FOR YOUR INFORMATION

It is often difficult to make any hard and fast claim, or to analyze the exact mood of the people. It is true that Governor Beck had his staunchest and most enthusiastic support from the farmers, and that his campaign was based largely on the promises of lower taxes and cheaper living. But it is also true that the people in the rural districts were not so well-informed as those in the cities, and that the campaign was not so thoroughly organized as that of his opponent. It is probable that the people in the rural districts were more prepared to accept the promises of a candidate, and that they were less critical of the promises of a candidate who had failed to make good on his promises.

The people in the rural districts were more likely to believe the promises of a candidate, and that they were less critical of the promises of a candidate who had failed to make good on his promises. Should Principle: Flowers grow and so should pork. If you smile, I smile. Pork and I are friends from the start. You say, "Why say nice things about pork when you could say nice things about flowers?" Well, it is true that flowers are pretty and sweet-smelling, but so are pork. So say nice things about both. And when you're eating your pork, say nice things about it, too.

HY CHIROPRACTIC?

Chiropractic has achieved wonderful results in reducing high blood pressure and lowering both physical and emotional tensions. It relieves headaches, relieves backache, and corrects mechanical misalignments of the body, which interfere with the normal transmission of nerve impulses. Chiropractic is a sound, sensible, drugless method of helping nature to restore health through the full, free action of the nervous system.

WHY CHIROPRACTIC?
In search of her son, who had been missing for three days, Mrs. Berta Pedigo of Hopkinsville, Ky., and her family were en route to the University of California. She is the mother of a former student at the school.

The bride and groom, Mr. and Mrs. J. D. Tuttle, Manager, were married last Friday at the University of California. They are the parents of two children, James and Mary. Mrs. Tuttle, a native of Fulton, Ky., is the daughter of Mr. and Mrs. W. H. Knox, who reside in Martin, Tenn.

CARD OF THANKS

We are pleased to announce the marriage of Mr. and Mrs. J. D. Tuttle, Manager, of Fulton, Ky., and his bride, Mrs. Berta Pedigo of Hopkinsville, Ky. The wedding was held last Friday at the University of California.
