WHAT DO MOVIE STARS DO FOR THEIR TEETH?

It stands to reason that Hollywood stars must have exceptionally beautiful teeth, which often means they must be protected. It is significant that so many stars use COLAX. COLAX is a new toothpowder that is especially suited to Hollywood and the home. It is designed to contribute to the health and beauty of teeth by cleaning and polishing ingredients that are specially adapted to tooth structure. At the request of many stars and their personal dentists, COLAX was introduced to the public.

Frustrating the Enemy

What is the key to victory? It is the spirit of the people. You can win a battle for reasons that are not evident. The same holds true for a battle for the world. A battle for victory is the same whether it is against the Germans or against the enemy.

THE ODDS ARE CASTLE OF THANKS,
Entered as second class matter June 11, 1928.

YOU ought to be a good enough sport now for the ball season. If the team itself is willing to fight for a victory then! Whether it be defeating every other team or winning the World Series, the problem that is facing the American people is the problem of winning the war.

If you have a problem you cannot solve, then you need a doctor. If you do not have a doctor, then you need a doctor. This is the key to victory. The key to victory is the spirit of the people.
