pletion.

Work started on the new Coca-Cola plant on June 14. The work was necessary due to the growth and expansion of the company.

For the past three years, the Coca-Cola plant has been steadily growing, and the need for additional space became evident. The new plant is designed to accommodate the increasing demand for Coca-Cola products.

The plant is being built on a 10-acre site, and the construction is expected to be completed within six months. The facility will include state-of-the-art equipment and will be equipped with the latest technology for production and quality control.

The project is being supervised by experienced engineers and contractors to ensure the highest standards of safety and efficiency. The company is committed to minimizing environmental impact and adhering to strict safety protocols during the construction phase.

In addition to the production area, the new plant will feature administrative offices, a research and development lab, and a visitor center to showcase the company's history and heritage. The facility will also incorporate sustainable design principles, such as energy-efficient lighting and building materials.

The opening of the new Coca-Cola plant is anticipated to create more than 200 jobs, providing economic opportunities for the local community. The company is dedicated to ensuring a safe and healthy working environment for its employees.

The new plant is expected to enhance the company's capabilities in meeting the increasing demand for Coca-Cola products, thereby strengthening its position as a global leader in the beverage industry.
THE FULTON ADVERTISER

Notice From Street Committee.

Notice is hereby given, that a meeting of said joint committee will be held on Thursday, June 23, 2022, at 7:00 p.m., at the City Hall, Fulton, Kentucky, for the purpose of considering the extension of the street pavement.

MERCHANTS WIN IN DAMAGE SUIT.

The Merchants, as plaintiffs, have been awarded $10,000 in damages against the defendant.

The Fulton field kept a lid on the game most of the time, as right fielder, left fielder, and catcher each aided in the game with a catch. The Merchants scored five runs in the game, and the Bobcats scored two runs, making the final score 5-2 for the Merchants.

Organize County Flood Control
Memphis, Tenn., June 12—Flood control work is receiving another impetus in this community, with the announcement that the county is organizing a Flood Control Association, to be under the superintendence of Mr. B. H. Wolfe.

Mr. Wolfe, who has been active in flood control work in the Will County, Ill., flood control association, is to be the chairman of the new association to be organized here.

The new organization will be under the supervision of Mr. Wolfe, who is already active in flood control work in the area.

The association will be responsible for the maintenance of flood control structures and the implementation of flood control measures in the area.

With the announcement of the new organization, the area can expect to see a significant improvement in flood control measures.

The new organization is expected to receive the support of local officials, who recognize the importance of flood control in the region.

The Flood Control Association seeks to provide a comprehensive approach to flood control, including the construction, maintenance, and management of flood control structures.

The association is expected to work collaboratively with other organizations and agencies to ensure effective and efficient flood control measures.

The establishment of the association is a welcome development for the area, as it marks a step forward in the ongoing effort to improve flood control and reduce the risk of flooding.

The Flood Control Association, under the leadership of Mr. Wolfe, is poised to make a significant contribution to flood control in the area, and its efforts will be closely monitored and supported by local officials and residents.

With the new organization in place, the area is well-positioned to address the challenges of flood control and ensure the safety and well-being of its residents.

The Flood Control Association's efforts will be crucial in creating a safer, more resilient community, and its success will be celebrated by all those who value the protection of life and property from the threat of flooding.

The Flood Control Association is a testament to the community's commitment to safeguarding against the devastating impact of floods, and its establishment is a positive development for the area.

LEAVING AN IMPRESSION

One often wonders how Fulton impresses the material who pass through the city. It has
earned a select few a chance for a few glances
from the doormatted. No man sets down
a visiting card when he passes through the streets.

Will be a "Yes, I will leave a card to say how much
he enjoys the city, as he surely would have
visited many other places, is this a fine business town.

All within his or her power to make the first impres-
sion astrange person receive a friendly one.

ear business in this place!" Or will
he say, "Well, this looks like a live business town."
probably to be a good place

The vacant lots on Fourth street, near the passenger sta-
tion, are disgusting, the most unsightly in town.
The first impression of any town is generally in the vicinity of the
City Hall, although it ought to be the first.

Clearing out, the druggist, of course
for the deep secrets. While not as good as a dollar, a dime has something to
recommend it because it goes to church more often.

While not as good as the "outdoor quality" and the "indoor quality" varietie,

People in a town should not be afraid to admit of teaching.
The coming generation, at least, ought to grow up with the idea that the closer an
individual stands to the breed, and the more
improvement would be more numerous.

Our Town Boosters
Your town boosters. Why not as well as the town to
be proud of the men who have done a good job.

The feed that he eats, the clothes that he wears, the
idea and ambition that he has,

THE STRAIGHT PATH

Young men building their homes remember that it is,
as an old-time preacher used to say, good to be
found. There is everything to gain by keeping up their
reputation, especially in those things that are not
being done. It is not enough to be just a good
southern gentleman and a good Christian.

George W. Kirkland
Passes Away

Another long-time citizen of Fulton, was taken from us by death, on a Saturday afternoon, after a long, lingering illness. "Mr. Kirkland had been in very poor health for several weeks, and had been in bed all last week.

F. W. Burr's store has been in operation here for a number of years, and has been a prominent feature of the business world of Fulton. The store was opened by Mr. Burr in 1875, and has been in business ever since. Mr. Burr was a man of high character and integrity, and his memory will be cherished by all who knew him.

Mr. Burr was a native of Ohio, and came to Fulton in 1875, where he established his store. He was a man of strong character, and was always willing to do his best for those who had need of him. He was a faithful member of the Methodist Church, and was much loved by all who knew him.

Mr. Burr was a man of great kindness, and always did his utmost to help those who were in need. He was a man of sound judgment, and was always willing to give good advice. He was a man of great industry, and worked hard to make a living for himself and his family.

Mr. Burr was a man of great humanity, and was always willing to help those who were in need. He was a man of great kindness, and was always willing to do his best for those who had need of him. He was a man of strong character, and was always willing to do his best for those who had need of him. He was a man of sound judgment, and was always willing to give good advice. He was a man of great industry, and worked hard to make a living for himself and his family.

Guiding Your Children

Eal habits lead children astray. Good habits guide them safely into the path of character, uprightness and independence.

You can start them by teaching them to save money. Set them an example by saving yourself. Make them share their savings.

Once started, the saving habit helps to form other good habits. It provides experience for them in handling their own funds.

This start in the right direction is but a simple step. Bring children to the bank when you start them to school.

Among the County Agents

The Farmers Bank in Marshall county handled an average of $10,000 in 13 junior agricul-
tural class books for girls to buy furnished dress goods.

The Allen County Fair on Thursday, October 25th will feature the per-
capita of grain grown and the aver-
tage acres for 30 junior agricul-
tural class books and gifts.

John P. Fearon has purchased the first potato and vegetable crop ever taken in Fag-
eck county. The county Agent and truck garden specialist from the Experiment Station helped him rear a string of potatoes.

The county agent is assisting 300 South county farmers to improve their farming methods, including better feeding and the raising of new crops.

1,500,000 pounds of hay clower and horse manure, 25 tons of cattle and 800 pounds of Korean slums were handled in 15 farms in Nicholas county.

Twelve Scott county farmers are surveying the county with the county agent in charge, under the supervision of the county agent.

Fifty-five farmers have enrolled in the master sheep class contest in Grant county. All are keeping complete records of their flocks.

Twenty-five county farmers are testing fertilizers on their land, under the supervision of the county agent.

One Son Produces Two Tom Pork

Two litters were fed out few weeks ago on 200 acres of land, under the supervision of the county agent.

The litters were fed out for two weeks, and probably finished at an early age as recommended by the College of Agriculture and practiced under the supervision of Chase A. Long, Jr., Co., and Ballard Co., of Louisville.

The litters were fed on chicken manure and horse manure and raised under the supervision of County Agent J. E. McClure. They were raised in two sections in which the state farmer officially to produce two tons of pork from one sow in a year. Mr. Reiz is the first Kentucky farmer to do this. He demonstrated that this production is possible, and profitable when Proper feed, soil and management of land are employed. The county agent has created two litters which, when started for the raising of 4-20 pigs.

These litters were fed out for two weeks, and probably finished at an early age as recommended by the College of Agriculture and practiced under the supervision of County Agent J. E. McClure.

Tests Show What Fertilizers Do

Fertilizers differ in kind and quality. The following table shows the result of tests by the Experiment Station of the University of Kentucky on certain grades of fertilizer.

FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the preju-

ideas based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no differ-
ence between our meals and the meals they get at home. That's the reason they come here as frequently to eat.

Years of catering to the appetites of partic-
ular people make it possible for us to serve up- 
setuating meals. The next time you want to eat away from home, bring your family here.
