Vol. 5 No. 29

FULTON, KY., JUNE 27, 1929

Fair Time Is Drawing Near

From all indications unusual interest is being taken in the coming Fulton County Fair, August 27 to September 1st, by cattle men and poultry raisers. In fact, the 1929 meet promises to be the best ever held here. Five big days and nights for all in attendance. People will come from far and near and fair officials will do their utmost to entertain visitors and make each one glad they came.

President Gordon will see to it that the racing program is of unusual interest to lovers of racing and trotting races, and if occasion permits some good running races will be featured. The night show will be better than ever before and all the free acts, both day and night, will be of the higher class and entertaining from start to finish.

Superintendents of the various departments are working hard to make their displays and exhibitions the best ever, especially in the dairy and poultry shows.

The 4-H club boys and girls are taking a lively interest in their displays and will make a good showing. This part of the fair will prove to be a feature worth while and deserves the encouragement of all who live in this progressive community. The special prize list should be of outstanding attention worthy of the effort put forth by exhibitors.

Aside from the educational features there will be plenty of fun and amusement. One of the largest carnival companies with their numerous shows and riding devices will occupy prominent locations on the fair grounds and the usual number of drinking and eating stands will be in evidence to quench the thirst and satisfy the appetites of the surging crowds.

If you are looking for a good time, make your plans now to attend the Fulton County Fair, Aug. 27 to Sept. 1. A hearty welcome awaits you.

EFFORTS BEING MADE TO IMPROVE MORE STREETS

Seeing the outstanding improvement the new streets are to the city, residents on unimproved streets are making special effort to have their streets included in the improvement program this year.

Practically every street in the city is now surfaced with reinforced concrete and the few streets left out of the original street improvement program should be surfaced if possible this year. The council will take some action on the matter at an adjourned session on the night of June 12.

BIRTHDAY DINNER

An enjoyable day was spent at the home of Mr. Jasper Bockman, Sunday, when his relatives and a few of his many friends surprised him with a birthday dinner. The event celebrated his 68th birthday.

Those who enjoyed the day with him were: Mr. and Mrs. W. M. White, Mr. J. W. Morris, Mr. and Mrs. V. C. Pharis and family, Mr. and Mrs. Joe Duke, Mr. and Mrs. Irl Hicks, and family, Mr. and Mrs. Jesse Hicks and daughter, Norma Jean, Mr. and Mrs. Raymond Vaughan, Mr. and Mrs. Walker Conn and family, Mr. C. C. Hicks, Mrs. Linward Pharis and daughter, Maloi, Mr. J. M. Bockman, Mr. and Mrs. Loyd White and baby and Mr. and Mrs. Willie Bockman.

The afternoon was spent pleasantly and the guests left for home, congratulating Mr. Bockman and wishing him many more happy birthdays.

What June Days Are For

Fulton County Farmers Invited

BIG FARMERS MEETING AT MAYFIELD EXPERIMENT STATION

By H. A. McPherson, County Agent

The gates of the West Kentucky Experiment Station will be thrown open Saturday morning, June 8, at 10 o'clock to the farmers of Western Kentucky.

Every farmer in Fulton county is not only invited but urged to attend this meeting. Prof. Roberts, who has charge of all experimental work conducted in the state, will be there to give results of tests that have been conducted at the station for the past several years. Lime, legumes, farm crops, pastures, etc., will be some of the most important topics discussed and much valuable information can be obtained.

It looks now like Fulton county will be well represented. Farmers from all parts of the county are going and they are acting as a committee to get other farmers to make the trip. Load up your car and make the trip. You will get back in plenty of time to take care of your usual Saturday's business.

If you are interested in making the trip and haven't a suitable way, notify A. Robins or me, at Hickman, Simpson & Co., of Cayce, or the Chamber of Commerce of Fulton. On the other hand, if you have room in your car for a few passengers, notify any of the above committee and we will help to give you a load.

Be sure and make the trip as there are many things of interest to be seen at this station.

Notice to Public

I have sold the Yellow Cab Taxi Station, but I leave Fulton every Friday for Detroit in a Cadillac sedan and a 7-passenger Buick. Charge \$12.50 up and \$10.00 return. Phone me at my home in Fulton, No. 256 or in Detroit, phone Lincoln-10143.

THIRTEEN OF MANY MODERN MURDER TRIALS IN BIG SCREEN VERSION OF "ON TRIAL"

Vitaphone Production, Warner Bros. Great Murder Mystery Coming to Orpheum Next Tuesday, June 10

New York critics hailed the stage play, "On Trial," as being realistic as an actual trial—a brilliant condensation of the most dramatic elements of a score of famous murder trials—when it began its forty-six week run on Broadway.

Because for the first time it introduced the "flash-back," previously used only by the movies, it was particularly suitable for picture adaptation and Warner Bros. have made it into a sensational special, with an all-star cast which no Broadway play could possibly excel.

The cast, which is headed by Pauline Frederick, Bert Lytell, and Lois Wilson, includes Holmes Herbert, Jason Roberts, Franklin Pangborn, Johnny Arthur, Richard Tucker, Edward Martindel, Fred Kelsey, Vendell Darr and Edmund Breese.

The play opens in court on the first day of a murder trial. The accused, friend and debtor of the victim, has confessed to the crime. The testimony of the widow, of the slain man's private secretary, of the prisoner's little daughter, of his wife and of the doctor who examined the dead man, gradually unfolds the dramatic story of love, hate, trust, deceit, strength, weakness and honor.

DUKEDOM'S BIG SINGING

"Lest you forget," Sunday is Dukedom's big second Sunday singing day, which has grown to be second to none in either Graves or Weakley county. Singers from both counties meet here and make one large class of singers.

H. O. Cashon, the promoter, has the promise of some splendid quartets and a number of good leaders. Everybody invited and come early if you want a seat.

Read the advertisements in this paper.

So I would say to all of you young June brides just starting out on the seemingly romantic road of matrimony:

Put your housekeeping on a budget list and high up on the list put a satisfactory laundry system. For instance, ob a modern wife, and don't fall back on obsolete methods of laundering, but adopt the modern method of doing the "family wash"—that is, patronizing a modern laundry, and you'll never have any trouble about clean shirts, clean collars or fresh, nice suits in winter or summer.

Your mother will no doubt advise you wisely to patronize the O. K. Laundry, the same she has patronized for ten or twenty years, as your first aid to the honeymoon and lasting marital happiness.

Not only will the O. K. Laundry Cleaners and Dyers do the flat work, hubby's shirts and collars, and your nicest linens, but you can intrust them with your daintiest lingerie, your pretty house forecks; in fact, everything that you have that requires laundry service. Their dry cleaning department is second to none.

And you will have the satisfaction of knowing that by having your laundry and cleaning done scientifically, sanitarily, in a light modernly equipped laundry and cleaning plant, you are safeguarding and promoting health of your family. Next, you will have the satisfaction of realizing that you have solved your laundry problem in the most economical way, for the O. K. Laundry prices are modest and special rates are made on family service.

So, little June bride, and all you brides of yesteryears, read this little story and take a tip from "one who knows." Coddle him, cozen him, entertain him, feed him just as much and as often as you please. But also be sure to see that his clean collar is in place, his shirt immaculately done and keep the workings of your management of these safely in the background so that he will proudly boast that you are the "world's best as well as sweetest wife." You can easily keep the wheels of the "family laundry" running smoothly if you take advice and let the O. K. Laundry clean and take your laundry burdens off your shoulders.

Just phone 130 and you can count on the always dependable, satisfactory O. K. service.

GORGEOUS BILLIE DOVE IN GORGEOUS SET IN "ADORATION" SEQUENCE

One of the most gorgeous sets ever constructed for a motion picture was that in "Adoration," Billie Dove's new First National picture, which comes to the Grand Theatre next Monday, representing a famous Russian palace, ballroom and reception hall. With magnificent chandeliers, immense oil paintings on the walls, costly hangings and rugs, gold furniture and the like, it is the last word in elegance.

Miss Dove plays a princess and her husband is portrayed by Antonio Moreno. Nicholas Soussanin is the villain and Lucy Doraime is cast as maid, who, after the revolution, lives in luxury in Paris, where much of the picture is laid.

Frank Lloyd directed "Adoration," which was produced by Ned Marin, and is one of the most powerful emotional dramas of the season. Nicholas Bela, Emile Chautard, Winfred Bryson and Lucien Prival are also in the cast.

ROAD WORK TO BEGIN

Work was started this week on the road north of Greenfield, getting it in shape for the concrete laying crew that will begin work by June 15. A great amount of filling in will have to be done on both the north and south levee, and this work was started this week.

PULL TOGETHER

If every business man in this city would resolve that he would speak only in terms of commendation of every other business man in the city and live up to the resolution for a period of three months, the effect would be a revelation in conditions, because people cannot talk in terms of good feeling and of good fellowship without manifesting a spirit which will back up the talk indulged in. That is what is so much needed in this city now. A pull-together will bring to pass all that we need to make this community flourish as it has not flourished before. This cannot be accomplished thru any spirit of spleen-venting, or of getting even with the other fellow, or of taking unfair advantage to gain a point for oneself, but it can be brought about by translating into everyday life of the business men, some of the lofty principles which you frequently hear preached but so seldom see practiced.

TO A HORSE

O, horse, you are a wondrous thing, no horns to honk, no bells to ring. No license buying every year with plates to screw on front and rear.
No spark to miss or gears to strip; you start yourself, no clutch to slip, no gas bills mounting every day to steal the joys of life away.
Your inner tubes are all O. K., and thank the Lord, they stay that way.
Your spark plugs never miss or fuss; your motor never makes us cuss. Your frame is good for many a mile, your body never changes style; your

wants are few and easily met—you've something on the auto yet.—Selected.

MASTERPIECES IN ART REPRODUCED ON HEROIC SCALE

The first opportunity to view in motion and color the magnificent Lew Wallace classic of "Ben Hur" comes to the Grand Theatre, Monday and Tuesday, where Metro-Goldwyn-Mayer's \$4,000,000 picturization in arrangement with A. L. Erlanger, C. B. Dillingham and F. Ziegfeld, Jr., will be presented. The novel, sub-titled, "A Tale of the Christ," was the world's most popular book; the stage spectacle toured America for twenty-two years. Now, in the greater art of the motion picture, are offered the famous Sea Fight and Chariot Race as thrilling out-of-doors events; the lovely romance of Judah, Prince of Hur, and Esther; and replicas of Old World masterpieces, often in color. We see the beautiful Procession of Palms; de Vinci's "The Last Supper," a marvelous color replica; "The Pool of Siloam," and the Vale of Hinnom, the Via Dolorosa, the miracle of Christ's healing, the mob and Pontius Pilate; the terrific cataclysm of Nature at the death of the Saviour. The final scene with Roman soldiers casting lots for the garments and the women kneeling at the foot of the Crosses is said to be the most reverent and beautiful ever staged.

"Ben Hur" is presented with a magnificent cast that includes such stars of the picture firmament as Ramon Novarro, Betty Bronson, May McAvoy, Francis X. Bushman, Carmel Myers and 150,000 others in support. Novarro's performance as Ben-Hur is a surprisingly vigorous and dramatic portrayal, even to his most ardent admirers. Bushman is an excellent Messala, and May McAvoy as Esther is wholly delightful. Of equal excellence is the entire cast.

AT ORPHEUM THEATRE

The Orpheum has some splendid entertainments for the public during the next few days. On today, Friday, May 31, they are offering "Protection," one of the most thrilling of all crook pictures, and a good comedy. On Saturday, June 1, a big diversified program including "Wild Blood," which is at the top round of the entertainment. Also "The Collegians" in "Junior Year," and other short subjects. Then comes the greatest of all railroad stories, a Vitaphone special, "Greyhound Limited," for Monday and Tuesday, June 3-4, which is followed on Wednesday and Thursday, June 5 and 6, by Fannie Brice in the talking version of "My Man." Every one of the above referred to are headliners. See them.

DAIRY WORK

By County Agent H. A. McPherson

Ed Browder and Clyde Burnett of the Palestine community, went to Calloway county last week and purchased some outstanding dairy cattle. Mr. Browder bought two fine registered cows, one of the cows being a half sister to the cow that broke the world's record in butterfat production last year. The other cow is good enough for any Jersey breeder to be proud of.

Clyde Burnett purchased an outstanding young bull out of a very fine heifer owned by a club member by the name of Harrison.

Herman Roberts and Chester Turner attended a Jersey sale at Murfreesboro, Tenn., on the 20th. Herman purchased one of the highest bred heifers in the South for his son, Craig. The heifer will be entered in the 4-H club work and will be shown this fall. He also purchased a very fine aged cow and a young bull out of a register of merit record cow. Mr. Turner also purchased a young bull of a register of merit cow. These two bulls came from O. E. Van Cleve's farm. Mr. Van Cleve has one of the best Jersey herds in the country.

Up to date, five outstanding young bulls have been placed in the country during the past 30 days, and other farmers are going to buy soon.

If our farmers will just grasp the opportunity of eliminating the scrub bulls of Fulton county and replacing them with bulls out of register of merit cows, it will only be a few years until this section will be second to none in dairy work.

I spent a couple of days this week visiting some real fields of red clover, permanent pastures and alfalfa field, and there are many fields in the county that are pleasing to look upon.

We have the greatest opportunity in the south to develop our lands by using lime, and growing more pastures and legumes. Had it ever occurred to you that a real pasture properly handled will bring you more returns than any other acre of farm land on the place, and with the present price of lime it costs very little to get a good pasture started. It looks as if the average farmer has been convinced that lime, legumes and livestock, with enough feed to handle them, is the salvation, and lime, legumes, better pastures and livestock are being talked by farmers all over the county, and I believe our farmers are going to use 100 cars of lime this year.

Swine Work

Up to date, we have seven farmers signed up to feed a litter of pigs in the ton litter contest, and it looks as if they are going to get a nice profit for their work.

Graddy Sellards, swine specialist of the Extension Division of the University of Kentucky, spent Tuesday with the county agent looking over the hog work in the county. Mr. Sellards is one of the most outstanding hog men in the U. S., and has done more than any other man in the state to mold public sentiment in favor of feeding a pig full ration and sell him at 6 months of age. He states that there is more money to be had by full feeding hogs than by keeping them until they are 12 to 15 months of age. Mr. Sellard states that our farmers had some of the best pastures he had seen in the state, and he recommended a full feed of corn and tankage while hogs were on pasture.

Club Work

The following 4-H Dairy Club members were with County Agent H. A. McPherson, to Mayfield, Friday: Craig Roberts and Chester Turner, Jr., Will Shall, Jr., and Jonie Davie. The boys were given a demonstration in plating a halter, making a blanket for their calves and fitting a cow for a show. The boys succeeded in making their halters and blankets and got the fundamentals of fitting a cow for a show. The demonstration was conducted by Joe Nageotte, Dairy Extension Specialist, and practically every county in the Purchase was represented by club members who expect to show their cows and calves this fall.

OUR MESSAGE OF SERVICE

There is going to be a lot of activity in the building line this year. Architects and contractors, carpenters and masons all, are busily sharpening up their pencils and their tools, and getting set for business. It is not the young married folks alone who are going to build homes—who dream dreams of happiness in homes of their own—but many others who have long, too long, been renting the roofs over their heads are going to try this year to realize their desire to have a home of their own.

Whatever you plan to do by way of
**BUILDING — REMODELING

Her many friends will be glad to hear of her being able to get out again.

A tiny young Miss has arrived, to make an indefinite stay at the home of Mr. and Mrs. Bonnie Bowden.

POULTRY

By J. T. Watkins

Well, we are getting along fine with our soliciting of funds to put on the show at the fair this year. The merchants are coming across fine; have only been turned down a couple of times, so am very optimistic as to the outcome.

We will have the two silver cups donated by the Congressmen again this year, one for the best bird from the first Congressional district of Kentucky, donated by Hon. W. V. Gregory, and one for the best bird from the ninth district of Tennessee, donated by Hon. Jere Cooper. I am sorry I can't win one of these cups, but I am not in it, so will have to be satisfied with ribbons.

We are going to have a special free show of fancy pigeons at the show this year. Mr. John Hass, of Bettendorf, Iowa, has promised me he will send me about twenty-five pairs of assorted fancy pigeons to make the show. Those of you who have not seen this many pigeons in a display will do well to look them over.

We will also try to have a free display of the famous Chinchilla rabbits, if we can get some rabbit breeder to send us a display. Rabbits make a good side line for some one who wants a hobby that is both instructive and remunerative.

We are going to give away each afternoon for the first four days, 100 baby chicks, in lots of 50 and two 25 lots. These baby chicks have been donated by some of the hatcheries and will be good healthy chicks.

We will have the same judge this year as last, Mrs. Ida L. Morris, of Waverly, Tenn. We were very much impressed with Mrs. Morris' work at the show last year, also at the Tri State Show at Memphis, where I watched her placing the ribbons on the birds at their last show.

Don't forget, the dues for 1929 are now due and must be paid before the opening day of the fair, to insure you winning some of the special cash prizes of the poultry association. You don't have to be a member to compete for the prizes offered by the fair association, but it will only cost you \$1.00 to be a live member, then you can compete for all prizes.

The school that has the most 4-H club entries in the poultry show will be given a set of pictures of each breed painted true to life. These pictures are about 9x11 inches and will make a very nice display tacked up in the school room. They will also be very useful as instruction cards for poultry raisers.

Don't be afraid to enter your birds, all drinking water is sterilized, and the coops and walkways are disinfected twice daily. This insures a thoroughly sanitary show.

We want 800 birds in the show this year, will you help us reach that number?

Browder Bros., are going to give a special cash prize of fifty cents to every 4-H club member who has an entry in the poultry show. You get this whether you win anything else or not.

Miss Effie Bruer is the first candidate who has donated toward the show. There are several candidates who should follow her lead.

**JUNIORS TO SHOW
300 DAIRY CALVES**

Lexington, Ky.—Three hundred junior agricultural club members will exhibit as many purebred calves at four district Jersey shows to be held in the state this year, according to the College of Agriculture, University of Kentucky.

Shows will be held at Lexington, Bowling Green, Madisonville and Mayfield. Several hundred Jerseys will be shown by dairy farmers and breeders, in addition to the club calves.

Cash premiums totaling several thousand dollars will be divided among junior agricultural club boys and girls showing calves and taking part in the showing and judging contests at the four fairs. The judging and showing contests have been planned to teach future dairy farmers how to select good animals and how to exhibit them.

The Lexington show, to be held at the Bluegrass Fair, will attract at least 100 junior club calves from Fayette, Green, Marion, Washington, Larue, Boyle, Mercer, Franklin, Garrard, Pentleton, Bath, Shelby, Owen and other central counties.

The Bowling Green show will include calves from Warren, Monroe, Barren, Allen, Simpson, Logan and probably several other counties.

The Madisonville show will accommodate club members in Hopkins, Caldwell, Webster, Ohio, McLean, Muhlenberg, Trigg, Christian, Todd and other counties.

The Mayfield show will be for the Purchase counties and adjacent territory.

For a short time we will accept subscriptions for this paper and the Memphis Weekly Commercial Appeal—both papers one year for only \$1.25.

**AMONG THE COUNTY
AGENTS**

Two dealers have sold lime to 300 Knox county farmers, and 22 carloads of lime and limestone have been delivered in the county.

The introduction of purebred cattle is increasing the interest in dairying in Jackson county, where many farmers have begun to sell cream.

Sixteen Junior 4-H club members are growing strawberries and 14 boys and girls are growing grapes in Lee county, where the county agent is promoting fruit production.

Warren county farmers are preparing to produce more of their cow feed by sowing large acreages of soybeans, cowpeas, alfalfa and other legumes.

The fact that farm stored apples came through the winter in good condition has interested many Ballard county farmers in building storage houses or remodeling old buildings for this purpose.

A cream station established by Swift & Co., is proving convenient to Wolfe county farmers, who had been selling their cream by parcel post.

Seven thousand tons of limestone will be used in Caldwell county this year, 2,500 tons going to communities where little or none had ever been used.

The Jessamine County Sheep Breeders' Association, which has a membership of 175 sheep men, caused the arrest of nine farmers, five of whom were fined for failure to license their dogs.

Forty-five members of the Henry County Poultry Association met at the Atkinson farm near Smithfield where they saw 344 nine-weeks-old chickens from blood-tested stock and raised on clean ground. There were originally 350 chicks in the flock.

BREAKING UP BROODINESS

About this time every year, when the summer heat sets in, the hens of most any laying flock are likely to go broody. One factor in maintaining high egg production during the spring and summer months, is to break up broody hens as quickly as possible after they become broody.

This is vitally important for two reasons. In the first place, if they are allowed to sit on fertile eggs for even a few hours, the germs will develop, which is one cause of heavy loss in marketing eggs from farms. In the second place, the longer a broody hen is allowed to sit on the nest, the longer it requires to get her back into laying condition, and consequently the greater the loss in egg production. As soon as a hen is observed to remain on the nest at night, she should be removed and placed in a broody coop, where she can be properly fed and watered. The broody coop should have a slat bottom in order that the air may circulate from beneath and thus tend to keep the hen from sitting. The body will be kept cooler and the hen will get over her broodiness. While confined in the coop, she should be fed and watered regularly in order that she may get back into laying condition as quickly as possible.

Of course, the old rule that an ounce of prevention is worth a pound of cure, holds good in the case of broodiness as well as anything else. Broodiness is something that can be bred out of a strain of birds by a good breeder, just as winter pause is bred out, and persistency of lay, and early maturity, are bred in. Breeders cull broody hens on sight. If the broody bird can be caught the first night and be put immediately into the broody coop for 24 or 48 hours, they will usually be over it and get back into lay promptly. However, if they go broody two or three or four days before being broken up, they will go off feed, which results in partial or full molt, which in turn will keep the birds off lay all the way from six weeks to three months.

Robbers who escaped from a jail the other day dressed like girls, may make good their escape unless pneumonia overtakes them.

Railway Taxes

The increased taxation of all the railroads in recent years can be illustrated by some comparisons of the 1913 and 1928 taxes of the Illinois Central System.

The taxes of the Illinois Central System amounted in 1913 to \$3,370,000 and in 1928 to \$12,582,000. This was at the rate of \$9,233 a day in 1913 and at the rate of \$34,377 a day in 1928.

These taxes were \$549 for each mile of route operated in 1913, and \$1,796 for each mile operated in 1928.

They consumed 21 per cent of the total passenger revenue of the Illinois Central System in 1913. They took 49 per cent of it in 1928.

They came to \$401 for every million ton-miles of freight service performed in 1913. For every million ton-miles performed in 1928 they were \$802.

Every dollar paid to stockholders in 1913 was matched by a payment of 51 cents to tax collectors. Every dollar paid to stockholders in 1928 was matched by a payment of \$1.19 to tax collectors.

Railway taxes have an important bearing upon railway rates. For instance, the increase in Illinois Central System taxes per mile of route from 1913 to 1928 amounted to more than one-half the revenue derived from all the grain, grain products, cotton, cottonseed, cottonseed products, tobacco and fresh vegetables transported by the Illinois Central System in 1928. Truly railway taxes are something for railway patrons to know about.

Constructive criticism and suggestions are invited.

COMMUNITY HOME OWNERS

Home ownership is a principal factor in the making of citizenship. The community that is largely composed of home owners is always progressive, and is a desirable place to live, making its prospects for growth much better than the community that is made up mostly of renters.

Fulton is noted for the beauty of its homes, expressing the pride which their owners have in keeping them attractive and pleasing to the eye, in the vast majority of cases, the most beautiful homes are those whose occupants are the owners.

The renter as a rule takes little pride in the surroundings of his home, its upkeep or its furnishings. He is always dreaming of that home of his own, and he saves all of his energy and ingenuity until that time when he can spend it on his own possessions.

Thus the home owner is more dependable, more stable and more desirable, because he feels that he is a part of the community. He takes more interest in community activities, knowing that it is his permanent home and he is more likely to be a force for good government, than if he is unsettled and in doubt about the term of his residence.

The home owner pays taxes and is concerned about how the money is spent, which makes him a desirable citizen. He demands good laws and their enforcement for the protection of his family and his property.

The man who owns his home has a high respect for property and is anxious to keep it looking its best. He is thrifty and eager to save so that he may add the latest conveniences and enjoy the best furnishings, with the knowledge that it will not be damaged by frequent moving.

The home owner invariably has strong family ties and a pardonable community pride that makes him the most desirable citizen.

A man in London whistled continuously for twelve hours. He probably had something to whistle about.

Lesson for June 9

THE STORY OF THE RECHABITES

(Temperance Lesson.)

LESSON TEXT—Jeremiah 35:1-19. GOLDEN TEXT—We will drink no wine.

PRIMARY TOPIC—Strong to Do the Right.

JUNIOR TOPIC—Loyal to Do the Right.

INTERMEDIATE AND SENIOR TOPIC—Accepting a High Moral Standard.

YOUNG PEOPLE AND ADULT TOPIC—Forms of Modern Persecution.

I. Who Were the Rechabites? (1 Chron. 2:35).

They were Kenites of the tribe of Judah, the family of Jehoiada, Moses' father-in-law (Num. 10:29-32, et. Judges 1:16). They entered Canaan with the Israelites. It seems that in order to preserve their identity they chose a nomadic life. Saul was considerable of them (1 Sam. 15:3). They were characterized by:

1. Abstinence from strong drink (35:5). 2. Voluntary poverty (35:9). 3. A nomadic life (35:10).

II. The Rechabites Tested (vv. 1-5).

In the days of Jehoiachin the Lord charged Jeremiah to bring the Rechabites into the house of the Lord and test them regarding the drinking of wine. This he did in a place where the people might behold them, the aim being to reach Judah by example. The father of the Rechabites had given the command that they should not drink wine. Their filial obedience put to shame the children of Judah for their lack of obedience to their Heavenly Father. Jonadab, the father of the Rechabites, was only a man, but the commands which Judah disregarded were from the Almighty God, their Creator and Savior. They stood the test. They were loyal to the traditions of their fathers, even turning away from the luxury and degeneracy of Judah and maintaining their simple life. It is God's plan that every man be tested. Being a free agent, he can have character only through testing. It was for this reason that God placed Adam and Eve in Eden and permitted the devil to test them. While we should be concerned about the removal of temptation from men, we should be more concerned with showing them how to overcome it.

III. The Filial Loyalty of the Rechabites (vv. 6-11).

Though they were out of their own country and among a foreign people, they refused to drink wine, declaring that they had been true to the instructions of Jonadab all their lives. Obeying his instruction had been practiced by the men, women and children. It is a fine thing when children keep in mind their fathers and render obedience to their commands.

IV. The Loyalty of the Rechabites Contrasted with the Disloyalty of Judah (vv. 12-16).

1. The appeal (vv. 13, 14). This appeal was made on the basis of the filial loyalty of the Rechabites. He reminded them that though their father had been dead a long time, the Rechabites remained loyal to his command. The prophet appealed to them not only on the ground of this example, but on the ground of God's earnest entreaty through the prophets.

2. The ministry of the prophets (vv. 15, 16). When the people failed to render obedience to God, He sent them prophets who pleaded with them to amend their ways by turning away from idols. Matthew Henry indicates the points of contrast as follows:

(1) The Rechabites were obedient to one who was but a man. The Jews disobeyed the infinite and eternal God. (2) Jonadab was dead long since and could not know of their disloyalty or correct them concerning it. God is all-wise, lives forever and will punish the disobedient. (3) The Rechabites were never put in mind of their obligations, but God sent His prophets who rose up early to remind Judah. (4) Jonadab left the charge, with no one to bear the expense of the charge, but God gave Judah a goodly land and blessed them in it. (5) God never tied up His people to any hard task as did Jonadab, but God's people disobeyed Him, while the Rechabites obeyed their father.

V. Judgment Upon the Jews for Disobedience (v. 17).

God declared that He would bring judgment as pronounced against them.

VI. The Rechabites Rewarded for Their Loyalty (vv. 18, 19).

Because they had been true to the commands of Jonadab, they should have continued representation before God.

Walk While Ye Have Light

The people answered Him. We have heard out of the law that Christ abideth for ever; and how sayest thou, the Son of Man must be lifted up? Who is this Son of Man? Then Jesus said unto them, Yet a little while is the light with you. Walk while ye have the light, lest darkness come upon you; for he that walketh in darkness knoweth not whither he goeth. While ye have light, believe in the light, that ye may be children of light.—John 12:34 to 36.

Guiding Your Children

Bad habits lead children astray. Good habits guide them safely into the path of character, uprightness and independence.

You can start them right by teaching them to save money. Set them an example by saving yourself. Make them admire thrift.

Once started, the saving habit helps to form other good habits. It provides experience for them in handling their own funds.

This start in the right direction is but a simple step. Bring children to the bank when you start them to school.

\$200,000 PADUCAH CHURCH STRUCK BY LIGHTNING

Methodists Will Start Rebuilding As Soon as Adjustments Are Made

As soon as adjustment of the fire loss can be made and other arrangements for restoration completed, the Broadway Methodist church at Paducah, which was destroyed by fire early Sunday morning, will be rebuilt, officials of the church announced. Only the walls of stone were left standing.

Full estimate of the loss has not yet been made and plans for rebuilding are indefinite, the Rev. Dr. T. W. Lewis, pastor, said, but it is virtually certain that the church will be restored at its present location at Seventh and Broadway. Actual loss on the church and contents probably will reach \$75,000.

Fire Chief John M. Slaughter said that the stone walls will not be condemned. It is thought that the walls for the most part are safe, although the intense heat may have weakened a portion of them. The three massive stained glass windows were badly damaged.

The fire was caused by lightning, which struck the church in a storm Saturday afternoon. The flames smoldered several hours beneath the eaves before breaking out about 1 o'clock in the morning.

Services were held Sunday in the McCracken County courthouse.

BIG INCREASE IN RAILWAY TAXES

Measured by any yardstick that can be selected, railway taxes have increased greatly in recent years, according to President L. A. Downs, of the Illinois Central System.

Using his own railroad as an example, and its tax payments in 1913 and 1928 as two extremes, President Downs shows that taxes increased from \$9,233 to \$34,377 in daily averages, from \$549 to \$1,796 per mile of route, from 21 per cent to 49 per cent of passenger revenue, from \$401 to \$802 per million ton-miles of freight service, from 51 cents to \$1.19 per dollar of dividend, and from \$3,370,000 to \$12,582,000 in the aggregate.

To pay the increase, mile for mile, required more than half the revenue derived by the railroad in 1928 from all the grain, grain products, cottonseed products, tobacco and fresh vegetables it carried. Because of such increased demands, President Downs points out, railway taxes have an important bearing upon railway rates.

HOME LOVING COW

The cow is domestic. She loves home. She knows the place where she lives, and is faithful to it.

If she must wander away for feed, when the shadows begin to lengthen in the evening she will be standing at the gate asking for admission and the chance to yield her rich burden which she stored in the daylight hours. The cow is the poor man's chief reliance, his tried and trusted friend. She is true to him when all the world is cold. The cow does not seek strange society or run after the rich, as some of her two-legged sisters do. That is not her ambition. She has higher and different conceptions of life.

COUNCIL PROCEEDINGS

Fulton, Ky., June 3, 1929. The Board of Council of the City of Fulton, Kentucky, met in regular session in the City Hall, Monday evening, at 7:30 o'clock, June 3, 1929, Mayor Shankle presiding, and the following Councilmen present: Atkins, Bennett, Demyer, Han-nephin, Murrell and Phillips.

The minutes of the previous meetings were read, approved and adopted by the council.

FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home.

Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat.

Years of catering to the appetites of particular people make it possible for us to serve appetizing meals.

The next time you want to eat away from home, bring your family here.
