## TWO HOMES ARE BURNED DOWN.

Jack Hopkins and Perry McLean Both Lose Their Residences By Fire.

The home of Jack Hopkins, who lives just north of the city on the Wadesboro road, lost his home and contents by fire of unknown origin last Thursday night at about midnight. The family, who were sleeping upstairs, had a narrow escape from burning to death and only escaped by climbing down a tree from the second story to the ground. Mrs. Hopkins was quite painfully burned about the face before she left the burning building. The loss is partially covered by insurance there being \$700 on the building and \$200 on the contents.

The residence of Perry G. McLean, just north of the city limits was also burned Monday at about the noon hour. The family was away from the home at the time and the origin of the fire is unknown. The building and entire contents were destroyed. He carried about \$600 insurance on the building and contents.

An alarm of fire was turned in Wednesday about noon but it developed that the cause of the alarm was a burning flue at the residence of Mrs. Irvin, in north Murray. No damage resulted.

### Is the World Growing Better?

Many things go to prove that it is. The way thousands are trying to help others is proof. Among them is Mrs. W. W. Gould, of Pittsfield, N. H. Finding good health by taking Electric Bitters, she now advises other sufferers, everywhere, to take them. "For years I suffered with stomach and kidney trouble," she writes. "Every medicine I used failed till I took Electric Bitters. But this great remedy helped me wonderfully. They'll help any woman. They are the best tonic and liver and kidney remedy that's made. Try them. You'll see."—Dale & Stubblefield.

### Circuit Court News.

The regular November term of Calloway circuit court will possibly adjourn Saturday after a two weeks' busy session. The grand jury finished its labors last Saturday and was discharged, while the petit jury was dismissed Tuesday of this week. But few cases of importance have been called for this term. The Bellwell-Morgan case was continued, as was the Rice damage suit brought against Secretary of State Brainerd. The suit of Ryan & Muner, arising out of the sale of the Harlan, against the Louisville and Nashville Railroad, was continued. The case of the St. Louis property, sold by the railroad, when the property was burned, is being heard today.

### Cheap Timbers.

On account of the low price and paucity of D. D. Rains Pine Tar-Honey there are many cheap imitations on the market under similar sounding names. If you can always get the genuine by looking for the bell in the hat.

### Crop Off Hundred Million.

Washington, Nov. 17.—The current government report says 1 puts Kentucky's 1911 tobacco production at 270,135,000 pounds, as opposed to 281,024,000 in 1910. In quality this output is ranked at 86 per cent as compared with 85 per cent in 1910, and ten year average of 88 per cent. In 1911

the yield per acre is 850 pounds. It was 810 pounds in 1910, and the ten-year average is 833.

North Carolina, with a total of 104,200,000 pounds for 1911, is Kentucky's closest competitor. For the entire United States the totals are these: Production, 790,663,000, as compared with 934,349,000 in 1910. Quality (1911) is 86.1 in 1910 it was 85.2 and ten-year average was 86.8. Yield per acre, (1911) is 885. In 1910 it was 797.8. Ten-year average, 813.6.

### Saved Child From Death.

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, croup and sore lungs, it's the most infallible remedy that's made. Price 50c and \$1.00. Trial bottle free. Guaranteed by Dale & Stubblefield.

### Teachers' Association.

The last county Teachers' Association of the year will be held at Murray, next Saturday, November 26th.

In the forenoon the county spelling contest will be held. This will begin at 10 o'clock, sharp, and if possible will be finished before noon.

The afternoon program begins at 1 o'clock. Dr. D. O. Hancock of Henderson, president of the State Medical Association, will deliver an address on school sanitation. Mrs. Chas. Weaver, State Organizer of Improvement Leagues, will take part in the program. We hope also to have with us a representative of the normal school. The following subjects will be discussed in Round Table. Every teacher present will be expected to have something to say on one of the topics:

1. How can we add to our efficiency for the rest of this school term?
2. The Normal School—(a) Why Teachers should attend. (b) Why children should not attend.
3. The District Association at Marion.—Who should go and why?

## GRAVES COUNTY TOBACCO IS SELLING AT LOW PRICES.

The 1911 crop of tobacco is beginning to move and many loads of the weed are being brought to the city daily. The dealers are selling at low prices, as was the Rice damage suit brought against Secretary of State Brainerd. The suit of Ryan & Muner, arising out of the sale of the Harlan, against the Louisville and Nashville Railroad, was continued. The case of the St. Louis property, sold by the railroad, when the property was burned, is being heard today.

The leaf bringing from \$7 to \$9 and the lugs from \$4 to \$4.40 per hundred pounds. This house has sold about 60,000 pounds this season in the new manner of selling loose from the floor where it can be seen and examined. Numerous loads are finding their way to the rebanding houses and prices that are prevailing elsewhere are being paid for it. It is expected that as soon as the farmers get their corn crop gathered the tobacco season will open up in earnest. Mayfield Messenger.

W. Pierce Allbritten, of Fulton, came in the first of the week to see his nephew, Toy Henry, who lost a leg last week by being run over by a train.

## FEDERAL COURT PASSES CASES.

Number of Cases Against Alleged Night Riders Dismissed and Others Continued.

Speaking of the Federal court cases the Paducah Sun of the 20th says: All of the perjury cases were continued. There are indictments against Sam Cash, A. L. Mitchell, Ed Gray, W. J. Mitchell, Bart Gray and Dr. J. B. Wadlington.

Of the three remaining night rider damage suits in the federal court, two were dismissed this morning and the third was continued, with possibilities of a settlement before the next term of court.

The suits dismissed this morning were those of Maggie Scruggs against Dr. E. Champion and others, and that of Mrs. Laura Toomey against Dr. D. A. Amoss and others. Both were dismissed without prejudice upon the plaintiff's motions. The Toomey suit was dismissed following a settlement in which the defendants paid a nominal amount covering the court costs.

Attorney David Browning, representing Maggie Scruggs, asked for dismissal of his suit at the plaintiff's cost.

The remaining defendants in the Toomey suit were George W. Barnes, E. E. Wash, Mack Hopson, Jake Stephens, John T. Jackson, Medley Stephens, W. H. Hall, Frank Ladd, Charles Lander, J. B. Alexander, M. Pickering and Dr. D. A. Amoss. The suit of H. M. Oliver was continued until the April term, and the answers of J. B. Wadlington, W. J. Mitchell and Sam Cash were filed. Brooks, Harris Memorial, Memphis.

The conference report showed 574 houses of worship valued at \$1,511,246, an increase in number of one and in value of \$115,000. The total indebtedness is \$118,000. The pastoral charges number 176, a gain of four, while the number of parsonages is 165, a gain of seven. These statistics show that most of the ministers are provided with homes by the charges which they serve.

The value of the parsonages is \$337,751, an increase of \$35,000; and the indebtedness is \$21,000. There are eight district parsonages, one for each of the presiding elders, and their value is \$39,500. Four churches were damaged or destroyed by fire or storm during the year, the loss being \$2,540.

The report of the Sunday school board shows that there are 546 Sunday schools in the conference, a gain of three, with a membership of 43,444, a gain of more than 1,000. There are 4,325 Sunday school officers and teachers. There are forty-four Epworth leagues, a decrease of ten, with a membership of 1,592, a decrease of about 500. The

committee report did not attempt to explain the cause of the loss. During the year there were 2,724 adult baptisms and 845 infants were baptized.

The work will be greater next year. There will be additions to pastor's salaries, and the assessments levied for the next twelve months amount to about \$65,000, \$7,000 more than the assessments of last year. This increase is brought about on account of an increase of the educational assessment for the female institute at Jackson; a new item of \$1,300 to defray the expense of the next general conference and an assessment of \$500 for a superannuate fund. The 1912 assessments follow:

Bishop's fund, \$3,213; conference claimants, \$10,000; printing minutes, \$400; American Bible Society, \$1,000; church extension \$9,469; foreign missions, \$15,100; home missions, \$14,240; education, \$10,173; superannuate fund, \$500; general conference expense \$1,300; total, \$65,395. These assessments will total about \$12,000 in the Memphis districts.

### Leg Crushed by Train.

Toy Henry, a brakeman on the N. C. & St. railway, met with a serious accident at this place last Thursday afternoon and as a result lost a leg. While switching in the yards on the local freight due here at about 2 o'clock Mr. Henry went between two freight cars to cut the air and while performing the task another brakeman signalled the engineer to pull ahead and as a result Henry was thrown down and dragged under the wheels of the moving cars which passed over his left leg, crushing and mangleing it in a horrible manner. He was carried to the Mason, Keys & Evans hospital immediately after the accident occurred and it was found necessary to amputate the leg above the knee. Since the operation the wounded man is doing nicely and will be able to be moved to his home in Paducah at an early date.

Mr. Henry is a Calloway boy, and moved with his mother to Paducah some few years ago and has been an employee of the railway company for the past several years. He has many friends in this county who regret to learn of his misfortune.

### Will Survey Davis Highway.

Jas. F. Caldwell, of Paducah, who has the contract for the survey of the Jefferson Davis Highway, arrived in Murray today and will survey the proposed route of the great highway through Calloway county. Considerable talk has been engaged in the past few days regarding this route and some intimation has been made that this highway would pass through Marshall county and would not come through Calloway. This, however, is without any foundation and the highway will come through Calloway as originally established. Mr. Caldwell will spend several days in the county and will establish the route and the grades and make an estimate of the cost of construction of the roadway before returning to Paducah.

### Sale Notice.

I will on Sat. Dec. 2, at the home of J. P. Hughes deceased, three quarters of a mile east of Kirksey, commencing at 10 o'clock a. m. offer for sale and sell to the highest bidder at public auction the following named property: 1 horse, 2 jacks, 1 station farm implements of various kinds. Terms made known on day of sale.—A. L. HUGHES, Administrator. 2t

Beautiful and impressive was the marriage of Mr. J. Charles Humphries and Miss Lena Thomas, which took place yesterday afternoon at one-thirty o'clock at the home of the bride on East Main street. The beautiful cottage home of Mrs. Thomas was beautifully decorated with flowers and ferns.

Mr. Jack Averitt and Miss Dresda Wilkins, a very popular young couple of the county, eloped to Clarksville Saturday and were united in the holy bonds of wedlock. The groom is a son of C. H. Averitt, of near Roaring Spring, and a brother of Mrs. Ed Crute, of this city, and is a clever young man and a prominent young farmer. His bride is a daughter of the late Robert Wilkins, and a very beautiful and popular girl.

Mrs. Will T. Wallis died on Wednesday, Nov. 1st, at the home of her husband near Calloway. She had been in poor health for a long time with consumption, and the end was not unexpected. Dyer's Chapel Methodist church, located a few miles southwest of Cadiz, was destroyed by fire early last Tuesday night. The pastor, Rev. I. B. Galloway, had begun a protracted meeting on Sunday before, and a fire had been built in the stove only a short while when it was discovered that the roof was on fire. It is supposed the fire was the result of a spark setting fire to a pile of leaves on the roof.

The government savings bank at the Cadiz postoffice was opened for business on the 7th of November, and already quite a number have made deposits. The individual deposits are, in the main, small.

Mr. W. H. Perry, of Wallonia, and Miss Gerie Dunning, who lives two miles west of Cadiz, were married last week. Mr. Perry is one of the county's leading citizens and best farmers. This is his second marriage. His bride is the daughter of Joe Dunning.

Mr. and Mrs. W. C. White announce the engagement of their daughter, Miss Mary White, to Dr. J. Lacy Hopson. The marriage will take place at the bride's home on next Wednesday evening at eight o'clock.

### Notice.

All parties indebted to Dr. Will Mason, Drs. Mason & Evans or Mason & Keys prior to Oct. 15, 1911 are requested to come in and make settlement at once, as we need the money and what you owe will help considerably. We have been at heavy expense recently in equipping our new hospital on Price street. Please let us have your attention soon.—MASON, EVANS & KEYS. By D. L. Redden.

We have enjoyed the blessings of peace and of a high degree of happiness and prosperity. No civil disorders have brought sorrow or shame to our commonwealth. We have kept the covenant of the law with each other and with our Maker. We have maintained peace, neighborly good-will and friendship throughout the boundaries of the commonwealth without reproach. We have enjoyed the blessing of liberty and complete freedom under the law. The public peace and the fair name of this state have not been marred by feuds or lawless hands. Only a Law. Judge Orr has declared positively that there was nothing in it.

The statute requires that banks must have a certain amount of capital stock subscribed, and half of the capital stock paid up before a bank can begin business. A certain bank in a city where the statute says the capital stock must be \$100,000, wanted to begin business when \$50,000 of its capital stock had been paid up, although only \$75,000 of the required capital stock had been subscribed.

The bank's contention was that as half of the required capital stock had been paid in cash, it should be allowed to begin business, even if the total amount named in the statute had not been subscribed.

The attorney general says this is not a compliance with the law and that a bank must have bona fide subscriptions of capital stock of the amount required by the statute and half of that amount paid up in cash before it can do business as a bank. He says it would be manifestly unfair to a depositor for a bank to hold out to the public that it had a capital stock of \$100,000 to secure his deposit when as a matter of fact it only had a little over half that sum.

Seeks Entrance to Coal Fields. Announcement has been made by the Baltimore & Ohio railroad that it has now reached the point where two points have to be settled in Eastern Kentucky, which one of the two routes will be chosen and which road the Baltimore & Ohio proper of the Cincinnati, Hamilton & Dayton, will do the extension work that is being planned.

The C. & H. D. now runs into Ironton, O., a few miles down the river from the mouth of the Big Sandy river, while the B. & O. has a line a few miles farther down. One plan considered by President Willard and other officials on their recent "swing the circle," as they termed it, following the recent visit of President Willard to Cincinnati, is to cross the Ohio river at Ironton and build up the Big Sandy to a connection at Shelby with the road being built by the Cincinnati, Hamilton & Dayton, to the Big Sandy, and then to the connection at Shelby.

New Colonel. A new Kentucky colonel has been created, the governor having appointed Lucien C. Wheeler of Washington, a colonel on his present staff. Charles Miner, secretary, to Robert J. Collier, was in Frankfort recently with Mr. Wheeler, who is "advance man" for the president. The latter was ordered about considerably by Mr. Miner, who said he outranked Mr. Wheeler, the latter being only a captain. The two men have been intimate friends for many years and they indulged in a good deal of banter over the official title of colonel which Mr. Miner bore. Gov. Willson noticed this, so he has commissioned Mr. Wheeler as colonel and the two friends now are on the same footing.

Entire Stock Must Be Subscribed. Atty. Gen. Breathitt has decided a matter of much importance to new banks in Kentucky. The attorney general says that a bank must have bona fide subscriptions of capital stock of the amount required by the statute and half of that amount paid up in cash before it can do business as a bank. He says it would be manifestly unfair to a depositor for a bank to hold out to the public that it had a capital stock of \$100,000 to secure his deposit, when as a matter of fact it only had a little over half that sum.

Holt Case Up Again. The executors of the estate of the late James A. Holt are scarcely out of one big law suit until another follows on its heels. After compromising the suit to break the Holt will and paying out \$90,000 besides the costs and attorneys fees, the executors are confronted with a suit by the state revenue agent, Arthur E. Hopkins, for taxes for five years or of surmounting the estate of the late James A. Holt, of Lexington, of Lexington, who has just accepted the presidency of the Kentucky state section of the League and prominent business men representing all sections of the state will be asked to serve on the board of directors.

CHINESE REBELS SLAY FOREIGNERS

FRENCH MINISTER REPORTS MASSACRE WITHOUT DETAILS.

Rebel Commander at Hankow Promises That He Will Not Endanger Property of Foreigners.

London.—A number of foreigners, including several missionaries, were massacred at the Lochnang mission in labor territory, south of Su Chuan, province of Shensi, according to reports received here. The French colonial minister officially reports the massacre, but gives no details.

The Lochnang mission is conducted by English Baptist ministers, who, with Scandinavians, are the principal foreign inhabitants of the region.

Peking. Defiance for the Chinese rebellion are crowding upon Premier Yuan Shih Kai, who doubtless will be forced to make a decision within a week. It seems to be a case of fight or ask the court to depart from the capital. Every suggestion for abdication is accompanied by promises of protection and ample pension.

Rear Admiral Murdock telegraphs the American legation from Nanking that the American consul, with the exception of a few members of the Red Cross, it would be impossible, says the admiral, to protect American property in Nanking without landing 300 marines prepared to sustain a siege. For this reason he had sent one of his men ashore.

Various efforts made in influential quarters to start negotiations looking to peace have up to the present failed. Yuan Shih Kai's lieutenant, Tsai Tingkan, has returned here from a fruitless attempt to negotiate with Gen. Li at Wu Chang. The commander of the revolutionary forces seems determined not to yield in the slightest degree.

The foreign banks have practically decided to establish a banking committee at Shanghai, as in 1900, to meet the extraordinary conditions and adjust the payments of the indemnity and other claims.

PROTECTION PROMISED. Rebels Will Not Endanger Foreign Property at Hankow.

Hankow. Gen. Li Yuen Heng, the rebel commander, in response to the British consul's protest against the sheltering of the concession, has promised that the concession will not be endangered in the future. Also he has apologized to the Japanese for firing torpedoes and promised security to foreign shipping generally.

PRESIDENT TAFT IS SICK

"Bad Cold, but Nothing More," Statement Given Out.

Washington.—President Taft is suffering from a severe cold, which confined him to the White House Sunday. His condition, although not at all alarming, is such that his physician has ordered him to take care of himself. As a result the president canceled his engagement for Richmond, Va., where he was to have addressed the National Good Roads Congress.

The president contracted a bad cold shortly after his return from his long trip. Against the advice of his physician he filled an engagement at Frederick, Md., last week, where he addressed a big crowd. At that time he apologized for his hoarseness, which was not lessened by his efforts.

MORGAN SPILLS THE MONEY

Stubbed Toe Dropped Plate Containing Church Collection.

New York.—J. Pierpont Morgan tripped in church Sunday and falling to the floor, spilled the contents of the collection plate, which was piled high with money. The banker was unharmed.

Mr. Morgan, who is senior warden at St. George's Protestant Episcopal church, was about to pass the plate to Bishop Geer for the offertory benediction when he stumbled on the floor just behind the chancel rail and fell on his hands and knees. Silver coins, bills and envelopes containing checks, which Mr. Morgan had collected from the congregation, were scattered over a wide area; and the silver plate, which he juggled with desperately for a moment, went rolling away.

BUILD HALF-MILLION CHURCH

Nearly Half of Fund Raised for Washington Structure.

Washington.—With \$217,000 now raised for the \$500,000 church to be erected in Washington by the Southern Methodist church, Dr. George S. Sexton, secretary of the Southern church commission, upon his arrival here announced that work on the structure will be started in a few weeks.

PLAN NEW DREADNAUGHTS

Will Be Capable of Carrying Immense Amount of Coal.

Washington.—Rough plans for two huge battleships will be laid before congress, when it convenes. The projecting ships are to be of 20,000-ton displacement, armed with 16-inch guns, and with steam capacity enough to carry them back and forth across the Atlantic, in a point of construction that the American battleship will excel those of other nations.

CATARRH OF THE STOMACH

Could Hardly Eat. Gradually Grew Worse. Relieved by Perna.

Mr. A. M. Herd, 101 W. 21st St., West Harrison, Iowa, writes:

"I had catarrh of the stomach and small intestine for a number of years. I went to a number of doctors and got no relief, and finally one of my doctors sent me to Chicago, and I met the same fate. They said they could do nothing for me, and I had cancer of the stomach and there was no cure. I almost thought the same, for my breath was offensive and I could not eat anything without great misery, and I gradually grew worse."

Well Disposed. A well known expert in cooking encountered trouble in a suburban community the other afternoon when she prepared to lecture to the Mothers' Club. Her subject was "How to Cook."

She began by telling how much a man appreciates good cooking, and then she proposed to give various recipes. Among the first was one for cold slaw. "To have this best," began the lecturer, "take a good-hearted cabbage and—"

At this point a young matron interrupted: "She was eager to get all the information possible. 'Till me, please,' she spoke up, 'how is one to know the disposition of a cabbage?'" Philadelphia Times.

Blarney. A Brooklyn woman who had spent a great deal of time in trying to teach her cook to make good brown butter gravy, but to little avail, had occasioned severely to rebuke the domestic in the presence of others. "Ellen," said she, sternly, "this gravy is absolutely bitter this evening."

"Indeed I'm sorry, mum," came in ludicrous tones from the cook. "How do you account for it, Ellen?" asked the mistress, persistent in her efforts to get at the bottom of the matter.

"I can't say, mum, unless it were the fear I dropped in it, mum."

Revised Version. Representative Henry of Texas, in an eloquent and witty attack on international marriages, said the other day in Waco:

"The Honorable Maude Lacland, the little daughter of the Earl of Lacland, and a Chicago port queen, once asked her mother:

"Mamma, how long does a honeymoon last?"

"Lady Lacland with a bitter smile made answer:

"The honeymoon may be said to last, my dear, until your husband begins to pester you for money."

The Mean Thing. Stella—Jack was on his bended knees to me last night.

Bella—Well, poor fellow, he can't help being bowlegged.

## PACKERS BEG YEAR'S DELAY

BEVERMENT MOVES TO QUASH  
HABEAS CORPUS WRIT BE-  
CAUSE OF TECHNICALITY.

### COURTROOM IS CROWDED

United States Attorney Says Question  
Is Whether Big Men Can Be Tried  
Like Others—He Hopes  
Against Hope.

Chicago, Nov. 17.—Nine great Chicago beef packers—all leaders in that industry with the exception of J. Ogden Armour—and a great crowd of spectators gathered in Circuit Judge C. C. Kohl's courtroom in the Federal building Thursday when the government's prosecutors, hoping almost against hope, attempted to force the packers to go to trial Monday on the charge of criminal conspiracy in restraint of trade. The packers have fought successfully against trial for nearly nine years, and by an unexpected move in obtaining a writ of habeas corpus Tuesday from Judge Kohl's court made it seem likely that another delay of a year would be gained for them.

James H. Wilkerson, United States attorney, showed the interest in the case and reflected somewhat the view of President Taft, when he said, before the hearing began: "The most far-reaching and important question in criminal jurisprudence to-day, and one in which the American people are manifesting the deepest interest, is not whether offenders of great wealth can be convicted, but whether it is possible to bring them to trial in the same way and according to the same principles as in the case of the ordinary lawbreaker."

**New Legal Entanglement Raised:** A broad new legal entanglement was awaiting decision by Judge Kohl's court—the last desperate technicality raised by the beef barons to gain time in the fight against possible jail terms. Today the question on which Judge Kohl's court will rule is the constitutionality of the penal provision of the Sherman anti-trust law. In the writ of habeas corpus, counsel for the packing house magnates separate the question of fact—that is, whether or not there is evidence of a conspiracy to monopolize trade in meat and packing house products generally from the question of law; that is, whether the penal section of the Sherman act to regulate commerce is valid and constitutionally drawn. The defendants say the law is defective in that it does not set up any standard by which violation may be measured, and that it is indefinite.

Only the supreme court of the United States can settle the question with finality. But adjudication of the issue in the highest court will take at least a year. Therefore the government prosecutors today went into court hoping against hope that they would be able to forecast an appeal to that tribunal until after actual trial on the question of fact and law set for Monday—had been begun. In this way the appeal would go to the highest court in connection with the appeal in the case proper.

## ARMY AND NAVY Y. M. C. A.

Building at Newport Presented by  
Mrs. Thomas J. Emery Dedicated  
With Considerable Ceremony.

Newport, R. I., Nov. 17.—Much ceremony and the presence of a section of the Atlantic fleet marked the dedication today of a fine building for the Army and Navy Young Men's Christian association. The structure is the gift of Mrs. Thomas J. Emery of Newport and Cincinnati as a memorial to her sons, Sheldon and Albert Emery. The morning exercises were held in the auditorium. William Sloan, chairman of the international committee of the Army and Navy Young Men's Christian association, presided, and Major General Leonard Wood, representing President Taft, made the principal address.

At 3:30 in the afternoon the flag-raising ceremony took place. The Rhode Island Sons of the Revolution presented two large American flags for the building, which was thrown open to the public for inspection. In the evening there will be an entertainment for the enlisted men of the army and navy. Members of the Naval Relief association and wives of many army and navy officers will take part.

### China Navy in Rebel Hands

## PLEAD GUILTY TO TARRING

RICH KANSAN PLEDGES FORTUNE  
TO FIGHT CHARGES.

Trio, Believing Chance of Venue Change Remote, Confess to Attack—Gossip in Evidence.

Lincoln Center, Kan., Nov. 17.—Three more members of the tar and feather party—Everett G. Clark, Watson Scranton and Jay Fitzwater Thursday pleaded guilty to assault and battery following the decision of the defense to withdraw a motion for a change of venue in the trial of charges made by Miss Mary Chamberlain, school teacher, who alleged she was decoyed to Shady Bend, Aug. 7, and "tarred."

County Attorney McCandless presented 192 affidavits to show that the defendants could have a fair trial here and as there was no statute in Kansas to prosecute for "tarring," the plea to an assault and battery charge was made.

The court, then, proceeded to select a jury to try Sherrill Clark, A. N. Sims and John Schmidt. The defense suffered a hard blow when Ed Ricord, the barber of Beverly, pleaded guilty and admitted that he had escorted Miss Chamberlain to the scene of the attack, and that she believed she was going to a dance. Judge Dallas Glover suspended sentence till after the other trials.

Ricord had been in jail here for the last three months, awaiting action on appeal from a justice court sentence of one year for complicity in the attack on Miss Chamberlain. He was the first man arrested in connection with the "tar party" case. It is alleged he received \$5 for his part in the affair. Ricord expects leniency as a result of his confession.

Interest in the case centered about Everett Clark, who is wealthy and influential. It was generally regarded that the fate of the other eight defendants, who are not as widely known as Clark, would depend largely upon the outcome of his case. Clark was quoted as having said he would spend his entire fortune, if necessary, to avoid punishment, so his taking a plea is another setback for the remaining defendants.

### Gossip to Be Evidence

Three women have been subpoenaed as witnesses, and it is evident the first of the test will concern gossip which is believed to have led up to the "tarring."

Fifteen men, most of them prominent in Lincoln county, were charged with complicity in the affair. The maximum sentence, which is being sought by County Attorney McCandless, is 12 months in jail and a fine of \$1,000.

The investigation instituted by Mr. McCandless developed the fact that some married women of Shady Bend—the gossip ones—were jealous of Miss Chamberlain and circulated stories that she and certain married men were "jolly"; each other entirely too much.

These gossips, it is believed, decided to make Miss Chamberlain leave Shady Bend, and to accomplish their end determined to disgrace her by some means or other. The tarring was then planned and the assistance of several farmers and men of Beverly and Shady Bend was sought.

### Illinois Remarriage Law Upheld

St. Louis, Nov. 17.—A decision of the appellate court to the effect that a couple, viola to the Illinois law which prohibits the marriage of divorced persons within one year of the date of divorce by being married in another state and returning to Illinois, are not legally married, casts a cloud over the marriage of a number of prominent persons now living in East St. Louis.

## IS CONSUMPTION A CURABLE DISEASE?

PO-MO-NA has perfected a number of run down Tuberculosis throats and lungs. From past experience, one of which is told below, it seems that the great White Plague is at last mastered. PO-MO-NA, a purely vegetable compound containing neither minerals nor narcotics, builds up the system and restores the patient to health and vigor.

A healthy body positively will not harbor a tuberculosis organ. PO-MO-NA fits the system for expelling all consumption germs.

Read what a prominent business man of Little Rock, Ark., says, regarding the beneficial results obtained.

Gentlemen:—This is to certify that for over one year I suffered with a run down or emaciated constitution and was fast running into consumption of the lungs. I tried many remedies, paid heavy doctors' bills but to no purpose. I was finally induced to try PO-MO-NA, and after using one bottle of the remedy, I felt greatly improved. When six bottles were taken my health was fully restored.

To all sufferers of Pulmonary troubles or weakened constitutions I strongly advise PO-MO-NA as the only remedy.

### NOT SO SURPRISING.

"They tell me Darling like's dead. Is that right?"  
"Sure, shot plumb through the heart."  
"Well, I ain't surprised, then; his heart always was weak."

### A Hunting Story.

An old backwoodsman that Abraham Lincoln often told of had very heavy, overhanging eyebrows, and wore big spectacles with brass rims. One day he came rushing into his cabin and setting his rifle, aimed it carefully through a crack of the door at a great oak tree that stood near, and fired.

"What is it?" whispered his wife. "A wildcat, Sairy," he said, excitedly, "an I missed him?"  
He hastily loaded and fired again, and then again.

"Now, hold on, Joshua," said his good wife, "let me look at you. Why, lawds-daisy, it's nothin' but a little bug on one of your eyebrows!"  
Housekeeper.

### Wine-Drinking.

France alone pays taxes in a good year on more than a thousand millions of gallons of wine—and there are six bottles to a gallon—while Algeria, planted with vines in the days of the phylloxera, supplies no less than two hundred millions. A tonneau of 200 gallons is a pretty large vessel, a thousand such would fill a good-sized ship; and we have to multiply that by a thousand before we reach the production of this one French colony—one-fifth of all the wine consumed in France.

### A BRAIN WORKER.

Must Have the Kind of Food That Nourishes Brain.

"I am a literary man whose nervous energy is a great part of my stock in trade, and ordinarily I have little patience with breakfast foods and the extravagant claims made of them. But I cannot withhold my acknowledgment of the debt that I owe to Grape-Nuts food."

"I discovered long ago that the very bulkiness of the ordinary diet was not calculated to give one a clear head, the power of sustained, accurate thinking. I always felt heavy and sluggish in mind as well as body after eating the ordinary meal, which diverted the blood from the brain to the digestive apparatus."

"I tried foods easy of digestion, but found them usually deficient in nutriment. I experimented with many breakfast foods and they, too, proved unsatisfactory, till I reached Grape-Nuts. And then the problem was solved."

"Grape-Nuts agreed with me perfectly from the beginning, satisfying my hunger and supplying the nutriment that so many other prepared foods lack."

"I had not been using it very long before I found that I was turning out an unusual quantity and quality of work. Continued use has demonstrated to my entire satisfaction, that Grape-Nuts food contains the elements needed by the brain and nervous system of the hard working public writer. Name given by Postum Co., like the Grape-Nuts."

"There's a reason, and it is explained in the little book, 'The Road to Wellville,' in plain English."

"Ever read the above advert? A new one appears from time to time. They are accurate, true, and full of human interest."

## HOW TO INDUCE SLEEP

AVOID ALL OPIATES AND OTHER FORMS OF "DOPE."

Light Meal Followed by Moderate Exercise, Well Aired Room and Warm Feet Usually Will Bring Peaceful Slumber.

There are sound hygienic methods by which sleep may be induced. Incursions into the realm of patent medicines, opiates, and all sorts of slumber elixirs which are summed up as "dope," should be avoided. But the moral of this lesson has been pointed over and over, yet little has been said about natural methods of inducing sleep. Under this head does not come the various mental contrivances such as "counting sheep" or reciting the multiplication table. Oxygen is as necessary to the body cells during the hours of sleep as at any other time. Perhaps in the case of children it is even more necessary. For them sleep means the time of anabolism, growth and repair. The old prejudice against open windows still exists, in spite of the campaigns of education in the newspapers and in the schools. Dust in the rooms, an imaginary draft, the fear of cold, and many other stupid reasons are advanced in excuse of this pernicious prejudice.

The organs of the body also should be considered, and no excessive work should be given the heart or digestive organs before retiring to rest. High pillows lead to an increase in the heart's force at a time when the heart should have the lightest work. Pillows that are too low may cause headaches, and even sleeplessness, through an excess of blood being in the brain. Heavy late suppers are unwise, but a light meal, followed by such moderate exercise as a short walk, is generally conducive to sound sleep. The light meal causes a withdrawal of blood from the stomach into the stomach area and the body generally. The body is therefore warmed, and this is important.

Cold extremities, particularly cold feet, cause sensory stimulations, which produce sleeplessness, often for hours. People who suffer in this way should take means to keep their feet warm artificially by using sleeping socks, or slippers, or by the use of hot water bottles, and by sleeping between blankets.

It is, of course, fatal to sound sleep to go to bed "with anything on the mind." In those occasional and pleasure-loving days we often retire to rest after receiving a long series of vivid sensations which often account for hours of sleeplessness. Sometimes this may be relieved by a gentle friction of the head with a medium hard brush.

We cannot hope to always drive away the disturbing sensory impulses, for, built as man is, joy, suffering, grief, responsibility and worry (last, but by no means least), must find their place in his life at some time or other. Life without these would be at best a mere existence, and so we must pay the bill at such times. And even then fatigue must cause sleep ere long.

It may be wise not to be too particular about noises when little children are asleep. At some future time they may be thankful for learning to sleep while a certain amount of noise is going on. For instance, there is no reason why they should not be accustomed to sleep while a piano is being played in another room in the house.—Spokane Spokesman Review.

### Veneered Furniture.

In these days of the veneered furniture, when the buyer chooses only that piece of quartered oak that shows the most flake in the cut, it is well to make it a point to never allow water or liquid long to remain on the surface, this especially of tables, for it is liable to reach the glue beneath this paper-like surface, and later when drying out make it lift and bulge, to repair which only an expert is capable. Damages can easily reach it almost unobtrusively by placing on it a vase or jar which has in it some cool substance that might make moisture collect on the outer side and leak to the table top. This should be guarded against, as varnished surfaces become opaque and this more often than the veneer bulging, which happening is verily a calamity.

### Child of Genius.

An actor was talking at the Play ers' Club in New York about David Belasco's skill as a stage manager. "Belasco," said the actor, "has a superhuman sense of the harmonies, the fitness of things. This enables him to carry out a stage scene to such small details as no man ever dreamed of before."

"Belasco," even in his childhood, possessed this unique sense of harmony. An uncle once gave him a couple of chocolate cigars, then said to the little boy:—

"What are you going to do with them, David?"

"I'll go and eat them in the smoking room," was the prompt reply.

### Did Not Fill the Bill.

Old Lady: There is one thing I notice particularly about that young man who fails to see you. He seems to have an unborn, instinctive respect for women. He treats every woman as though she were a being from a high echelon, as he approached only with the utmost delicacy and deference.

Granddaughter (sweet eighteen): Yes, he's a horrible beastful—New York Weekly.

## MARRIED AND UNMARRIED LADIES

Will Find Some Useful Advice in the Words of Mrs. Jay McGee of Stephenville.

Stephenville, Tex.—"For nine years," says Mrs. Jay McGee, of this place, "I suffered from womanly troubles. I had terrible headaches and pains in my back, etc."

My husband suggested Cardui to me, but I did not think anything would do me any good.

It seemed as if I would die, I suffered so! At last, I consented to try Cardui, and it seemed to help me, right away. I was interested, and continued its use.

The full treatment not only helped me, but it cured me.

It will do the same for all sick and suffering girls or women—both married and unmarried.

I will always praise Cardui highly, for it has been the means of saving my life and giving me good health."

Half a century of success, with thousands of cures, similar to the one described above, amply prove Cardui's real, scientific, medicinal merit.

Being purely vegetable, Cardui can be taken safely by young and old, and can do nothing but good. Its action is very gentle, and without any bad after-effects.

Why not benefit by the experience of others? Try it, today.

### THE PESSIMIST.

Policeman—That fellow is hating trouble.

Mr. Want-to-Know—Why?

Policeman—He's looking for the physician license bureau.

### PHYSICIAN ADVISES CUTICURA REMEDIES

"Four years ago I had places break out on my wrist and on my shin which would itch and burn by spells, and scratching them would not seem to give any relief. When the trouble first began, my wrist and shin itched like mad. I would scratch those places until they would bleed before I could get any relief. Afterwards the places would scale over, and the flesh underneath would look red and feverish. Sometimes it would begin to itch until it would make me mad. I was scratching at the places until I was weary of the scratching ordeal again."

Our physician pronounced it "dry eczema." I used an ointment which the doctor gave me, but it did no good. Then he advised me to try the Cuticura Remedies. As this trouble has been in our family for years, and is considered hereditary, I felt anxious to try to head it off. I got the Cuticura Soap, Ointment and Pills, and they seemed to be just what I needed. "The disease was making great headway on my system until I got the Cuticura Remedies which have cleared my skin of the great pest. From the time the eczema healed four years ago, until now, I have never felt any of its pest, and I am thankful to the Cuticura Soap and Ointment which certainly cured me. I always use the Cuticura Soap for toilet, and I hope other sufferers from skin diseases will use the Cuticura Soap and Ointment."

### Explained.

"An old lady, the customer of an Irish farmer, was rather dissatisfied with the watery appearance of her morning's cream and finally she complained very bitterly to him.

"Be aye, mum," said Pat. "You see, the weather of late has been so terrible hot that it has scorched all the grass off the pasture land, and O! have been compelled to feed the pore cattle on water lilies!"—Ideas.

The backache grew gradually worse until I was compelled to take to my bed. While still in bed, I began using Doan's Kidney Pills and gradually improved until well."

## Business Instinct Strong.

"I see that you take pickchers for four dollars a dozen this week, so I come for mine. And I want this little boy took in the same pickcher with me." "Yes, madam—but, of course, we must have an extra charge outside this special rate when two pictures are taken at once." "Oh," says the lady, "but I'll keep the boy in my lap. ## DOCTORS FAILED. RESTORED BY PERUNA.

### Catarrh of the Lungs

#### Threatened Her Life.

Miss Ninette Porter, Brantree, Vermont, writes: "I have been cured by Peruna. I had several hemorrhages of the lungs. The doctors did not help me much and would never have cured me. I saw a testimonial in a Peruna almanac of a case similar to mine, and I commenced using it. I was not able to wait on myself when I began using it. I gained very slowly at first, but I could see that it was helping me. After I had taken it a while I commenced to lose my strength, sticky substance from my lungs. This grew less and less in quantity as I continued the treatment. I grew more fleshy than I had been for a long time, and now I call myself well."

## CHARGED WITH EMBEZZLEMENT.

W. J. Rice, bank promoter, was arrested here the past week upon a state warrant issued by the governor of Kentucky upon information from the governor of Mississippi charging him with embezzlement. He was arrested and placed in jail awaiting the arrival of Deputy Sheriff Jones, of Hinds county, Miss., who left here the latter part of the week with his prisoner. Three or four other indictments are also pending against Rice in Mississippi.

He organized the Central Bank of Mississippi at Jackson, and in connection with this institution it is alleged the embezzlement resulted.

Rice was here prosecuting his suit for \$110,000 damages against Dr. Ben L. Bruner, secretary of state when arrested. Rice organized the Lynn Grove bank and when Bruner refused the institution a charter wrote to officers of the bank and made some caustic charges against Rice which formed the basis of the suit against the secretary of state. The damage suit was continued and following Rice was arrested. Previous attempts have been made to get Rice back into Mississippi without success. He made endeavor to secure his release last week claiming that he was under bond to the courts of this state but Judge Hanbery released him to the custody of the Mississippi officers.

Association tobacco growers can do no better than to have Charley V. Farmer prize their tobacco this season. He has a record as a prize second to none in the entire black patch. As prize for three years at Fulton he prized 1,850 hogsheads and not a single reclamation was made against a single hogshead. He is located at Murray in the Duquid brick on the corner just west of the railroad.

## A BALD-HEADED WOMAN.

### Shorn of Her Crown of Beauty, Loses in Love and Marriage.

Hair is certainly most necessary to woman. Who could love and marry a bald-headed woman? What charms could one array to offset such a disfigurement?

A woman's goal is usually love and marriage. Her crowning glory is her hair. The loss of her hair mars her beauty, happiness and success. Yet, right here in Murray there are thousands of women who are neglecting or injuring their hair to such an extent that it is only a matter of time when it will be utterly ruined.

Many women destroy the beauty of their hair through thoughtlessness or ignorance of certain facts. They use curling irons over-heated, or to excess, which destroys the natural oil of the hair, causing it to split, break and come out. They do not shampoo their hair often enough, or too often. They use soaps or preparations which contain ingredients positively harmful to the scalp and hair.

As a result of such treatment, dandruff is created, the hair loosens, loses color, falls out, and the baldness commences, unless proper and prompt precautions are taken in time. Then again, microbes and certain diseases bring about unhealthy scalp and hair conditions. Almost any woman can rid herself of dandruff and diseased scalp and hair if she will but use the right remedy. We have that remedy, and we will positively guarantee that it will either cure dandruff and baldness or it will not cost the user anything.

That's a pretty broad statement, but we will back it and prove it with our own money. We will return your money if you do not find that Rexall 93 Hair Tonic is an entirely satisfactory remedy that will promote hair growth and over come scalp and hair troubles; that it will grow hair even on bald heads, unless all life in the hair roots has been extinguished, the follicles closed, and the scalp is glazed and shiny. It gets its name from the fact that it grew hair in 93 out of 100 cases, where it received a thoroughly hard, impartial and practical test.

We want you to try Rexall 93 Hair Tonic at our risk. You surely cannot lose anything by doing so, while you have everything to gain. You had better think this over, and then come in and see us about this offer. You will be well repaid for your visit to our store. Remember you can get Rexall Remedies in this community only at our store—The Rexall Store, Dale & Stubbinsfield.
