## Interest Centers On Jailer's Race

**VOTE FOR JAILER**  
In Five Democratic Primary  
Elections in Fulton County

Now that the campaign in the jailer's race is warming up and ice cream suppers, picnics and barbecues are the order of the day, it may be interesting for the candidates to review the results of the past five elections which are as follows:

**For Jailer 1908**  
Ed Wright ..... 197  
Joe Noonan ..... 675  
J. B. Jones ..... 124  
Hub Lewis ..... 420  
T. P. Baker ..... 518

**For Jailer, 1913**  
CHAS. D. MURCHISON ..... 593  
Tom Brooks ..... 500  
Joe Ferguson ..... 138  
W. J. Cook ..... 159  
Pony Perry ..... 426  
J. A. Noonan ..... 376

**For Jailer, 1917**  
J. P. Witt ..... 101  
CHAS. MURCHISON ..... 669  
Tom Brooks ..... 591  
T. F. Linton ..... 332  
Lon Palmer ..... 440

**For Jailer, 1921**  
TOBE JACKSON ..... 1,258  
Tom Brooks ..... 1,012  
W. S. Seat ..... 464  
T. E. Barbour ..... 557  
Lon Palmer ..... 392

**For Jailer, 1925**  
Tobe Jackson was re-elected without opposition.

In 1908 with five in the race Joe Noonan was elected with 675 votes.

In 1913, with six in the race, Chas. D. Murchison was elected with 593 votes.

In 1917, with five in the race, Chas. D. Murchison was re-elected with 669 votes.

In 1921, with five in the race, Tobe Jackson was elected with 1,258 votes, the largest vote ever cast for a candidate for jailer in any former race, and in 1925, Mr. Jackson was re-elected without opposition.

1929 finds a change of atmosphere in the political arena and ten candidates are out for jailer, each and every one good men for the office. Whether any one of them will get Tobe's scalp is a matter of speculation at this time.

In reviewing the vote for 1913-1917-1921, Tom Brooks, a Fulton candidate, was a close second in the three races in which he was entered, but retired from politics satisfied with second honors.

### No Thursday Half Holiday For Fulton

### Chamber of Commerce Meets

Tuesday night at the Chamber of Commerce it was evident that there was not a general feeling that Fulton should have a half holiday each Thursday during the hot summer months. The views of many members were that it was not best for the business in general that this be done and it was mutually agreed to table the matter for the present unless some new developments are made.

The secretary made a general report of the activities of the Chamber of Commerce, telling of the accomplishments of the road projects. Definite promise has been made us to build the Duke-don road in 1930, and that two roads are to be built in Obion county leading east from Highway 43; and that Weakley county had promised to continue these on east to Chestnut Glade school and to the Latham road; also to build one from Kingston Store south to Chestnut Glade.

Activities of the dairy industry were reviewed, showing a considerable increase in receipts of cream and the importation of 4 Jersey bulls of high breeding and many purebred cows. Through the Fulton County Fair Association special premiums will be offered on Jerseys and ton litters. Special premiums are to be given the 4-H Club boys and girls, and the secretary is working with the county agents to get a real Jersey show at the Fair.

Fulton is to have the roof of a building marked for airplanes, which will be done in conjunction with the American Legion and the Snow-White Motor Co. Reports for the Chautauqua, the health work of the county and city, and the activities of the freight rate committee, showing good results.

R. H. Wade reported that the Kentucky Progress Commission desired that as many as possible carry a membership with them, and he stated that an opportunity would soon be afforded the people to invest in this splendid work.

J. E. Fall discussed the insurance rates and the lack of fire hose that the city has. It was also pointed out that some merchants do not keep their premises clean of rubbish, and that this should be remedied. The following committee was appointed to appear before the City Council in the interest of insurance conditions: J. E. Fall, Ed Paschall, R. H. Wade, Joe Browder and T. M. Franklin.

It was urged that State Line street should be improved in the vicinity of the Swift Plant, and Chas. Brann volunteered to help get this going.

Plans for opening of the Swift Plant were discussed. This will probably take place in September and Fulton should make this a gala occasion. At a later date a meeting will probably be called for this purpose.

## School's Out

## Work Started On Coca-Cola Plant

**W. M. Hill & Sons, Contractors,  
Will Rush the Job to Completion**

Work on the new Coca-Cola plant was started this week by W. M. Hill & Sons, contractors, with Frank Merryman superintending the job.

The new building will occupy a lot 186x150 feet on Lake street extension and will be a two story with basement.

It will be a handsome structure of mat brick and concrete. The plant will be modernly equipped throughout with new machinery and devices for manufacturing bottled drinks, featuring the celebrated Coca-Cola, that refreshing drink.

Mr. Hugh Smith, the Coca-Cola king of this section of the country, and a man who has contributed much to the progressive spirit of Union City, his home town, where he owns and operates another plant, is proprietor of the Fulton establishment.

Mr. L. T. Bell, who has managed the business in Fulton since 1922, will continue as manager of the new plant. Through the activities of Mr. Bell's good management, the Fulton plant has grown to its present capacity of 600 cases per day with three trucks operating throughout a radius of 35 miles of this city.

### FLAG DAY

June 14 is flag day. It commemorates June 14, 1777, when "Old Glory" became the National flag of the United States by proclamation of Congress.

Since that time one hundred fifty-two years ago, many stars have been added to the original flag and this country has grown from a little nation of thirteen struggling colonies to its present position as a world power.

Next to his God, every true patriot should honor his country and the flag of our country being the symbol of liberty, should be honored at all times. The Stars and Stripes have

led men to victory on many hard fought fields of battle. Heroes have died for it during the days of our terrible civil war, in Cuba, in the Philippines, in China, and lastly, "somewhere in France."

Every true American should wear a flag and display a flag on flag day, June 14.

### AL JOLSON IN "SINGING FOOL"

**Opens at Orpheum Monday,  
June 17 for 4 Days**

A remarkable demonstration of the emotional power of Al Jolson is furnished in "The Singing Fool," the new special production in which he is presented by Warner Bros.

Though Jolson's stormy dramatic rendition of popular ballads has undoubtedly been an important factor in causing the public to acclaim him as the world's favorite entertainer, he has always been considered first and foremost as a comedian.

And yet, "The Singing Fool" is not a comedy—having few comedy moments—and no element of comedy action whatever. It is a drama of the most intense pathos—a moving story of the utmost emotional depth, in which Al, though gay and light-hearted in the beginning, is brought at length to the depths of despair.

Jolson's supporting cast includes two leading ladies in the persons of Betty Bronson and Josephine Dunn, and other prominent roles are played by Reed Howes, Arthur Housman, David Lee, Edward Martindel and Robert Emmett O'Connor. The screen story was written by C. Graham Baker from the play by Leslie S. Barrows.

### ICE CREAM SUPPER

Come and eat ice cream and cake with the Ladies' Aid Society at Rush Creek Church, Saturday night, June 22. Will also serve hamburgers and cold drinks.

### SPANISH WAR VETERANS HOLD STATE MEETING

The annual state encampment of the United Spanish War Veterans, Department of Kentucky, was held at Covington, Ky., June 2, 3, 4.

A large number of veterans and ladies were in attendance and were royally entertained by the good people of Covington who know how to dispense true Kentucky hospitality.

Commander Mockabee, the retiring Commander, reported a good growth of the organization with the institution of several new camps.

The ladies' auxiliary of the organization met at the same time and place with a good attendance.

Commander Geo. C. Hall represented Ken-Tenn Camp of Fulton, and Mrs. M. V. Harris, president of the auxiliary, represented Ken-Tenn Auxiliary.

C. H. Board of Louisville was elected to head the Department of Kentucky for the next year.

The next annual encampment will be held at Corbin, Ky.

### FISH FRY FOR K. U. EMPLOYEES

**Festival Held Tuesday, June 11, at Beechwood Park**

A fish fry was held by the Kentucky Utilities company employees on June 11, at Beechwood Park, three miles below Hickman on Highway 94. It was the regular district meeting in the public relation series and representatives from the Paducah, Fulton, Clinton and Hickman offices were in attendance. A number of local people were also invited.

A splendid program had been arranged for the occasion and some interesting talks were made. All who attended report a delightful time.

### WHAT BECAME OF THE MILLIONS THAT CAME OUT OF THE KLONDIKE?

One of the impenetrable secrets of the frozen north and unsolved mysteries of gold, is what became of the millions of dollars in dust and nuggets taken out, or off, the ground in the Klondike when the eyes of the world were turned northward in 1898.

Of the thousands of men and women who participated in the rush, less than one per cent returned to the United States with any considerable amount

of gold or money.

It is an established fact that millions upon millions of dollars in gold were taken out of the earth at that time. Many prospectors had claims that gave them as high as a thousand dollars a pan. Gold became so common in Dawson City that it was tossed unceremoniously into great open barrels in gambling casinos, dance halls and saloons.

Most of the miners parted with their pokes when they came into contact with gamblers, barkeepers and dance-hall girls, yet the proprietors of these dives nearly always came back home after having lost their ill-gotten gains to others. Empty pockets were the order of the day when passengers stepped back to American soil.

The proprietor of one dive in Dawson is said to have thrown his twenty-dollar gold pieces, or equivalent in ore or dust, into a barrel which was soon filled to the top. A short time later he returned to the States in an almost penniless condition.

The research department of the Metro-Goldwyn-Mayer studio, which has just filmed "The Trail of '98," under the direction of Clarence Brown, has been unable to trace what became of all this gold, though the staff has interviewed hundreds of people who were in the north during the days of gold and greed. The gold isn't there any more and it wasn't brought home. The mystery now is, where is it?

"The Trail of '98" will be shown Monday at Tuesday at the Grand Theatre, with sound synchronization. The leading romantic roles of a cast of fifty are taken by Ralph Forbes, Dolores Del Rio and Mary Carey.

### DAILY VACATION BIBLE SCHOOL

Realizing the fact of the great need for training of children, and desiring to do all that we can to help in this very important work, we desire to announce that we shall open a Daily Vacation Bible School at the First Presbyterian Church next Monday, June 17th.

We invite all children who will, from 7 to 15, to enter the course. Children have good times at the Daily Vacation Bible School, and they learn many lessons that should prove a great blessing to them in all time to come. It is important for all, who desire to enter the various classes, to be present next Monday morning at 9 o'clock. We enrolled 50 pupils last year. We hope to reach a greater number this time. We should like to have several good teachers. However no salaries offered, for the services of workers are free.

Very cordially,  
REV. and MRS. J. T. WADE.

### EASTERN STAR MEETING

Fulton City Chapter Order of Eastern Star, met in regular communication Monday night at the Masonic Hall. A good crowd was in attendance. Among the visitors were Miss Bullock, Mr. and Mrs. O. S. Brown, of Dublin, Mrs. Fannie Harris, Mrs. Lula Tyler, Mrs. Edna Davidson of Crutchfield Chapter, Mrs. Leila Rudd, of Mickman. Mrs. Stone has been appointed grand instructor for this, the sixth district.

The grand matron will inspect Hickman City Chapter, Friday, June 14 at 8 p. m. Fulton City Chapter has been invited to attend.

During a very pleasant social hour an ice course was served.

Leland Nunley, 23-year-old son of Mr. and Mrs. F. Nunley of Clinton, was drowned Wednesday when the car he was driving went off the levee near Dyersburg, Tenn.

## Confederate Vets Open Reunion in Charlotte, N. C.

Sen. Harrison Tells Them They Fought For State's Rights and Not Slavery

Charlotte, N. C., June 4.—The thirty-ninth reunion of the United Confederate veterans opened formally here tonight amid a blaze of color, music and oratory and the valiant efforts of thousands of gray clad patriarchs to resurrect the rebel yell.

Reunion officials estimated late today that 20,000 visitors were in the city with the number mounting rapidly.

On the rostrum tonight in the armory-auditorium, erected especially for the occasion, were Senator Pat Harrison, of Mississippi, Governor O. Max Gardner of North Carolina, Mayor George Wilson of Charlotte, and former Mayor F. M. Redd. A concert by the United States marine band opened the first reunion program.

Senator Harrison devoting his address largely to a defense of the southern cause in the war between the states, told the veterans that the principle for which they had fought was state's right and not slavery. He called for a rebaptism of the south in that principle and warned against the sacrifice of southern sentiment to industrialism.

Governor Gardner described the reconstruction period as "one of the most glorious chapters in the history of the Anglo-Saxon race."

## MERCHANTS LOSE TO FULTON BY 2-0 SCORE

Paducah, Ky., June 4.—The Paducah Merchants lost their first game of the season to a Fulton baseball team at Fulton, Sunday afternoon, by the score of 2 to 0. The Merchants will play a return game with Fulton, there, next Sunday afternoon.

Alexander pitched a bang-up game for Fulton, allowing only five hits during the entire nine innings. Wade did well on the mound for the Merchants.

The Fulton infield kept a lid on the game most of the time, uncorking three double plays and stopping Merchant rallies on numerous occasions.

Burkhart and Brown each got two hits for the Merchants.

## HICKMAN MERCHANT WINNER IN DAMAGE SUIT

Court of Appeals Overrules Insurance Companies' Motion for Rehearing

S. H. Naifeh, a merchant of Hickman, has received a notification from the clerk of the court of appeals of Kentucky, advising that the petition for rehearing asked by the Caledonian Insurance company and companion companies against him, had been overruled.

Mr. Naifeh's department store, a three-story building, was damaged by lightning during a storm in 1927. In the circuit court, a decision was rendered in favor of Mr. Naifeh for judgment of \$27,000. The insurance companies took the suit to the court of appeals, and the decision of the lower court was affirmed there about seven weeks ago.

The case was first of all carried to the federal court, but reversed to the circuit court of Fulton county. The case was an outstanding one from the fact that it established a precedent with not a case like it on record in the entire United States. It has been watched throughout the fire insurance field.

# ORGANIZE COUNTY FLOOD CONTROL

Memphis, Tenn., June 12—Five counties in West Kentucky have formed a local flood control association that will affiliate with levee boards and other flood control bodies and with the Mississippi River Flood Control Association, hopeful of securing government help in stopping overflows of thousands of acres of rich land. W. H. Dick, president of the Mississippi River Flood Control Association, attended the first organization meeting at Bardwell, Ky., last week.

The Kentuckians face much the same overflow troubles as land owners in half a dozen West Tennessee counties. Until late years, high water in the Mississippi has never reached them, but as flood crests get higher and flood control works

on other parts of the river tend to raise the flood plane, large areas are being inundated. Some of the land has been in cultivation for 75 years and in instances remains in the same families which pioneered it.

The 1928 flood control act, by which the government took over all flood control work, does not make any provision for the West Kentucky and West Tennessee areas and the land owners, after three successive overflows, have held mass meetings, resulting in local organizations through which legislative help will be sought. The two locals will become directly affiliated with the flood control association, centering in Memphis, and will look to this body for putting up the fight for amendments that will provide them with protection.

## PRES. DOWNS RECEIVES HONORARY DEGREE

L. A. Downs, president of the Illinois Central System, received the honorary degree of Doctor of Engineering at Purdue University, Lafayette, Ind., this morning in a ceremony that featured the annual commencement exercises of that institution.

President Downs was graduated from Purdue with the degree of Bachelor of Civil Engineering in 1894 after a career there which included membership in the Sigma Chi fraternity, glee club and debating work and service as a regular on the varsity football team. He entered the employ of the Illinois Central System in 1896 as a rodman at \$60 a month and rose steadily to the presidency, which he reached in 1926.

The newly honored doctor is a native of Greencastle, Ind., a loyal member of the Indiana Society of Chicago and has spoken frequently at Purdue, in the alumni work of which he has maintained a constant interest.

## BELOVED WOMAN OF PIERCE PASSES AWAY

Mrs. B. M. Batts passed to the great beyond Friday at 3 p. m., at her home at Pierce, Tenn., aged forty-six years. She is survived by her husband, her mother, seven sons, one daughter and three brothers. The funeral service was held Sunday at 2 p. m., at New Bethel church, conducted by Rev. Henry Stroud, and burial followed in the Clark cemetery, in charge of the Fulton Undertaking company.

## ROUTE 5 NEWS

The ice cream supper given by Welfare Workers, Friday evening, was a success, despite the rain and threatening weather. The order for cream from the factory was countermanded at 5 o'clock, and several freezers were made at home in order that all who came might not go away disappointed. About 8 o'clock they began coming. Ice cream and punch was served and at eleven o'clock everything was sold. Everybody enjoyed the evening and a nice little sum was added to the club treasury.

Quite a matrimonial cyclone struck our community Sunday. Miss Christine Taylor and D. C. Lee, accompanied by Harold Ross, and Katherine McCannell drove over to Dresden, Tenn., Sunday, where the knot was tied. Christine was the

eldest daughter of Mr. and Mrs. R. E. Taylor and quite popular among the young folks. D. C. is the son of Mr. and Mrs. Claud Lee of Ruthville.

Miss Montez Jones and Mr. Carlos Blackard, Miss Ruth Meacham and Mr. Willie Sheridan, Miss Wood and Howell Oliver were the others happily married. Such is the effect of the new marriage law in Tennessee. We join their many friends in wishing them happiness.

W. H. Finch is again confined to his bed. Among his visitors Sunday, were his sister, Mrs. Etta Binkley, Mr. John Binkley and family, Mr. Lon Watts and family.

Mr. A. J. Butts is not very well. His son, Cleveland and wife, spent Sunday with them. Guy Finch left Saturday for Detroit.

Jesse Moore went to Memphis, Sunday, to take treatment at a hospital there.

Mr. Orvin Moore and Miss Gertrude Moore are attending summer school at Martin.

Mr. and Mrs. Bob Caldwell of Calloway county visited their son, Mr. Imit Caldwell and old neighbors in this community, last week.

Mr. Jesse Johns of Detroit, visited his mother, Mrs. Mollie Johns, last week. While here he bought his mother's farm, and will move to it about Christmas. We will be glad to have these good people back home.

The relatives of Mrs. Ida Breeden celebrated her birthday, Sunday. Quite a number gathered to spend the day with her.

Miss Bert Golden spent part of last week with her brother, B. A. Golden.

## OUR MESSAGE OF SERVICE

There is going to be a lot of activity in the building line this year. Architects and contractors, carpenters and masons all, are busily sharpening up their pencils and their tools, and getting set for business. It is not the young married folks alone who are going to build homes—who dream dreams of happiness in homes of their own—but many others who have long, too long, been renting the roofs over their heads are going to try this year to realize their desire to have a home of their own.

Whatever you plan to do by way of  
BUILDING — REMODELING  
REPAIRING

we want you to feel perfectly free to come in and consult our service department without the slightest obligation. Whether it's a big house or a bungalow, a new garage, new roof or new floor, a sun parlor or a sleeping porch, an alley fence, or built-in fixtures—we are prepared to give you unequalled service and low prices on Quality Material.

LET US HELP YOU MAKE YOUR  
DREAMS COME TRUE.

## LEAVING AN IMPRESSION

One often wonders how Fulton impresses the motorist who passes through here, and has only a chance for a few glances about him as he drives his car through the streets.

Will he say, "What a burg! No chance for me to do any business in this place!" Or will he say, "Well, this looks like a live business town. Ought to be a good place to live, too!"

It ought to be the ambition of every citizen to contribute all within his or her power to make the first impression a stranger receives, a favorable one.

The first view of any town is generally in the vicinity of the railroad station, although the traveler nowadays may approach from almost any direction, with the increase in automobile transportation.

Therefore, it behooves us not to slight a single section. Every resident should have enough pride in home and community to keep it making the best appearance possible every day in the year.

Beautiful lawns, attractive shrubbery and shade trees, well-kept houses, good streets, ornamental street lights, business houses in good repair and with up-to-date show windows—all have a part in leaving a good impression with the stranger, so that he will not soon forget the place.

The vacant lots on Fourth street, near the passenger station, are disgusting, the most unsightly in town.

## THE STRAIGHT PATH

Young men budding into manhood should remember that it is as easy to go straight as it is to be crooked. There is everything to gain by going straight and everything to lose by being crooked.

Parental influence has its effect, but a youth approaching the crossroads of manhood makes his own choice as he enters the great maelstrom of life.

He has reached the age of self determination and is resentful of interference with his desires.

At this age it is well for him to remember that the man who is successful and honored today is the one who chose the straight path and denied himself the fictitious indulgences of youth, while the one who is without honor and without fortune followed the gilded will-o'-the-wisp to the destruction of his manhood and of his hopes.

There is no middle of the road course.

A knowledge of the law of health does not come by instinct, says a leading authority. It must be taught. Every child should be taught to desire cleanliness instead of accepting it under protest, for cleanliness leads to health, and health encircles the power of mind and paves the road to success.

## OUTDOOR MANNERS

From the time they are able to comprehend anything, children are taught that they must have "good manners." They are threatened and warned and enjoined into behaving when "company" comes and to act like they weren't little savages when they go to call on friends.

"Good manners" have always been regarded as one of our best known "indoor sports." But this is a changing world and now we find that "manners" are classified. There is the "indoor" variety and the "outdoor" variety. And some of the grownups are lacking in the "outdoor" quality.

The American Automobile Association estimates that six million people will heed the call of the road this summer. If one-sixth of them are careless, an immense amount of damage will be done. Beauty spots will be defiled, property destroyed and the way made rough for tourists who have good "outdoor" manners.

The thoughtless camper who forgets to put out his fire and leaves behind paper plates, tin cans and the remains of his lunch is the horrible example of "bad manners," and a type that must be swatted in order to keep tourists as a class in good standing.

Nothing is more disheartening than to find some picturesque spot among the trees left by automobile travelers and picnickers littered with refuse.

The rights of property own-

ers in the country must be respected as religiously as they are in town and city. This, children can be taught. Some of their elders may be too hard crusted to admit of teaching.

But the coming generation, at least, ought to grow up with the idea that the abuse of outdoor hospitality of parks and secluded spots in the country is as much a breach of good manners as to mistreat a home where one has been entertained.

## CULL PULLETS WHEN SELLING COCKERELS

Cull out all the poor pullets and dispose of them when the cockerels are sold at broiler age, suggests J. E. Humphrey, of the College of Agriculture, University of Kentucky. He advises that this be done even though the birds are highly bred. It never pays to keep poor individuals.

Constitutional vigor, says Mr. Humphrey, is the cornerstone on which to build the selection of prospective winter layers. This is indicated by a broad, deep and comparatively short head that is clean-cut; strong beak, and large, bright and prominent eyes. Crow-headed and beefy and masculine pullets should be culled out.

The breast should be full, deep and well-rounded; the neck relatively short, blending well with the head and body; legs of moderate length, and shanks flat, rather than round.

Keep those pullets that are up on their toes, developing well and have grown steadily from the day they were hatched. Sell those that are gangling, awkward, shallow-bodied, immature and slow in feathering.

## Our Town Boosters

Your town boost you. Why not do as well by the town as it does by you?

No citizen is so powerful, none so humble, but what the town is an aid to him in some way or another.

The food that he eats, the clothes that he wears, the recreation and amusement that he enjoys, all originate in the town, because the money with which they are procured is made there.

When a fellow boosts his own town, he does not stop there. He is performing an act that improves his own condition, for every good word and every good deed has its elevating influence.

A few people are always home town boosters. They accomplish much in the way of community betterment and this improves the condition of not only themselves but also of those who do no boosting at all.

If every citizen would constitute himself or herself a home town booster the result collectively would many times as great, and opportunities for self improvement would be more numerous.

Think it over in your odd moments. Then get into the boost wagon and hit the pace.

A good looking girl may know she is pretty, but often times it is the druggist who knows the deep secret.

It is a common human error to overestimate your importance before you have any.

While not as good as a dollar, a dime has something to recommend it because it goes to church more often.

## Up Against It

Judge—Why did you knock down the semaphore?

Green Motorist—Well, your honor, I didn't know whether to run to the right of it or to the left of it, so to play safe I ran over it.

## An Obliging Son

Father—Well, when I was young I never had marbles. Didn't even know the game.

Son—Give me some money, father, and since you are living with me I'll teach you the game.

## Could Say That Much

Hub—This article says that women's feet are growing bigger. Do you believe it?

Wife—Well, at any rate, women are proving more and more their ability to fill men's shoes.

## She Smiles As She Works Now!

SHE has more time to devote to her children and her friends and time to enjoy life. She doesn't become so frightfully tired any more, doesn't become ill from overwork.

An electric washer, an electric range, a vacuum cleaner and other electrical appliances have taken the killing drudgery out of her housework.

Even when it calls for close economy in other directions, an investment in electrical conveniences will bring your family the boon of better health—and more happiness. Plan today to make this worthwhile investment.

## Milk Storing Capacity of Cow's Udder Is Big

Important facts have been learned recently about the cow's udder. It had been generally believed that the milk storing capacity of the cow's udder is not more than half a pint to each quarter and that the greater part of the milk obtained at milking is secreted during the milking process. That this is incorrect was demonstrated by slaughtering cows just previous to the usual milking time. The udders were amputated and the milk drawn. In one experiment the quantity obtained averaged 61.1 per cent of the normal yield by the same cows. In another test the quantity obtained was 76 per cent of that given by the cows when alive. It was shown that milk secretion is largely a continuous process and that the capacity of the secretory system is much greater than had been supposed. This knowledge should help to lay a more scientific foundation for the selection of dairy cattle.

## Dairy Hints

A sudden change of feed may cause scours in calves.

A good commercial dairy ration will give excellent results.

Do not vary suddenly the quantity of milk fed to young calves.

Difficult churning can usually be cured by using a thermometer.

Cows and hens and sows must be fed if large production is to be maintained.

A common error in feeding is to overfeed on one or two feeds, thus giving the cow too much of one nutrient.

To produce milk economically the cow's ration should consist largely of the more bulky, cheaper foods. These foods require considerable moisture in the process of digestion, and therefore large quantities of water are essential.

Milk utensils should always be thoroughly washed and rinsed before being placed in the sterilizer. If this is not done, sterilization is not only made more difficult, but milk which may be adhering to the utensils is "cooked on."

It would be nice to be a movie actor, and be able to borrow \$5,000 until Saturday night.

# POULTRY

By J. T. Watkins

On last Wednesday the Swift & Co. opened one of their large plants at West Point, Miss. This plant is just like the one they are building here in Fulton. It will develop into a big business. They have a capacity for handling and feeding 20,000 head of poultry, and caring for 100,000 pounds of milk and cream, and 100,000 dozen eggs a day. We have told you all spring to hatch and raise every chick you could this spring for not only is this plant going to be a big outlet for your poultry, but we also have two other poultry buying plants, so you can readily see there will be no danger but what you can get rid of all your surplus stock.

There are a good many people who see the Fulton plant going up and ask what is that new building, and when told it is the new Swift plant, they seem to think it will be a packing house for hogs and cattle. Well, it will be a packing house all right, but only for chickens and other classes of poultry. Just stop and imagine for a few minutes what it means to the surrounding country. Now, I guess you are sorry you did not hatch MORE chickens. There will be a good market for all the poultry that can be raised within 100 miles of Fulton, from now on. We will have three buying points here.

But I must not say too much about the new plant for maybe they are not ready to have this dope put out yet, so if not, I may get my foot in it. However, the other two buying stations already located in Fulton are buying every day and taking care of all the poultry and eggs being brought in.

Well, I guess you want to hear something about the fair and the poultry show, so I will give you some dope on that. The premium list will be out in a couple of weeks, and you will be surprised at what we have in store for you. While we have not enlarged the cash prizes in the poultry show, you will find that the Fulton Poultry Show pays out more cash than any other show in the country, taking into consideration the size of the show. In fact, we have the same as two shows in one.

It is now only about ten weeks until the fair opens, and now is the time to settle on what stock you wish to show, and begin training them for the judge. Remember, a quiet, gentle bird, that will stand posed for the judge, will stand a better chance of getting all it is entitled to, than one that is wild and flighty. Keep your eyes on the young stock and when you see an outstanding bird, catch it and put a band on it so it will be easily identified, it will save you a lot of time later on.

There are two things I want you to keep in your mind, first want eight hundred birds in show this year; second, dues for the year 1929 are now due and must be paid before the judging begins. Don't forget the story of the five foolish virgins, get in line, pay your dues and be ready for the judge.

## George W. Kirkland Passes Away

After a lingering illness Geo. W. Kirkland, pioneer citizen of Fulton, died at his home on 4th street at six o'clock Wednesday morning. For many years Mr. Kirkland was engaged in business here, first in the buggy and harness line and later in the grocery business. Several years ago he sold his grocery on Lake street and built a business house on Fourth street where he and his wife conducted a boarding establishment, but after the death of his wife a few months ago, burdened with grief and ill health, his strength failed him and the end came as a sweet relief Wednesday morning. Mr. Kirkland was 77 years of age at the time of his death. He is survived by one brother and one sister, living in Illinois.

## W. A. Greer Victim of Death

W. A. Greer passed away Tuesday at 11 a.m. in the Riverside hospital in Paducah where he had been for a few days in the hope that something could be done to restore him to health but he grew worse until the end. He was 60 years of age, and leaves to mourn his departure, his widow, three sons, three daughters, three sisters, and four brothers besides more relatives and many friends. The funeral service was held Thursday at 2 p.m. at Mt. Moriah church near Clinton conducted by Rev. Mr. Nall, pastor of the Baptist church in Hickman and burial followed in the church cemetery in Hickman in charge of the Fulton Undertaking Company.

**Lesson for June 16****JUDAH TAKEN CAPTIVE**

LESSON TEXT—II Kings 25:1-21.  
GOLDEN TEXT—Righteousness exalteth a nation, but sin is a reproach to any people.  
PRIMARY TOPIC—A Nation That Forgot God.  
JUNIOR TOPIC—A Nation That Forgot God.  
INTERMEDIATE AND SENIOR TOPIC—Paying the Price of Sinning.  
YOUNG PEOPLE AND ADULT TOPIC—National Accountability to God.

Zedekiah was made king of Judah by the king of Babylon (II Kings 24:17), but in spite of this kindness and the word of the Lord spoken to him by Jeremiah (Jer. 34:17, 18, et. Jer. 32:3), he rebelled against the king of Babylon. He relied upon the help of Egypt, but all that Egypt could do was to cause temporary interruption of the siege of Jerusalem.

1. The Siege of Jerusalem (vv. 1-3).

1. The time (vv. 1, 2).  
It began on the tenth day of the tenth month of the ninth year of Zedekiah's reign and lasted about eighteen months. The tenth month, according to the Jewish calendar, corresponds to our December, January, as their calendar year began about the middle of March. The reason the exact time is given is that this was to be an event of great importance to the Jews in their exile.

2. The method (v. 1). Nebuchadnezzar came with a large army and encamped against Jerusalem and built forts against it round about. It is thought that siege walls were built around the city, shutting it in. On the tops of these walls were built from which missiles of destruction could be hurled by their engines of war against the city.

3. The famine (v. 3).  
Gedekiah says, "It was speedily followed, as is always the case, with an outbreak of pestilence. Food was well-nigh gone. There had long been no bread. Mothers were at last driven to murder and eat their children. The richest citizens wandered about searching for scraps in the dung hills." It is estimated that one-third of the people of Jerusalem died of starvation.

II. Zedekiah's Flight and Fate (vv. 4-7).

1. "The city was broken up" (v. 4). The Chaldeans had succeeded in making an opening in the wall—so large that they could make their way into the city in spite of all that the Hebrews could do.

2. Zedekiah's flight (v. 4).  
The king with his men of war fled by night toward the plain. His object no doubt was to cross the Jordan at Jericho and hide in the mountains east of the river.

3. Zedekiah's fate (vv. 5-7).  
(1) He was overtaken in the plains of Jericho (v. 5). When his flight was discovered, the Chaldean army pursued and captured him. (2) He was brought to the king of Babylon at Riblah (v. 6), a town north of Damascus. It was the king's headquarters from which he directed his armies against Tyre and Jerusalem. Zedekiah was tried as a criminal before Nebuchadnezzar. (3) His fate (v. 7). His sons were slain in his sight; his eyes were put out; he was bound with fetters of brass and they carried him to Babylon where he remained prisoner until the day of his death (Jer. 52:11).

III. Jerusalem Destroyed (vv. 8-10).  
The dismantling of the city was delayed a month, perhaps awaiting instructions from Nebuchadnezzar, who was at Riblah.

1. They burnt of the house of the Lord (v. 9).

This was the sacred temple built by Solomon, with additions and modifications. Before burning it was despoiled of all its sacred contents.

2. Burnt the king's house (v. 9).

This was doubtless the palace built by Solomon.

3. Burnt all the houses of Jerusalem (v. 9).

The implication is that the common houses were left for the people (v. 12).

4. They broke down the walls of Jerusalem.

IV. The Disposition of the Temple Furniture and Priests (vv. 13-21).

1. The temple furniture (vv. 13-17).

The pillars of brass and the brazen sea were broken into pieces by the Babylonians and were carried to Babylon.

2. Certain officers and priests (vv. 18-21).

Certain officers, priests and three score men were taken to Riblah by the king of Babylon, and were slain.

From Small Beginnings

Prayer brings God into what men are pleased to term the little affairs of life. The lives of people are made up of these small matters; yet how often do great consequences come from small beginnings!—E. M. Bounds

Color-Blind Towards God

Man is color blind towards God. The blue of God's truth is to him an angry, angry red. The soft, soothing green of His love becomes a noisy, irritating yellow.—Dr. S. D. Gordon.

### Guiding Your Children

Bad habits lead children astray. Good habits guide them safely into the path of character, uprightness and independence.

You can start them right by teaching them to save money. Set them an example by saving yourself. Make them admire thrift.

Once started, the saving habit helps to form other good habits. It provides experience for them in handling their own funds.

This start in the right direction is but a simple step. Bring children to the bank when you start them to school.

### Among the County Agents

The Hardin Bank in Marshall county loaned an average of \$140 to each of 15 junior agricultural club boys and girls to buy purebred dairy cows.

The Allen County Chamber of Commerce will finance the purchase of yearling ewes and purebred rams for 30 junior agricultural club boys and girls.

John P. Fister has purchased the first potato and vegetable crop duster ever taken into Fayette county. The county Agent and truck garden specialist from the Experiment Station helped him map out a dusting program.

The county agent is assisting 200 Simpson county farmers to improve their dairying methods, including better feeding and the growing of more feeds.

15,000 pounds of Jap clover seed were sown on 180 farms and 400 pounds of Korean lespedeza seed on 12 farms in Nicholas county.

Twelve Scott county farmers are cooperating with the county agent in demonstrating that alfalfa and sweet clover can be grown. It has been thought that these crops could not be grown in the southern part of the county.

600 acres of tomatoes will be grown for three canning plants in Pulaski county.

Fifty-five farmers have enrolled in the master shepherd contest in Grant county. All are keeping complete records of their flocks.

Twenty Estill county farmers are testing fertilizers on tobacco land, under the supervision of the county agent.

### One Sow Produces Two Tons of Pork

Two tons of pork from one sow in a year, with net returns above feed cost of \$147.70, is the record reported to the College of Agriculture, University of Kentucky, by Anslem Reiz, a Daviess county farmer.

Mr. Reiz is the first Kentucky farmer officially to produce two tons of pork from one sow in a year. He demonstrated that this high production is possible, and also profitable when proper feeding methods and management are employed.

His purebred sow produced two litters which, when finished weighed 4,239 pounds. The average price received was \$12.00 per 100 pounds, which left a good profit after full allowance was made for cost of feed.

The litters were fed out for rapid and profitable finish at an early age, as recommended by the College of Agriculture, and practiced under the supervision of County Agent J. E. McClure.

### Tests Show What Fertilizers Do

Farmers from Taylor and adjoining counties recently inspected crops growing on the soil experiment field which the Experiment Station of the University of Kentucky maintains near Campbellsville.

The growing wheat and clover indicated the results that may be expected from the use of fertilizers in crop rotations. Beginning with poor land, the use of manure, fertilizers and rotation of crops has raised the average corn yield from 15 bushels an acre on untreated land to more than 50 bushels, as an average for nine years. Last year as high as 73 bushels of corn to the acre was secured with certain soil treatments, compared with less than 10 bushels on untreated land.

Wheat yields have been in-

creased from 3 bushels on untreated soil to 16 bushels, as an average for six crops, and clover hay from 600 pounds to the acre to 2,075 pounds.

As an average of 7 crops of tobacco the yield has been increased from about 600 pounds per acre to approximately 1,100 pounds on the best fertilized plots. The pound value of the fertilized tobacco has been greatly increased; in some cases it amounted to five times that of the unfertilized tobacco. Wheat following tobacco has averaged about nine bushels per acre on the unfertilized land and 22 bushels on the best fertilized land, while clover has averaged about 1,100 and 3,300 respectively on unfertilized land. The results on this experiment field will be sent to those desiring them.

### Junior Club Members to Show 1,400 Lambs

Two hundred junior agricultural members from 17 counties will exhibit 1,400 lambs at the 6th annual spring lamb show and sale to be held at the Bourbon Stock Yards in Louisville June 21 according to the College of Agriculture, University of Kentucky.

The lambs have been raised and finished under the supervision of county agents and the club department of the College, in their work in teaching farm boys and girls the best methods of raising livestock.

\$700.00 in cash prizes and two scholarships to the International Live Stock Exposition will be divided among the owners of the best single lambs, best pens, best carload and best record books. Southdowns, Hampshires and Shropshires will be exhibited.

Owners of the best five lambs in two sections in which the state will be divided will receive trips to Chicago, donated by Chas. R. Long, Jr. Co., and Ballard & Ballard Co., of Louisville.

Counties from which lambs have been entered in the show and sale are Gallatin, Meade, Warren, Hancock, Hopkins, Shelby, Grayson, Todd, Montgomery, Grant, Caldwell, Franklin, Larue, Owen, Carroll, Washington and Breckinridge.
