Your Farm And Home Paper - Superior Coverage

VOLUME SIX.

FULTON, KY., FRIDAY, MAY 27, 1938

NUMBER EIGHTEEN

'STAR IN MY KITCHEN' GLORIFIES THE HOME

Going to school in a theatre! It sounds a bit strange, doesn't it? But that is what women of the community will be doing when The News Motion Picture Cooking School comes to town on Monday, June 6.

There will be real lessons, too, lessons in measuring, mixing, and blending the ingredients for many recipes; in the preparation of such triumphs as a lattice-top fruit pie; in making delicious frozen desserts and salads; in laundering fine fabrics; and in planning healthful meals for growing children.

The camera has assembled all the expert information of trained home economists—not as a routine lecture, not as a formal "highbrow" demonstration, but as a real romance of home-making, full of suspense and charm, and informal that from one good cook to another.

There will be remarkable close-ups of each process in a series of model, conveniently-equipped kitchens—real, workable kitchens, (not the synthetic, false-front variety), where trained home-makers will plan and complete the preparation of several meals so the entire audience can see the process step by step.

The finished dishes, which will be shown in full color, will look as though they could be picked right out of the picture and eaten on the spot.

The class won't be all work, for there is the constant play of sparkling humor, the appeal of tender romance, the suspense of coherent, intelligently-directed story, which dramatizes everyday happenings—the human sort of things that really do happen.

Binding the attractive story together is the romance of home-making, a subject that holds the interest of every woman young and old. Even The News knows that all women—brides, business types, and experienced housekeepers—respond to the fascination of looking in on another woman when she is at work in the kitchen.

Particularly do they like it when they are allowed to sit quietly and watch her prepare some dish in which she specializes. They know that if they watch her prepare some dish in which she specializes. They know that if they watch closely, while she measures and mixes and completes the entire cooking operation, this close-up personal study will be more helpful than hours of ready recipes or blind experimenting.

The motion picture camera was leisurely, completely unharmed and painstakingly accurate in recording "Star in My Kitchen." There is no trickery in the cooking, baking, and preparation of appetizing ice-box wonders. Competent cooks who have drifted into bad habits will be able to check their own mistakes by studying the systematic routine revealed in those close-ups.

"They make cooking and housework seem so easy," the audience will say after watching the experienced home-makers in "Star in My Kitchen" instruct the eager, young Dedee Abot. And cooking will become easy for every woman who attends the Motion Picture Cooking School, where the lessons will be simple yet remarkably effective.

It sounds like a real re-union for women of the community, even to The News, which is getting a steady stream of congratulations on booking this profitable cooking school. In addition to the daily recipe sheets, a generous store of gifts are destined to be carried back to many a home from the Fulton Theatre. Don't miss the 1938-model school starting Monday, June 6 in the Fulton Theatre.

Dotty Shop Features New Summer Styles

Outstanding new summer styles are featured at the Dotty Shop. Leonard Sanofsky, states in an advertisement this week appearing on the back page of this edition. Feminine shoppers of this territory will find many attractive values at this ladies exclusive ready-to-wear store. The season's newest style trends are always shown at popular prices, Mr. Sanofsky said.

BUILDING ACTIVITY ON INCREASE HERE

The past few months have seen many improvements in and around Fulton, including repair of buildings, and construction of several new homes. With the coming of open weather many more improvements will be made on both business and residential property. Here are a few of the many changes that are already taking place in this community, or for which plans are being made.

Stephenson's Grocery is being repainted in white which gives a very pleasing atmosphere on entering the store.

The City Coal Co. is repainting the exterior and signs on the office building.

The Malco Theatre Co. is rebuilding the Strand Theatre on Lake-st. There will be an entirely new entrance, ticket office, screen and new projection equipment. There will be a marquee with a large electric sign in silver over the entrance. The top front will be stucco buff. T. R. Stewart Malco contractor from Little Rock, Ark., is in charge and plans were drawn by Malcolm Gilbert.

The new U-Tote-Em store is progressing rapidly and will be completed and ready to open about June 15th.

A. G. Baldrige is building a brick veneer duplex on the corner of Fourth and Park. Each apartment will have five rooms with furnace heat and all modern conveniences. It will be completed in three weeks.

Bob White is planning a new home on the Mayfield Highway.

Butch DeMyer will build on the Union City Highway in the near future.

Paul Turberville is building a seven room home in the Highlands.

A new five room house has just been completed on West-st which is owned by Sebra Evans.

Harvey Hewitt is building an eight room brick veneer West of Fulton. Jess Fields has a seven room brick veneer on the Clinton highway.

The City of Fulton is repairing the White Way lights all over the business district. Fifty-five lights are being repaired and painted. They were connected to a new Diesel engine Wednesday. Each lamp has four times more lighting than the old globes. The lights extend from the red light on Lake-st to the American Legion Cabin, from the railroad on Walnut, down Mulberry, the length of Main-st and on Church-st down to the State Line.

JOHN WILLIAM BINKLEY

John William Binkley, 60, passed away suddenly at his home from a heart attack, Sunday morning at 2 o'clock. Funeral services were held Tuesday morning at the Church of Christ by Elder J. J. Reynolds. Burial was in the Enon Cemetery.

Mr. Binkley is survived by his widow, Mrs. Pearl Binkley, one son, James Clay, also his mother, Mrs. H. C. Binkley, three sisters, Mrs. Charles Foy, of Dukedom, Tenn., Mrs. Bertie Hackett, of Liberal, Kansas, and Mrs. Arnie McAlister, of Tampa, Florida, and a sister-in-law, Miss Eunice McAlister who is living at the Binkley home. Mr. Binkley is the last of three brothers. The other two having passed away in the past. Chester Binkley, died in 1936 and "Pete" Binkley died six months ago.

Mr. Binkley was born in Weakley, County, Tenn. He moved with his parents to Kentucky when he was a small boy. He was a faithful member of the Church of Christ. He was well loved by all who knew him.

WENDELL R. HUMPHREY

10 months old son of Mr. and Mrs. Paul Humphrey died Friday morning at their home near Clinton, Ky. Funeral services were held Saturday afternoon at the Chapel Hill Church conducted by Rev. J. J. Owen with burial in Chapel Hill Cemetery. Hornbeak Funeral Company was in charge.

Besides the parents and two small brothers, Mr. and Mrs. C. L. Humphrey of Fulton, grandparents, survive.

REV. LEO K. BISHOP TO CONDUCT SERIES OF MEETINGS AT CHRISTIAN CHURCH

Many people of this vicinity are looking forward to hearing this dynamic, young minister who will begin a preaching mission at the First Christian Church next Sunday. In this series of meetings Mr. Bishop will be ably assisted by Mr. and Mrs. Owen Walker, directors of music. Services every night at 7:30, and everyone will be welcome.

LaGore Is Named Group President

The West Kentucky Press Association held its annual meeting in Paducah yesterday, with the Paducah Sun-Democrat as hosts. During the business session Joe O. LaGore, managing editor of the Sun-Democrat, was elected president of the association, succeeding Harry Lee Waterfield, of Clinton. Roy Mumford, Morganfield, was elected vice-president, and Murray Rogers, Paducah, was re-elected secretary-treasurer. Appointed to serve on the executive committee were J. L. Bradley, Providence and J. T. Howard, Hickman.

On the program were G. M. Pedley, Eddyville, and former president of the WKPA, who spoke on the "Gilbertsville Dam as a Medium of Advertising Western Kentucky."

The editors were urged to attend the annual meeting of the Kentucky Press Association at Mammoth Cave, June 9-11.

Fulton County Man Dies Near Sylvan Shade

Mark L. Corum, aged 72, died last Friday at 5:00 o'clock at his home in Sylvan Shade community of Fulton county. Mr. Corum who had been ill for more than a year, became worse last Thursday night and continued to sink until his death on Friday. Funeral services were conducted Sunday afternoon at the Beulah Baptist church by Rev. G. T. Mayo, with interment following in the cemetery there.

Mr. Corum was born and reared in Obion county. He moved to Fulton county about 30 years ago where he had continued to live and engage in farming. He was a member of Poplar Grove Baptist church. He first married Miss Ida Fuzzell and one child, Mrs. Gaither McMullen of State Line, survives this union. He later married Miss Nancy Elizabeth Rice and she and the following children survive: Paul of Hickman, Talmadge of Akron, O., Harold of Stanton, Ky., Henry of near Hickman, Mark, Jr. of Hickman, Mrs. Roscoe Embry, of Hickman, Mrs. Jewel Prince and Mrs. Bruce Bucy, both of Union City; and a number of grandchildren. He also leaves three brothers, Cass of Mason Hall, Sam of Beulah community; and Henry of Woodland Mills.

Another reason why we have so many divorces is couples always take each other for better or for worse instead of just medium.

Mrs. Eliza Boaz Buried Saturday At Mayfield

Mayfield, Ky.—Mrs. Eliza Watts Boaz, wife of Dr. L. D. Boaz, of Harris, Tenn., died at her home in Harris, Saturday afternoon, after several months illness. The body was brought to the Byrns funeral home where funeral services were conducted Sunday afternoon at 3:30 o'clock with Dr. D. M. Ausmus, pastor of the First Presbyterian church, and Rev. F. B. Jones, presiding elder of the Methodist Paducah district, in charge.

Burial took place at Maplewood cemetery. The pall bearers were Gus P. Greene, Ed B. Ligon, Albert Graf, Walter Gardner, Estelle Morehead and Ed L. Johnston.

Mrs. Boaz, the daughter of the late N. B. and Rebecca Priethard Watts was born and reared in Graves county and was educated in the Mayfield schools. She had led a very busy life, teaching in the old Farmington Institute and was then engaged in the millinery business in Mayfield.

In 1904, she was married to Dr. L. D. Boaz of Harris, Tenn., and had resided there since, taking an active part in the church and community life. She was a member of the First Presbyterian church of Mayfield.

Surviving Mrs. Boaz besides her husband are three sisters, Mrs. H. G. Radford and Mrs. Nora Horning, both of Mayfield, and Mrs. B. Wrenna Webb of Whitewright, Tex. A brother, John Watts, died a few years ago.

PIERCE WOMAN DIES BY SUICIDE FRIDAY

Mrs. Clara Cashon, 25, committed suicide last Friday at her home in District 16 near Pierce, using a shotgun as the death weapon. Mrs. Cashon, who had been a partial invalid is believed to have taken her life in despondency. She had recently broken an engagement to be married, according to her mother, Mrs. Myrtle Babb.

About 5:45 Mrs. Babb went to milk, and when she returned to the house, Mrs. Cashon was dead, the shotgun lying by her side. The deceased leaves her small son and mother. Funeral services were conducted Saturday afternoon at Chapel Hill where interment followed.

Another fellow who has a hard time building up his list of personal friends is the one who thinks that a perpetual grouch makes him look dignified.

BASEBALL GAMES BY FULTON EAGLES

The Eagles tied their game Saturday with Hopkinsville 1-1 in a 12 inning battle. The Eagles scored their run in the first inning and held the Hoppers until the ninth. Batteries were: Hopkinsville—Polinsky and Smith; Fulton—Pearson and Clonts.

Sunday in the second game after five innings the teams were rained out with the game going to Hopkinsville with a 3-1 lead. Batteries were: Hopkinsville—Hass and Smith; Fulton—Roberson and Clonts.

After the rained out game on Monday, Tuesday the Eagles met Lexington for the first game of the series, which the Bees won 6-0. Wanning was the starting pitcher and was hit hard with 6 hits, Pickel relieved him in the second inning and was also hit hard allowing 8 hits.

Batteries were: Lexington—Lambert and Stuka; Fulton—Wanning, Pickel and Clonts.

LEXINGTON-FULTON

The Eagles flew and mighty Wednesday afternoon in the second game of the Lexington series winning 13-12. The Giants scored six runs in the first inning and the Eagles made a heavy comeback in the fifth scoring nine runs. Then in the ninth inning Lexington tied the score on an overthrow at first but due to Padgett's walk and a single by Ulnsey the Eagles came through. Batteries were: Lexington Kubicki, Hutson, Javery and Stunka; Fulton, Joyner, Chartrand Pearson and Clonts.

In the night game the Giants won 7-3. Pearson started on the mound for the Eagles but gave way to Johnnie Long in the seventh. Pape gave up eight hits but held the Eagles scoring. Batteries: Lexington, Pape and Strunk; Fulton, Pearson, Long, Fisher and Clonts.

SCHEDULE: Friday, Fulton at Paducah; Saturday Fulton at Paducah; Sunday, Union City at Fulton; Monday, Union City at Fulton (afternoon); Monday night, Fulton at Union City; Tuesday, Mayfield at Fulton; Wednesday, Mayfield at Fulton; Thursday, Mayfield at Fulton.

The batting averages of the Fulton Eagles up to and including Sunday's games is as follows:

Batts	410
Ulnsey	340
Clonts	290
Brandon	280
Zanter	260
Bodner	250
Cooper	220
Padgett	200
Gregory	134
Dauphin	110

The Fulton pitchers record released Saturday by the Howe News Bureau of Chicago including last Tuesday, May 17, are:

	G	W	L	IP	H	R
Wanning	3	2	0	10	1	3
Fisher	2	1	0	7	7	7
Pearson	2	0	2	17	18	15
Siderski	1	0	1	3	4	

Fry Shoe Store Offers Attractive Prices In Sale

In this issue of The News many attractive low prices on footwear are featured in an advertisement announcing a sale of new summer footwear for every member of the family. This sale offers shoppers of this territory an opportunity to save on the newest styles in seasonal merchandise, states William Scott, managed of Fulton oldest established exclusive shoe store.

Mr. Scott has taken the management of the Fry Shoe Store, as Roy Cummings has accepted a position as manager of the Watkins Dry Goods Company at Paducah, Ky. Mr. Cummings is well known here and friends regret his leaving but the change meant an advancement.

Mr. Scott has been connected with the Fry Shoe Store for some time as assistant manager, and is an efficient and courteous young man. He invites the people of this territory to visit the store and features many outstanding values at attractive low prices.

SERMON OUTLINE BY REV. J. S. ROBINSON

By Rev. J. S. Robinson, pastor First Presbyterian Church.

"And whatsoever ye shall ask in my name, that will I do, that the Father may be glorified in the Son. If ye shall ask anything in my name, I will do it." John 14:13,14.

We have in these verses the matchless privilege of prayer. If come great person, rich and powerful, should offer us anything we might ask, we would consider it a wonderful, unspeakable blessing. Well, that is exactly what Jesus offers in the text. Jesus had a lot to say about prayer, but perhaps there is nothing more startling than this.

Here is, first, the great privilege, "Ask." Previously he said, "Ask, and it shall be given you; see, and ye shall find; knock, and it shall be opened unto you. For every one that asketh receiveth; and he that seeketh findeth; and to him that knocketh it shall be opened," Mt. 7:7,8. "It is the law of the Father's house that the children shall ask for what they want."

Then here is the boundless scope of the prayer, "Anything," "whatsoever." The king promised Queen Esther what ever she asked to the half of the kingdom, Esther 5:3,6; and Herod made the same promise to his step-daughter, Mt. 14:7. Solomon had gone these other kings one better and promised the Queen of Sheba whatever she might ask, 1 Kgs. 10:13; but Solomon had only material blessings to offer. How infinitely greater is the promise of the Saviour when he offers "anything," both of material and spiritual blessing! Who can fathom or express this boundless privilege of prayer.

Then there is the warrant for prayer, "his name." When we ask in our own names we get no more than we are worth, and when we ask in the name of another we get no more than that person is worth. A man gives me a check, and when the banker looks at the name of the signer, he knows whether it is good, and to what extent, or whether it is "Cold." It all depends upon the character of the signer. Listen, friends, when we ask the Father for anything in the name of the Lord Jesus Christ, we are asking in the name that is above every other name, and should expect the answer to be wonderful.

Then there is the glorious promise, "I will do it;" and this statement is made twice in the few words of the text, as if he wanted his people to be in no doubt about the matter. Friends may promise us something and may prove unfaithful, but Christ abides faithful. Our friends may be powerless, but he is the One to whom is committed.

(Continued on Page 2)

W. I. King Buys Walker Cleaners

W. I. King has purchased the Walkers Cleaners plant on Commercial-av from Charles Walker, the deal being consummated here last week. Mr. King comes here from Clinton, Ky., where he operated the Peerless Cleaners until he sold the plant recently.

Mr. King has moved his family to Fulton to make his home. He has several years experience in the cleaning business, including six years with Krauss & Company of Memphis. He is making improvements at the local plant, and expects to render prompt, efficient service to his patrons.

JOHN N. COOKE

John N. Cooke, died Saturday at his home in Tiptonville, Tenn. Funeral services were conducted Sunday from T. Tiptonville Methodist church by Rev. Slayton Evans. Interment followed in the cemetery there.

Mr. Cooke was well known in Fulton, having married Miss Ella Bellew, sister of Mrs. A. J. Turney, now of Huntingdon, Tenn. Following her death he married Miss Jo Sorrells, who survives. Mr. and Mrs. R. M. Bellew and Mrs. A. J. Turney attended the funeral services.

Does America Want State Socialism?

Upon the outcome of the present controversy between the utility industry and the Federal government, private versus public ownership, rests the future of private enterprises. As David Lawrence recently pointed out, the principle involved is so far-reaching in its implications that the American people may want to decide at the coming congressional elections whether public ownership is to be a national policy, whether coal mines, automobile companies, railroads, department stores retail shops, and what-not shall be owned by the Federal octopus and thus inaugurate the beginning of the end of private capitalism (individual opportunity) in the United States.

Don't be fooled. No matter how small a business man you may be, you are directly concerned in this issue. As has been pointed out time and again, no nation can be half socialistic and half democratic. If a policy of state socialism (public ownership) is adopted toward one industry, it will in all likelihood spread to all industry, big and little.

A few private electric company executives have undoubtedly been guilty of scattered abuses of public

Dick Merrill Makes Ocean-Flight History

• The Ace of Ace flyers is Dick Merrill, the only man in history to ever complete two round-trip flights across the Atlantic ocean. And he holds the record for the fastest two-way journey ever completed over the Atlantic.

Merrill returned to America from his Coronation flight to England in less than five days after he had first taken off at Floyd Bennett Field in New York. His 3,600 mile eastward trip had been covered in 21 hours and 2 minutes with an average speed of 170 miles per hour, and his average speed for the return flight home was 144 miles per hour. His flight covered a total distance of approximately 7,000 miles in less than five days.

It was Merrill's second round-trip, ocean crossing in less than a year, and was the first commercial flight ever made across the Atlantic. As representative of a newspaper syndicate, he procured and returned to America pictures of the colorful Coronation.

It is interesting to note that Pilot Dick Merrill chooses breakfast of Great American Quaker Oats. Active people who need great reserves choose vitamin foods, Quaker Oats, which is rich in Vitamin B, is splendid for combating nervousness, indigestion and poor appetite.

trust—but, and here is the vital point, these abuses can always be corrected by intelligent public regulation, whereas if the industry were owned by the public and operated by public agencies, the private citizen would be utterly helpless in seeking recompense for injury. He would inevitably find himself fighting a hopeless battle against entrenched bureaucracy.

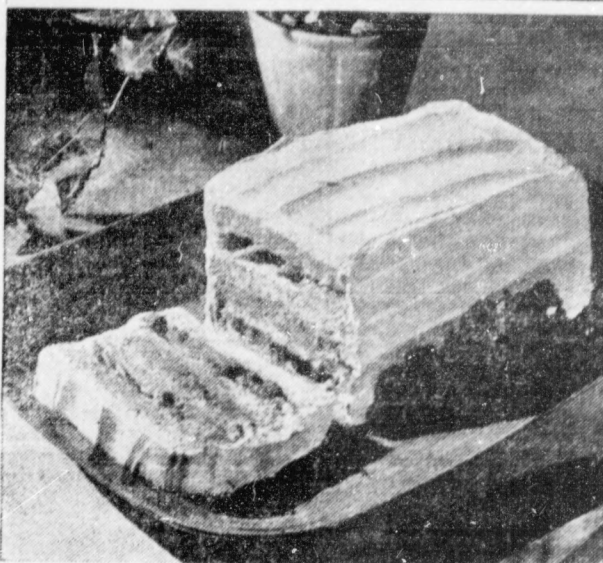

There can be no further buck passing. This is not a battle against "big business," as many politicians would have us believe. It is a battle over a matter of principle in which every American is deeply concerned. It means changing our form of government—(The Hardin County Enterprise).

Salad-Sandwich Loaf Is Royal Fare!

If the hasty Earl of Sandwich, who is said to have invented sandwiches, because he refused to take time to eat an ordinary meal, could look upon the party sandwich of today he might well boast of his inventive genius.

A sandwich which is a whole party-meal in itself—and as lovely to look upon as the finest of birthday cakes—is the salad-sandwich, with all sorts of alluring delicacies in its various layers, the whole loaf frosted with "Philadelphia" Cream Cheese.

The finished loaf is a delight to the eye, and as the hostess cuts off individual sandwiches, just as she would cut a cake, the beribboned layers reveal a colorful and luscious assortment of fillings. Lettuce, tomatoes, Kay or pimento spread all lend their goodness to each individual sandwich.

Although the loaf, finished, is a veritable masterpiece, its preparation is actually simpler than the

making of dozens of individual sandwiches.

SALAD SANDWICH LOAF

White bread
Miracle Whip Salad Dressing
Tomatoes
Kraft Kay or Pimento Cream Spread
Lettuce
"Philadelphia" Cream Cheese
Milk
Parsley

Remove crusts from a loaf of day-old bread. Cut four lengthwise slices. Place a slice on a platter and spread it with Miracle Whip Salad Dressing, then cover with peeled sliced tomatoes. Spread another slice of bread with salad dressing and place with the dressing side on the tomatoes. Spread this slice with a generous layer of Kraft Kay or Pimento Cream Spread, and cover it with the third slice of bread. Spread this slice with dressing and cover it with crisp lettuce. Spread the fourth slice of bread with dressing and place on the lettuce.

Soften 3 packages of "Philadelphia" Cream Cheese with milk, and spread on the outside of the loaf. Garnish with parsley. Place the loaf in the refrigerator for an hour before serving.

No Increase Noted In Business Conditions

Both retail and wholesale trade throughout the country entered the second half of May with no appreciable change from the status of the past several weeks, according to reports to the Department of Commerce from 36 key cities, just received by its Louisville District Office. Nearly all of the reporting cities continued to register decreases, ranging around 15 per cent from the unusually high levies prevailing at this time last year. Such reports were practically unanimous in stating that the decreases for the current week were attributed to unseasonably cold or rainy weather.

Wholesale markets generally continued weak, with conditions closely following the present retail trend. While some slight relative improvement was noted in certain sections of the country and of the trade, the general disposition was for the purchase of seasonal items for prompt shipment.

Louisville reported that retail distribution continued to increase over previous weeks, but still 10 to 15 per cent under year ago. Some wholesale lines showed greater activity but as a rule percentages are considerably under last year.

With only 18 of Kentucky's distilleries in operation, employment has declined in that industry and is slow in others.

Employment agencies reported 513 placements, a decline of 3.14 per cent under previous week.

International Shoe Company workers at Paducah, Ky., voted to accept 10 per cent wage reductions.

General rains helped materially

in tobacco planting, which is far advanced for this time of year. Considerable shortage in Blue Grass seed crop anticipated.

Kentucky Highway Commission announced \$900,000 in contracts let for 24 road construction projects.

Bank clearings 22.7 per cent under year ago.

Farm sales continue good.

Traffic bridge over I. C. railroad yards in Fulton, Ky., finished at cost of \$90,000.

Kentucky whiskey production now 19.3 per cent of capacity.

Wonder what ever became of the old-fashioned Fulton boy who could play a Jew's harp?

THE AWFUL PRICE YOU PAY FOR BEING NERVOUS

Quivering nerves can make you old and lagged looking, cranky and hard to live with—can keep you awake nights and rob you of good health, good times and jobs.

What you should try is a particularly good remedy for anything whose benefits are better proved than that world-famous Lydia E. Pinkham's Vegetable Compound. Let its wholesome herbs and roots help Nature calm your shaking nerves, tune up your system, give more energy and make life worth living again.

More than a million women have reported benefit—why not let Pinkham's Compound help YOU, too, to go "smiling thru" trying times like it has other grateful women for the past 3 generations? IT MUST BE GOOD!

How America Proves Its Case

By RAYMOND PITCAIRN
National Chairman
Sentinels of the Republic

In recent speeches spokesmen for the dictator states of Europe have indicated a desire for a "doctrinal" bout with the democracies.

By this apparently is meant a readiness to argue the relative merits of the two contrasting systems of government. Particularly, it seems, they would like to argue with Americans.

But Americans don't need to argue. They need only point to the evidence, so apparent in their own nation, of what the average citizen enjoys under the advantages of democracy in contrast to the hardships and limitations imposed by dictatorship.

What dictator nation, for example, has witnessed an expansion of national growth and prestige comparable to that of our American democracy?

What dictator nation assures the freedom of speech, freedom of the press and freedom of religion which have been foundation stones of our American democracy since the nation was born?

What dictator nation can show anything even remotely approaching the high standards of living and wages that America has offered throughout its history?

What dictator nation gives to every citizen a voice in the conduct of his government, and control over his elected officials?

What dictator nation offers to every citizen the wealth of opportunity exemplified in the careers of Lincoln and Edison and others too numerous to mention?

What dictator nation—founded on the outworn traditions of the dead past—can look to a future so full of promise as our own?

America has no need to argue the advantages of democracy. It proves its case by concrete examples.

SPARKS OF WISDOM

If you really want to find out if a woman can stand more pain than a man ask a clerk in a shoe store.

The Fulton man who keeps his back yard clean rates far higher as a good citizen than the one who refuses to take "No" for an answer does so because he has to take it as a steady diet at home.

The literary critic who says that all new books are forgotten within a year probably means by those who borrow them.

A Cincinnati judge has ruled that radio music is not noise. There must be some that he hasn't heard.

Wouldn't this old town of Fulton be a paradise if all of us could

make money as easily as we make mistakes.

Another reason why there are so many divorces that because too many people think that as soon as they get married they have to quit making love to each other.

Man is supposed to be braver than woman, but just try to imagine a man with only a dime make a clerk take down \$500 worth of dry goods.

Vitamines are all right, according to health authorities, but a good breakfast of ham and eggs helps us get over the rough places in the day's work.

"Lying lips are abomination to the Lord; but they that deal truly are His delight."—Proverbs.

Macaroni Ring Fills the Bill—Saves the Budget!

Parties need not be extravagant these days to be spectacular. Budget-wise party planners are building many a novel and delicious main dish whose chief ingredient is the Kraft Dinner, a macaroni and cheese combination prepared in nine minutes. Perfect for itself alone, served as the family dinner, Kraft Dinner has all sorts of party possibilities too. Prepared in a ring mold, the

Kraft Dinner becomes a very gay and perturbed looking dish. Creamed chicken, fish, or left-over meats may be used to fill the center of the mold. Around the edge of the platter on which this party combination is served, faggots of long green beans, wrapped in a gay strip of pimiento lend the final party note to a memorable and economical treat.

OBITUARIES. Cards of Thanks, Business Notices and Political Cards charged at the rates specified by advertising department.

Subscription rates radius of 20 miles of Fulton \$1.00 a year. Elsewhere \$1.50 a year.

THE RAILROAD SITUATION

The railroad situation now existing in the United States is enough to trouble serious thinking people. With unemployment already a serious problem, anything that interferes with the smooth operation of the American railroads adds to the threat of further unemployment and that means suffering and economic distress.

Nothing would be so helpful to railroads as a revival in business. Railroad carloadings are running now 30 percent below what they were a year ago. For more than eight years, in common with other lines of industry, the railroads have struggled with depression conditions. In that time, there has been no impairment of service. On the contrary, service both freight and passenger, has steadily improved. Yet this great improvement in the face of adverse conditions has not been at the expense of the rate payer. Freight and passenger charges as a whole are substantially lower than when the depression began.

Railroads need an increase in revenue whenever that is practicable. Labor costs must be adjusted to conform with revenues, or the time will surely come when unemployment will be further increased. A revival of railroad prosperity would stimulate a revival of national prosperity. If the railroads could spend in 1933 what they spent in 1929, over two billion additional dollars would be poured into the channels of business.

Powerful pressure groups, both in Congress and in State Legislatures, have developed a tendency to harass and weaken the railroads by passing useless laws which increase expenses with no corresponding benefit to the public interest. Railroads have lost to their highway and waterway competitors probably a billion dollars' worth of traffic each year. This has been brought about by spending something like \$15,000,000,000 of the taxpayers' money in furnishing these competitors with improved highways and waterways. Since the railroads spend one-third of every dollar of their revenues for maintenance of way and structures and for carrying charges thereon, including taxes, the handicap is apparent.

Experience is now demonstrating the imperative necessity of revising the rate-making rule of the Interstate Commerce Commission as to permit the railroads greater latitude in pricing their products. Under the present set up the railroads have been unable to adjust their prices to meet the expenses by reason of unfortunate language in the rate-making rule for the Interstate Commerce Act, which leaves the railroad management helpless as to what the basis of rates should be in order to yield the needed revenue. A readjustment on this rate-making section would be helpful to the railroads.

It is believed that the railroads of the United States should eventually be consolidated into a few number of systems, preserving at the same time the principle of private ownership and operation. Many of the large railroad systems today are the result of consolidations of a large number of large systems extending over a period of years. Our railroads, and their payrolls to employees, mean much to this country. Fulton, the hub of the Illinois Central System in this division can vouch for that. The railroad payroll here has been an important factor in the welfare and progress of this community.

PAYING ITS WAY

The recent action of congress in appropriating \$500,000,000 with which to operate the 1501 CCC camps throughout the U. S. for another year is one federal expenditure which, regardless of a man's political leaning is pretty apt to have his whole-hearted approval. As viewed by the average Fulton taxpayer, the kind of tax spending for which the whole country gets something in return is represented in the CCC. It's the kind of tax paying which makes for a better country in the future because it builds a better citizenship of the material now on hand.

Glance at these interesting figures, issued in connection with the CCC appropriation and you'll better understand why this is true. Started slightly less than five years ago as the nation's first recovery project, the CCC has given employment to more than 2,200,000 persons at various times. The program carried out has included the following: 1,255,262,000 forest trees planted; 64,231 miles of telephone lines erected; 41,133 bridges constructed; 44,475 major type buildings completed; 3,982,720 soil erosion dams built; 2,098,307 acres of forest land improved; 16,722,021 acres cleared of plant disease and insect pests; 120,10 miles of roads and trails built; 4,130,500 man-days spent in fighting forest fires. Of the \$30 a month paid to each enrollee, \$25 has gone to aid dependents at home, so it is estimated that more than 10,000,000 persons have been aided by the CCC Program.

Walker Cleaners

CHANGES HANDS

Hereafter to be known as

MODEL CLEANERS

This is to inform the people of Fulton and community that I have purchased from Mr. Walker his Cleaning and Pressing business and will continue at the same place, to give to the public the *Very Best Cleaning and Pressing Service Possible*. I have had ample experience in the cleaning and pressing business to give you *First Class Service* in every way.

Our prices will always be fair and in accord with prices for expert service anywhere. Our present exceedingly low price make it necessary that all work be cash.

We have chosen Fulton for our business and home and will appreciate a fair share of your business. We shall always strive to please. *Give Us A Trial.*

MODEL CLEANERS

W. I. KING, Manager and Owner

Give the average taxpayer something to show for his money, and you will hear little protest from him. But give him something that makes a better man of his boy at the same time it is building a better country and you'll hear none at all.

A SPRING COMPLAINT

If your feet start aching and giving you trouble along about this time of year, don't get alarmed. It's just another ailment that comes with the first warm days of the spring and summer season and probably half the people you meet around Fulton are suffering from a touch of it. But it is not necessary for one to suffer from this condition at all, for it invariably comes as the indirect result of perspiration. Evaporation of perspiration becomes more speedy in warm weather and unless it is provided for through lighter hose and shoes and more frequent bathing of the feet, the trouble starts. The excess perspiration causes the feet to swell and turn red. But even that should not be the cause for alarm or fear that you are about to become the victim of some sort of new-fangled disease. The prevention and the cure are simple. Merely dress the feet with lighter shoes and lighter hose and your troubles will be over about as quickly as they started.

LET THE KIDDIES HELP

We are wondering how man parents around Fulton take their children into consideration when they start in making their annual garden. Somehow many of us forget, as we grow older, the things that gave us happiness in our younger years. Parents quickly lose sight of the thrill they used to get out of a few garden seeds and a few feet of soil entrusted to their care. Yet, when reminded of it, they are as quickly to realize that their own children would find the same privilege equally as thrilling. So why

not, if you have not already done so, set aside a few packets of seed and a certain spot in the garden plot for the children. Let them feel that they, too, are doing something to share the responsibility of providing the dining table with life-sustaining food? It isn't expensive, it is far from being a waste of time and anyone who knows the thrill that comes to a child permitted to have a hand in garden-making knows its value to them in contentment and happiness. Take the children into consideration—let them have a garden, too.

THE HOPPERS ARE COMING

News forecasts regarding rural life conditions are always of interest, even though you've got to take the good along with the bad. So the forecasts just sent out from the "hopper belt" will be recorded by those Fulton citizens who read it as unwelcome news.

It is said that good egg-laying weather last fall, plus mild winter temperatures that failed to kill many of the eggs, give promise of a major grasshopper invasion this summer, federal and state experts in insect pest fighting predicting that a new high for crop damage is apt to be recorded in many sections.

Grasshopper fighters who know all the signs say that unless unfavorable conditions intervene, heavy infestations will occur in 24 states from Michigan west and from Canada south. Last year's hopper damage amounted to \$60,000,000. With many control measures foisted, including everything from castor beans to hair snakes, poison bait will be the major weapon used against the hopper. Believing there is a shortage of bran in Texas needed for making poison bait, state college Lag men are making efforts to locate sawdust (to use as a substitute) at Texas lumber mills. Conditions are said to point to the worst year in Texas' hopper history.

To the millions who live out of the "belt" and who can do more than sit and fold their hands and sympathize, however, there is one consolation. The army of locust fighters, better organized and equipped than ever before and with more funds on hand, is already on the battlefield and has already started in to wage the hardest fight it has ever carried on, and that this year it will be a fight to the finish.

NOTICE OF INTENTION TO APPLY FOR LICENSE

Pursant to the provisions of the Alcoholic Beverage Control Law of the Commonwealth of Kentucky, the undersigned does hereby advertise his intentions to apply for license to sell distilled spirits and wines by the package.

Name and address of applicant: Arnedia Dunn, 305 Lake Street Extension, Fulton, Ky.

Name and address of premises for which license is sought: Hotel Bernice, 119 Burns St., Fulton, Ky. Signed: ARNEDIA DUNN. 2tc

Picked Up About Town

"A man never gets so big mentally," says Walter Evans "but what a little 80-pound woman can make a monkey out of his will power."

Styles change but every now and then you see a fellow whose trousers fit him snug under the arm pits. After a man has partaken of a meal prepared only for women he is still so hungry he could go out and eat the cheese out of a rat trap.

According to Robert Graham the average woman's idea of making a fool out of her husband is just to let him have his own way.

Hilary Bugg declares that about the only time a fellow can afford to get funny is after he has made

all the money he is ever going to want.

The aviation people tell us that flying is as safe as driving. Yes, as safe as some of the driving you see around here.

"Why is it," asks Billy Blackstone "that when a family moves the only things that get broken are the things they could get along without."

Jim D. Stephenson says he has noticed that after a girl has waited 20 years for the fairy prince to come and fly away with her she winds up by marrying an ordinary mutt who chews tobacco and eats onions.

"When an egg is bad," says Herschel Grogan "there is a possibility that it was laid by a young hen without much experience."

The fact that pigs would live longer if they didn't make hogs of themselves ought to be a warning to all little Fulton boys not to eat too much.

What good is a brand new radio is most of the jokes that come in over it were the ones you heard in boyhood days?

Still another good thing to remember is that it pays to advertise—unless you are looking for trouble.

The old-fashioned broad-minded Fulton man who believed there were exceptions to all rules now has a grandson who believes there are violations for all laws.

All men are born free and equal, but now and then one of them gets over it by getting married.

Maybe you never noticed it, but occasionally even the wisest owl hoots at the wrong time.

Distance never lends enchantment to the Fulton motorist who is out of gas.

Still another thing that could be classed as a miracle would be to find a couple of girls discussing bread recipes instead of permanent waves.

HISTORY OF OBION COUNTY

Establishment of schools and churches began almost with the organization of the county, and even before that time the settlers had occasionally met for divine worship under the protecting boughs of some large trees. The first sermon preached in the county, it is said, was by Rev. Scott, a licentiate in the Cumberland Presbyterian Church; but the first organization was probably made by the Associate Reformed Presbyterians, better known as Seceders, who had established a church as early as 1830. Many of the first settlers of the county were natives of South Carolina, and had been members of the denomination in that state, and here in 1827, they were visited by the venerable Rev. William Blackstock, a native of Scotland, who gathered them together, and held services under a spreading beech tree, standing on the site of the present church. The congregation, which consisted of 17 members, of whom William Hutchinson and James Harper were elders, was organized by Rev. Eleazer Harris, who continued as its minister until about 1838 when he was succeeded by Rev. Robert McCoy. Among others who have since ministered to the congregation are James P. Weed, Leroy Grier and Thomas P. Pressley. Previous to 1840 two log churches were used, one of which was situated about two miles north of Troy, and the other in the neighborhood of Pleasant Hill. About 1840 a church was erected in Troy, which was occupied until the present house was built a short time after the war. The congregation at Troy now numbers 110 members and one at Pleasant Hill, recently organized, has a membership of 25.

The Cumberland Presbyterians were also pioneers in the organization of churches as well as in missionary work in Obion county. At the organization of the Obion Presbytery in March, 1833, there had been established two societies in the county—Troy and Mount Comfort, the former of which was represented in the presbytery by James McCollum. The minister ordered to ride on the Troy Circuit at this session was Charles E. Hay, who continued for many years as one of the most active and devoted members of the Obion Presbytery. Other pioneers in that body were Benjamin Lockhart, Samuel M. Johnson, Eli S. Jones, John R. Hubbard, Jethro L. Byrd, Levi Calvert, John W. Ward, F. E. Roberts, David Morrow, and Charles McBride.

First session of the presbytery was held in Obion county at Mt. Comfort in Sept. 1835. The second one year later at the residence of James J. McCollum, at which time W. S. Harris, of Troy, was chosen its stated clerk. The third society organized in the county was Bethlehem, which was admitted into the presbytery, in March 1839. At the same time F. D. Piner was assigned to preach at Rives' schoolhouse.

At about this time the growth of the church was very slow, so much so that in 1842, a day was set apart for fasting and prayer for the welfare of the denomination. In 1849 New Ebenezer and Pleasant Hill societies were admitted into the presbytery, and J. W. Ward and F. E. Roberts were assigned, respectively as pastors. Other societies were admitted as follows: New Prospect in 1853, Antioch 1856, Beech 1860, Camp Ground, 1862, Union City 1867, Crittenden Grove 1867, Star of Bethlehem, Mt. Arrarat 1880. Some of the above churches were organized several years prior to their admission into the presbytery, notably among which are Antioch, Camp Ground and Union City. Also Rives in 1882, Palestine, Obion 1883, Mt. Horeb 1886.

So nearly contemporaneous were the Presbyterians, Methodists and Baptists, in beginning the work of preaching the gospel and establishing churches in Obion county, the honor of priority cannot be ascribed to any one of them. In point of membership, however the Methodist Episcopal Church, South, has always been the leading denomination. The first congregation organized in the county was probably at Troy, not far from 1830. Another was formed at W. M. Wilson's at almost as early a date, and during the decade, New Chapel, Salem and Mt. Zion were established. Among the first circuit riders were Wm. P. Ratcliffe, Robert Tarrant, Arthur Davis, a man of remarkable talent, and Ramsey, one of the finest pulpit preachers of the time. Among the presiding elders were Dr. George W. D. Harris—the eldest brother of Isham G. Harris, and father of the present presiding elder of the Union City district—Robert Payne, John M. Holland, Thom-

as Joiner and Finley Bynum, all heroic and self-sacrificing men. First organization of the Missionary Baptists in the county was Beulah, which was formed some time in the thirties. Another society was organized at an early date at the old Republican meeting house, later known as Mt. Olive. About the same time a church was established, known as Rehoboth, three miles northwest of present Kenton. A short time later a new house was built about three-quarters of a mile southeast of the old building, and the name changed to New Concord. Macedonia, about two miles northeast of Kenton, is also an old organization.

Among the early ministers of this church in Obion county were David Halliburton, James Hall, Samuel Cryder and David Wagster. List of organizations: Beulah, Johnson Grove, Mt. Moriah, Mt. Olive, New Concord, New Salem, Macedonia, Obion, Palestine, Reelfoot, Troy, Union City, Woodland Mills. First congregation of the Church of Christ was organized October 23, 1848, at the old Republican meeting house, four miles west of Union City, and consisted of the following members: Willis Caldwell, James Caldwell, Ezekiel Hareless, Isaac W. Caldwell, David P. Caldwell, Martha C. Harlesson, John K. Skin-

ner, Sophronia Skinner, George W. Whipple, William M. Craig, Sarah Caldwell, Harriet E. White, Robert T. Caldwell, John C. Harris, Harriet Polsgrove, Emilene Polsgrove, George Polsgrove, Logan Kindle and Mary M. Caldwell. Services were held for a few years at the Republican meeting house, after which they were transferred to a schoolhouse, three miles northwest of the town, and there were many added to the church. About 1858 a house of worship was erected at Union City, by the advice and assistance of Rev. H. D. Bantau, the first regular minister.

Lessons In English

By W. L. GORDON

Words Often Misused

Do not say, "Four and three is seven." Say, "Four and three are seven," there are two subject nouns. "Four plus three is seven" is correct, four being the singular subject.

Do not say, "I became entused about it." Say, "I became enthusiastic about it." Enthusiasm is characterized by some authorities as colloquial, by others as slang.

Do not say, "This is a secret between you and I." Say, "This is a secret between you and me," both

pronouns being subject of the preposition between.

Do not say, "The affect of the news was remarkable." Say, "The effect of the news was remarkable." "I was deeply affected by the news."

Do not say, "There aren't but ten boys in the room." Say, "There are but ten boys in the room." Not but forms a double negative.

Do not say, "I am going to try and see you next week." Say, "I am going to try to see you next week."

Words Often Mispronounced
Longevity. Pronounce lon-jev-i-ti, o as in on, e as in bed, both i's as in it, accent second syllable, and not long-jev-i-ti.

Incognito. Pronounce in-kog-ni-to, both i's as in it, first o as in of, eond o as in no, and accent second syllable.

Maraschino. Pronounce mar-aske-no, first a as in at, second a unstressed, e as in me, principal accent on third syllable.

Data. Pronounce da-ta, first a as in day (not as in at), second a as in asked unstressed.

Naptha. Pronounce naf-tha (not nap-tha), first a as in at, second a as in ask unstressed, accent first syllable.

Interesting and interesting. The only accent is on the first syllable,

not the first and third as so often heard.

Words Often Misspelled
All right; two words, not airight. Truly; not truely.
Complexion; not complection.
Bookkeeper; observe the two k's.
Prescription; not perscription.
Height; not heighth.

Word Study
"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word every day. Words for this lesson:

MUTABILITY; quality or state of being subject to change. "The mutability of man's laws are unlike the immutable laws of God."

INTREPID; mold; fearless; daring; dauntless. "He deserves a place among the intrepid pioneers of history."

DORMANT; asleep, or as if asleep; hence, inactive. "His dormant passions were aroused." "All vegetation was dormant."

PERSPICUITY; clearness of expression or thought. "Perspicuity should be one of the first merits of a writer or a speaker."

OBVIOUS; easily discovered, seen, or understood. "My reason for this action is obvious."

EXPEDITE; to hasten the progress of. "We can expedite matters by beginning the work immediately."

IF

If memories, unpleasant,
Could be banished from the
mind,

If the thoughts that make our
hearts ache
Could be spared to all mankind,
Many a care would turn to sun-
shine

Many a face would wear a smile,
And the things that make us
gloomy,

Would become to us, worth
while.

But the beauty of the ling'ring
scars

That mark life's lonely way,
Is the crown that Jesus gives us,
After life's unselfish day.

So we will not ask for ease or
wealth

Nor comforts lusty store,
But we'll leave it all to Jesus
He'll give the half and more.

If ingratitude shall face us,
Melt it bravely with a smile.
Be a winner in life's battles
Make your stay on earth worth
while.

MRS. R. L. LYNE

Why is it that when a woman
in a crowd starts crying all the other
women present seem to think
they have to join in?

PRESENTS

"STAR
IN MY
KITCHEN"

THE TALKING

MOTION

PICTURE

COOKING SCHOOL

A THRILLING TREAT FOR EVERY WOMAN
at the

FULTON THEATRE

Mon. - Tues. - Wed., June 6-7-8, Starting at 10 a.m.

"Star in My Kitchen" was produced in one of the major motion picture studios in Hollywood and has a large cast of well-known actors and actresses. It combines in a feature-length picture the romance and glamour of Hollywood with the everyday problems of home-making. You will laugh at and with Auntie Bella, the large, jolly, colored maid, and be thrilled by the love scenes between Mike (the movie star) and Dedee, the lovely heroine. And, most important of all, you will see in complete detail demonstrations of many recipes developed by several of America's leading home economists.

Week's Best Recipe—
SPICE CAKES—Stir up 1 egg with 1 cup sugar; add 1 teaspoon cinnamon and 1 teaspoon cloves. Then add 1 cup sour milk into which has been put 1 teaspoon soda; add 1-2 cup melted shortening. Stir in 2 cups of flour measured after sifting twice. Beat in all together, add 1 cup of chopped raisins, 1-2 cup chopped walnuts, salt and flavoring. Bake in muffin tins in a moderate oven.

A Style Hint—
 The blousy blouse which is cut to look as if it is at least two sizes too big for the wearer is the hit of the early springtime. Some call it the "balloon" blouse and some the Gibson girl shirtwaist. The sleeves are large from shoulder to wrist although gathered into a snug band at the bottom, and there are pleats,

tucks or gathers both front and back to provide the blousiness. An elastic band at the waistline holds the fullness in place.

The Sewing Room—

For decorative touches on small daughter's dresses use linen handkerchiefs. These may be cut diagonally into collar and cuffs or the corners may be made into very attractive flaps for pockets. Since the handkerchiefs come in almost any color and have touches of lovely handwork, you will find that you not only save a great deal of time and trimmings but also have the prettiest of trimmings.

In The Kitchen—

Equal quantities of mustard and grated horseradish when mixed make an excellent relish for cold meats. . . . When sugar gets hard and lumpy put it in the refrigerator for two or three days and you will find it will become quite hard again. . . . One-fourth bread crumbs and two tablespoons of water added to each pound of meat when preparing hamburger steak makes a much lighter mixture.

On Ironing Day—

When pillow cases begin to show wear, rip or draw the end seams. Open the case. Then refold it changing the creases from the sides to the center. Sew the end seam again and you will have a pillow case that will give added wear. Embroidered pillow cases altered this way can be concealed under threads.

SMOKES

Every normal boy feels that he must smoke something. And nearly every boy of my acquaintance has smoked something, harmful or otherwise. Just how we escaped poisoning I did not know, but nearly everything that even resembled smoking materials was used. For some strange reason people of all ages think there is something big about puffing smoke out of one's mouth and especially out of one's nostrils, though I must confess that we did not try inhaling the smoke of the things we used in our boyhood.

There are gradations of respectability in smokes, just as there are grades of tobacco. Cornsicks are mild and make a good beginning for the fearful and sissy. But grapevine, with its savage bite, satisfies for years. Whether any of the men who smoked grapevines grew up and developed cancer of the tongue would be a good investigation for medical men. Anyway, a grapevine can produce about the sorest tongue I have ever known personally. Life everlasting, which we called rabbit tobacco, makes good smokes and good chewing; that is, if one does not have a very exquisite sense of taste. Really, the smoke from burning life everlasting is not bad, unless it is in one's own mouth. It suggests something Oriental by its odor; to the smoker it suggests burning off fields in the spring of the year. Mullen is a great deal like tobacco in appearance

but rather unlike it in taste. Granies tell us that Mullen has medicinal values; hence we ought to have healthy nasal passages, we used to smoke it so much.

Since big men used corncob pipes, so we boys made our own, stem and all, rather clumsy affairs. But they gave us a thrill, the thrill that comes to boys, old and young, when they think they are doing something naughty. We tried to make cigarettes from our mullein and rabbit tobacco, but with rather poor success; for the paper we used was likely to be coarse wrapping paper that tasted a bit strong.

But one just had to have a cigar like smoke. That helped along the case for grapevines. Another kind of cigar was made from a buggy-whip, for it was porous and would draw well. I cannot recall what flavor a buggy-whip had, especially one that had been lone in use, but I suppose that it resembled grapevine, without the sting. In the bottoms grow cross-vines, which, when dried, form excellent substitutes for cigars. It has been many a day since I have heard of cross-vine cigars; they may have gone out of style by now.

Isn't the whole thing funny? Just why one would want to disturb the pleasant taste in one's mouth by smoking or chewing rabbit tobacco is a puzzle that my poor brain cannot solve. Maybe the very bitterness of it makes life endurable by contrast.

FISH RODEO TO DRAW THOUSANDS TO REELFOOT LAKE

Sportsmen from all the country will compete for \$2,500 worth of prizes at Reelfoot Lake, Tennessee's first big fishing rodeo to be held there June 4, 5, 6 and 7.

The thousands who will gather there will include men and women from every walk of life, from millionaires to humble hitchhikers, all drawn together by one common instinct—the love of fishing.

Valuable prizes will be given for

the biggest, second, third and fourth largest bass, bream and crappie and for the best string of each species, as well as other classifications. Similar prizes will be given to women, who will not compete with men but will have their own contest. The largest bass caught by a man and by a woman will be mounted and presented to the winners. Prizes will include sets, camp furniture, guns, fishing equipment and many other articles that sportsmen use.

Native, expert guides who are familiar with every inlet, cove, nesting place—men who have spent their lives on this 14,500-acre lake are known every yard of this greatest natural fish hatchery in America—

will be available for the visitors. These guides will not compete with sportsmen, but cash prizes have been set up to encourage them to take their sportsmen to the best fishing places.

Reelfoot Lake is one of the wonders of the country. It was formed by an earthquake in 1811 and is full of submerged forests that make it a perfect hatchery for the myriads of bass, bream, crappie, carp, buffalo, spoonbill catfish, grinnel and at least 30 other types, including many game fish that delight sportsmen.

The reason men have to have pockets is they can't stick things down their necks the way the women do.

About the only thing we get out of being acquainted with some people around Fulton is a chance to hear them say disagreeable things about other people.

Students Will Graduate In June From Murray College

Seventy-four seniors of Murray State College are applicants for baccalaureate degrees to be granted by Dr. J. H. Richmond, president, at the 15th annual spring commencement at Murray June 2 at 10 a.m. Those from this section include:

Mac N. Burrow, Fulton B. S. degree; Doris Bushart, Fulton, B. A. degree; Oline Coleman, Water Valley, B. S.; Wilma Frances Poyner, Fulton, B. S.; J. Samuel Shelby, Hickman, B. A.

Graduating in June with a B. S. degree with provisional high school certificate, Mac Burrow, of Fulton, has majored in physical education and minored in commerce and social science at Murray State College. He is a member of the Physical Education Club, Ag Club, and Kappa Pi. His opinion is: "Murray is a progressive school. My stay has been very beneficial and indeed a pleasure."

Miss Doris Bushart, Fulton, Ky., plans to receive her A. B. degree from Murray State in June with a provisional high school certificate. Her extra-curricular activities include: presidency of the Portfolio Club, and English Club, and membership in Les Camarades, Pep Club, Student Council, and Shield staff. Of Murray she says, "I appreciate it more each year."

J. Samuel Shelby, of Hickman, will enter Vanderbilt University for graduate work upon graduation from Murray State College in June. Shelby, who is to receive the A. B. degree, has taken a double major in English and in social science. He is a member of the Sock and Buskin Club and the English Club, and was the first president of Alpha Psi Omega dramatic fraternity.

Miss Frances Poyner, Fulton, home economics graduate, will receive a Smith-Hughes degree in the June class. Miss Poyner says that she thinks Murray is a fine school, and has enjoyed her work there. Her clubs were: Household Arts Club, and Chemistry Club, of which she was secretary, Pep Club, and B. S. U.

MISS WATTS NAMED ON '39 SHIELD STAFF

Miss Janette Watts, daughter of Mr. and Mrs. R. B. Watts, of Fulton, was recently named circulation manager of the 1939 Shield, official yearbook of Murray State College by Editor-in-Chief Edd Kellogg. Miss Watts is a member of the Household Arts and Chemistry Clubs.

SINGING AT MCCONNELL BAPTIST CHURCH TONIGHT

A community singing will be held tonight (Friday) at the Baptist Church in McConnell. Singers from several communities will be present and a good program conducted.

NEWS IS PRESENTED WITH OFFICIAL BALL

The News was presented this week with an official baseball similar to those used in the Kitty League. Mr. Hannephin, president of the league, made the editor a present of one, mounted on a miniature stand, which can serve as a paper weight. Thanks, Mr. Hannephin.

JUST HUMANS

BY OENE CARR

"What's th' Matter, Kido?"
"They've Bunked Me. There Ain't No Santa Claus!"

DUGOUT DIGS

(By B. V. N.)

We hear Elmer Wenning is in his second childhood.

What player is an expert on writing letters?

Rain and more rain. Looks like we will have to write to Washington, maybe they can stop it.

Siderski and Roberson have been released.

Percy Dauphin, center fielder was released Tuesday night. He returned to his home in Detroit.

Willard Padgett was certainly on his mark in the games Wednesday. In the sixth inning he made a double play unassisted and then caught a fly for the third out to retire the side. He batted 100 per cent in the afternoon game, getting two hits and four walks. In the night game he connected for a two-base bingle. Nice going Padgett, let's see more of it.

Come on Fulton fans give the boys real support. Encouragement helps to win.

Did You Know??

That Hubbell of New York had the highest pitching average for the National League pitchers in 1937?

That the most players used in one club in one game, was the Brooklyn Dodgers, in 1937 with the total of 23 players?

The Fulton Eagles got off to a bad start in the Kitty league but under the able guidance of Ray Clonts, the team should begin to round into shape as the new material becomes more seasoned under proper coaching and after those who can't make the grade have been replaced by more valuable players.

Another valuable thing that makes a team a winning club is the support given it by the home town fans. And there's no doubt that quite a bit more loyalty could be shown to the Fulton club by better attendance and boosting by the Fulton fans.

A successful team must have good coaching, sincere, hard-working players, who live, eat and sleep baseball, so to speak. In other words these players go in for baseball because it is in their blood—and they play the game for the sheer joy of it. After these, there must be firm steady support from the home fans.

A manager of a club should be more than manager in name. He should be boss of the squad and discipline should prevail on and off the diamond. Many a club has been held back by those in the front office who take too much authority from a manager and give out unsound advice about building and maintaining a good team.

Baseball is the nation's game. A community having a club of its own should be proud that it is represented in this great national pastime. Fulton is proud of its team—and with just reason for the Eagles have carried the banner well during the past two seasons. Let's all help the boys to even greater glory this year. Get the habit of boosting and first thing you know the Eagles will snap out of the early season slump and scrap their way up the standing scale. Onward Eagles!

Fulton Senior Class Has Good Program

The Senior Class of Fulton High School presented their annual class day program Wednesday afternoon at the Science Hall. The program included:

President's Address, Bobby Snow; History of the Class, Kathleen Winter; Prophecy, Lillian Cooke; Violin Solo, H. L. Hardy accompanied by Agatha Gayle; Poem, Rebecca Boaz; Grumbler, Billy Williams; Class Will, Peggy Williams; Dance, Winna Frances Price, accompanied by Mary Mozelle Crafton; Giftoarian, Robert Koelling; Presentation of Mantle to President of Junior Class by Bobby Snow, with response by Junior President, Jarrell Stockdale; Singing of Alma Mater by the class.

NEWS BRIEFS

The Young Business Men's Club met in regular semi-monthly session Tuesday night at the Rainbow Room with Lynn Phipps presiding. Various reports were made and a discussion was held on plans for all stores closing each Thursday Thursday afternoon during the months of June, July and August. Practically all places of business have already signed to co-operate and the committee will complete arrangements this week. Thursday June 2 will be the first afternoon to close.

The regular session of the Lions Club will be held Friday night of this week instead of at noon, because a number of the members will attend the state convention at Bowling Green Friday and be unable to attend at the noon period. President A. G. Baldrige announces.

Nashville Man Hits Wagon Near Fulton

On Monday night at 7:30 o'clock a car driven by G. F. Steinwart, salesman of Nashville, Tenn., crashed into a wagon on the Mayfield-Fulton highway near Lattie's Place.

Herman B. Neal, of Water Valley, who was driving the team to the wagon was seriously injured and rushed to the Fulton hospital.

Mr. Neal was thrown from the wagon, as the car dropped unexpectedly over the hill and crashed into the rear of the vehicle. Neal suffered broken ribs, and numerous abrasions and bruises about the body and face. The wagon was a complete wreck and one mule fatally injured.

No matter whether you are a good football player or not, you still have to pay the regular tuition price in the School of Experience.

WHY CHIROPRACTIC?

One of the most important elements to promote health and prevent disease is fresh air. A normal supply of oxygen is the first and greatest need for life. Normal exercise is necessary to promote deep breathing. Daily walking out of doors in the fresh air, is one of the fundamental principles of good health. Pure clean water is also an essential to healthful living.
