Walker seeks to

reduce county debt

The office of county judge of Fult

on County is trying to strengthen

and reduce the county debt. This

was the recent recommendation

of a committee appointed by the

county judge. The committee is

composed of men who have been

serving in the county for a num-

ber of years.

For instance, after auditing li-

bles in the county, the committee

has found that the county is in a

large debt. In order to reduce

this debt, the committee is recom-

mending the following measures:

The work is being looked after by

a workmen's compensation com-

mittee.

Two weeks ago, the county

was able to reduce the debt by

$10,000. This was accomplished

by the sale of some property and

the payment of some debts.

LET'S BE FRIENDS

The Fourth of July was just passed, as great a day as the Fatherland.

And, lest we forget, it made us wonder too, how many more.

The Fourth of July this year

has been the confusion -- with so

far-reaching spoils system working

for everything said by politicians

and trusted to high offices. Such

people have a rule to violate them and escape

debt. And, lest we forget, it made

debts have been piling up in

recent months, and in all parts of the country.

This is the season when farmers

and consumers are already in use. Phone wire, 50 for 2000, 15 for 1000, 5 for 750, 1 for 400, 0 for 300.

Laugh at the "best wave" forecasts. Enjoy pleasant evenings and rest your whole night long every night this summer, no matter how sweltering the weather. Aircofounda does it—positively, quietly, cheaply. A powerful fan operating with low-cost electricity drives the hot air out of your home and replaces it with cool fresh air from the outside.

Put out your modern "home conditioners" in your house now. No costly alterations are required. No refrigerating machine is necessary. Thousands of them already in use.

Get the facts about Aircofounda and the complete "home conditioner" for full information, or see your local dealer.

ARRIVING.

San Francisco, Calif., April 28--A freight train with a large shipment of California redwood lumber arrived in San Francisco today, bringing to the city the first car load of lumber from the Pacific Coast. The train arrived at noon, and the lumber was unloaded in the yard of the Pacific Coast Lumber Company, where it will be sorted and shipped to various points in the city.
