Gun Shot Victim, 69, Is Buried

Funeral services were held last Sunday afternoon at Union Ridge Baptist Church for Manie S. Ross, 69 years old. The Revs. J. H. Thurman and Otis Jones officiated.

Burial, by Filbeck-Cann, was in the church cemetery. Masonic services were held at the graveside by Alford Lodge No. 925. Members of the lodge were pallbearers.

Mr. Ross was found shot to death in a chair in his front yard on the Benton-Murray road last Friday afternoon about 5:30 o'clock. A pistol lay near the chair. One bullet from the pistol had entered his mouth and came out the back of his head.

A passing motorist noticed the body slumped in the chair. Mrs. Ross said she heard the shot while she was milking. Mr. Ross had been in poor health for some time.

He was a member of the Union Ridge Baptist Church and Alford Lodge.

Survivors, besides the wife, are three daughters, Mrs. A. L. Henderson and Mrs. Mary Louise Neimel of Benton and Mrs. Frances Morgan of Dearborn, Mich., and one son, Leroy Ross of Gary, Ind.

Other survivors are four sisters, Mrs. Eura Davenport of Hardin, Mrs. Myrtle Connor and Mrs. Java Cathey of Paducah, and Mrs. Irlie Viles of Dearborn, Mich.; two half sisters, Mrs. Minnie Henton of Livermore, Ky., and Mrs. May Clark of Murray; six grandchildren and four great grandchildren.

Lake Queen Raided; Beer, Whiskey Seized

The Lake Queen, pleasure boat operating on Kentucky Lake, was raided Wednesday night and officers seized 341 cans of beer and 27 bottles of whiskey.

Three men were arrested, including the operator of the Lake Queen.

The raid was made by State Police and Deputy Sheriff Buck Brien.

Three State Troopers, dressed in civilian clothes, boarded the Lake Queen as it started its cruise Wednesday night. The troopers arrested the three men during the cruise, but the Lake Queen was permitted to finish its trip.

Deputy Sheriff Brien boarded the boat before it docked at Kentucky Dam Marina at 11:10 p.m.

The beer and whiskey were brought to the courthouse in Benton. The three men arrested also were brought to the courthouse Wednesday night and made bond in the court of County Judge Artelle Haltom.

Haltom was out of town Thursday as the Courier went to press and the charges against the three men and the amount of bond made were not immediately available.

Revival Will Start Aug. 1 at Fairdealing

A series of gospel meetings will be held at the Fairdealing Church of Christ, beginning Sunday, Aug. 1. The evangelist will be Coleman Pugh of Paducah.

After the Sunday morning worship services, basket dinner will be spread on the church grounds. In the afternoon, congregational singing is scheduled.

Services will be held each night during the week at 7:45 o'clock. The meeting will end Aug. 8.

The public is invited to all the services.

Primary Election is August 7

Marshall County is all set for the primary election which will be held on Saturday, Aug. 7.

Both Democrat and Republican parties will pick nominees in the primary for the United States Senate.

On the Republican ticket are John Sherman Cooper of Somerset, who is seeking re-election to the U. S. Senate; C. Tom Hawkins of Elkhorn City, and Willard Gilmoure Jones of Covington.

On the Democratic ticket are Alben W. Barkley of Paducah, former vice president of the United States; Jess Nichols Ryan Ceell of Louisville, James Logan Belk of Frankfort and Edward J. Hussey of Louisville.

There will be two sets of ballots—one for Democratic voters and one for Republican voters. All registered voters of either party are eligible to cast ballots.

The ballots have been printed and will be distributed to the polling precincts next week.

Election officials who served in 1953 will serve again this year at the precincts in Marshall County.

Polls will open at 6 a.m. and will close at 5 p.m.

Purpose of the primary is for the Republican voters to decide whom they wish as their candidate for the U. S. Senate in the November general election and for the Democrats to do likewise.

Except from a legal standpoint, that purpose already has been accomplished. There is little doubt that Cooper will be the GOP nominee and that Barkley will be the choice of the Democrats.

In November, the voters will decide whether they want Republican Cooper as their United States Senator or Democrat Barkley.

Both Barkley and Cooper have campaigned vigorously all over Kentucky and doubtless will increase the tempo of their drives between now and November.

The race is being watched closely by political observers all over the United States as both candidates are tremendously popular with the voters and both also are popular in Washington.

The race also may provide political observers with some sort of gauge to measure the strength and popularity of the Eisenhower administration.

O. D. McKendree Named Minister of Evansville Church

O. D. McKendree, a former Benton resident, has been named pastor of the Belvedere Church of Christ in Evansville, Ind., to succeed Justus Heston.

Mr. McKendree and his family will be in Benton this week visiting friends. He is on a month-long evangelistic tour of the South.

Mr. McKendree went to the Evansville church from the Bristol Road Church of Christ, Flint, Mich. Prior to the six years of service to the Michigan church, he served at the Acorn, Tenn., Church of Christ for two years.

He is a 1946 graduate of Freed-Hardeman College at Henderson, Tenn.

Charles Downing Arrested After Three-Year Hunt

Charles R. Downing, 31, sought for nearly three years by Marshall County peace officers, was arrested last Monday night at Fort Wayne, Ind., by police of that city and FBI officers.

Downing was indicted here on Oct. 29, 1951, for murder in connection with the disappearance of his 13-month-old stepdaughter, Nancy Jo Clover.

Downing, a former resident of Gilbertsville Route 1, was working in Fort Wayne as a salesman under the name of Jack Williams when arrested. Downing has refused to comment on the murder charge since his arrest and also has refused to waive extradition.

Sheriff Billy Watkins and County Attorney H. H. Lovett Jr. left Benton late Monday to seek to return Downing to this county. The officers stopped in Frankfort Tuesday to obtain extradition papers from the governor of Kentucky before the governor of Indiana, and were to go from the governor's office to Fort Wayne to pick up Downing and return him here.

The officers were accompanied by Volney Brien, who was sheriff at the time of the child's disappearance.

The child was taken to the office of Dr. G. C. McClain, Benton physician, on the night of February 18, 1951, and the physician said it was badly bruised about the head, chest and body. He gave it only two hours to live.

He ordered the baby hospitalized and made arrangements for its admittance at Murray Hospital but it was never taken there. Later checks showed that the child was not admitted to any hospital in this area.

Fort Wayne Police Captain Mitchell Cleveland quoted Mrs. Downing as saying the child died of pneumonia the day of the doctor's examination and was buried in a country church yard near Paducah. She did not name the church.

Efforts to locate the missing child were started in May, 1951, after the mother of Mrs. Downing, who lives in Cuba, Mo., reported that mail addressed to her daughter had been returned to her unclaimed.

Among the unclaimed envelopes were some insurance checks made payable to the Clover children by their own father, who was killed in an accident in Missouri, she said. She reported that the youngest child had been seriously ill and asked the American Red Cross to help her locate the family.

Volney Brien was notified of the case by Mrs. H. B. Holland, Benton Red Cross worker, and he started an investigation.

Brien said he got his first real clue in the case on August 28, 1951, when a Missouri state policeman called Dr. McClain to confirm that the Downing child had been beaten to death.

Dr. McClain referred the call to Brien, who then learned for the first time that something was known about the case in Missouri.

After checking all local hospitals to determine whether the

Gilbertsville Reunion Draws 600 Persons

Former residents of old Gilbertsville gathered last Sunday for their annual reunion at Kentucky Dam Village State Park. It was the "best homecoming" so far, most of the crowd of approximately 600 persons agreed.

The reunion was held at a spot not far from the old Gilbertsville Baptist Church. The old town of Gilbertsville was disbanded upon the building of the Kentucky Dam.

The group elected Joe Nall as president of the homecoming association for next year. J. N. Hall was named vice president and Mrs. Ophus Darnell was chosen as secretary-treasurer. Committeemen named to handle the 1955 homecoming are Roy Culp, Paul Owen and Ed Phillips Collins.

Visitors from all sections of Western Kentucky and from the states of Indiana, Michigan, Alabama, Illinois and Tennessee were present.

Kreisler-Kanatzer Wedding Plans Ready

Miss Betty Lou Kreisler of Sedalia has completed plans for her wedding to Ben F. Kanatzer of Benton. The wedding will be solemnized on Sunday, August 1, at 4 p.m., in the Sedalia Baptist Church, with the Rev. Edward Mayfield performing the ceremony.

Miss Kreisler has chosen as

only attendant, her former college roommate, Miss June Pendergrass, of Alamo, Tenn. She will be given in marriage by her only brother, Carl W. Kreisler.

Miss Betty Richardson and Mrs. Harmon Jones, Sedalia, will present the nuptial music. Misses Ruth Malone, cousin of the bride-elect, and Cheryl Jones will light the candles.

Charles S. Holland will serve Mr. Kanatzer as best man, and William T. Ely and Clarence L. Frazier will be ushers. After the ceremony a reception will be held for the wedding party at the home of the bride's mother, Mrs. Carl Kreisler, in Sedalia.

No invitations are being sent; all friends and relatives of the bride and groom are invited to the wedding.

Patsy Ann Walker Wed in Mississippi To Bradley Henson

Miss Patsy Ann Walker, daughter of Mr. and Mrs. Lucien Walker, became the bride of Bradley (Scotty) Henson, son of Mr. and Mrs. J. L. Henson of Palma, on May 15.

The ceremony was performed at the home of the Rev. D. L. Hill, Corinth, Miss.

Mr. and Mrs. Henson are presently residing with the bride's parents.

Mr. and Mrs. Allen Fleming and Mr. and Mrs. Bob Simmons of Benton left Monday for a vacation trip to Florida and to Nassau, in the Bahamas.

Mr. and Mrs. Conrad Reed and daughter of Detroit are visiting his parents, Mr. and Mrs. George Reed, on Hardin Route 1. Conrad gave his dady a wrist watch while here.

Otis Bearden and family of Detroit are visiting his brother, Burrett Bearden and family in Benton.

The Farm Front-

J. HOMER MILLER
County Farm Agent

The rains came last week. Very little in some parts of the county and almost a flood in other parts. The rainfall in Benton was 1.1 inches. One fifth inch fell during a 40-day period from June 9. Much of the corn will not produce grain. Pastures are about all burned up.

Trench silos will be used on many farms to salvage corn stalks and fodder. James Gibson, Robert Turner, Barnett McGregor and many others are constructing silos. Silage can be used to replace much of the hay and pasture that has been ruined.

Seed small grains, rye, oats

barley as soon as possible for fall pasture and grain next spring. Tobacco fields, corn fields where silage is cut and small grain fields may be used. Early seeding means more pasture this fall and winter.

Millet may be planted now and harvested this fall. Curt Castleberry has planted 100 pounds since the rain.

The annual Princeton experiment field day will be held Friday, August 6. If you do not have transportation contact this office. It should be a day well spent.

A. B. Vanover and Ishmeul Reed have constructed pole barns the past few weeks. Pole barns are economical to construct and are efficient to use. Other barns in the county are planned.

Joe Faughn is constructing a Grade A dairy barn.

The Marshall County Farm Bureau started the new cattle barns on the fair grounds last Saturday. The poles have been set. The public will be invited to help with construction at a later date.

Hoy Thompson has the best garden I have seen this year. It was mulched with straw and has been irrigated. He has plenty of beans, tomatoes and cucumbers.

There is still time to plant beans, corn and many other garden seed. Plant now for a fall garden.

Don't forget the annual Farm Bureau picnic at the City Park in Benton, Saturday, July 31.

The extension advisory committee will hold its summer meeting in the courthouse Tuesday night, August 3. All members are urged to attend.

600 Due to Attend Methodist Youth Session at Jackson

Jackson, Tenn.—Advance registrations indicate that at least 600 persons will attend the Methodist Memphis Conference Youth Convocation August 4-6 at Lambuth College here. It was announced by the Rev. D. C. N. Jolley.

Dr. Jolley, executive secretary of the Memphis Conference Board of Education, said that the total is expected to include about 500 youth and 100 ministers.

Principal speakers for the convocation, most significant youth meeting ever planned by the conference board of education, will be Bishop William T. Wat-

THE OLD TIMER

"Another thing that isn't worth what it costs, is telling a man what you think of him."

Mrs. Raum Vance and her daughter, Mrs. Terrell Houser and family of Chicago, Ill., were visitors in the county last and this week.

kins, Louisville, and the Rev. Dr. John Q. Schisler, Nashville. The program will include seminars on 20 different subjects and a pageant.

PERSONALS

Mrs. Wayne Sewell and daughter of Calvert City, and her mother, Mrs. Curtis Ivey of Route 1, were shoppers in town Thursday of last week.

Will Henson and grandson, Billy Henson, of Route 5, were visitors in Benton Monday. They brought Billy's sister, Dena Ann Henson, to a doctor to have a finger dressed. She cut the finger while playing with a Coca Cola bottle.

Miss Mabel Miller left Wednesday for her home in Highland Park, Mich., after attending the funeral of her brother, Thurmond Miller.

Mr. and Mrs. Chester Ray Powell and children, Mr. and Mrs. Kenneth Peek and boys attended the circus in Paducah Saturday night.

Apparently, two telephone systems operated in the County. The newspaper listed its two phone numbers as Cumberland 12, and Marshall County 5. The phones in those days were fastened to the wall and you turned a hand crank to get the operator.

ALL OF THE NEWS was flavored with editorial opinion and a lot of flowery adjectives. This dispatch from the Flat Woods correspondent is a good example:

"Last Monday morning, Mr. W. R. Butler sent out to Benton after Mr. Bill Fleming, the artist to come out and make pictures of his new residence while it was so beautifully decorated with the untimely snow. Being induced by the picturesque scene of the snow, T. J. Baker, Jim Darnall and Jake Darnall all had views made of their residences."

Another example:

"Last Sunday, being the first Sunday in May, was the time for the annual picnic at Almo for Benton folks. The following spent a most enjoyable day in genuine outdoor pleasure: Mr. and Mrs. A. A. Nelson, Mr. and Mrs. Coy Reeder, Mr. and Mrs. R. D. Wolfe, Mr. and Mrs. Jim Johnson, Mrs. Jane Holland, Ophus Castleberry, Mrs. H. D. Maddox and Miss Willie Mae Maddox."

"All returned Sunday, night perfectly delighted with the trip, and especially was it the case of our honest and jolly miller (Jim Johnson), who, it is said, entertained the party in his usual gallant way and with his usual sparkling wit. He undoubtedly was at his best and was as gay as a big sunflower."

That, apparently, was country newspapering in the good year 1910.

HEALTH HORIZONS

Failing Eyesight After Fifty

As we get to fifty and beyond, most of us note that our vision is not so keen as it once was. Eyesight, the most precious of our senses, seems also to be the most vulnerable to the ravages of time. Perhaps the earlier changes in vision are more annoying than worrisome. But with increasing years, many people become haunted by the fear that their failing sight may end in blindness.

This is an unnecessary fear in a vast number of cases, according to Dr. Arthur J. Bedell of Albany, N. Y. One of the most frequent causes of failing sight in people over fifty is a condition called "senile macular degeneration," he says—and this definitely does not lead to blindness.

Early Signs

"An afflicted person first notices that reading, writing and other near use of the eyes is more difficult and that a change of glasses does not help," writes Dr. Bedell. "Often one eye is involved weeks or even months before the other, and unless the patient is a keen observer the disease may be far advanced by the time he seeks help because a similar change has started in the second eye. . . . The most significant symptom is a dark spot before the eye or eyes, which increases in size."

This "degeneration" is, unfortunately, simply a penalty of age. It can't be "cured," as an infection might be, with any of the wonder drugs. "After the sight is once reduced, it is never restored," says Dr. Bedell. Early treatment with a drug such as potassium iodide may, however, "retard the destructive process." It is helpful,

too, to keep the general health at a high level.

Seek the Right Help

Since this condition is somewhat difficult to diagnose, the elderly person with eye symptoms should go to a real eye specialist, an ophthalmologist. This does not mean an optician or an optometrist, who are experts in making and fitting glasses but are not trained in diseases of the eyes. Non-specialists may not recognize the disease, and can mistake it for a malignancy requiring drastic surgery. So, if you do not know a good ophthalmologist, ask your family doctor to help you find one. Peace of mind alone may be adequate repayment for your time and trouble in obtaining an accurate diagnosis.

Farm Work Dangerous

Working on a farm is the most dangerous occupation a man can engage in, according to statistics compiled by the U.S. Department of Agriculture reported by the University of Kentucky College of Agriculture and Home Economics.

The number of deaths of farm workers due to accidents is greater than in any other industry, and serious accidents are nearly 35 times as many as the fatalities.

The shocking records show the following number of fatal accidents in 1953: Agriculture, 3,800; construction, 2,500; manufacturing, 2,400; trade and transportation, 1,400 each; oil and gas wells, 900; and public utilities, 300.

Seven hundred of the fatal farm accidents involved wheel tractors, and one-third of them involved persons under 20 years of age. One case out of every 10 was a child under 5 years.

The 11th National Farm Safety Week, July 25-31, is sponsored by the National Safety Council and the United States Department of Agriculture for the

purpose of emphasizing the importance of safety consciousness among farmers and their families.

Mrs. Winnie Young of Paducah, Mrs. Harvey Young of Chicago, and Mr. and Mrs. Arlene Ray and son of Benton, Ill., spent the weekend as the guests of Mrs. Rudy Brooks, 611 Pine Street, Benton.

Lonnie Filbecks Observe Their 50th Wedding Anniversary

Mr. and Mrs. Lonnie Filbeck celebrated their 50th wedding anniversary on July 18 at their home, and the event was attended by about 135 persons.

Congratulatory cards and gifts were sent from as far as California and Virginia, and Michigan and New Mexico.

Dinner was served at noon on large tables on the lawn and food remained on the tables all day for the many visitors. After dinner, the big anniversary cake was cut by Mr. and Mrs. Filbeck and served to the crowd.

Photographers made pictures of the event.

Seven persons who were at the wedding of the Filbecks also attended the anniversary party. They were Mrs. Lucy Creek, Mrs. Jim Staples, Mrs. Bryan Staples, Mrs. Joanna Jones, Mrs. Beulah Filbeck and Mr. and Mrs. John McElrath.

Among the guests present were: Messrs. and Mesdames Orval Whitlow of Alto, O. B. TAKE a look, if you please, at the car and the styling that are changing historic sales standings.

Take a look at the beauty and the buy called Buick — the car that is forging ahead to new sales heights in the 1954 market.

Take a look at the new best seller that has moved into the "Big Three" of the nation's top sales leaders — into that very exclusive circle that for two decades has held only the so-called "low-price three."

For today, as national sales figures for the first five months reveal, Buick is outselling all other cars in America except two of these "low-price three." And each new

month firms Buick's new position.

It takes solid worth to bring this about — a lot more automobile per dollar in Buick than in other cars.

But it also takes the glamorous new tomorrow styling that is Buick today. It takes the highest V8 horsepower, Series for Series, in all Buick history. It takes the room and comfort and ride and handling that are Buick's proud tradition.

And it takes a range of cars to satisfy a wide range of people — with prices that most people can well afford. So you find the low-priced SPECIAL, the high-powered CENTURY, the extra-spacious SUPER, and the custom-built

ROADMASTER — the four big reasons for Buick's tremendous sales success.

Come in for a demonstration and you'll see what we mean.

With the years-ahead styling of this glamor car, you'll be way ahead at resale time. And right now you're money ahead with the big trade-in allowance our volume sales can bring you. Drop in this week.

County Gets Road Help From State

Frankfort—The State Department of Highways gave Marshall County maintenance help on 158.3 miles of rural highways during the fiscal year ending June 30, according to a report by George H. Halley, director of the State's Division of Rural Highways.

The figure includes all mileage obligated for assistance under Kentucky's program of helping to build and maintain county roads. For this purpose, a fund of \$5,000,000 from the general highway fund is set up each year and projects are decided upon by representatives of the State Department of Highways and county fiscal courts.

The program is entirely separate from the work of the Department of Rural Highways which builds highways from a fund provided by a two-cent a gallon gasoline tax for rural road purposes.

Mileage involved in Marshall County was under constant patrol by grading equipment which graded a total of 1069.3 miles. There were 155.8 miles patched, 32 miles ditched and 93 structures repaired. Structures include bridges and culverts.

MOVING TO LOUISVILLE

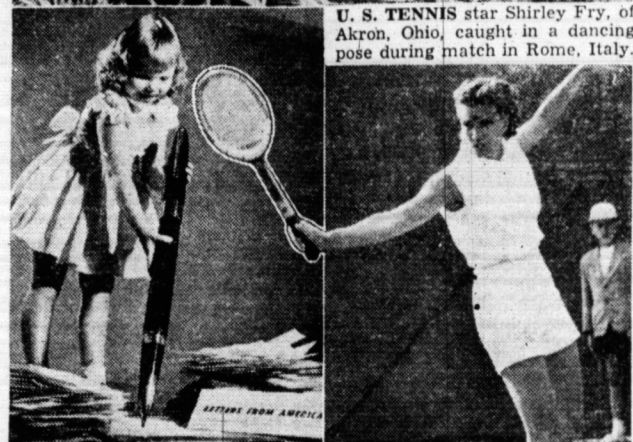

Mr. and Mrs. Bill McFarland, former operators of Big Bear Camp on Kentucky Lake, have purchased a home in Louisville and will move there soon. The McFarlands are former residents of Louisville.

Soil Conservation Notes

By HERBERT ANDERSON
Renloe Rudolph, Eura Mathis and Homer Chester, supervisors of the Marshall County Soil Conservation district, attended the area meeting of district supervisors July 15, in the Kentucky Woodlands National Wildlife Refuge located in Trigg County.

Corn Ruined by Dry Weather Should be Used for Silage

Corn fields ruined by hot dry weather can still be used for cattle feed this winter, according to J. Homer Miller, county agent.

Since very little corn can be harvested on such fields there are at least three ways some benefits can be derived from the cornstalks and fodder.

One would be to pasture the fields with livestock, another would be to cut and shock the crop and the third and best would be to use it for silage.

Trench silos may be dug on most farms with good success and at a reasonable cost. This way the entire stalk will be eaten by the cattle. Silage will replace hay at the rate of about two pounds silage to one pound hay. The size of the silo depends on the number of cattle to be fed and the number of days to be used.

CARD OF THANKS

We wish to thank our many friends throughout Marshall County for every act of kindness shown us during the death and funeral services of our beloved brother, Thurman C. Miller.

We shall not forget the many condolences, those who sent flowers, and those who expressed their sympathy in any way. Especially do we extend our thanks to Filbeck and Cann, Dr. L. E. Smith of Calvert City, Rev. C. H. Fletcher, pastor of Calvert City Methodist Church, Rev. V. H. Burnette, Benton Methodist Church.

May the Lord bless and keep you all till we meet again.
Mabel Miller
Georgia Miller Manning

"Where Do We Go From Here in the Conservation of Our Natural Resources?"

Supervisors were also present from Calloway, Graves, Hickman, Fulton, McCracken, Livingston, Lyon, Trigg, Caldwell and Crittenden counties. There are five supervisors in each local county district.

R. G. Norman harvested over 1100 bales of grass-legume hay last spring from a field seeded the past fall. The field is in a rotation which includes corn.

The Hope-Alken bill now before Congress provides for the establishment of watershed protection programs on small watersheds throughout the county. If the bill passes, the Clark River watershed will be eligible to apply for this assistance. If it is approved, there would be some clearing of the main channel in addition to the protection of the watershed.

E. W. Burkhardt, Oak Level; Sam Fooks, Mt. Moriah; Hatler Morgan, Benton; and Eura Dakley, south of Benton, have staked ponds so far this month.

Joe L. Filbeck, Brewers; Joe Hill, Briensburg; Herman English, Scale; and Irwan (Bill) York, Scale, have staked and dug farm ponds this month.

Everett Hill, Hardin, dug a new drainage ditch last week. A bulldozer cleared the timber from the old ditch and enlarged it to a bottom width of twelve feet.

Most bottom land in the county is now dry enough to dig drainage ditches. A good outlet is needed. The A.C.P. payment is 12 cents a cubic yard for earth moved.

The Soil Conservation Service makes surveys of ponds, open ditches, and other moving practices for the farmer without charge.

IN MEMORIAM

In loving memory of Alva Miller, who passed away three years ago today, July 31, 1961. He is still missed by his family and friends.

Sheriff Billy Watkins attended a committee meeting of the Sheriff's Association at Louisville last Friday.

Mrs. Carl Owen and daughter Dolly were visitors in Benton Wednesday of last week, from Calvert City.

Here's How You Can Make Perfect Iced Tea for Family

Here are some tips on making perfect iced tea.

Number one requisite is to have all utensils super clean. Wash with a solution of baking soda and water—three tablespoons soda to each quart of water. Baking soda eliminates possibilities of any "off odors."

If you make iced tea in a saucepan you can make large quantities and keep for an afternoon and evening refresher.

Premeasure five tablespoons loose tea or 15 tea bags. Bring two quarts fresh cold water to a full boiling roll in a saucepan. Remove from heat, and immediately add tea. Brew uncovered five minutes. Stir and strain into pitcher. Cool at room temperature. Makes about 10 servings.

Serve with lemon slices and no-calorie sweetening tablets. It is not necessary to refrigerate iced tea. Refrigeration may cause clouding. This, however, does not harm the flavor or quality of iced tea. A little boiling water will restore its crystal, amber color.

BENTON SOLDIER HURT IN ACCIDENT AT FORT KNOX

Pvt. Billy R. Lovett of Benton was accidentally wounded in the shoulder by a rifle bullet at Fort Knox, Ky., on July 16th. The accident happened as soldiers were stacking their rifles after practice.

The same bullet that struck Lovett killed Pvt. W. C. Williams of Cleveland, Ohio. The bullet pierced Williams' heart and then struck Lovett in the shoulder.

All cartridges are supposed to be ejected from rifles after practice, but one apparently failed to eject.

PERSONALS

The Franklin Harrieses of St. Louis have moved to Marshall County and are operating a business on or near Kentucky Lake on Hardin Route 1, according to her sister, Mrs. William Hart of Murray who was a recent visitor in Benton.

Vester Adair and daughter of Benton Route 6 were visitors in town Friday.

Mr. and Mrs. Elvin Thompson and daughters of Benton Route 1 were shopping visitors in Benton Saturday.

Small Homes Guide's Prize Home Stresses Simplicity

Simplicity, maximum livability and economy in the use of space won for this three-bedroom home the first prize for excellence of design in the most recent issue of Small Homes Guide. Architect Rudolph A. Matern has packed 16 closets into the 1 1/2-bath home. The unusual fenced-in terrace and covered porch at the front serve both living room and dining room. Total area is 1,356 sq. ft. For information on blueprints and their cost, write to Small Homes Guide, Dept. 1414, 621 N. Dearborn, Chicago 10, Ill.

"SO UPSET BY 'CHANGE OF LIFE' I SCREAMED AT MY HUSBAND!"

writes Mrs. A. W., New York, N. Y.

"Now I don't suffer from 'hot flashes' and nervousness, feeling!"

• Are you going through "change of life" ... suffering the "hot flashes," nervous tension, irritability, weakness and other types of functionally-caused distress of this difficult time?

What Doctors' Tests Showed!

Then ... here's hope for you! In tests by doctors, Lydia Pinkham's Compound and Tablets gave relief from such distress ... in 63% and 80% (respectively) of the cases tested. Complete or striking relief!

Surely you know that Lydia Pinkham's is scientifically modern in action! You know what it has done for others! But do you know what it will do for you? Not if you haven't experienced the relief of tension, "flashes" and irritability so often brings at such times!

Before another day has passed, try Lydia Pinkham's Vegetable Compound or new, improved Tablets with added iron ... and discover how much easier your "change of life" may be!

Younger women and girls—suffering from functional pains, monthly cramps and distress of menstruation—find Pinkham's wonderful tool! It contains no pain-deadening drugs!

It acts through sympathetic nervous system to relieve distress of "hot waves"!

it Easy During Hot Weather

It's your anything but the retreating. Sum- most of the United is not as tropical not an "unusual" very summer. It's some lessons from the tropics—time to live with the explain away. walk through a light on the equa- way the people on the street are in white that re- rays, women in houses and cotton ne ankles—clothes but fit easily, al- to circulate. No- about everyone- of head cover- a parasol. Now his little house al- green, leafy- time, and every- a siesta—if not- lying down for- the shade. When

they get up, they'll have a show- or, sluicing themselves with te- id water from that huge pot- tery jar. They may do this three or four times a day, and in be- tween they'll frequently bathe head and arms. Dinner time comes late, in the comparative cool of the evening. And it's not a light meal of salad. They eat highly spiced meats, vegetables, rice and fresh fruit, but few of the heat and energy-giving foods contain- ing fats and sugar. The cooling properties of hot spices are in the category of hitting yourself on the head with a hammer. It feels so good when you stop. We may not want to adopt that tropic custom, but there are some that may well add to our summer comfort: clothes that protect from the sun's heat, yet allow air to circulate on the skin; food that is appetizing, yet provides all the necessary nutrients; frequent bathing in tepid water. The mid-day siesta may not always be practical, but

we can walk, not run, on the shady side of the street. We can try to get plenty of rest. Most important, we can admit that it's hot, and adjust to the fact instead of fighting it.

Why Worship?

Lesson for August 1, 1954

AN AMATEUR gardener once wanted to raise some corn. In his little plot he did not have much room. He looked in his book and it said there that corn hills should be three feet apart, so he decided there was only room for one hill, as he wanted to plant other things too. So he planted his one hill of corn. But

of course he never found any ears on his corn stalks. He did not know that one stalk of corn will not "make" by itself. Now human beings are like that, and especially Christians. Corn standing off by itself never is real corn, and a Christian off by himself is not a complete Christian. There are religions which suppose that a person can please God best if he becomes a hermit and carries on, so to speak, a single-track conversation between himself and God. But the Christian religion, at its best, knows better. Christians cannot become what they ought to be without the companionship and help of other Christians. Christianity without fellowship would not be Christianity.

A Shared Faith

Consider one very important form of fellowship: Worship. — that is, public worship, in church on Sundays or otherwise. Why do we worship together? Wouldn't it be just as good if each of us wor- shipped alone? Private worship is necessary too, to be sure. "Enter into thy closet and shut thy door" is still Christ's directive. But Christ himself joined regularly in public worship even though in his day that was pretty formal. "One of the reasons for public worship is that it is a united witness, a testimony of faith. Many churches repeat the Apostle's Creed on Sun- day mornings. But even when they do not, public worship is the ex-

'In Everything...'

There is another side to this. We ought never to feel shy about ask- ing God's help at any time. Paul says to his friends at Philippi, no doubt from his own experience, "have no anxiety about anything, but in everything . . . let your re- quests be made known to God." Paul knew very well that God does not say "Yes" to all our requests. He was in jail at the time he wrote those words. Is it likely he had never prayed to get out? We do know that before this time he had prayed to God earnestly to have a "thorn in the flesh" removed. We do not know what that "thorn" was, perhaps a pain or a disease that could not be cured. Perhaps Paul hoped for some miracle to cure him. But God did not send the miracle; he sent something much better. Paul learned that God's strength is made perfect in weakness, something he would not have known had he not been weak. So while we have every right to offer God our desires in prayer, we have to remember that he knows what is best, and not we ourselves.

'The Throne of Grace'

In conversation, one of the best simple rules is: "Remember to whom you are speaking." This is just as true when we are talking with God as when we are talking with other people. That great phrase in Hebrews, the "throne of grace," expresses two vital truths. One is that our prayers are going to a Throne. God is the sovereign of this universe; his throne is Power itself. There is nothing too hard for the God of the Throne. It is a throne of judgment too; and God knows very well whether we ought to have our prayers an- swered the way we want them, or not. We have access through Christ to come before God with boldness; but it is to a throne we come, and we must not forget that. We can never dictate to the throne. But it is the throne of Grace. More than mere power sits in control of all things. The true God is a God of love and grace and mercy. "He knoweth our frame, he remember- eth that we are dust." God is ac- tually more interested in our wel- fare than we are in our own. God is more eager to help us than we are to be helped. Our prayers do not so much change God's mind and induce him to do something for us, as they release the divine pur- pose on our behalf. This is why it is so important to grow, as Chris- tians, into the stature of Christ; for only as we grow Christlike can we become aware of God's gracious will to us, and so be able to pray as Christ himself would pray.

Most Girls Marry Before Age 21

Interesting features on mar- rying ages are reported in a survey prepared for the 1954 Yearbook of the Peoples Ency- clopedia.

The latest available statis- tics, based on marriage data from 19 reporting states, reveals that in 13 of these states that the average age of women mar- rying for the first time, is be- low 21 years. Of the 19 states, it was learned that they marry youngest in Idaho and oldest in Connecticut.

The median age for the first- wed brides was just over 19

years in Idaho and 22.4 years in Connecticut. The same ratios hold for bridegrooms, it was re- vealed. In Idaho, the median age was 22.5 and in Connecticut, it was 24.9 years.

In the 19 states reporting, the ages of women remarrying, ranges from 12 to 16 years high- er than the ages of those enter- ing into wedlock for the first time, while for men the range is from 14 to 20 years higher.

In Tennessee, a woman mar- rying for other than the first time will be about 32.3 years old but in New York, exclusive of

New York City, she would be about 37.7.

For men who remarry, the median age ranges from 36.8 years in Idaho to 43.8 in New York, outside of New York City. The American Peoples Ency-

clopedia Yearbook will report a total of approximately 1,569,000 marriages last year, and 388,000 divorces. Among the divorces, 50 per cent were granted to chil- less couples and only 8 percent to couples with three or more children.
