FULTON ORCHESTRA SHOULD ENTER

CONVOY. A fad Nobody State Fair is more noisy to this year than it has ever been before. First among the new attractions, and the one we are sure to expect this year at the State Fair is a fad from Missouri, which the public are predicting will be a hit for the next week or two. The State Fair in front of the principal industries will be the "Titter of Missouri." The fair is to be held in the large barns, and the fair will be free to the public from the beginning. The fair will be open in all rings, and out of a city of the state, and the whole fair will be open to all the people of the state. The fair will be the best the fair has ever been, and the people are looking forward to it with great interest.

Watch for the Announcement of the Opening of Swift & Co. Produce Plant in FULTON.
The State Live Stock Sanitary Board and the American Dairy Association have decided that the effect of the canning law has been to encourage the marketing of eggs in the produce section. The country has been in a buying mood, and the source shows that the percentage of special orders has been steadily reduced by the law. In 1912, 4.4 per cent of the eggs ordered were for cans. In 1913, only 0.3 per cent of the eggs ordered were for cans.

The following facts are worthy of study:

1. The National Dairy Show will be held in St. Louis on the 26th of this month. The theme of the show will be "The Importance of the State Live Stock Sanitary Board." The show will feature 2000 farmers from all parts of the country.

2. The Southern Dairy Association will be holding a county fair on Monday, May 5, in the city of Memphis. The fair will feature a variety of exhibits, including dairy farming, milk production, and herd improvement.

3. The American Dairy Association will be holding a meeting in Chicago on Thursday, May 8. The meeting will feature speakers from all over the country, including farmers, milk producers, and herd improvers.

The Melancholy Days

Everybody knows about the sore youth, but, as Matt Twain so succinctly observed, nothing is more common in our midst than a sore head, that is, in those nineteen of twenty persons who have the misfortune of being born with one.

The appearance of youth in eruption is seen in every city, but in none more strikingly than in the small town of East Liverpool, where the streets are often blocked by the processions of the dandies who have been condemned by their parents to the everlasting torture of wearing a hat.

There were some who said that the situation might be improved by the introduction of a new and more comfortable hat, but this did not seem to be a popular idea.

The hat was comfortable, but it was not the one that had been chosen by the parents.

The case of gravity is about the same as with all other hats.

Making Friends

Nine years ago on this date a message from the president of the Illinois Central System was published as an advertisement in the newspapers on this side of the state. It was the first of a monthly series in which such a thing began the tenth year. As advertising this monthly series undoubtedly has set a record for consistent improvement.

These monthly discussions of railway subjects are part of the program of the Illinois Central for making friends. Among the purposes of our railroad in desiring the friendship of the public are these:

To obtain recognition of the fact that good service cannot be performed by improved railways.

To take the mystery out of railroad-keeping, thereby removing the inevitable result of affection of the common and misunderstanding.

To give the public facts upon which to base an intelligent attitude toward matters of current interest affecting the railroads.

To work toward cooperation instead of hostility in the settlement of questions involving relations with patricidal governmental agencies;

To arouse an appreciation of the roads and of sound economic policy; that will lessen unjust demands upon them;

To create improved morale among railway employees and thus make for the increased efficiency, economy and courtesy of railroad service;

To meet the competition of other railroads and of other means of transportation.

The reception which this program has had from the patrons and friends of the Illinois Central System is highly gratifying. Looking to the future, we pledge our best efforts toward making the good will of our railroad so happily enjoyed.

Constructive criticism and suggestions are invited.

L. A. DOWNS,
President, Illinois Central System

FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the menu ideas based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat.

Years of appetizing the appetites of particular people make it possible for us to serve appetizing meals.

The next time you want to eat away from home, bring your family here.
