WANTED—For U. S. Army, soldiers having military experience, of all ages and at all stations. The War Department is especially in need of the services of those who have demonstrated themselves in the past as capable, self-sacrificing, uncomplaining, and capable of enduring privations in the service of their country. The pay of $3 per day will be increased to $5 per day for the duration of the war. The time has come to give to the United States Army the best soldiers the country can produce. All applications must be made in writing, giving full details of the applicant's military service, and should be addressed to the nearest Recruiting Office. The War Department is prepared to pay $10,000 for the capture of any individual who has conspired to promote disorder.

No. 2.—Submitted for the record that the undersigned magistrates will, upon the 28th day of April, let the contract for the painting of the county courthouse at Philadelphia, with the specifications in the hands of the County Engineer, to the person who will give the best and lowest bid, paying the workmen 90 cents per hour, and the County Treasurer will make payment therefor in accordance with the understanding of the County Engineer.

Mr. Ralph Davis, Chairman of the Citizens' Committee, asks to be relieved of his duties as such. Inasmuch as the committee advises the board of supervisors that the services of Mr. Davis have been essential to the success of the proposed project, and as the board of supervisors desires to continue the services of Mr. Davis in this capacity, the county attorney is hereby appointed to relieve the committee of the duties of such a committee.

Mr. John Brown, President, of the Citizens' Committee, reported that the committee had received from the War Department a list of names of persons who had been arrested for the refusal to do military duty. The committee had been instructed to forward the names of such persons to the War Department. The committee had further reported that the War Department had been informed that the names of such persons had been forwarded to the War Department.

The question of the appointment of a second engineer was referred to the committee on the subject for further consideration.

Mr. John Brown recommended the appointment of Mr. James Wilson, of the engineering department of the War Department, as the second engineer for the project. The board of supervisors adopted the recommendation of Mr. Brown.

No. 1—A meeting of the board of supervisors was held this afternoon to consider the appointment of a second engineer for the project. Mr. John Brown, President, reported that the committee on the subject had recommended the appointment of Mr. James Wilson, of the engineering department of the War Department, as the second engineer for the project. The board of supervisors adopted the recommendation of Mr. Brown.

No. 2—Mr. John Brown, President, reported that the committee on the subject had recommended the appointment of Mr. James Wilson, of the engineering department of the War Department, as the second engineer for the project. The board of supervisors adopted the recommendation of Mr. Brown.

No. 3—Mr. John Brown, President, reported that the committee on the subject had recommended the appointment of Mr. James Wilson, of the engineering department of the War Department, as the second engineer for the project. The board of supervisors adopted the recommendation of Mr. Brown.

No. 4—Mr. John Brown, President, reported that the committee on the subject had recommended the appointment of Mr. James Wilson, of the engineering department of the War Department, as the second engineer for the project. The board of supervisors adopted the recommendation of Mr. Brown.
