BROADCASTED

With the installation of these signals, the entire Florida route is expected to be completed by December 15. A few months hence, the rapid-states trains will be running. To the Mississippi in western Florida, the end of the day on the 15th. For the finishing out of the Missouri route, including the line from St. Louis to Kansas City, the signals are being installed, and the trip from one end of the road to the other will be accomplished in less time than it now takes to complete the entire trip.

At the annual meeting of the Chamber of Commerce in St. Louis, the report of the Committee on Streets and Sidewalks was read and adopted. It is recommended that the street improvements be started immediately, with the object of having them completed by the end of the year.

A great deal of money has been raised by the citizens for the improvement of the public sidewalks, and it is expected that the work will be in progress within the next few weeks.

THE GIRL ON THE BARGE

To be shown on Sunday, September 22, at the Orpheum Theatre, at 8 p.m. The play will be presented by the Orpheum Theatre stock company. The cast includes well-known actors, and the production is under the direction of Mr. Edward Sloman. The play is a drama of love and adventure, with a setting in the coast towns of the Atlantic seaboard.

THE GILP Opening of Swift & Co's Produce Plant Sept. 18

FULTON ADVERTISER, September 18, 1929

Great Day For Fulton Sept. 18

On next Wednesday, Sept 18, the people of Fulton can look forward to a great day. The opening of the new Swift & Co.'s Produce Plant will be the occasion for a parade and many other events. The plant has been constructed over a period of months, and it is expected to be the largest of its kind in the United States.

The Swift & Co.'s Produce Plant will be located at the corner of 6th and Main Streets. It is a modern, well-equipped plant, equipped with the latest in refrigeration and processing equipment.

The plant will provide employment for a large number of workers, and it is expected to contribute greatly to the economic development of the Fulton area.

The Swift & Co.'s Produce Plant is a symbol of the progress that can be made with good planning and cooperation. It is an example of the importance of developing industries and businesses.

The opening of the Swift & Co.'s Produce Plant is a cause for celebration. It is a symbol of the progress that can be made in our community with good planning and cooperation.

The people of Fulton are invited to come out and participate in the festivities on September 18. It is a day that will be remembered for many years to come.

AMONG THE COUNTY 
AGENTS

Agriculture is the main 
thrust of the annual 
County Exhibits. The 
agents are hard at work 
preparing for the event. 
Here are a few highlights:

- **R. L. Stansell** in Washington county, 
  who is planning a 
campaign to increase 
  dog ownership in the 
  county.

- **J. E. Ramey** in Bath county, 
  who is devoting much 
time to promoting 
  the local honey industry.

- **Mr. and Mrs. J. C. McDonald** in 
  Crittenden county, 
  who are focusing on 
  improving the local 
  apple orchards.

- **Mr. and Mrs. J. J. Stearns** in Elizabethtown, 
  who are encouraging 
  residents to plant 
  more trees in the 
  community.

PUBLIC SAFETY—AT HOME, 
IN SCHOOL

Many accidents happen 
at home and in school 
that could be prevented. 
Here are some tips to 
ensure safety:

- **At Home:** 
  - Keep chemicals out of 
    reach of children. 
  - Install smoke detectors. 

- **At School:** 
  - Teach children 
    about pedestrian safety. 
  - Promote healthy 
    eating habits.

I will not write very much for the sake of this week's letter, but I am running a letter written to me by a friend of the school bells. This gives a different viewpoint, in my eyes, of the week's work of the school's officers. It shows how the week's work of the school's officers is a signal for idle oyster boats being able to use the streets. There is a good deal more of the school's officers that are needed than there are students. The students are also needed more than the school's officers. It shows how the week's work of the school's officers is a signal for idle oyster boats being able to use the streets.

September is here. Originally the seventh month, as the name indicates, it slipped along to ninth place when the Roman Emperor Diocletian took two new months on at the beginning of the eighth century. It.traveled from the summer flower period to the winter flower period in right angles, death and destruction attendant. It is a signal for idle oyster boats being able to use the streets.

September has achieved gloriously the aims why fatal accidents and deaths occur. Traffic is an example of how to avoid traffic accidents. Traffic is an example of how to avoid traffic accidents.

School Days—and the Morning Rush

A few that school days are here again, are you happy? Why the morning rush! Five days a week to get the children off to their classes!

Preparing breakfast on an electric table stove will do much to simplify matters . . . and help you start the day happily for every member of the family.

The table stove is a marvel of convenience. It uses only a small amount of electricity. It is built to give many years of trouble-free service. It costs only a few dollars to begin with.

A demonstration without obligation will be given cheerfully at any of our stores.

WHERE PROPER DIET IS SUPERLATIVE

The Kentucky Board of Health, in its Edwin Lowrey's report to the legislature, has voiced its protest against the use of artificial flavorings and colors in foods. "Flavorings and colors," it says, are not good for you. They can be made to do anything you want them to do, even the things they are not made to do.

Foods that are natural, fresh and genuine taste good. They are good for you. They help you live longer.

Diet is an important part of health. Kentucky Utilities Company is prepared to help with the best diet possible. We have a splendid line of Florhide tobacco products. We invite you to call and see them.

Estimate Tobacco Crop

Western Kentucky to Produce 6,000,000 Pounds of Dark Food

Paducah, Ky.: Western Kentucky's dark tobacco harvest will total approximately 6,000,000 pounds at the present time, the United States Department of Agriculture reports.

Tobacco is a major crop in Kentucky and is expected to produce the best average quality of the past twenty years. For the dark food grade, the United States Department of Agriculture reports the Western Kentucky tobacco grown in the eastern section of the state to be the best this season.

POULTRY FACTS
Egg Production During Summer

Poultry Men Agree That It Depends on Red Cars.

Poultry production is affected by many factors, but one of the most important is the availability of red cars. When red cars are scarce, it can lead to a decrease in egg production due to the stress and strain on the birds.

The role of red cars in poultry production is not well understood, but it is believed that the color red has a direct impact on the behavior of chickens.

Some poultry farmers have reported that their birds lay fewer eggs when red cars are not available. This is thought to be due to the fact that red cars provide a natural light source for the birds, which is important for their health and well-being.

The Cottage by
The Sea

B. McINTYRE DOUGLAS

The Cottage by the Sea
will be open to the public during the Mid-South Fair as part of the sweepstakes event. The cottage will be staffed with volunteers who will be available to answer questions about the history and significance of the cottage.

Some of the notable features of the cottage include:

- A collection of antique furniture and artifacts
- Information about the history of the cottage
- Opportunities for visitors to learn about local culture and traditions

The cottage is a popular attraction during the fair, and it is expected to draw a large crowd.
