AMBULANCE CHASING
An Editorial From the St. Louis Republic on a Growing Evil That Menaces the Legal Profession.

New York's lawyer, according to a New York lawyer, has gained a reputation as a haven for the criminal and the condemned — a geographical fact which is considered by many to be a cause for complaint. The system of ambulance chasing is a practice that has been gaining in popularity in recent years. It involves lawyers for hire who are paid to file and pursue cases on behalf of clients who may not have the funds or legal expertise to do so themselves.

In some instances, this practice has been exploited to the disadvantage of the legal system. Ambulance chasing lawyers may engage in unethical or illegal practices, such as filing frivolous lawsuits or overcharging clients. They may also put pressure on judges and other judicial officials to rule in favor of their clients, thereby undermining the integrity of the legal process.

The St. Louis Republic's editorial argues that ambulance chasing is in need of a clampdown. It is a practice that cannot be tolerated by the bar associations, and the report, I.,.e., takes radical action towards ridding the country of this evil. The report acknowledges that the press is criticising the people from the shyster element, and some of the most prominent bar associations have made their sentiments known. The report acknowledges that the press and the public have a right to demand reforms. It is in this spirit that the report calls for action.

The report states that we have nothing to take back, nor is there any question of the taxpayers' money having been litigated. The report is clear in its condemnation of ambulance chasing and calls for a full investigation.

Some serendipitous events have led to a renewed interest in the history of Kansas City. The city's founders, the early pioneers, and the struggles they faced are the subject of much research and discussion. The Register is committed to bringing these stories to the public.

With both Plan and Delay to loosen the grip of the past, a larger task is to be comprehended.

Unpleasant Criticisms.

The editorial is interesting in the way it brings to light some of the challenges that the city faces. The editorial notes that the city's growth has been rapid, and this has led to some negative consequences. The editorial mentions that the city's water supply is being depleted, and this is a concern.

Unpleasant Criticisms.
The phrase sounds simple, but it has an essential element of wisdom and justice. It embraces every essential nonsectarian of true democracy which springs from the belief in the sovereignty of the people and of representative government. It embraces the body politic cleaner for the stamping out and cure of civic evils. There will be only white lights ahead for the Independent Co., outside the city. There will be a splendid and well-pleasing show. The meeting will be held in the grandstand, right away.

The arrangements committee thought at the Fraternity building to talk over the matter, and consider the advisability of postponing the date. Several of the commissioners yesterday said however, that they did not believe they would alter the date, as they had made many important contracts for the ath. Whatever the committee decides on this meeting will be conveyed to Mr. Joyner.

Negroes Fight

A Negro resident of this county yesterday evening, running out of Guthrie and Waco Streets, was struck by a car in a fight with another Negro, formerly a resident of Guthrie, color, that drove off.

Copy for our regular advertisers will be in hand before the next issue. We extend to them once again, our warmest thanks for their support.

The Man Who Got a Pass

HUNTING FOR LEOO.

HUNTING FOR LEOO.

It is necessary to have outside or big game
and hawk hunting needs an angle of 180
in the direction of the wind, and a wind
that blows from the south. If the wind be
favorable, it will blow from the east.

The hawk is not usually killed by a
bad wind, but by a wind that is too
cold or too warm. The hawk is killed
in the air, and the wind is usually
favorable when the hawk is killed.

DOCTOR CURED OF ECZEMA

Maryland Physician Cures Himself of Eczema with Cuticura Remedies, Prescribes Them and Makes Many Cures When Other Formulas Have Failed—Dr. Fisher Says:

CUTICURA REMEDIES

POSSESS TRUE MERIT

* * *

"My face was afflicted with eczema for a long time. I used liniment, cloths, pleats, and many other remedies and was entirely given up. Cuticura was prescribed by Dr. Fisher, my personal physician, and I have been cured. My face, once so badly affected, has been healed and is well and smooth as a baby's skin."—Dr. Fisher.

** Cuticura is at all Drug Stores.
