PATIENCE AND ENDURANCE ARE THE FATHERS OF HUMAN PEACE ON EARTH

Patience and endurance are the fathers of human peace on earth. They are the keys to success in life. The person who has patience and endurance is the one who can overcome any obstacle.
Gold to buy here and continue to buy in London with you. Again with a few exceptions, the houses have always prospered and I do not think you will fail to make a profit, it is quite possible that you will make a very fair profit. It is quite possible that I may have to go away for a bit, for I have to attend the law school for a year or two. It is quite possible that I may be away for a year or two. JUST HUMANS

BY GENE CARR

In the last ten years there has been a great increase in the number of automobiles on the roads, which should make the roads better. Automobiles are not only pleasing the aesthetically minded, but they are providing a comfortable mode of transportation for the people. When properly driven, they do not produce as much noise as the old-fashioned horse-drawn vehicles. They are also more economical in terms of fuel and maintenance.

CONSTRUCTIVE ADS

What is enough to make life better? Be able to stand up for the rights of others. Advertisements are simply the means of impressing the public with the idea that what is being advertised is better than anything else. The idea is to create a demand for the advertised product, which will then be sold at a profit. The better the advertisement, the more likely it is that the product will be sold.

GOOD CITIZENS

A democracy is a government of the people, by the people, and for the people. It is a government in which the power is vested in the people, and the people govern themselves. It is a government in which the people can express their opinions and take part in the governance of their country. It is a government in which the people have the right to vote and to influence the course of government.

IGNOBLE BUT NOT IGNORINNIOUS

To KEEN'S CRAW

A typical American job and the big, olde, poor, being beat up, militating against the industrial and business interests is a right. But perhaps the most important and interesting aspect of the movement is the participation of American women. American women, all the women.

I'VE A WAY

WITH BEARDS!

THAT'S MIDDLE AGES

The great majority of the people in America are ignorant of the history of the country. They never hear about it from one end to the other. They never hear about it from one end to the other. It is true of both the old and the new country. In the old country, we are not stupid. In the old country, we do not let our children wear beards.

South Fulton played Fulton City in the Wirehouse finals. Friday, December 2.

South Fulton's win proved to the world that Monday night's victory over Fulton was no fluke. The game was a hard-fought battle between two evenly-matched teams. Both teams were determined to win and played a game of high tension throughout.

The game started with a bang as South Fulton scored a goal in the first few minutes of play. Fulton City, however, fought back and tied the score soon after. The rest of the first half saw both teams playing hard, but no further goals were scored.

In the second half, South Fulton took control and scored two goals, giving them a 2-1 lead. Despite being down, Fulton City didn't give up and tried to score more goals to get back into the game. However, South Fulton's defense was strong and they managed to hold their lead.

The final score was South Fulton 4, Fulton City 2. South Fulton emerged as the champions of the Wirehouse finals.
