TRF:ND OF STRIKES

To the Public:

I urge you not to give way to the levies of the strike. The trade union movement has not been around for nothing. I have always fought for the worker's rights, and I believe that the strike movement is a necessary and justifiable means to achieve these rights. I urge you to support the strikers, and to use your power to change the system that enables these injustices to occur. I believe that the only way to achieve change is through social and political action. Your participation in this struggle is crucial.

Many Entries In State Horse Show

The largest entry list in the history of the State Horse Show will be held at the Fulton County Fairgrounds on September 11th. This year's show will feature over 1,000 entries, setting a new record for the number of entries. The show will include a variety of horse breeds, and will feature events such as dressage, show jumping, and hunter trials.

In addition to the horse show, there will be a variety of other attractions at the fairgrounds. These include a midway with rides, games, and food stands, as well as a grandstand with nightly entertainment. The fairgrounds will also host a parade, a talent contest, and a horse show. The fair will run from September 11th to September 16th.

The Fulton County Horse Show has been a beloved tradition in the community for over 50 years. It is a showcase for local horse culture and a celebration of the beauty and grace of these magnificent animals. I encourage everyone in the community to attend and support this important event.

Sincerely,

A CODE OF PRACTICE

There is a code of practice in the NEWS' series of advertisements of the United States Farm Bureau Foundation, which gives the rest of the public in similar situations an idea of the kind of work that is being done in protecting those who are in need of help. It includes many situations similar to ours and the same kind of help and advice which we would recommend.

Hitherto, it has not been advisable to mix up the people, and the bureau has been told that the bureau is a social and economic welfare.

THE MODERN GRANDMA

If you are one who remembers Grandma, or as a friend said, "You're not old, just a modern grandma," this may be of interest to you.

The effect of the nation-wide campaign, which has gone on for six months of this year, has brought about a great change in the thoughts of the older generation. They have come to realize that the present social and economic conditions are such that it is necessary for the individual to take care of himself and his family.

MORE DEATHS OCCURRING

In our towns as reported by the news media, one of the most recent is a death that occurred in the first half of this year of an old man. The cause was brought on by a heart attack, and it is thought that this was due to the strain of overwork and worry. These deaths are the result of the many cases of heart trouble that have occurred in the last year.

WHY CHIROPRACTIC?

Pain and posture are the hidden beasts of disease. Indigestion, colds, tuberculosis, nephritis and many other diseases, according to latest authorities, may be traced to bad posture, both in sitting and standing. This leads to distortion of the spine.

Few people know how to sit. They sit on the end of their spinal column in a slouchy way instead of placing their weight on the fleshy part of their thighs. Sit, stand and walk erect to promote good health.

Is your posture correct? See your Chiropractor today
