Mrs. Doolin was bound to the grand
jury under \$100 bond.

Corn Duty Suspended by Mexico.
El Paso, Tex., July 3.—Mexico has
extended for 30 days the order pre-
venting corn to enter free. Anticipat-
ing restoration of duty July 1, 200
cars of corn were being brought to
the border when news of the exten-
sion was received.

THE MURRAY LEDGER,

O. J. JENNINGS, EDITOR.

Entered at the postoffice at Murray, Kentucky, for transmission through the mails as second class matter.

THURSDAY, JULY 6, 1911.

THE CALLOWAY VOTE.

The vote cast in the state primary last Saturday by the democrats of Calloway thoroughly convinces the Ledger that the rank and file of the party took but passing interest in the contest. It further demonstrates that the people are done with machine rule and in the future unless they are guaranteed a fair ballot and an honest count in all contests they will register a final and telling protest in the general elections. A "frame-up" was attempted in this county with the object of giving the county's vote to Addams in the governor's race, but at the eleventh hour the attempt was abandoned and now you can hardly find an Addams man with a search warrant. The Ledger was informed of the attempt some several days ago and last week sounded a warning that seems to have put the gang to flight. We rejoice to know that our prediction that this county's vote would be given to Addams, regardless of for whom it would be cast, failed to prove correct, but are at the same time convinced that the warning held out saved the county's vote for Hon. Jas. B. McCreary. In reality the purpose was to follow the lead taken by the city of Louisville, where the whisky interests absolutely controlled the election, and as the result shows denied McCreary a decent "look in." Had the people of this county been guaranteed a full and free expression in the matter McCreary's vote would have been many hundred greater. As it was only those who were willing to board the lion in his lair, and prevent the absolute annihilation of the possibility of McCreary's success in the county voted in the primary, and while the vote was light it was so overwhelming for the Madison county man that endeavor to switch the vote was abandoned.

In connection with the result a most "amusing" telegram was sent from this place by one of the gang who is now endeavoring to make exceedingly fair weather with the nominee for governor in which was contained a remarkable allegation and wholly contrary to the truth, but the truth was not what was sent to be conveyed. The only desire was to impress upon McCreary the undoing love, admiration, solicitation for his success, entertained by the sender, and that nobody else now in Calloway county was for him but ME. That sort of slush couldn't be poured into McCreary's ear through a funnel.

We have been attending public speeches for over thirty years, but we have never heard one to equal the speech made here last Saturday by E. T. Franks, a republican candidate for governor. He spoke about two hours to a court house full of people and he devoted about one hour of his time to abusing one of his opponents, Mr. O'Rear. Franks says that Mr. O'Rear was, and is, in sympathy with the "night riders" of Kentucky, that, for a time a few years ago, so disturbed this end of the state, Mayfield Messenger.

From what the Messenger says we are forcibly impressed that Franks is making about the same character of speeches in his race for the republican nomination for governor that a bunch of fellows here in Calloway made some three years ago in the race for the nominations for county officers. His yell of "night riders" comes as the wail of a fool, and adds the misfortune befall the citizens of Kentucky and Franks

receive the nomination for the office he seeks he would be compelled to eat crow, just like the Calloway fellows did.

A great Methodist revival is in progress at Dexter, Mo., the home town of Ed P. Crowe, former citizen of Murray. The meeting is being held in a big tent with lots of straw and Editor Ed is once more in his element.

Death in Roaring Fire.

Drives away skin eruptions, ulcers, or rashes. Only 25¢ at Dale & Stubblefield.

The 1911 Tobacco Crop.

It is estimated that there will be a reduction of about 15 percent in the tobacco crop of the United States in 1911 as compared with the production of 1910. Throughout the country there was much hot, dry weather in the month of May, which was not favorable to the growth of the plants in the beds and which made it impossible to transplant.

In the Ohio Valley the crop is from two to three weeks late. In the Bluegrass region, the Burley district, there has been a reduction in acreage consequent upon the unsatisfactory selling conditions which prevailed. In the Black Patch the reports are well nigh unanimous to the effect that the crop will not be so large as last year. Estimates indicate that Kentucky has planted 282,751 acres in tobacco this year, as compared with a harvested area last year amounting to 375,908 acres. The crop experts figure that the production should be in the neighborhood of 240,338,350 pounds, as against a total of 336,935,400 pounds in 1910.

Kentucky farmers have been going in strongly for tobacco in recent years. The production in 1910 was a record-breaker in Kentucky, as well as in the country at large. For several years the crop has been steadily climbing. Secretary Wilson in his annual report for 1910 placed the average prices of the last five years, 1910 included, at "ten cents a pound and a little better." In this connection he vouchsafed the opinion that it was necessary that the average price of the crop, all types and grades considered, should not decline if the crop is to maintain its increasing output. It probably will do the farmers no harm if events shall demonstrate that present estimates are approximately correct.

Beware of Quackery for Catarrh that Contains Mercury.

As mercury will surely destroy the sense and mind and completely derange the whole system. When entering the system it produces the most terrible effects. Such a cure should never be used except the right one from reputation and experience. It is taken internally and made in Toledo, O., by E. J. Cheney & Co. Testimonials free. Sold by all druggists. Take Hall's Family Pills for constipation.

Miss Mary Waters, the 16 year old daughter of Lee Waters and wife, died at the home of her parents in the west part of town last Saturday after a short illness of typhoid-flux. Her death was one of the saddest that has occurred in this place, for some time and brings much grief to a large circle of young friends and many relatives. Her condition was critical from the very first of her illness, and while the best of medical attention and the watchful care of loving parents was given the death angel came and carried her away. She was a member of the junior class of the high school and was especially bright and very popular with her class mates. The funeral services were conducted Sunday afternoon at the family residence by Rev. Russell, pastor of the Methodist church, of which she was a member, after which the body was laid to rest in the City Cemetery.

Unexpected Guests

The farmer and his wife were about to sit down to a cold supper when they saw some old friends driving towards the house.
The good wife was equal to the occasion—thanks to her New Perfection Oil Cook-stove.
She had it lit in a moment, and her guests hardly were seated on the porch before a hearty hot meal was ready for the table—sausages and eggs and long rashers of streaky bacon, and rolls just crisped in the oven and fresh coffee—and the hostess herself as cool and neat as if she had not been near the kitchen.
She never could have managed it with an old-fashioned range. The New Perfection is the quickest, most convenient and best cooker on the market.

DAYS OF DIZZINESS

Come to Hundreds of Murray People.

There are days of dizziness: Spells of headache, sideache, backache:

Sometimes rheumatic pains; Often urinary disorders.

All tell you plainly the kidneys are sick.

Doan's Kidney Pills cure all kidney ills.

Can Murray residents doubt this statement?

Mrs. George Jackson, 857 N. Sixth Street, Paducah, Ky., says: "I suffered a great deal from a weak back and pains across my kidneys. Headaches and dizzy spells also bothered me and I felt miserable in every way. Some time ago I commenced taking Doan's Kidney Pills and they soon made a decided improvement. The pains are now much less severe and I feel stronger and better in every way. Doan's Kidney Pills have been of such great benefit to me that I would not think of being without a supply on hand."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Solves a Deep Mystery.

"I want to thank you from the bottom of my heart," wrote O. B. Rider, of Lewisburg, W. Va.,

"for the wonderful double benefit I got from Electric Bitters, in curing me of both a severe case of stomachic and of rheumatism, from which I was an almost helpless sufferer for ten. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice and to rid the system of kidney poisons that cause rheumatism, Electric Bitters has no equal. Try them. Ever bottle is guaranteed to satisfy. Only 50c at Dale & Stubblefield.

JOHNSON'S

5, 10 & 25c VARIETY STORE.

FLIES have no use for a Westinghouse Electric Fan—they are as helpless in the air currents which it produces as a bi-plane in a hurricane. No matter what tempting morsels your table affords, turn the button that starts the fan and every last fly will vanish.

That's one reason why the larger sizes of Westinghouse Fans are used in all the best restaurants and why you should have a little Westinghouse Fan in your home. Another reason is solid comfort. You find the air currents that are shunned by the flies very agreeable and refreshing on a hot day.

You use the fan in the dining room at meal time and in the kitchen before and after, then in the living room, then on the porch, then in the bed room. It is always in demand somewhere. Keep it going all day—from 2 o'clock in the evening till 12 at night, and the cost for current will be between two and three cents. Pretty cheap comfort, is it not? Telephone for one to-day.

MAPLE SUGAR DAINTIES.

Did you ever try the good old-fashioned "bunny chub"? Well, and now away a quart of milk in a pretty dish, from which it will be served. When it has thickened, which will be in twenty-four hours if not weathered, put it on the fire an hour or two and just before serving sprinkle with grated maple sugar. Sour milk is said to stir the ravages of disease and old age. It is not an expensive food to experiment with, which is one great advantage.

Dainty Dessert.—Prepare oranges as follows: Take off the peeling, open at one end so that the orange resembles a tulip. Make a custard of a cup of milk, a quarter of a cup of maple syrup, a tablespoonful of cornstarch and one egg. When the custard is cold fill the oranges and add a spoonful of whipped cream.

Maple Sandwiches.—Roll a cupful of maple syrup, a half cupful each of dates, almonds and pineapples. Cook for five minutes, take from the fire and add a spoonful of lemon juice. Cut the bread in long thin slices, remove the crust, butter and spread with the mixture, then roll up and wrap in waxed paper. Let stand several hours and they will keep their shape when the paper is removed.

This is also a fine filling for a white cake.

Maple Peanut Cookies.—Take two tablespoonfuls of butter, cream it and add a half cup of maple syrup, one egg, two tablespoonfuls of milk, a cup of flour, sifted with a half teaspoonful of cream of tartar and a quarter of a teaspoon of soda, add three-quarters of a cup of chopped peanuts. Drop from a spoon on a buttered sheet.

Maple Creams.—Roll a pint of maple syrup with two tablespoonfuls of glucose until a soft, waxy ball is made, when a little is dropped in cold water. Remove from the heat and stir until the mass is creamy. Roll in balls and decorate with nuts.

WHO would long for peach and pear. Wealth of grape hills adorning. While the cherries, ripe and rare. Plump their graces to the morning. Crisp cherries everywhere.

SOME FROZEN DISHES.

There are no desserts that are so universally liked as the frozen ones. Here are a few to try:

Raspberry Water Ice.—Take one and a half pints of raspberries, one orange, one lemon and a pound of sugar. Cook the fruit with two cups of water for ten minutes. Add the grated rind of the lemon and orange and let it remain in the syrup until quite cold, then add the raspberries, also the strained orange and lemon juice. Freeze until firm.

Ginger Bombe.—Prepare a custard with a cupful of milk, three tablespoonfuls of sugar and the rind of a lemon. When the milk boils, pour it over the yolks of four eggs and a teaspoonful of ground ginger, stir until it thickens, add the juice of a lemon and freeze. Add a cup of whipped cream and line the mould with preserved ginger, cut in pieces.

Peach Ice Cream.—Take a quart of cream, add three-quarters of a pound of sugar, one quart of ripe peaches, half a teaspoonful of almond extract. Put half of the cream on to scald, add the sugar, then take from the fire and add the remaining cream; when cold freeze. The peaches are pared and mashed and then put through a sieve for a few minutes, then set a custard and add the bananas when it is cold; add a tablespoonful each of lemon and orange juice. Stir in a half cupful of cream, and freeze.

SAVORY MEAT DISHES.

Breaded Tongue, Tomato Sauce.—Cut thick slices of cold boiled corned beef tongue. Season with pepper and salt if needed. Brush over with beaten egg, roll in fine bread crumbs and now she wants the money for another.

OWES HER HEALTH

To Lydia E. Pinkham's Vegetable Compound

Scottville, Mich.—"I want to tell you how much good Lydia E. Pinkham's Vegetable Compound has done me. I live on a farm and have worked very hard. I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am so broken down with hard work and the care of my family, but I tell them of my good friend, Lydia E. Pinkham's Vegetable Compound, and that there will be no backache and bearing down pains for them if they will take it as I have. I am scarcely ever without it in the house."

"I will say also that I think there is no better medicine to be found for young girls to build them up and make them strong and well. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound for painful periods and irregularity, and it has always helped her."

"I am always ready and willing to speak a good word for the Lydia E. Pinkham's Remedies. I tell everyone I meet that I owe my health and happiness to these wonderful medicines."

A New Sensation.—Little Jean had visited one of the large summer amusement parks for the first time, and with the courage possessed only by those girls whose playmates are boys and girls older than themselves, she had not hesitated, when invited, to take a ride on the roller coaster that abounded in such places.

To her mother, on her return from the park, she confided the emotions she had experienced as she swept back and forth on the roller coaster with her elder brothers.

"Mamma," she said, "when I went round those awful turns so fast I felt just as if I had freckles on my stomach!"—Youth's Companion.

BABY'S HAIR ALL CAME OUT

"When my first baby was six months old he broke out on his head with little bumps. They would dry up and leave a scale. Then it would break out again and it spread all over his head. All the hair came out and his head was scaly all over. Then his face broke out all over in red bumps and it kept spreading until it was on his hands and arms. I bought several boxes of ointment, gave him blood medicine, and had two doctors to treat him, but he got worse all the time. He had it about six months when a friend told me about Cuticura. I sent and got a bottle of Cuticura Soap and a box of Cuticura Ointment. In three days after using them he began to improve. He began to take long naps and to stop scratching his head. After taking two bottles of Resolvent, two boxes of Ointment and three cakes of Soap he was sound and well, and never had any breaking out of any kind. His hair came out in little curls all over his head. I don't think anything else would have cured him except Cuticura."

"I have bought Cuticura Ointment and Soap several times since to use for cuts and sores and have never known them to fail to cure what I put them on. I think Cuticura is a great remedy and would advise anyone to use it. Cuticura Soap is the best that I have ever used for toilet purposes." (Signed) Mrs. F. E. Harmon, R. F. D. 2, Atoka, Tenn., Sept. 10, 1910.

Lead in Salt Industry.

The six leading states in the salt industry are Michigan, New York, Ohio, Kansas, Louisiana and California, and in 1909 these six states produced salt valued at \$7,745,552. The salt from these states is obtained from rock salt, sea water and natural brines—in other words, from all the known sources of salt.

SPONIN'S DISTEMPER will cure any possible case of DISTEMPER, PINK EYE and the like among horses of all ages, and prevent the same from having the disease. Also cures chicken cholera, and dog distemper. Any good druggist can supply you, or send to Mrs. Sponin and \$1.00 a bottle. Agents wanted. Free book, Sponin Medical Co., 1000 Broadway, New York, N. Y.

Develop Individuality.

Care should be taken in the family that each child develops an individuality, says the London Sketch. Sometimes, especially in the case of girls, it is a good idea to send children to different schools. This seems an extreme measure, but is worth the consideration of the parents who find that their brood are dropping into slavish habits of speech, idea codes and rules of their own, and a general contempt and disregard of the rest of the world.

Where Hubby Made Mistake.

Wedmore—"I made the mistake of my life last night. I told my wife I didn't like her any more. Single-ton—And she flared up, eh? Wedmore—Oh, no; it wasn't that; but she wants the money for another.

MADE BANK ACCOUNT GOOD

Why Uncle Reuben Could Not Meet Debt He Acknowledged as an Obligation.

Uncle Reuben, the village white-washer and man of all ages, was a frequent borrower of small sums from his neighbor, Colonel Arkwright, and as a rule he repaid these little debts at the appointed time; but on one occasion, when he had become somewhat of a loafer, he borrowed two dollars and a half, which he promised to return in a few days, he allowed two or three weeks to pass without making any mention of his indebtedness, and in fact, seemed to avoid his creditors. But one morning the colonel unexpectedly encountered him at the postoffice.

"Hello, Uncle Reuben! Didn't you borrow a little money from me several weeks ago?"

"That's right, colonel," said the old man. "I shoddy did."

"You told me you'd pay it back in three or four days. Have you had any luck?"

"No, sir," responded Uncle Reuben. "I'll tell you how it was, colonel. I lacked 'jest' two dollars and a half of having 'ten dollars to put in de savings bank, an' I used it for dat. Hit's all right, colonel. I won't forget it."

Harm in Too Much Exercise.

Dr. Lawson Brown and Dr. F. H. Helms of Saranac Lake, in an article on "Properly Regulated Rest and Exercise in Pulmonary Tuberculosis," in the June number of the Journal of the Outdoor Life, holds that the action of the lungs is very similar to that of overexercise. The poisonous irritation caused by the germs gives the organs and tissues of the body a double load to carry. Drs. Brown and Helms emphasize the importance of rest in the treatment of tuberculosis, but also insist that properly regulated exercise is very necessary. They state their conclusions thus: "To sum up, exercise when properly regulated and systematically graded is an important factor in the treatment of pulmonary tuberculosis. Through it the patient is in many cases returned to home and family with lessened chances of future relapse. At the same time part of his earning capacity is restored, and he is consequently financially less dependent upon others, relieving him of much worry, expense and hardship."

TOO BAD.

Edith—Papa couldn't let me marry Mr. Stinky because he smokes such cheap cigars.

Edward—He can't say that about me.

Edith—No, he says you smoke top expensive ones.

With Enthusiasm.

Mistress (hastily sticking a finger into either ear)—Kittie, for heaven's sake! What does that frightful noise and profanity in the kitchen mean?

Kittie—Ob, that's nothin', ma'am! It's only cook rejectin' a propos' of marryin' from the ashbin—Harper's Bazar.

Their Favorite Alibi.

"Cook—How do you get out of it when the missis scolds you for not answering the bell?"

Waitress—I always tell her I was making mayonnaise—Harper's Bazar.

One Necessary Thing.

Kate—Maud is married, and she doesn't know the first thing about housekeeping.

Allice—Yes, she does; the first thing is to get a husband to keep house for.

WHERE THEY DRAW THE LINE

Naturally Men Disapprove of Extravagance—Whence Their Own Purposes Is Concerned.

Mrs. William B. Leeds, who took Mrs. George Keppel's house in London for the summer season, came from New York with 40 huge trunks, all the same size and all mounted with shining brass, all elated-colored, and all as luxurious as the body of a motor car.

Mrs. Leeds, as her 40 trunks imply, dresses very beautifully. She spends a large amount on her wardrobe, and discussing the fact that woman's dress is so much more expensive and more of the less durable than man's, she once said:

"We women dress foolishly, and we will continue to do so till men disapprove; but—" she smiled on the men— "as the doctors say, 'If you ever disapproved of dress extravagance in a woman unless she happened to be his wife.'—Detroit Free Press.

LOST 61 POUNDS.

Another Terrible Case of Gravel Cured by Doan's Kidney Pills.

Charles Understeil, 50 W. 44th St., Chicago, Ill., says: "Kidney trouble ran me down from 196 to 136 pounds and I was a shadow of my former self. Oh! how I suffered! I became so bad the doctors said my left side was paralyzed. I could not walk without assistance. I grew worse and went to hospital, but was not helped. My friends all thought I would die. Three weeks after I began taking Doan's Kidney Pills I passed a gravel stone as big as a pea. At intervals the stones kept passing from me. I passed eleven in one day. Doan's Kidney Pills finally cured me. My health returned and I have had no kidney trouble since."

Remember the name—Doan's.

Heathen Nations Invent Nothing.

Bishop Thoburn, who has been a missionary in India for fifty years, and knows India better than any other living American, says: "If you visit the patent office at Washington, you will see six hundred improvements on the plow. India has not invented one improvement on the toothpick in two thousand years. The nations without God have no inventive faculty. They are almost universally the savage, unenlightened nations of the earth."

Captured Her Interest.

"She is very cold and formal, but I got her interest."

"How?"

"By asking her how she ever happened to marry her dub of a husband."—Exchange.

TO DRIVE OUT MALARIA.

Take the old Malaria Grover's Quinine Pills. You know what you're getting. The formula is plainly printed on every bottle, showing it is really Quinine and free from any toxic form. The Quinine drives out the malarial and the pain follows. Sold by all dealers for 30 years. Price 30 cents.

Hopeless.

"Why don't you get in line for Miss Hattie's favor?"

"Humph! That line's busy."

SALES AUCTION SALE TOWN LOTS!

**MURRAY, - KENTUCKY,
Thursday, July 13th, 2 O'clock.**

On the above date we are going to sell the most desirable residence property that has ever been offered to the people of Calloway County at public auction. And when we say lots we do not mean a lot 50x100, just large enough for a house, **we mean a lot 7-8 to 11-3 acres.** A lot you can build a residence, stock barn and have a large garden and a nice orchard on it, and many other conveniences. These lots all front wide streets, namely, Washington Avenue, Jefferson, Main Cross, Price and Vine Streets. The property is known as the E. B. Irvan land. Concrete walks lead to these lots and they are only a few yards from the Murray Graded School Building. It is a known fact that ground adjoining this land sold from 500 to \$700 per acre less than a year ago.

**These Lots Will Be Sold to
WHITE CITIZENS ONLY!**

Now is the chance of a life time to buy some of the best lots in Murray at auction and at your own price. One lot contains a stock barn that cost \$1,350 to build; one lot has residence that cost \$750, another lot a residence that cost \$250. All we ask of you is to go over the ground and look for yourself. You, we think, will then agree with us that this is the best located property in or near Murray. So meet us promptly on the ground at 2 p. m., Thursday, July 13th and you can not keep from buying one or more of these lots. This is a rare opportunity for young men as well as all others to buy a lot. If not improved for 5 years it will advance in value and double your money. Come!

TERMS OF SALE: One half cash balance 12 months after date at the rate of 6 per cent. Interest. The date Thursday, July 13, 2 o'clock.

Come and bring your family, and remember sale will be held rain or shine on above date. Free band concert. Cold ice lemonade and cool shady grove. Don't fail to bring your family and spend the day. We are going to sell these 46 acre lots on the above date "rain or shine."
