I. C. Will Divert Banana Trains Via New Route

Chattanooga, Oct. 1, The Illinois Central will divert its banana trains from Martin to Fulton, Tenn., as soon as the expansion of the fruit company at the latter place is completed. The railroad authorities at Fulton say they will extend the line to their company's plant within two or three years.

The Illinois Central is the main line of the fruit company and its connections with the Interstate Truck Company through the Fulton, Ten. depot.

BANANA TRAINS

Mr. Albert E. Brown and Mr. Wm. C. Cashon, who are in charge of the banana department, say that the fruit company has decided to use Fulton as its southern terminus.

The Illinois Central has been handling the banana trains from Martin to Fulton since the fruit company was established in 1912.

Good Bye

Frank Adkins, 63, Dies Near Hickman

Mrs. Albert Roper, age 65, who was killed in a 1927 automobile accident near Hickman, died yesterday morning.

Her death was caused by the impact of the automobile with the tree. She was pronounced dead at the scene. She was on her way to visit her daughter in Thompsonville.

Miss Mary Louise Smith, 20, was declared dead at the scene of the accident.

Announcement!

Owing to the unprecedented attendance at the formal opening of the $100,000 Community Produce Company plant located in Fulton, many were unable to get through to the plant. To those people and to others who are interested in visiting the plant, we issue this invitation to come and see us.

Apply at the office and we will be pleased to extend our courtesy and assistance to the extent of our ability.

Lesson for September 20

Lesson for July 28 -Because Daniel had a vision, he was able to make known the king's prerogatives. He opened the book of Daniel, and the people were startled at the sight. This was God's sign to the king to keep his promise and let Daniel take the matters to the wise men. Nehemiah was given an expert view of the work Mall the attributed given vision of the Almighty. After he was given an expert view of the work along the banks of the Jordan, he was given the necessary means to begin the work.

Lesson for Aug. 25 -In the restoration of Israel, God was present, He was the support of the people. They were favored by God, who assisted them in every way, both in material and spiritual ways. The people were restored and God's name was exalted. God was present in the work, and He was the support of the people.

West Tennessee is Coming Out of Mud.

State Rapidly Building Good Road System

Jackson, Tenn.—All sections of West Tennessee are seen as the result of the efforts of the highway department in this section of the state and by the time the winter weather begins, many miles of roadway formerly impassable in wet weather will be open to traffic all the year round.

An important section of one of the state's most important highways is the one from Jackson to the state line on Route 57. Work started at the end of last year and should be completed before the winter weather returns.

Another section of highway that will be open to traffic in a large part of the state is the one between Alamo and Byrdville. This section has been paved this year and will be opened to traffic at an early date.

A third section of highway in the state is the one from Route 57 to South Memphis to the Mississippi River, which is in the course of being constructed. South travelers will also use this highway in completing their journeys.

It was said at the division of the highway department yesterday that all paving construction was being pushed as rapidly as possible at this time in order to complete the improvements during the good weather.

800 Tons of Ice Wasted Here in You Year Through Faulty Refrigeration

Fulton poured 800 tons of ice down the drain in the course of the year. The American public is literally pouring water into a new being made of ice, a combination refrigerator that does not keep out hot air. The average family should use about 80 tons of ice in the course of a year. However, if the refrigerator is not running or not properly maintained, the family can easily use up all of their ice in a month.

The problem of ice waste in Fulton is not unique. In many homes, ice is wasted due to faulty insulation, losing ice, or using too much ice. It is important to properly maintain refrigerators to prevent ice waste and save money.

Our MESSAGE OF SERVICE

There is going to be a lot of activity in the building line this year. Architects and contractors, carpenters and masons all, are busily sharpening up their pens and pencils and getting set for business. It is not the young married folks alone who are going to be building homes—who dream dreams of happiness in homes of their own—but many others who have long, long, been resting the roofs over their heads are going to try this year to realize their dream of having a home of their own.

Whatever you plan to do by way of BUILDING — REMODELING REPAIRING

we want you to feel perfectly free to come to us and consult our service department without the slightest obligation. Whether it's a Big house or a bungalow, a new garage, new roof or new floor, a sun parlor or a sleeping porch, an alley fence, or built-in furnishings—we are prepared to give you unqualified service and low prices on Quality Material.

A CHRISTMAS SUGGESTION

Christmas is rapidly approaching and some are already beginning to plan for it. Many of the churches have already begun to lay plans for the program of December 20th. There is as much enthusiasm for this program as for any other. In some instances a blackboard is used to help plan the program. In others, the church members are divided into groups and try to turn out a feature that will be remembered. Some churches are planning entertainment, some are planning a program of reading or singing, and still others are planning a special service. The idea is to use the talents of the church members and let every member have a part in the program. It is not necessary to have a large church to have a successful program. The important thing is to have a program that is interesting, that is pleasing to the members of the church, and that will help to spread the gospel of Christ. It is not necessary to have a large church to have a successful program. The important thing is to have a program that is interesting, that is pleasing to the members of the church, and that will help to spread the gospel of Christ.
