POWERS UP FOR LIFE AND BRONSON FOR 21 YEARS

The little house at the corner of Fifth and Jefferson streets yesterday contained the home of one of the oldest residents of the city. Miss Alma Pearl, who was born in the town in 1846, celebrates her 79th birthday today. On Saturday morning, relatives and friends gathered in the simple setting of the house to help her mark the occasion.

Miss Pearl, now a resident of the homes of her daughter, Mrs. Minnie Taylor, is a direct descendant of one of the early settlers of the city. She has lived here all her life and is known throughout the community for her kindness and hospitality.

The party was held in the parlor of the house, which was decorated with flowers and balloons. The guests enjoyed cake and tea, and Mrs. Taylor served them with great care.

Miss Pearl was overcome with emotion as she received the cards and gifts from her friends. "I am so happy to see all of you," she said. "I have been living in this house all my life and I feel very proud to call it home."

Mr. August Brahic, the well known French resident of this city, recently visitedlocal officials and presented a letter to President E. W. Bagby of the Paducah Transfer Company, proposing to purchase the latter's property in Paducah. Mr. Brahic owns several fine residences in France, and his interest in Paducah is due to the fact that he is a lover of art and exceptional talent. Some of his works are exhibited in the Paducah Transfer Company's offices.

The works of this great artist are also on display in the Paducah Transfer Company's offices, one of the oldest and most successful business concerns of Paducah.

President Bagby appreciates the interest shown in Paducah by such a distinguished artist and promises to cooperate with Mr. Brahic in the furtherance of his plans.

Manager Wortham of Danville, Kentucky, has been working hard to get a team together for the upcoming season. If he is successful, he will have a sufficient line on the men to warrant him to cut out four of them.

Manager Wortham's efforts have been hard to work up any enthusiasm among the fans, but he has been writing baseball under the New Era and the Times for a season ticket for seats.

The weather has been very uncertain, with snow and cold temperatures prevailing. Memphis has been hard to work up any enthusiasm among the fans, but they are looking forward to the games. Their home is Carnegie's, which has been warm and comfortable.

The sporting and baseball news are as follows:

**Sporting and Baseball News**

The Henderson Journal says: The Paducah management will make an announcement soon regarding the admission for women at its games. In the meantime, we are working hard to perfect our team. If this is successful, we will have a successful season.

The Journal also states that the manager has been working hard to get a team together. Manager Wortham has been working hard to get a team together. If he is successful, he will have a sufficient line on the men to warrant him to cut out four of them.

There was a meeting held in the McCracken County Medical Building last night to consider the various medical and surgical cases that had been brought before the court. The meeting was attended by many of the city's foremost physicians and specialists, including Dr. Frank Boyd, one of the rural doctors present.

Dr. Boyd spoke at length about the various cases that had been brought before the court. He described the various treatments that had been tried and the results that had been achieved. He also discussed the various medications that had been used and the results that had been obtained.

The meeting was adjourned at 10:00 p.m. In the meantime, plans are being made to hold another meeting in the near future.

LITERACY BY THE TEACHERS

DON GILBERTO Has Scored Another Mark!

Alongside his pure celebrated Willow Spring Whisky he has added the long needed and uncontaminable pure Apple Brandy made from sweet mellow apples and distilled at a still in the beautiful mountains of Tennessee, where the willows grow tall and green and the beautiful chrysalid water runs from the grove of Willow Spring, direct to the still of Messrs Hennessee & Co., McMinnville, Tenn., distillers.

Remember this apple brandy is the first that has ever reached Paducah direct from the still to be received by the drink. Remember this brandy is a pure and wholesome brandy to more preferable than the peat whisky that is compounded and rectified. Pure apple brandy has been priced in price in price in price of the average run of pure whiskeys and is scientific than whiskey. Remember apple brandy would be recommended by all physicians for people of any age and human body if they were sure they could get the pure brandy it would be the most of it. It is not for the rectified confiscated stuff they have to drink. Remember the name of my brandy is DON GILBERTO.' THREE STAR' Apple Brandy. My brandy is bottled and sealed under my personal supervision and none genuine unless my name has been red and yellow under the inside of the label next to the bottle label. DON Gilbert's pure apple brandy 1 year old proof. The bottle comes "as is" of the "Jolly" Three Stars apple brandy.

Now he said that this package will be subject at any time and any place by the U. S. Revenue officials for any tax. (He has a right to do so.)

Provided the seal has not been tampered with. Also I tender the certificate of sale for the pure brandy for the same price as the U. S. Revenue officer. You do not have to buy the bottle. You do not have to pay for the bottle.
