Mrs. M. L. Short, who was stricken with appendicitis Monday, arrived at the City Hospital in Paducah today for an operation.

Mr. and Mrs. A. M. Morehead and children, Mary and Jack, were the guests of Mr. and Mrs. W. A. Martin of Gibson, Tenn.

Mr. and Mrs. R. A. Wood of Milan, Tenn., announce the engagement and marriage of their daughter, Julia F. Proctor, to George Thomas Bowen of Martin, Tenn.

Floyd Collins was found dead in Sand Cave today.

Mr. and Mrs. W. E. Boone of Memphis are the guests of Mr. and Mrs. D. R. Boine on Vine street.

Mr. W. H. Harris, Monday, spent the Sunday at his home in Friendship, Tenn., after visiting Mrs. A. E. Covington on Norman street.

The obvious purpose of the British action—especially to the job.

Mr. Winkle, defeated Republican candidate for the Presidency last fall, has been in constant touch with a number of Washington politicians in an effort to make him a candidate for the Presidential nomination next year. He is conducting hearings on the administration's Lend-Lease Bill. In more than one instance in the campaign, he investigated conditions there and came home with the information he desired.

“Why not me, too?” they are asking in the Fulton Daily Leader.

Mr. Winkle, however, did not lose any of the color that he possessed during the campaign. He maintained his interest in national affairs, and a few weeks after he was defeated by the candidate who is now the President, he paid a visit to England. He said that he did not know as much about Europe's conditions as the President, who has been there, but he was willing to “look at the situation” and see what it was all about. He is an ardent supporter of the administration, and we believe that he is the only one who truly understands the situation as it exists today.

That action was quite close to being statesmanship.

Mr. Winkle appeared before the Senate Foreign Relations Committee, which is investigating the conduct of the administration in the League of Nations affairs. He has been one of the Senator's most prominent advocates, and he is proud of the fact that he was the first to bring the question of the League of Nations to the attention of the public. He is an ardent supporter of the administration, and we believe that he is the only one who truly understands the situation as it exists today.

Wendell Willkie, defeated Republican candidate for the Presidency last fall, has been in constant touch with a number of Washington politicians in an effort to make him a candidate for the Presidential nomination next year.
