POLITICAL CRIMES.

Refusing to pardon James J. Stanley, convicted of irregularities in the registration of voters in St. Louis, the President says: "I cannot pardon a crime against the election laws, except it be in a case presenting unusual circumstances, or such offenses of the worst of all crimes, and I know of none of the public," which is the key-note to a revolution in American politics. The disgraceful election methods of the day have brought official life actually into disrepute. It is a most lamentable spectacle to contemplate. In the cities of our land the most glaring frauds of all kinds are perpetrated and voters are openly bought and sold like cattle in the mart. The decency of our people cries out against it. The honor of American citizenship demands the abolition of such prostitution. The spirit of our boasted national liberty and freedom is outraged by it. Our national Legislature has become a body of pig-headed, or unscrupulous money-bags and respectable statesmen among them have come to be rare exceptions to the rule.

Let the reform begin at home; and let the respectable voters of Hopkinsville and Christian county, and every other city and county in Kentucky, march solidly to the front and wipe out the ringsters and bummers.

Attorney General Garland says with reference to the vacant seat upon the Supreme Bench: "I do not intend to place, and will not take it if offered me," Mr. Garland apparently from intention to retire permanently from public life at the expiration of his present term of office. He adds also that the President suggested him to take a place on the Interstate Commerce Commission, a fact not before made public.

Our clever friends, the Owensboro Messenger and Inquirer, are now dwelling in the only in which left good for brethren to dwell. "But," they go on to say, "we will see to it that your native 'sour mash' in each of your hip pockets and will undertake to 'prohibit' further asperities between you."

When the June roses blossom the honey-handled statesmen of Kentucky will assemble in convention at Lagrange and proceed to enact policies in the regulation way. Col. Wood, the chairman of the State Committee of the Labor party, will call the brethren together about the 15th or 20th.

The Vicksburg Southerners and Memphis Zouaves at Washington refused to appear in the grand parade and review because the colored militia of Virginia were in ranks. This was a very bad taste in the boys, who like the Montgomery, Ala., company, should have stayed at home.

A scheme is on foot, originating with the Wyoming Stock Association, Cheyenne, to consolidate all the cattle interests of the Northwest, and control \$10,000,000 worth of cattle and grazing lands. The ranges involved are greater in extent than many of the States.

The Louisville Commercial of Thursday welcomed the Kentucky editors and invited them around to seats new press just one week before the gang will get there; but we'll call to see on next Thursday and bring along our agricultural almanacs.

Col. Bradley says to his Republican brethren "you have crossed the Alps and Italy is before you." We have no doubt it will catch the Italian vote. He ought to get in a "washer, washer" slogan now and capture the Chinese contingent.

Ohio Democrats seem determined to make Judge Thurman Governor, regardless of the fact that he has declined to run. There seems to be some little good left in Ohio yet—at least, some good sense among the Democrats.

The Judgeship of the Law and Equity Court at Louisville was knocked off to Col. Toney. There's nothing short about a Kentucky Colonel—especially in a political situation in Louisville.

Lafayette Letter.

LAFAYETTE, KY., May 27th, 1887.

Editor New Era:
Excuse me for soliciting the corner of a column in your interesting paper to record a few items of the pleasant little city of Lafayette. First of all, allow me to introduce myself, an awkward country lad "overwhelmed with hands" residing by low spreading persimmon grove, thickly interspersed with gooseberry vines. Such a boy in such a place suffers from the natural consequences, (greenness).

Merrily ring the wedding bells—for Mrs. R. D. Tuck's daughter, Corinna, and H. L. Smith, of Wellington, Kansas, will be married at the Methodist church Monday, May 29th, 1887. Our boys say "the Smith a mighty man is he," with "thin" and small soft hands.

Mr. L. S. Mabry, an enterprising merchant of Clinton, Ky., spent this week with friends at this place.

Two of Caffa's distinguished gallants, T. W. Gunn and E. B. Lindsay, spent Sunday with Misses Italia Rives and Emma Corbin.

Mrs. Martha Biddle is very ill, hope she may be better ere long. She is one of the most popular ladies in our town.

It is my sad duty to chronicle the death of my precious friend and townsman, Forest Bayham. He was of rare culture and everybody admired him. During his short career sunning himself in the sun and singing a song when he was present. But consumption laid its ashen hands upon him and chased from his cheeks the bloom of youth and manhood, leaving nothing but faded lips and a thin, wasted frame.

Miss Mary Burnett, of Paducah, will visit Miss Cooper next week.

Miss Alice Gibbs, of Ill., is the guest of Miss Ruth Cooper.

Will D. Cooper has accepted a position with J. P. Gill, of Clarksville. He is a general favorite with the girls, and all wish him "God speed."

Dr. D. E. Boyd who has been at Harrison some weeks past will return Saturday.

Quite a number of men here to the picnic on Little River last week. It was quite a pleasant affair. I feel like thanking Mrs. Hammon for her excellent lunch.

Mrs. Henry Bell, of Springfield, Tenn., will be the guest of A. J. Cooper next week.

We have had several good rains this week accompanied by hail that played havoc with tobacco plants.

Business is flourishing considering this is a prohibition town.

Prof. Froge's school closes the 11th of this month. He will have exercises that evening.

Mr. Jas. C. Baker, of Caldwell Co., paid our town a flying visit today.

Mac Fugus went to Clarksville yesterday to see some several days.

Charles Chappell and T. W. Bayham were with us last Sunday two weeks. Charles always "lives" at the right time to see the girls.

REV. R. L. McELREE.

The subject of this sketch was born in Washington, Penn. In 1851 he entered Washington College, and graduated in 1866 from that institution. Believing that his duty called him to preach the gospel, in the fall of 1866 he entered the theological department of Cumberland University, located at Lebanon, Tenn., and finished his theological course in 1868 and was at once called to take charge of the Cumberland Presbyterian Church, at Fayetteville, Lincoln county, Tenn.

In 1868 he married the daughter of Rev. A. G. Smith, and was employed by the Board of Missions to take charge of the Mission Church at Paducah, Ky., where he was laboring at the outbreak of the civil war.

A circumstance, trivial in itself, has made it a name famous in nearly every household in America.

In visiting the family of one of his parishioners, his attention was directed to a singular variety of herbs in their possession, and he made inquiries regarding them.

He was told that many years ago, during the early settlement of Tennessee, a kinsman of the family, emigrating from North Carolina, pitched his camp for a night in the Cherokee Nation's reservation in North Georgia, near an Indian village.

In his family was a girl about fifteen years old, just passing to womanhood. During the evening this girl was attacked by violent colic, which threw her into spasms.

An old Indian squaw witnessed it, and, without a word, went to her wigwam, selected some herbs from her store, prepared a decoction, and administered it to the suffering girl.

In five minutes the pain was entirely relieved.

The grateful mother of the girl begged of the squaw a small quantity of the herbs. Afterward, when using them, she found a few seeds in a bud of the herbs, which she planted and raised the herbs from year to year for half a century.

The herbs that attended Mr. McElree's attention were discovered by using them, she found a few seeds in a bud of the herbs, which she planted and raised the herbs from year to year for half a century.

HOPKINS COUNTY.

Matthiasville Times, 25th.

George Ayer, who is a broken man on the accommodation train, was quite hurt at Sebree last Saturday.

Mrs. Lizzie Beaumont returned home last Wednesday. She has been teaching near Hopkinsville for several months.

Mrs. Mary and Bone returned from a visit to the Belmont hotel, and burned there for days. Mr. E. L. Hendricks, intends, at an early day, to open the vein and see if gas exists in paying quantities.

The big picnic of the season will be given at the co-operative mill. Wednesday, June 1st, the mill will be open to the public, and a large number of funds to build a district school house at that place.

The trial of the Price boys for the shooting of Coffman, which was to have taken place last Saturday has been postponed until next Saturday. Coffman, the wounded man, is getting well.

Gas was discovered when the well was dug at the Belmont hotel, and burned there for days. Mr. E. L. Hendricks, intends, at an early day, to open the vein and see if gas exists in paying quantities.

An interesting relic of former days was unearthed on the farm of D. M. Brown, near Dalton, a few days since. It was an Indian sunhawk, the head or bowl piece being broken off, the handle, part being whole. There were twelve inches deep in soil.

The general store of Rayless Summers, in the edge of Matthiasburg county, in this place, last Wednesday night. The burglar gained entrance by prying open the front door. He rifled the safe of about \$400, and some cash, collars, canned goods, etc.

Some time during the night, last Wednesday night, a midnight marauder invaded the premises of Mr. George Collins, in this place. Mr. Collins, a laborer, the house he mounted to and entered an upper window, where two young daughters of Mr. Collins were sleeping. The burglar, who was armed with the em of chloroform and a sword, when the intruder ran and escaped.

How to get strong.

Dumb-bells and horizontal bars, Indian clubs and the trapeze are valuable under certain conditions, but they are uncertain, rather than certain. The blood is poor and thin and poisoned with bile. Use of the muscles necessitates waste as well as induces growth.

It is not sufficient to build up the nutritive material to repair the waste, loss of strength necessarily follows, and growth is out of the question. Purify the blood, and with Dr. Parke's "Golden Medical Discovery," and then exercise will develop and not consume your physique.

CURRENT COMMENT.

Evansville Courier.

The first thing we know Blaine will be avoiding the word "father" and all his ancestors came from Ireland, he goes!

Louisville Commercial.

Will Jim Blaine persist in making an oratorical tour of the South? He has been given after having a foreign country.

Courier-Journal.

America has more enemies than Ireland. She may some day have more Germans than Germany, more Italians than Italy, more Scandinavians than Scandinavia, more Jews than Jewry, and only the right sort of emigrants.

AYER'S PILLS.

Sugar-Coated Cathartic.

If the Liver becomes torpid, if the bowels are constipated, or if the stomach fails to perform its functions properly, use Ayer's Pills. They are invaluable.

For some years I was a victim to Liver Complaint, in consequence of which I suffered from General Debility and Indigestion. A few boxes of Ayer's Pills restored me to perfect health. — W. T. Brightney, Henderson, W. Va.

For years I have relied more upon Ayer's Pills than anything else, to regulate my bowels. These pills are mild in action, and do their work thoroughly. I have used them, with good effect, in cases of Rheumatism and Dyspepsia. — John C. Patton, Louisville, Ky.

Ayer's Pills cured me of Stomach and Liver troubles, from which I suffered for years. I consider them the best pills made, and would not be without them. — Morris Gates, Danville, Va.

I was attacked with Bilious Fever, which was followed by Jaundice, and was so dangerously ill that my friends despaired of my recovery. I commenced taking Ayer's Pills, and soon regained my customary strength. — John C. Patton, Louisville, Ky.

Last spring I suffered greatly from a troublesome humor on my side. In spite of every kind of remedy, it continued to grow until the flesh became entirely raw. I was troubled, at the same time, with indigestion, and distressing pain in the bowels.

By the advice of a friend I began taking Ayer's Pills. In a short time I was free from pain, my food digested properly, the sores on my body commenced healing, and, in less than one month, I was cured. — Samuel D. White, Atlanta, Ga.

I have long used Ayer's Pills, in my family, and believe them to be the best pills made. — S. C. Darden, Darden, Miss.

My wife and little girl were taken with Dysentery, and I began to feel alarmed. Giving them small doses of Ayer's Pills, thinking I would call a doctor if the disease became any worse. In a short time the bloody discharges stopped, all pain went away, and health was restored. — Theodore Edging, Richmond, Va.

AFTER DINNER.
Persons who suffer from Indigestion can arrest the progress of that painful malady by the use of an **after-dinner pill**, so composed that it will give tone to the stomach, prevent heartburn, rouse the liver to healthful action, invigorate the kidneys, and thus, through the activity of these organs, promote the natural movement of the stomach and bowels. **AYER'S PILLS** are so compounded that their action, though mild, effectually produces the desired results. They also, in Bileous Constipation, remove the Cause of Biliousness, Liver Complaint, Kidney Disease, Rheumatism, and many other serious ailments.

AYER'S PILLS
contain no mineral nor poisonous substance, and do not gripe unless the bowels are irritated, and even then their effect is compensated or chronic cases, they need only be taken in diminishing instead of increasing doses. For scum and humors or travelers in settled country, these pills are of inestimable value. There is hardly a sickness they will not alleviate, and in most cases, cure, if taken promptly. To young girls late entering upon womanhood, and to women whose period of maturity is drawing to a close, **Ayer's Pills**, in moderate doses, merely sufficient to render regular action of the bowels, will be found of

Inc calculable Value.

Christian Church.

Preaching Lord's Day morning, at 10:15 o'clock, by the pastor, L. W. Welsh. Public cordially invited to attend. There will be no night service, that the congregation may attend the Baptist college service at the Baptist church. Sunday school at 9:30 a. m., Clarence Anderson, Superintendent.

Syrup of Figs.

Manufactured only by the California Fig Syrup Co., San Francisco, Cal. It is Nature's Own true Laxative. It is the most easily taken and the most pleasantly effective remedy known to cleanse the system when bilious or constipated; to dispel headaches, colds and fevers; to cure habitual constipation, indigestion, etc. For sale in 50 cents and \$1.00 bottles by H. B. Garner, Hopkinsville, Ky.

To be Dedicated.

Next Sunday will be a big day with the Cumberland Presbyterian congregation here; the occasion of it being the dedication of their handsome new church on Seventh street. Rev. W. J. Darby, of Evansville, will preach the dedicatory sermon at 10:30 a. m. and he will also preach at 8 o'clock at night. Rev. J. M. Gill, of Elton, will assist in the exercises and offer the prayer in the morning. The seating capacity of the church is 300 but accommodations will be furnished for 500 on this occasion. We are requested to state that a meeting of the entire congregation is called for to-night, at 7:30. Dr. Darby wishes to meet every member. Those who have made subscription to be paid before the dedication are requested to hand the money to the pastor, or Mr. Jas. F. Braden at the Bank of Hopkinsville, to-day.

Death of Mrs. H. G. Abernathy.

The death of Mrs. Ophelia Abernathy late Thursday evening, was not unexpected. She went quietly to her last sleep after many months of weary suffering. As the evening shadows fell her soul took its flight and was carried to the pearly gates just in time to catch the sweet vesper chimes from the celestial city.

Her life was a noble example. Beyond the highest impulses of human nature her whole being was radiant with the purest Christian sentiments. She was in fact a faithful worker for the Master. Her life was devoted to the cause, and she is even now reaping the glad reward of her years of labor and suffering. She was so kind, tender, true, so devoted to friends and charitable to strangers, that her death is accepted as a calamity by the community. She leaves a husband and son whose devotion to her was beautiful and whose grief is shared by all. She was a member of the Baptist church and in that capacity, she was all that was beautiful and noble in womanhood, and as she is laid to rest, every heart will commit her grave into the care of heaven and under the sentinelship of angels.

The funeral services were held yesterday afternoon at the Baptist church at 3 o'clock, by her pastor, Rev. J. N. Prestridge. The interment was in the city cemetery.

The Babies Cry for It.

And the old folks laugh when they find that the pleasant California liquid fruit remedy, Syrup of Figs, is more easily taken and more beneficial in its action than bitter, nauseous medicines. It is a most valuable family remedy to act on the bowels, to cleanse the system, and to dispel colds, headaches and fevers. Manufactured only by the California Fig Syrup Co., San Francisco, California. For sale by H. B. Garner.

Local News.

The largest stock in the jewelry line, and lowest prices, at M. D. Kelly's.
Dr. G. F. Runyon has moved with his wife and child from Trenton to Clarksville.

Dr. P. T. Rogers has bought a lot on 18th street and will shortly build a residence thereon.

Breeders of good mules and horses should examine Polk Candler's stock.
M. Lewis, proprietor of the Lewis House, has built a new kitchen to his already large hotel.

Mr. N. B. Shyer has moved his residence to the Quarles house, lately occupied by Mr. Isaac Hart.

The new town clock arrived Thursday and will be put in place in the Court-house cupola next week.

The Crescent Milling Co. are enlarging the cupola of their elevator in order to enlarge their capacity for cleaning wheat.

W. E. Embry pays 35 cents for free washed wool, sells good young ewes at \$2.25 and pays \$1.25 per 100 lbs for early lambs.

The examination of applicants for positions as teachers in the public schools was held yesterday. We have not been able to learn the result.

Orders for our "unwilling number" continue to come in and for three days past we have been unable to fill them, our extra edition of 1,000 having been exhausted.

After our September drawing all unpaid subscribers will be promptly dropped without further notice and thereafter the cash-in-advance rule will be strictly adhered to.

The burglary mentioned in Friday's paper, for which Brown and Williams were arrested, occurred in Muhlenberg county instead of Russellville as the New Era was informed.

The directors of the "New Driving Park" expect to commence work on their new grounds next Monday. They want to have the track ready for public driving in about three weeks.

Our big drawing in September is attracting very satisfactory attention from all sections and as the time for the distribution of our \$1,000 worth of elegant premiums draws near, everybody wants to get in.

The Clarksville boys who attended the unwelcome desire to return thanks to Dr. M. W. Williams for his royal hospitality. One of the boys says the Dr. could get any office in Montgomery county.—Democrat.

The wheat crop in this county is abundant and better than it has been for a number of years. In the vicinity of Abe's Shop it is especially fine, the "potted" crop being a 100-acre field of Esq. Dick McReynolds'. The Squire counts on at least 40 bushels to the acre.

Remember that on the first Monday in September, the New Era will distribute 150 handsome premiums among its subscribers—aggregating the sum of \$1,000. Tell your neighbors about it and come in and renew your subscription at once, so as to get your ticket.

Wallace Embury has leased the Sharp estate of 43 acres and will operate a large market garden. He will repair the residence and move his family to town the first of next year. This is an enterprise long needed and we trust Mr. Embury will be successful in his venture.

The colored Sunday School children had a joint picnic at the fair-grounds yesterday. Among other attractions for their amusement, was a match game of base ball. The procession through Main street was quite large. Last night they completed the day's pleasures at the rink.

The cooper shop of the Crescent Mill Co., on 13th street, was yesterday the scene of a small fire. Sparks from the chimney dropped on the roof and started a small blaze that was easily and quickly put out. The damage was very slight. The loud ringing of the fire bell caused some alarm. The engine horses were out in the southern portion of the city and it was sometime before they could get to the engine house.

The Nellie Free Dramatic Company has been playing all week at the Opera House to big houses. This company is the best "cheap price" troupe that ever visited our city. The star is a petite blonde, dresses superbly, sings and dances delightfully and gives promise of being one of our bright and successful Southern stars. The supporting company is very good. They will appear but twice more during this engagement—this afternoon at two o'clock and to-night. We trust they will be liberally patronized, for they deserve it.

The Church Hill Grange sale yesterday was largely attended, not only by the farmers of the neighborhood, but from all parts of the county. Hopkinsville, as usual was largely represented, in fact, so pleasant are these annual gatherings that it is difficult to resist the temptation of spending a day with the hospitable white-clothed people of that grange. The dinner was spread on the grounds near the hall and everybody had plenty to eat. The sales this year were large and the prices obtained gladdened the hearts of the yeomanry.

Mr. Brigham, Master of the Ohio State Grange, delivered an address full of good, sound advice to the farmers. He is a pleasant speaker and entertained his audience for about an hour.

Thursday afternoon the Sheriff of Caldwell county brought to this city, Robt. and Lemond Cooley, two brothers charged with breaking into the storehouse of D. T. Farmer, near McKnight's mill, in this county. These same parties were arrested in Caldwell county charged with horse-stealing, but the grand jury failed to find a bill against them. Their examining trial is set for next Tuesday before Judge Anderson.

A New Era reporter had a conversation with the prisoners yesterday at the jail. They claim to be citizens of Henderson county and were in this county on a visit to their father when arrested. They say that the jailer of Caldwell county treated them badly by locking them up in the dungeon and treating them as though they were desperadoes. They said they were walking along the road going fishing when arrested. They deny any knowledge whatever of the charge against them and ask for a speedy trial.

Winfree-Anderson.

The Appellate Court decision in the County-Judge-election case has revived interest in the same and it is again the popular topic of local talk. These facts about it will be interesting:

The decision was rendered on the 10th and under the court rules, it will be 30 "judicial" days before the mandate or order Judge Anderson to vacate will be issued—that is 30 days, Sundays excepted, from May 19th, which will take the time, to June 23rd. In the meantime a petition for a new hearing may be filed, which simply means that the attorneys may submit another argument and show the Court, if possible, wherein it has erred. If this is not done, Judge Winfree will be entitled to enter upon the office June 23rd. If it is done he must wait till action is again taken.

As to the fees etc., it is pretty certain that, under the law Judge Anderson will receive none of them if he has to vacate; that matter having already been provided for by bond when the case was appealed. It is evidently the policy of his attorneys to "swing on" to everything in sight as long as possible and "claim the earth" when they have to give up at last. Judge Winfree was at first disposed to make some concessions as to fees, but now he proposes to demand the whole business and get that much or nothing.

It is pretty certain that nothing further will be done until the last day of grace (not Judge Grace) and then the new hearing move will be made and the case thereby delayed perhaps another month or two.

It's a pretty fight and the legal talent on either side is hard to down.

Early Closing.

Is it not about time steps were being taken by some one, to get the merchants to close their places of business, at say, 7 o'clock every evening, Saturday excepted? It seems to us that there would be no loss to the proprietors by closing, as the trade is about over for the day by that hour. The majority of the clerks go on duty at five o'clock in the morning and remain until 9, making 16 hours a day for work. There is very little trade after supper, from June until September, and we think proprietors and clerks alike, would find much pleasure and profit in spending the summer evenings away from the hot store rooms where they work all day. Give the boys a rest, and you will be more than repaid when the heavy fall trade opens, by having your clerks in good robust health, that they will find, in the enjoyment of summer open-air pleasures.

Commencement of Bethel Female College.

It is understood that the Rev. Fred D. Hale, of Louisville, will preach the Annual Sermon on Sunday evening at 8 o'clock at the Baptist church. By special request he will also preach at 11 o'clock a. m.

Mrs. Daggs' concert and the Annual Literary address by Mr. Powell will take place at Halland's Opera-house on Tuesday evening. Commencement exercises Thursday evening.

On the farm of J. S. McCarty, near town is a large quarry that is being operated by the railroad in getting ball last for the road. Thursday afternoon a blast was made and part of the rocks thrown up had a very strong smell of coal oil. Mr. McCarty brought a small piece of the stone to town and thinks there is a supply of natural gas near at hand.

Public Greeting.

Social Reception tendered to Rev. and Mrs. J. N. Prestridge, in parlors of Bethel Female College, this evening from 8 to 10 o'clock by church members and other friends.

TOBACCO SALES.

Spring Millinery.

The ladies of the town and county are specially invited to call at once at my store and see the largest and most beautiful stock this side of N. Y.

Spring Dress Goods

are being received and opened daily and the handsome patterns—all the very latest—and bargains in these goods cannot be duplicated in Hopkinsville.

Spring Clothing.

I am now opening several cases, which came direct from the manufacturers, made to order for me and guaranteed the best. All I ask is a chance to show the goods and name the prices.

Spring Boots and Shoes.

I am now offering the cheapest stock in town, and by "cheapest" I don't mean the lowest grade goods; but the best goods for the same money—either fine or low grade. Come and see my goods and compare my prices.

No Boast, But Business.

I have no goods to give away; am not making any forced sale; can't afford to work for glory alone, but will make good by goods and prices all I say and treat everybody honestly and fairly. Come and see me.

M. LIPSTINE.

Mrs. Carrie Hart has returned home and would be glad to show the ladies of Hopkinsville and vicinity her large and handsome stock of new millinery—the largest ever exhibited.
