THE MURRAY LEDGER.

VOL. 22, NO. 22

MURRAY, KENTUCKY THURSDAY, AUGUST 31, 1911.

\$1.00 PER YEAR.

CALLOWAY BOY IN OKLAHOMA.

Kind editor and readers: As the jack rabbits, etc. tale escaped the waste basket I will send you a few more items.

We had an awful nice rain today and it was thankfully received so as to cool this heated atmosphere. When I got home this evening I had almost enough of this black soil on my feet to make a potato patch in Kentucky.

While busy writing I heard a great roaring sound and thought it was a storm coming, but looked up and found it was only a drove of black birds and they all alighted on the fence. For a hundred yards or more you could not see the fence, it was a solid mass of birds.

When I received the good old reliable farmers' paper this week and found that our Calloway superintendent had come out flat-footed in the resolutions and said she was in favor of each teacher grading his or her country school and for them to follow the State Bulletin that I rejoiced over it very much. That is what many of us have been advocating for the last four or five years. Stick to this Miss Superintendent and teachers and in a few years Calloway will be the leading county on having all their schools graded.

You good parents help these teachers do this work by sending your children regular to school and they will be better developed intellectually. I have been informed that the teachers are doing some good work in the schools again this year as usual. I say hurrah for the good teachers of Old Calloway, and also her noble and good citizens. I think the noblest on earth are there.

I will give you an Indian sign for rain or to obtain rain. It is to catch turtles and fasten them just near enough to a creek or river that they cannot reach the water. They believe the Great Spirit will send rain to cause the water to rise and reach them before He will allow them to die for water. They have done that in the western part of this state and have had several good rains.

If you all have any widows or old maids (without paint) back in Calloway, who wishes to get married, here is the place for you. I am living near a fellow that is real anxious to get a nice lady. Has plenty of good stock and keeps them in fine shape. He has all kinds of farming tools, good houses and plenty of money to throw in, and his looks would not scare you very bad. If you wish to know about him write to D. S. S., Maysville, Okla.

I am glad the good people are getting such nice prices for their tobacco in the association. I say stick to it, that is the thing for you good farmers of Old Calloway as well as other counties. I wish I was there to help you out with those good farmers. I do appreciate doing anything I can for that class of people and their children. May peace and harmony reign over good Calloway and her people the remainder of the year.

A TRUE CALLOWAYITE.

PLAIN WORDS BY SMITHLAND EDITOR REGARDING BRAWL.

Bill Bellamy tanked upon mean whisky last Saturday night and old Big Black John Morris coming along conceived it to be his duty to chastise Bill, which the latter resented by trying to strike Bill. Bill was so drunk he missed hitting John and came near going over the baluster in front of

M. D. Presnell's store. Every one regretted that he was in such a bad plight for they wanted to see him knock old John over in the river. Marshal Hollingsworth arrested Bill, of course, and landed him in jail, and let old John go, although it is said old John was the aggressor. But whether he was or not, in this instance, he is such a general all round cuss that the people think he should have been put in jail and kept there, on general principles, with work penalty and ball and chain attached. Jim Heater says he used to sell all his spoiled and refuse beef, while in the butcher business, to old John, out of which he made "Hot Tamales" and sold to the unwary and uninitiated. We do not know from what source he now gets his ingredients for "Hot Tamales." He should be suppressed. — Smithland Banner.

Wife Got Tip Top Advice.

"My wife wanted me take our boy to the doctor to cure on ugly boil," writes D. Frankel, of Stroud, Okla. "I and put Buckle's Arnica Salve on it. She did so, and it cured the boil in a short time." Buckle's Arnica Salve cures burns, scalds, cuts, corns, blisters, sprains, swellings. Best pile cure on earth. Try it. Only 25c at Dale & Stubblefield.

County Reunion Confederates.

At a meeting of H. B. Lyon Camp Confederate Veterans held Monday of this week it was decided to hold the annual reunion this year at the fair grounds in Murray October 7th. This annual gathering of the veterans and their friends is always looked forward to with much pleasure and large crowds always attend.

Erve Johnston, of Mayfield, spent several days of this week here transacting business and the guest of relatives.

NEXT SUNDAY IS RALLY DAY.

Next Sunday, Sept. 3, is Rally Day at Murray Baptist Sunday School. In connection therewith the superintendent and teachers have the following aims and ends in view:

1. Every person, whose name is enrolled on any class book, present if close enough and well enough. During the hot summer months quite a number have grown careless and irregular in their attendance. It is earnestly desired and requested that all of these will start in again next Sunday for the fall campaign with us.

2. Another aim is to get every member of the families connected with Murray Baptist church and Sunday School, from the grandfathers and mothers to the babies, out to Sunday School next Sunday. The oldest Sunday School superintendent in Calloway county will probably be there and make a talk.

3. Quite a number of folks in Murray would be in the Baptist Sunday School if they went to any. Another aim is to get all these to come that we can. There is not one of them that ought not to be in Sunday School. If they know so much they need not to learn, then they ought to be there to teach. A pressing invitation is extended to all such to be present.

4. Then many of the folks near Murray ought to come here to Sunday School. A man who lives in the country is going to tell why country folks ought to come to Sunday School regularly. Let the country brethren, who are in reach, be sure to hear him.

Let every reader of this paper who is in reach of Murray be at Sunday School at Murray Baptist church next Sunday morning at nine o'clock, if he does not attend elsewhere. Help to make this rally a success by being there yourself and by bringing somebody with you. Come then with us and you will both do good and get good.

Remember the time and place — Murray Baptist Sunday School — Sunday, Sept. 3, at nine o'clock in the morning. Try to be there, all of you be there, always be there, promptly at nine o'clock in morning.

H. B. TAYLOR, Pastor.

Miss Kittie Brown Married.

Our old friend and boyhood sweetheart, Kittie Brown, is married. The editor was so overcome with grief and chagrin when he first heard the, to him, sad news, that he could not bring himself to assist in spreading it abroad. But it is done! It cannot be helped, and we are trying to beat it philosophically, and do hereby extend our congratulations to the lucky man, Mr. Edgar H. Wilkinson, of San Antonio, Texas,

where the wedding took place August 16, and we sincerely trust that the happiness which Miss Kittie so richly deserves may be hers in abundance. — Paris Parisian.

Miss Brown is well known in Murray where she often visited and has relatives.

The Pate boy claims that the weapon, a .32 caliber pistol, was discharged accidentally. — Hazel News.

PASTOR OF GOD PASSES AWAY.

Paducah, Ky., Aug. 30. — Dr. Grant T. Sullivan, pastor of the Broadway Methodist church of this city, died at his residence on North Seventh street last night at 11:45 after an illness extending over a period of several weeks.

Dr. Sullivan had been a sufferer for several years from diabetes, but his wonderful will power and love of work in his chosen field enabled him to continue at his post of duty until the 12th of August, when he suffered an attack of stomach congestion, which was followed by two congestive chills. He had been confined to his bed ever since and, while for a time it was hoped that he would rally, he began to sink rapidly several days ago. The remains of the beloved pastor will be taken to Union City, Tenn., where the burial will occur.

The funeral party will leave Thursday morning at 7:45 and will be accompanied by quite a number of the friends of the deceased, in addition to the immediate family.

Services will be held this afternoon at the Broadway Methodist church by the Rev. W. J. McCoy, who also will conduct the funeral services at Union City.

Dr. Grant T. Sullivan was finishing his closing year as pastor of the Broadway Methodist church and throughout this period had proven himself a power for the uplift of the church, both in a spiritual as well as a financial way. He was considered one of the strongest ministers in the Methodist conference and will be sadly missed.

Dr. Sullivan has spent 36 years in the ministry in unbroken service, having filled several of the most important appointments in the conference. He was serving as chairman of the board of church extension and was also author of the weekly Sunday School lessons in the Midland Methodist. He recently declined the presidency of the M. C. F. college at Jackson. His Sunday contribution to the News-Democrat, which he furnished this paper for a number of years, were highly appreciated by the reading public and proved a great benefit to many. He was forced to discontinue these, however, owing to the press of his other duties. Dr. Sullivan is survived by a wife and three children; a son, Dr. Hugh Sullivan, of Gadsden, Tenn.; Mrs. Oliver, of Union City, Tenn.; and Miss Rose Sullivan, of this city.

He was born near Gadsden, Tenn., fifty-nine years ago and while a citizen of Paducah, always had a great interest in his native state. His pulpit in the Broadway church will be filled until the meeting of conference by Dr. Schuller, editor of the Midland Methodist. The passing of Dr. Sullivan will occasion general regret in Paducah, where he was much beloved. He was an able minister, a sincere and earnest worker in the ministerial field and possessed an enthusiastic love for his work.

The services to be held out of respect to his memory at the Broadway Methodist church this afternoon at 4 o'clock will doubtless be attended by a large gathering of friends and sympathizers who knew and loved the popular minister.

Risenhoover-Kindred.

Dr. Jordan Risenhoover, of Boevely, Texas, and Miss Eunice

Kindred, of the New Concord section of the county, were united in marriage Tuesday night of this week at the home of the bride's parents, only a few invited friends and relatives of the contracting parties witnessing the ceremony which linked the lives and fortunes of these two well known and popular young people as twain. Dr. Risenhoover was a practicing dentist of this city for several years previous to his moving to Texas and is a native of the county, being a son of J. B. Risenhoover, of this city. He is a splendid citizen and has many friends in this county. His bride is one of Calloway's prettiest and most popular young ladies and has been a teacher of the schools in the county for the past few years, and at present is one of the county board of examiners. The Ledger joins their host of friends in happy congratulations. They will remain here for a few days before leaving for their future home in Boevely, Texas.

STAND FALLS AT BIG AUTO RACE

MOB DASHES ON TRACK AT ELGIN AND RACERS SPEED THROUGH CROWDS.

MORE THAN 300 INJURED

Contest Stopped Temporarily—Many of the Injured Suffered Broken Bones and Some Will Die.

Elgin, Ill., Aug. 28.—Just as the first of the 10 great racers in the Elgin National Trophy automobile race flashed past the judges' stand in the first lap at a 75-mile-an-hour clip, a long section of the western end of the temporary grand stand collapsed, burying 300 men, women and children in the debris.

In a panic that followed, thousands flocked from the remaining portions of the stands and dashed on to the track in the path of the great speedsters. Bayonets of state soldiers, and clubs of deputy sheriffs failed to hold the crowds in check. Through this mob of frightened persons the cars dashed until flagged down by Starter Warner and the race was stopped. It was announced the race would be resumed as soon as the track could be cleared.

More Than 300 Injured.

More than 300 persons were cut, bruised and crushed in the squirming mass of humanity that toppled with the stands. Four persons, it is admitted, received serious injuries, some of them suffering broken bones. Two women's legs were broken. It is said they will die.

The other injured were able to go to their homes as soon as given first aid by the surgeons from the motor ambulances stationed about the course. Order was quickly restored, though with a great show of violence.

Soldiers with rifles clubbed and fought back the crowds that, in an effort to pull men and women from the struggling mass, were interfering with the work of the organized rescuers. Newspaper photographers' cameras were smashed and reporters clubbed by zealous deputy sheriffs.

Judge Olsen and Family Hurt.

Chief Justice Harry Olsen of the municipal court of Chicago, his wife and child were among the injured.

While the work of rescue was going on the great racing cars were being lined up again for a resumption of the great race.

Among the hurt was Mrs. Ray Graham, daughter of United States Senator William Lorimer, and daughter-in-law of Andrew Graham, former majority candidate of Chicago. It is reported Mrs. Graham's injuries are serious. In a private automobile she was rushed to a field hospital.

Mrs. Robert Noble of Elgin received injuries which it was feared would cause death.

Among the other injured are: W. Norton of Milwaukee; Miss Mary Coleman, Chicago; Mr. and Mrs. A. D. Hamilton, Chicago; Mr. and Mrs. Fred McNally, Chicago, and John R. Delaney of Elgin, who suffered a fractured skull, broken leg and ribs.

A hundred thousand persons had gathered around the Elgin cup course for the biggest automobile event of the year in the West—the famous Elgin national trophy for stock cars of under 600 inches displacement.

GIRL LEADER OF BANDITS

Youthful Band of Chicago Holdups, Led by 20-Year-Old Maid, Is Captured.

Chicago, Aug. 28.—Led by a 20-year-old girl, four men held up a Cashier Krantz and robbed him of a gold watch and \$5, then severely beat him and threw him over a fence into a yard. Detectives who witnessed the holdup captured Kitty Kinski, the leader of the band, and Paul Wawrot, 35 years old, after a revolver fight, in which half a dozen shots were fired.

Mawrot in a statement made to the police, said that he and four friends divided on a career of crime a week ago and organized by electing Kitty Kinski as leader. The plan of operation was to have the girl lure victims to an unfrequented street, where they would be beaten and robbed by the men of the gang. Kitty Kinski's room was used as headquarters for the band.

The robbery was the first under taken by the young bandits.

Mob Leaders to Go Free.

Purcell, Okla., Aug. 28.—As County Attorney Ben Franklin expressed the opinion that there would be no use in making an effort to convict the leaders of the mob that burned alive Pete Carter, indications are there will be no investigation of the occurrence. Though there were 3,000 in the mob that witnessed the burning, it is impossible to obtain a definite statement as to who led it.

Tennessee Marshal Is Killed.

Knoxville, Tenn., Aug. 28.—Henry Clemons, city marshal of Maryville, was shot and instantly killed by a negro said to be Norman London. The marshal was trying to "arrest" London, who now is being hunted by posse.

BEATTIE IS WORRIED NOW

NEW STATE WITNESS MAY SHATTER DEFENSE.

Mysterious Person Expected to Clinch the Murder Case, Says the Prosecution.

Chesterfield Courthouse, Va., Aug. 28.—A mysterious witness, whose testimony, the prosecution believes, will clinch the case against Harry Clay Beattie, Jr., charged with the murder of his wife, loomed up.

Following their field day, when point after point was scored against the stolid prisoner, the prosecution declared they shortly will produce one witness who has not been mentioned in connection with the case. Whether it is man or woman, they would not say, but they were certain that the new witness would force the final link in the chain of circumstantial evidence against Beattie.

The future seemed somber for Beattie when court opened. Witnesses to corroborate the testimony, which indicated a man visited the scene of the crime early on the evening of the killing to hide the gun, the prosecution say—were called. With this point nailed down, and the fact established that the murdered girl uttered a shrill cry of terror before the gun was fired, the prosecution will have the groundwork of their case complete.

Beulah Blinford Last Witness.

Then will come Paul Beattie with his story of buying the gun; the Norfolk woman who will testify that they heard Beattie declare he wanted to be rid of his wife, and then Beulah Blinford, the "woman in the case."

YOUTH TELLS OF CRIME

Claims Self Defense—Says Parent Had Slain His Wife and Son.

Boonville, Ind., Aug. 28.—Weakened by continuous questioning for almost thirty hours, William Lee made a written statement, in which he said he had killed his father, Richard Lee, in self defense after the father had murdered his wife and young son, Clarence.

The bodies of Lee's father, mother and brother were found in their burning home and Lee was charged with their murder. After his statement Sheriff Seales, fearing the prisoner would be lynched, secretly took him in an automobile to Evansville.

Little credence is placed in his confession. Lee, who is 22 years old, reiterated his story that he knew nothing of the circumstances of the killing of his family until late when he suddenly changed his mind and made the statement.

HUSBAND GETS \$100 MONTH

For the Hostess

A Japanese Tea.

Affairs Japanese are always festive and pleasing to one's guests. To make the room as really Japanese as possible much of the furniture should be removed, partitioning off spaces where necessary with Japanese paper screens. Use flowering shrubs, almond blossoms (artificial), chrysanthemums and butterflies suspended by invisible black threads. The hostess must bow very low before the guests saying "Konichiwa" when the guests arrive and "Sayonara" when they leave. Tea should be served with no cream; use cups without handles. Sponge cakes may be served if rice ones are not obtainable, also preserved ginger. If something cold is served have cherry ice. Those who assist should wear kimono.

Have some young girls in Japanese costumes play "bag ball" (dama). Have a number of brightly-colored bags filled with dried leaves. Each girl tries to keep as many bags going as possible without dropping them. Another amusing game is played by means of a long silk scarf, in the center of which is a loose knot or loop, held midway between the two players who hold the scarf and the floor. On one side of the loop a player sits. On the other side is a small object, a flower, a bean bag, even a thimble. The player who sits by the loop tries to slip her hand through, grab the small article and take her hand back again before those holding the loop can draw it tight and make her hand prisoner.

Games for Outdoor Parties.

All this summer outdoor affairs have been very popular and in consequence we have all been on the look-out for pastimes suitable for the lawn, the shore and the porch. One called "tagging" is played by having two bases opposite each other, say at either end of the grounds; the players are on either side with "it" in the middle (the latter being chosen by drawing lots or the old-time method of "counting out"). The game is to run from one goal to the other without being caught. When one touches her or she joins in trying to catch the others.

"Fire buckets" is another jolly game, so called from the old way of passing buckets of water from hand to hand in the volunteer fire companies. The players are formed in two long lines opposite each other with captains at the head who have a basket or box filled with all sorts of hastily collected articles—handkerchiefs, balls, hats, hair ribbons, pocket knives, etc., which are to be passed on one at a time until the end of the line is reached, the last player depositing the objects on the ground beside him. The first to accomplish the task wins.

Here is a new version of "blind man's bluff." Divide the players into sides; all on one side are blindfolded and the other side are given little bells. No running is allowed and only a certain space allowed to play in. When caught the bell is surrendered and the captives are blindfolded. A most

laughable stunt is to seat two persons opposite each other on the ground, blindfold them and see who can feed the other a small saucer of rolled crackers crumb first. This is a popular game with the birds, for they are assured a most luxurious meal after the merry picnicers are gone. For grown-up young people the game of "Mystic Thought" is a good one, and if cleverly done is really quite exciting. Two persons work together and arrange their method beforehand. They tell the company that much of their success depends upon their concentration. One of the two then disappears out of sight and hearing, the one remaining sits the circle to definitely settle on a trade and think of that one thing so steadily that the right thought may be transmitted to the absent one, who is then asked to come back. The co-worker asks a number of questions such as "Is it a painter?" "No." "Is it a minister?" "No." "Is it a blacksmith?" "Yes." The trick is to mention a profession just before the trade agreed upon is mentioned.

Another mystic stunt is called "Black Art." An object is decided upon and the questioner asks his co-worker all sorts of articles, mentioning a black object just before the right one. It often takes some time to discover these tricks and sometimes the company remain mystified, which is so much the better, as they are good for another party.

Charity Entertainment.

This novel supper was given by a club of young women in the parlors of a city church. At each place the menu (not filled out, the riddle at top unguessed) given below was laid with a pencil. The guest, marked what he wished and the card was returned with the order.

MADAME MERRILL

IN VOGUE

High feather decoration is a fall millinery keynote.

Never were so many sheer, plain striped silk waists.

Long top coats are carried in nearly all vacation trunks.

Eyelet embroidery has a strong vogue in new millinery.

With the promise of wider skirts comes the return of ruffles.

White pumps were probably never before in so great demand.

More and more instant becomes the prophecy of wider skirts.

The dainty schu introduced this summer has become more popular.

White linen is apparently the season's favorite material for tub dresses.

Eggs mousseline de sole has superseded white for separate collars and cuffs.

Hostery in every case matches the shade of the gown with which it is worn.

Cotton Dresses

THE first is in olive-green case-ment cloth. The skirt is quite plain, with just a deep hem. The bodice has a pretty broderie anglaise. Buttons and straps of broad trim the fronts; also over-sleeves, which are split up at the outside; the under-sleeves are of the broderie to match yoke. A little collar of material finishes the neck. MUNYON'S WORK TALK OF CITY

Big Success Shown by Numbers of Callers at Philadelphia Headquarters.

LOCAL MAN TELLS OF REMARKABLE RELIEF FROM RHEUMATISM IN YEAR'S TIME.

The apparent success with which Professor Munyon's health authority has been met has attracted the attention of every street car brings dozens of callers to his headquarters at 334 and Jefferson Street, Philadelphia, Pa., and every mail brings thousands of letters from people inquiring about Munyon's Famous Health Cure.

Professor Munyon's corps of expert physicians is kept busy seeing callers, and answering the mail. Peculiar to say the least, the cure for rheumatism, which is a most common ailment, is given absolutely free. Medical advice and consultation absolutely free.

Munyon's followers seem to be everywhere. Those who believe in his theories of cure, which you are hearing about, are not only in Philadelphia, but in every city and town in the United States. It is in my opinion, the best remedy for rheumatism, and the cure for the greatest medical specialty of the day.

Among Munyon's callers yesterday were many who were enthusiastic in their praise of the remedy. One of these was a man who had been suffering from rheumatism for many years. He had tried every remedy known to him, but had not found any relief. He had been told that he would never be able to work again, and he had been forced to leave his home and go to a sanatorium. He had been there for many months, but had not found any relief. He had been told that he would never be able to work again, and he had been forced to leave his home and go to a sanatorium. He had been there for many months, but had not found any relief.

The continuous stream of callers and mail that Professor Munyon receives at his headquarters at 334 and Jefferson Street, Philadelphia, Pa., is a proof of the success of his health cure. It is a proof that the cure is not only a relief to the sufferer, but a cure for the disease. It is a proof that the cure is not only a relief to the sufferer, but a cure for the disease.

Dr. Munyon and his corps of expert physicians busy. Professor Munyon personally, Munyon's Laboratory, 334 and Jefferson Street, Philadelphia, Pa. Give full particulars in reference to your case. Send strictly confidential and answered in a plain envelope. You will be given the best medical advice and the most reliable information. Remember there is no charge for this service. The only charge Munyon makes is when his physicians prescribe a medicine you pay for the retail selling price. It is immaterial whether you buy from him or from the nearest druggist.

RIGHT HEAVY. Given Up by Physicians—Cured By Doan's Kidney Pills. Edward Gucker, 612 S. 14th St., Mattoon, Ill., says: "I could scarcely stand the terrible pains in my back and I gradually ran down until I was a physical wreck. My kidneys were in terrible condition—the urine passing too freely and being a chalky white in color. My appetite failed; I lost flesh rapidly and could not sleep. The doctors thought I had only a short time to live. I was so greatly improved after short use of Doan's Kidney Pills that I continued and was completely cured. I am positive that Doan's Kidney Pills will cure any case of kidney trouble if taken as directed. Remember the name—Doan's. For sale by druggists and general stockholders everywhere. Price 50c. Foster-Milburn Co., Buffalo, N. Y."

Novelist—I'm so sleepy I can hardly keep my eyes open, and I must finish this chapter tonight. His Wife—Wait till I get the butcher's bill; I'm sure that will open your eyes.

Emerson's Story of Gratitude. There is a beautiful little story in Emerson's recently published "Journal," of which his son, the editor, Dr. Edward W. Emerson, said the poet was very proud.

A certain widow was so poor that she eked out the old thin bed cover- ing by tacking an old door over herself and her children. "Mamma," one of the children said one bitter night, "what do those poor little children do who haven't got a door to cover them?"—Youth's Companion.

A Grandson of Burns. James Glencairn Thomson, a grandson of Robert Burns, died in Glasgow recently in his eighty-fourth year. He was the son of Betty Burns, daughter of the poet, and was a bachelor. Mr. Thomson resided nearly all his life in the suburbs of Glasgow and was a frequent guest at social gatherings, where his singing of Burns' songs was a feature. He possessed a small civil list pension. Pall Mall Gazette.

THOUGHT MADE HIM WORRY

Recent Subject of Surgical Operation Victim of a Sudden and Horrible Thought.

"The late Dr. George W. Bailey of New York," said a Presbyterian divine, "was thoroughly modern in his methods, but he did think that some of his operations were a little too modern."

"Dr. Bailey, apropos of certain rock- less-abusers of the knife, used to tell a story of an appendicitis club. At a meeting of this club a pallid member said: 'Well, friends, I had to be re-opened last week. My doctor had left a sponge inside me.' 'It was reopened, too,' said a stout man. 'I was reopened just ten days ago.' Prof. Bailey had forgotten to remove a nail of forceps."

"At this a nervous-looking chap groaned, jumped up, and made for the door. 'What's the matter?' they asked him. 'Where are you off to in such a rush?' 'I'm off to my doctor's,' the man replied. 'I remember now that, just after I came to, he complained about mistaking his hat and stick.'"

Deaths Due to Dust. A warning against the dangers of dust was issued recently by the National Association for the Study and Prevention of Tuberculosis, in which it is shown that the percentage of deaths caused by tuberculosis in dusty trades is more than double that for all employed men in the registration area of the United States. While among males generally in the registration area of the United States 14.5 per cent. of all deaths are from consumption the mortality among grinders from this disease is 49.2 per cent., and in hardly any of the dusty trades is it below 25 per cent.

Among the occupations among all those exposed to excessive dust is 26.6 per cent.; to mineral dust, 28.6 per cent.; to vegetable dust, 28.8 per cent.; to mixed animal and other dust, 32.1 per cent.; to street dust, 25.5 per cent.; and to organic, or dust coming from the article being manufactured, 23 per cent.

Not Impressed. A London garden party at Dean House, said apropos of her recent European tour: "Many good people refuse to be impressed by the armless and legless fragments of antique sculpture treasured in the museums of the old world."

"One day in the British museum a guide was recounting to a little knot of tourists the glories of a battered centaur, when a Chicago meat salesman broke the reverent hush with the question: 'Excuse me, sir, but what would they feed a bloke like that on—ham and eggs or hay?'"

A PHYSICAL WRECK. Given Up by Physicians—Cured By Doan's Kidney Pills. Edward Gucker, 612 S. 14th St., Mattoon, Ill., says: "I could scarcely stand the terrible pains in my back and I gradually ran down until I was a physical wreck. My kidneys were in terrible condition—the urine passing too freely and being a chalky white in color. My appetite failed; I lost flesh rapidly and could not sleep. I am positive that Doan's Kidney Pills will cure any case of kidney trouble if taken as directed. Remember the name—Doan's. For sale by druggists and general stockholders everywhere. Price 50c. Foster-Milburn Co., Buffalo, N. Y."

Cautious Supervision. "I'm afraid my work is going to be complicated," said the new teacher. "In what way?" "Mrs. Gumrox was looking through the text book on arithmetic and it occurred to her to suggest that I refrain from teaching her daughter any example of improper fractions."

A Resulting Ambition. "The English are a queer people, aren't they?" "In what way?" "I suppose it is a London man's day dream to become a knight mayor."

Not so Much. "Is he a captain of industry?" "No, nothing more than a second lieutenant."

A PARADOX.

Manager—Has your new play plenty of life in it? Playwright—Sure. Why, eight people are killed in the last two acts.

Dangerous Bacilli in Dust. A statement issued recently by the National Association for the Study and Prevention of Tuberculosis speaks of the dangers from house-dust, especially in rooms that are not well ventilated. The association warns against dry-sweeping and against the use of the feather duster, or other devices that scatter, but do not take up the dust. Since the ordinary dust blown about in the streets is impregnated with disease germs, the National Association urges the adoption of methods that will prevent the further dissemination of such bacilli. It also urges for the coming months of fall and winter, more open windows and more fresh air in house, shop and schoolroom.

As Waists Used to Be. A London paper prints an article from the ladies' treasury of 1866, in which a prize is offered for the woman with the smallest waist in proportion to her size. A silk dress was the first prize and a gold watch second prize. In the school in which the prize was offered by the principal the pupils were required to sleep in corsets, which could, however, be loosened when retiring.

In Loving Memory.

Bettie Lois Griffin, daughter of Mr. and Mrs. Dannie Griffin was born December 23, 1889, died July 20, 1911, aged 20 years, 6 months and 27 days.

Lois professed faith in Christ at the age of 15 years and joined the M. E. church at Temple Hill where her membership remained until her death. Her church has lost a faithful member, while we cherish her memory here and commend her spirit to God who gave it, we admonish her associates and friends who are not prepared to meet her to make that preparation of heart that will insure to each of them a happy reunion with her when death shall have claimed them.

She leaves a father, mother, five brothers, five sisters, and a host of friends to mourn her death.

A short time before the hour arrived for the soul to take its flight to the home beyond this veil of tears she called her lover and told him she would have to leave him and requested him to meet her where lovers would not be separated by death. The mother was next called to take the parting hand of her girl, and told her that she had been a good mother and to continue in that way and to raise her little sister so as to meet her in heaven. Her father was then called, she asked him to live better than he had been living, and to be good to her mother and children and meet her in heaven. She then called for brothers and sisters, one by one, and told them to live right that they might one day form one united family around the throne of God.

We are at a loss to find words to express to the family of the dear girl the deep and sincere sympathy which we feel for them in this sad hour, but we can only refer for comfort where we must all look, to that one who said, "Let your heart be troubled: I go and prepare a place for you, that where I am, there ye may be also."

Lois by her geniality, loving and gentle ways and one always had a kind word for everyone, endeared herself to all who knew her and we shall miss her presence among us. We hereby express our deep sorrow in the loss we have sustained and commend her life to those who knew her as worthy of imitation.

Funeral services were held at Temple Hill Wednesday evening, July 20, 1910, by Rev. J. C. Rudd, her remains were then laid to a vault the judgment.

LIES have no use for a Westinghouse Electric Fan—they are as helpless in the air currents which it produces as a bi-plane in a hurricane. No matter what tempting morsels your table affords, turn the button that starts the fan and every last fly will vanish.

That's one reason why the larger sizes of Westinghouse Fans are used in all the best restaurants and why you should have a little Westinghouse Fan in your home. Another reason is solid comfort. You find the air currents that are shunned by the flies very agreeable and refreshing on a hot day.

You use the fan in the dining room at meal time and in the kitchen before and after, then in the living room, then on the porch, then in the bed room. It is always in demand somewhere. Keep it going all day—from 2 o'clock in the evening till 12 at night, and the cost for current will be between two and three cents. Pretty cheap comfort, is it not? Telephone for one to-day.

Within an hour's time a supplemental subscription of \$2,000 was raised among the citizens, and this amount will be increased to \$5,000. The road will be built under the supervision of a road engineer and will be commenced as soon as contracts can be let.

Delegates Appointed. The governor appointed delegates to the Southern Appalachian Good Roads association meeting, Roanoke, Va., October 4 and 5.

Louisville, Peter Lee Atherton, Sam P. Jones, Harry S. Perkins and R. W. Brown; Elizabethtown, Harry Summers.

The same gentlemen were also named for the Fourth International Good Roads congress, to be held in Chicago September 18 to October 1.

Dr. Bruner Better. After six or seven weeks' illness it is expected that Dr. Ben L. Bruner, secretary of state, will be able to resume his work at the capitol.

It is announced on reliable authority that a definite plan was on foot to erect a handsome apartment house in Frankfort, and that several Louisville capitalists were behind the plan. The Louisville men are willing to put up the larger part of the money to purchase a suitable site and erect the building, provided a number of Frankfort people will take stock in the company that is to be organized.

Frank P. James, state auditor, was confined to his bed by a slight illness which he believed resulted from drinking water that was not filtered. The filter at the capitol was out of order and Mr. James drank a good deal of water.

Senator Bradley is in Louisville, where he will remain until the investigation of Senator Stephenson, of Wisconsin, begins at Milwaukee, October 2. The Kentucky senator is a member of the special committee.

Argument in the case involving the right of the Inter-Southern Life Insurance Co. to begin rearing down the building on the site to be occupied by the company's new skyscraper in Louisville were not heard on account of the illness of Judge W. E. Seale, the only judge of the court of appeals in Frankfort.

Gov. Wilson made the following appointments: J. H. Porter, justice of the peace in Graves county; F. M. Stanley, to be police judge at West Point.

Honesty Talk

Business World of Today Fosters Dishonesty

By JOHN A. HOWLAND

PERHAPS never before in the history of this country have we had so much conventional talk on the subject of honesty.

As some one has characterized the movement, we seem all at once to have discovered the Ten Commandments. We are preaching honesty almost as if it were a new cure-all just added to the pharmacopeia.

Not long ago a young friend came to me with a discouraged face and dejected pose. He had lost his place in a great counting house because of the influence of a recent money stringency. At the time he was employed by the house another young man of his own age entered the service. They were of the same age, in the same department, and with this tie of strangeness to the place appealing to them they had become acquainted readily.

My young man I had known from childhood. I knew his sterling worth and was convinced of his capacity and equipment for his work. I was surprised especially when he told me that while he had been "let out" the other young fellow had been retained in the service. I questioned him as to possible reasons for this and I got the true story of the move.

Jones, as I shall call him, was of the shy type, quick, apt and conscientious to a degree. He possessed a shifty diplomacy and tact which, while making him no warm friends, made numerous pleasant acquaintances for him. He was a "good fellow," neither trusted nor distrusted by his associates.

"But both of you were in positions of trust," I said. "Could you make no showing for preference on the score of honesty and dependability?"

"That's the point," exclaimed my young friend. "No, for you see both of us were under bond."

Still further in explanation he showed me how impossible it was in this counting house for the average worker whose honesty might be impeachable to have this honesty recognized by any one as a part of his working capital. There was a time clock at the entrance doors. A superintendent kept a literal eye upon the working force of the office. An auditor checked up the work of every one whose cupidity or carelessness might involve loss to the concern. And above all, those men responsible in any way for moneys were under bond with a surety company.

The whole tendency of the business world today is toward fostering dishonesty because of its determination not to recognize honesty.

Why in this time, of all others, should we concern ourselves with the wordy preaching of honesty? Has it come to the point that we are lecturing on honesty as a lost virtue, as the critic lectures on the lost arts?

Civilization naturally imposes dissimulation and the small hypocrisies. Honesty comes only of trafficking in right thinking and under circumstances which give opportunities for exercising the virtue. Continue to preach honesty to the young man who has been walked in until dishonesty on his part is an impossibility and in another generation he will sneer at the doctrine as he would at a game law to preserve the mastodon!

Kind of Woman That Women Like Best

By DR. GRACE E. CROSS

It would be a difficult task indeed to epitomize in one type the kind of woman that women like. For, not only do the needs of different individuals vary, but a woman's choice of friends changes with the phases of her own development. There are, in woman's nature, two distinct elements, one or the other of which is apt, at some time, to determine the sort of friend she chooses. These are the dependent or immature, and the protective or maternal.

Dependence belongs naturally to youth, though it may exist later in unequal friendships. There is a time in the life of nearly every young girl when she looks up to some older woman teacher or friend with an affection which approaches adoration. Upon her conduct she molds her own; her sayings she regards as inspired, and from her counsel, if it be beneficent, she will receive, at this plastic period, an untold influence for good. If the girl becomes a self-reliant woman, this experience passes for all time, but there will always be weak sisters who must cling, if not to a man, then to a woman who possesses the useful attributes of the sturdy oak.

The protective or maternal element naturally belongs to a woman's maturer life. It reaches out to what is weaker than herself. To one who needs help she gladly gives herself, and in the giving comes to love the object of her spiritual bounty. Necessary as is this type of friendship to the ethical economy of the race, a danger lurks therein. There are some women in whom the primitive instinct of self-sacrifice has not yet given way to the saner individualism which counts it wrong to submerge one's own personality in the vain effort to live another's life. It is well to aid and support, but it is essential that a strong woman's friendship for a weaker one shall neither eventuate in futile self-sacrifice nor degenerate into a mere satisfaction in flattering dependence of an inferior.

Light Apparel for Hot Summer Days

By R. E. LIDGERWOOD

The hot season has caused much suffering, and called forth letters and arguments for and against men wearing shirt waists in public places. A word of advice from merchants whose business it is to supply reasonable apparel may not be amiss. Men who find it necessary to remove their coats on account of discomfort have not given summer apparel sufficient attention to understand how to dress to avoid misery during the hot season.

For economy and comfort a man should have at least two weights of business suits and three are better.

One for winter, one for spring, and one Scotch homespun skeleton coat and trousers for the hot season. Three suits will last four times as long as one suit, and so be a saving of 25 per cent. and give one comfort during each season, which is the main thing.

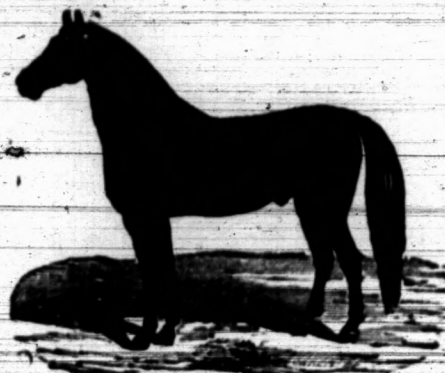

To be healthy the whole body should be exposed to as much fresh air as possible.

Obituary.

The death angel has one more
visited our community and claim-
ed as its victim Curt Holland. On
February 24, 1911, death with its
icy finger touched the brow of
this precious jewel to relieve him
from his sufferings, which were
so great while he was here on this
earth. He was the youngest son
of Esq. George Holland and wife.

On December 24, 1910, he was
married to Miss Lois Smith, who
is left to mourn his departure.
Besides his wife he leaves a father,
two mothers, three brothers and
two sisters and a host of relatives
and friends to grieve for him
while he is rejoicing around the
throne of God. It would be of
no use to say to his bereaved
ones to weep not for him: it is
but nature to for us to weep for
our loved ones when God takes
them away though we can look
forward to a time when our work
on earth is finished and God
calls us home that we can live
with Curt again where there will
be no suffering, no dying, no
parting of loved ones, but one
endless day of joy and happiness.

Oh, what a happy meeting it will
be when God calls from this earth
of trouble that dear little com-
panion whom he loved so dearly
and only lived with but 14
short months. Just to think when
she enters the Pearly Gates that
Curt will be standing there with
arms outstretched to clasp her to
his breast and to welcome her
home where they can live for-
ever, never to be separated any
more. Oh what comforting
thoughts these are. Curt was
such a patient sufferer, though
he suffered for 12 long months;
he was not at any time heard to
complain but was always ready
to say when asked how he was
getting along very well.

He joined the Christian church
at Friendship in his early boy-

hood and there lived a constant
member until God saw fit in his
infinite wisdom to call him home.
It seems hard to give him up as
he was just in the prime of life,
but God knows best and does all
things according to His own good
will. On February 25th his
body was laid to rest in the
Friendship cemetery to await the
coming of the one who is able to
raise the dead and to preserve
them into everlasting life which
we feel sure will be his lot.

Funeral services were con-
ducted by Bro. Hart after which the
W. O. W. took charge of the body
and laid it in its last resting place
in the presence of a large crowd
of sorrowing friends and rela-
tives.

Sleep on, dear Curt,
And take thy rest;
God called thee home,
He thought it best.

Written by his aunt,
S. A. HOLLAND.
