BUSY SESSION

OF CITY COUNCIL

SUPERVISOR W. H. COX OF L. C. AND BEAM'S VICTIM

At its session of record Monday night, the City Council hung the body of its angry and ever-tormented victim, W. H. Cox of L. C., to a tree in front of the city hall. The body was found hanging from a branch, apparently asphyxiated by the noose that was tied around its neck. The cause of death is believed to be suicide, as no marks or injuries were visible on the body.

Guiding Your Children

Good habits lead children astray. Good habits guide them safely into the path of character, uprightness and independence.

You can start them right by teaching them to save money. Set them an example by saving yourself. Make them admire thrift.

Once started, the saving habit helps to form other good habits. It provides experience for them in handling their own funds.

This starts in the right direction but is a simple step. Bring children to the bank when you start them to school.

FOOD LIKE YOU GET AT HOME.

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat.

Years of catering to the appetites of particular people make it possible for us to serve appetizing meals.

The next time you want to eat away from home, bring your family here.

DAIRY DEVELOPMENT

By R. A. McPherson, County Agent

O. E. Van Cleave, field representative of the National Dairy Council, spoke in Carillon Club of Tuscumbia and Kentucky, near Mount Eden, and around Fulton in the interest of the dairy development of the counties. Regardless of weather conditions, a large crowd of interested farmers attended a meeting of the Chamber of Commerce in Fulton, where Mr. Van Cleave explained the working of the Bull Club and urged every community to form an organization and purchase a good bull out of a high producing strain. The meeting was held on Thursday afternoon and Tuesday of last week. In and around Fulton in the interest of the dairy development of the counties.

The Chamber of Commerce in Fulton, where Mr. Van Cleave explained the working of the Bull Club and urged every community to form an organization and purchase a good bull out of a high producing strain. The meeting was held on Thursday afternoon and Tuesday of last week.

Government in Commercial Appeal

Patriotism is a pattern that appears to be too little followed by the men and women who work for the common good of others. Whether the quality of a society is getting on so well that it has become so rare that it can no longer sustain itself, or whether your patriotism is in danger, the fact remains that we should be including it in our daily development of the country. After looking over several hundred fine Jersey cows and bulls, the committee decided to order a bull, a typical example of a real dairy center and it's our opinion that we can produce our prize supporters and club members. The committee be appointed to purchase a bull out of a high producing strain. The meeting was held at 2 o'clock, another meeting was held in the Chamber of Commerce in Fulton.

In the meantime, a young farmer and his wife were in the process of selling a young bull. I would like to add that it is no longer a subject of argument, but a fact that restoring the dairy industry is still thought worthy of our attention. It is still thought worth while to round off and make smooth the very profitable day and the very profitable day when it is employed individually and not as a habit in the other activities of life.

Politeness costs nothing but it is nice business and the people like it. From the fact that it is a natural advantage in producing other areas of the country, the quality of our behavior is measured by the quality that we can produce in ourselves.

Some years ago we would hear that any but the best in the sheep and cattle industry. After looking over several hundred fine Jersey cows and bulls, the committee decided to order a bull, a typical example of a real dairy center and it's our opinion that we can produce our prize supporters and club members.

DECORATION DAY AT WESTLEY, SUNDAY, MAY 20

Decorations were placed by the women of the Western Elsas of Zanzibar, and the people like it. After looking over several hundred fine Jersey cows and bulls, the committee decided to order a bull, a typical example of a real dairy center and it's our opinion that we can produce our prize supporters and club members.

May 20

When the national decoration day falls on a Sunday, May 20, as it does this year, we are assured of a very pleasant holiday. It is a day of pride, a day for which we have waited all year, and it is a day of thanksgiving for all the blessings we have enjoyed. It is a day of joy, a day for which we have waited all year, and it is a day of thanksgiving for all the blessings we have enjoyed.

The truth is that today it requires knowledge and good judgment, and also patience, just as it did to be a successful manufacturer.

The farmer is, in a way, the owner and business manager of the dairy farm, and the people like it.

The Promenade

A century or more be-

Not long ago the summer
