**Mid-South Fair Starts Sept. 11 At Memphis**

Memphis, Tenn.—August 31—Less than a year after its successful debut, the 9th Annual Mid-South Agricultural and Industrial Show was held in Memphis several weeks ago. It is expected to reflect the accomplishments of the "New Deal" in the South.

President of the Fair Association, Mr. John A. Casey, of Memphis, is preparing a series of "Live at the Show" exhibits showing what has been accomplished in the Memphis territory.

Several outstanding exhibits are being prepared showing new and old methods of agricultural development that have been employed in the region. These will be supplemented by exhibits prepared by 4-H clubs, agricultural students and other groups.

The annual livestock show, being the first domestic in the South, is one of the most popular at the Mid-South Fair. Exhibits to be shown in this event will be extensive and varied.

WARREN BUT NOT FAIR

BY IVIN'S COM

IT IS A FACT that in the United States of America, there is much less talk of war than in any other part of the world. This is due to the fact that the American people are more interested in business and other things than in war. They are also more interested in peace and the welfare of their country than in war.
