In brief, the people on the outside of the town as a community center should fully appreciate their responsibility as leaders—and go as a team to meet the problems of the town. The public as a whole has not yet been educated to the true philosophy of community development. That which is true of a town, city, or state is also true of a nation. It is proper that the teachers, the kind hearted they desire, the kind of educational, religious and civic organizations that appreciate them must give them support to their work.

OUR MESSAGE OF SERVICE

There is going to be a lot of activity in the building line this year. Architects and contractors, carpenters and masons all, are busy sharpening up their pencils and their tools, and getting set for business. It is not the young married folks alone who are going to build houses, who dream dreams of happiness in homes of their own. Of course there are many others who have had, too long, been renting the room or covering the room with the cloth or, to put it another way, trying to realize their desire to have a home of their own.

Whatever you plan to do by way of BUILDING — REMODELING REPAIRING we want you to feel perfectly free to come in and consult our service department without the slightest obligation. Whether it's a big house or a bungalow, a new garage, new roof or new floor, a sun parlor or a sleeping porch, an alley fence, or built-in fixtures—we are prepared to give you unequaled service and low prices on Quality Material.

LET US HELP YOU MAKE YOUR DREAMS COME TRUE.

Agricultural Extension

The agricultural extension organization in Franklin County has just concluded another very busy season on their dairy campaign and they have just started another one. Will you help us keep the interest up? Each week, the Extension Agent is to have the chance of speaking to at least one dairy herd about the care of their cows. The Extension Agent calls upon the herdsmen to get their help in reducing the number of金字塔 deaths and in preparing the young to get into the best grades of the milk.

Our Dairy Club members are now in March, with 100 more members and others to come.

The Extension Agent has put out the following: One can make up a dairy herd in a short time by following the advice of the Extension Agent.

A number of Mr. George Patterson's friends surprised him with a birthday dinner Sunday. A very pleasant day was spent by all present.

A very interesting Children's Day program was presented by the McFarland Christian Endeavor with a lot of music and many other things.

STRAWBERRY PRICES MAY AFFECT AGRICULTURE

The strawberry growers are now getting ready to plant their strawberry fields. High prices in turn have been followed by increased production. Farmers and growers are generally content with the situation in that the high prices have been maintained. High prices may be an indication of a very good year. This will tend to encourage production in that state, which normally competes directly with Kentucky.

FAMOUS architects say: "Make your home modern and colorful, with du Pont paints."

For every surface, inside or out, we have the right du Pont finish for the purpose. Every one is made under the famous du Pont chemical control —by the makers of Duco.

Let us show you color schemes and give you an estimate.

ON GETTING WORK

Phone creases the number of men required to market its product. Many offices, stores and factories are trying to be done by hand. Perhaps there has been some improvement in the cause of nature. The cotton gin, the farm thresher, the harvesting machines, the production of a machine which will cut, measure and pack are all examples of this. Before woman's emancipation many activities were limited to the male sex, not because it was peculiarly equipped for them, but because man-made custom. Many a young man who asks for a girl's hand, deserves the father's consent. Speaking of toilets, there was once a going back on sanitation. In these days of make-up, beauty is not even skin deep. "Potter of Babylon" advised that the beauty which has a poor prune times not be marred by a little more money. Londonderry, Ky., June 17.— The operation of a lottery based on the number of dollars in prizes in conjunction with the upcoming Kentucky Derby was being advertised in the county. The letter was from L. Carl Berry, influential, advisory, accountant, and tax consultant. Berry said there was no shortage of interest in the lottery. He said the winner of the drawing would receive $1000. Second prize was $625, third $300, and a number of smaller prizes were also offered.

"This may be the way to get the dollars needed for more than $100,000 in the state." Berry added.

The Kentucky Derby club association's efforts were praised by many, including local police who said they had been overwhelmed by the demand for tickets. Berry said he learned at the phone that the data he had collected was proving to be accurate.

Early Sunday morning, Barry said he learned the numbers were being sold at Indianapolis and had been bought by two brothers. Barry said he learned today the third prize winner was at Indianapolis and had bought the tickets.

The operation of a lottery was deemed to be a brilliant idea.
