POPPY DAY, MAY 30

"Poppies in the wheat fields, on the pleasant hills of France.

Redemption is the answer.

that fell, their lost and dolorous

So said a soldier part of the A. E. F. that bitter summer of '18, when an unabashed American army was writing history into our history. He said it in the trench, and we

was through machine gun shrapnel of them that the

daughters fought them and

no body on their helmets as

we

were to remember. The Flanders poppy, which provides cheer to the marching soldiers and gently watched over the fallen heroes, grew at one time, by the thousand in the foodless land, between abandoned trenches, and even in No Man's Land, thus testifying to the courage of the men who fell. It is in reality the corn poppy—and the flower which grows annually and prolifically.

Because immediately after the war where the battle had been fought the

world realized the greatest, the supreme, the most, no more. The

American Legion tell us today that the poppy is significant of the

sacrificed blood of the men we

lost. Because of this beautiful association, the poppy has been adopted as the national memorial of the American Legion and the American Legion Auxiliary. Women, with aick disabled disabled

have made little and field poppies for a cent a flower a few dollars a family affords their family's small income on which to live, to afford them recreation, and to build a nest against a rainy day. It is in knowing they are earning something for their own work who are in need. We, the

American Legion Auxiliary, ask for

these poppies for a cent each. We give the proceeds of which are turned over to the American Legion and the American Legion Auxiliary.

LOYALTY

Most men who are happy
are those who have already
made up their minds to live
the way they want to live,
and who are not bothered
by the idea of their life being
ruined by others. By the way,
I have never met a man who
hadn't made up his mind
to live in some way or other.

What to do

The first thing you must do
is to determine what you
want from life. Do you want
to be famous? Do you want
to be rich? Do you want
to be happy? These are
important questions, for
they will determine your
actions. If you want to
be famous, you must do
something to make yourself
known. If you want to
be rich, you must work
hard. If you want to
be happy, you must
find something that makes
you happy.

The second thing you
must do is to make a plan
for your life. What steps
must you take to reach your
goals? How can you
achieve your dreams? Do
you need to go to school?
Do you need to get a job?
Do you need to travel?

The third thing you
must do is to stick to your
plan. Life is full of
obstacles and challenges,
but you must never give
up. If you stick to your
plan, you will achieve your
goals.

The fourth thing you
must do is to enjoy
your life. Life is short,
and you should make the
most of it. Find joy in the
simple things, and
cherish the people you
love.

The fifth thing you
must do is to give
back. Life is a circle,
and what you give out,
will come back to you.

In summary, the
important things in
life are:

- Determining what you
  want to do
- Making a plan for your
  life
- Stick to your plan
- Enjoying your life
- Giving back

These are the
steps you must take
to live a happy and
meaningful life.

SPINTER CAUSES DEATH

Blood Poisoning Develops After Hickman Man Operates

Memphis, May 27.—Blood poisoning, incurred by extracting a splinter from his hand with a pocket knife, caused the death of Walter Austin Luten, 32, who operated a small building around the corner from the old County Court building.

Mr. Luten ran a small splinter through his hand with his knife Thursday night. He was taken to the hospital and operated on. His wife, Mrs. Marguerite, and brother, Sam Luten, were at his bedside. He became sick Friday night. His condition was bad all day Saturday. He died on Sunday afternoon. The splinter was not extracted until late Saturday night.
