House for 50 Cents

You can't buy a house for 50 cents. But you may be able to sell a house by means of a 50-cent classified ad in the Courier. It happens fairly often. Only recently, a \$6,000 house was sold through a 50-cent ad in the Courier. And that's pretty cheap brokerage fee, isn't it? Try a Courier classified now.

Solomon is Plenty Wise For a Young Sprout of 42

Way back in the good year 1912, and on the 12th day of April, a son was born to Mr. and Mrs. J. D. Solomon, who lived on the Benton-Paducah Highway near the present Access road.

Mr. and Mrs. Solomon named their son James Homer.

James Homer (most folks know him now as just plain Homer) was graduated from Benton High School in the depression year of 1931 and attended Murray State College and the University of Kentucky.

Homer was a bright lad, and his friends and neighbors selected him to go to war in January of 1944. So Homer marched (or rode) away to war with the Field Artillery. He arrived in the combat zone of Europe a month and a half before the war ended. (We told you he was bright). So he served in the Army of Occupation in Germany, talked the Army out of a Good Conduct Medal and finally got his hands on a discharge late in 1946.

Back to Benton came our hero Homer, and he started teaching in the Benton school and peddling insurance on the side. His insurance business got so good, he quit teaching in 1952.

Homer is married to the former Verda Darnall and they are the parents of one son, Spencer.

J. HOMER SOLOMON

Homer is a member of the Lions Club, VFW, American Legion and is a wheel president, that is of the Marshall-Calloway County Division of the Artificial Breeders Association.

If you want to know anything about cattle or insurance, just see Homer. He's a bright boy and a good guy.

Be a Good Citizen - VOTE

AN EDITORIAL

Marshall County citizens face some important decisions in the election Tuesday, Nov. 2. Many people think "off year" elections are unimportant and fail to exercise their privilege to vote.

But there are no unimportant elections. Every election, from justice of the peace to president, is vital to the welfare of our nation. And every GOOD citizen should be interested enough in his government to register and vote in every election.

The race between Alben W. Barkley, Democrat, and John Sherman Cooper, Republican, headlines the Nov. 2 election in this county and, for that matter, all over Kentucky.

Both of these men are extremely able. Both are of strong character and great courage. A voter could not go wrong in casting a ballot for either of these fine men. But a voter must make a choice.

After 40 years of outstanding public service, we think Mr. Barkley should go back to Washington and finish his brilliant political career "in the harness". And we think the voters of Kentucky will send him back to Washington.

But the people of Kentucky also should do everything in their power to keep John Cooper in government service. Kentucky needs him. The nation needs him. And, assuming that he will be defeated by Barkley, he should be given a high position in the government of this country. Perhaps in a few years he can be elected to the Senate again.

Noble Gregory of Mayfield is unopposed in his race for re-election to the national House of Representatives. Mr. Gregory also has made an outstanding public official and, without doubt, will be re-elected.

Of more immediate concern to the voters of Marshall County is the school board election. And certainly no registered voter should fail to cast his ballot in this election.

In district 5, Bob Ross is an unopposed candidate for the place now held by Thomas V. Mobley, who is retiring. In District 2, W. J. Brien, who now is vice chairman of the county school board, is seeking re-election. His opponent is Othal Smith, owner of The Tradewinds.

Two Benton men are asking re-election to the city school board. They are Walter (Dolly) Myers and W. S. (Dub) Castleberry. Neither has an opponent.

The voters know the candidates and the issues. It is now up to the people to choose the men they want. Be a GOOD citizen, and vote. Here are 10 guides for GOOD citizenship:

1. Know and defend the rights guaranteed by our Constitution.
2. Know your Government; its functions, its officials, and the issues confronting it.
3. Endorse candidates who will enact laws you believe to be sound and equitable.
4. Support issues you believe to be sound and equitable.
5. Be active in the affairs of your local, state and national political organizations.
6. Advise your Congressmen of your views on important issues.
7. Oppose those who seek unfair benefits from your Government.
8. Seek public office to serve your community and your country.
9. Qualify to vote, and vote intelligently in every election.

Draffen's Observes Its 48th Anniversary

Forty-eight years ago, long before anyone ever dreamed that Calvert City would become the bustling industrial center that it is today, the Draffen family established a general store in the town.

Ever since that date, the Draffen store has served the people of the Calvert City area.

How well the store has served the area was demonstrated recently when Draffen's celebrated its 48th anniversary and thousands visited the store to pay tribute to the Draffen family and also to shop for the outstanding bargains offered in the anniversary sale.

During all of these 48 years,

the Draffen family has been closely identified with the progress of Calvert City as well as the entire county.

Most of the employees of the Draffen store have been connected with the company five to 36 years. The store's employees are Raymond Butler, Erma Davis, Mayme Ford, Myrtle Ham, Virginia Raley, Lorene Jackson, Ralph Smith, Lyman Davis and Tessie Gordon.

Draffen's Dept. Store offers merchandise in many, many lines and the present-day store is modern in every respect. The business is owned and operated by Mert Draffen and his son, William Roy Draffen.

Taters Are Getting Bigger; Barefield Brings in Whopper

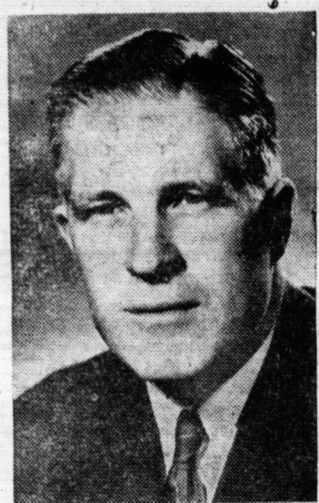

Times may be getting harder, but sweet taters in Marshall County are getting bigger and bigger.

And if the worse gets worse, we can all bake a batch of sweet taters and eat like a king. Comes now Aron Barefield, our esteemed magistrate, and shows us a tater that weighs 6 pounds. It was grown by Mr. Barefield's neighbor, Orville Norris, of Route 6.

Mr. Barefield himself grew a tater that weighed 4 pounds, but he was ashamed to show it off after seeing Mr. Norris' sweet potato. So instead, Mr. Barefield brought Mr. Norris' tater to the Courier.

Who's next with another big tater?

Pont Nelson Gets Honor Award From The Rexall Drug Co.

Nelson's Rexall Store of Benton has been designated as an honor store by the Rexall Drug Company.

Announcement of the honor was made last Thursday by Justin Dart of Los Angeles, president of the nationwide Rexall Drug Co., in a telegram to the Courier.

The telegram stated: "In recognition of its high standards of community service, Nelson's Rexall Store has been designated as an honor store by the Rexall Drug Co."

The store is owned by Albert Alphonzo Nelson, who also answers to the name of Pont. The entire county, we feel certain, shares Pont's enthusiasm about the new honor.

Marvin Wyatt of Benton who has been ill for two weeks was carried to the Mayfield Hospital Friday of the past week.

The president turned the meeting over to the program chairman who presented the program entitled "Make a Highway for Our God."

If I Hadn't Compared Financing Costs I WOULD HAVE PAID \$200.00 TOO MUCH FOR MY CAR

"The unpaid balance on a new automobile I bought would have cost me \$200.00 more for financing and insurance, through a large finance company, than it actually did through my State Farm agent and a local bank." (One of many actual cases.)

Many People Assume Financing Rates Are Standard THEY ARE NOT!

Bank Plan offers you two proven money-saving methods for car buying: Lowest financing through a nearby bank and low-cost preferred-risk insurance rates. Get your own figures on the car you want and COMPARE them with Bank Plan costs FIRST! Call or see your State Farm agent BEFORE you buy.

County Farm Agent

This may not be the best baking size, but Mr. Morris can really have fried potatoes. The Farm and Home Development Club held its fall progress meeting last Saturday. The families made great progress and much was accomplished. The fall group of the Farm and Home Development Program will have their first meeting Saturday, Nov. 13. All farm people of the county are invited to participate. It is free help available to all the people of

the county. We would like to help farm families to do better what they are going to have to do anyway. Why don't you sign up now and get the advantages of the program. We want to help farm families help themselves.

The 4-H Council will be reorganized Monday night, Nov. 8, at the Community Building. A potluck meal will be served at 6 o'clock. Mrs. J. D. Gammel of Benton will become assistant home demonstration agent of Marshall County Nov. 16. She will spend part of her time on the 4-H club program as well as the general

extension program of the county. All farmers with over \$400 net income will become eligible for Social Security Jan. 1, 1955. This is a compulsory law passed by Congress a short time ago. Meetings will be held to explain the program in various parts of the county.

CONTRIBUTE TO OUR Girl Scouts

The annual fund drive of the Bear Creek Girl Scout Council will begin in this county on Nov. 1.

Mrs. H. H. Lovett Jr. and Mrs. Madeline Conrad have been named co-chairmen of the local drive. Officials of the Bear Creek Council say that the funds are badly needed to take care of a deficit incurred in recent years. The Bear Creek Council issued this statement: "The money contributed is used to pay for maintenance of the camp on Kentucky Lake, training programs for volunteer leaders and executive salaries. If these important services had to be paid for by the children, it would cost each child over \$10 per year and this would automatically eliminate poor children. I know you will agree that we cannot allow this to happen."

There is no more vital work that presents a greater challenge to all of us. The most important task of each generation is to bear, rear, educate and protect the one that follows and the most important part of this job is character building. This is a field in which the Girl Scout organization excels. Let us continue the good work."

Among those from Benton who went to Smithland last week to hear the Rev. Ted Hightower were Mr. and Mrs. W. G. Dappert, Mrs. Herman Kanatzar, Mr. and Mrs. George Long.

Mr. and Mrs. Jimmy Whitehead and daughter of LaCenter were guests during the weekend of her parents, Mr. and Mrs. F. E. Williams in Benton.

Homemakers of Cherry Grove Meet With Mrs. Phillips

The Cherry Grove Homemakers Club met Oct. 15 with Mrs. Hui Phillips. Lesson for the meeting was "Meals for Special Occasions."

Mrs. Ruble Cope and Mrs. Wesley Stone, foods leaders, prepared the meal of baked ham, corn pudding, broccoli with cheese sauce, winter salad with tomato soup dressing, and cookies with strawberry sherbet.

The table was set for the nine members and the visitors—Mrs. James Hamlet, Mrs. Bart Ivey, Mrs. Rudy Gardner, Mrs. Barbara Smith and Miss Sunshine Colley.

The afternoon was spent in viewing films of home accidents and in discussing club business. A new member, Mrs. Pearl Vaughn, has joined the club. The next meeting will be held Nov. 18 at the home of Mrs. Roy Schmaus. Visitors are welcome.

Work Worthwhile

Lesson for October 31, 1954

SOME very kind-hearted person remarked that something good could be said about everybody. "What good could you say of the devil?" he was asked. "Well," he answered, "the devil's a mighty hard worker!"—which goes to show that work, by itself, is not necessarily a good thing. It depends on what you work at, and on what comes of your efforts. Work is certainly not good if it does harm. If only the devil had been born lazy, how much better this world might be! Work is not good, Dr. Foreman either, when it is nothing but "busy-work," mere effort with no purpose, nothing to be gained by it. A person could go down to the seashore with a large shovel and pile up a mountain of sand one day and shovel the whole thing flat again the next day . . . but so what? Aside from the exercise, no use at all. And the exercise itself might be better gotten in other ways.

Work and Value

Work has dignity, work is worthwhile, only under certain conditions. One of these conditions can be expressed in this way: Does the work increase or create value? A piece of iron is worth far less than the same iron made into steel watch springs. The work done adds to the cost, of course, but also to the real value. A weedy, eroded field is not worth what the same field is worth when it has been worked, fertilized, planted, cultivated and a fine crop of potatoes, cotton, wheat or what not is growing there. Karl Marx pointed this out in the 19th century; only he overlooked something important. He seems to have had the notion that the only work that adds to the value of things is manual labor.

It is true, as he said, that the toil of the miners goes into the value of the coal you burn; but he was wrong in thinking that labor contributes everything, management nothing. A president (a good one, no stuffed shirt) sitting in his office may not do enough physical work in the course of a week to raise a drop of perspiration. But his plans and decisions are work too, and they may add more value to what his plant turns out than any 20 stevedores on the place.

Work and Character

Work has dignity too, and it is worthwhile, when it produces that highest of all values, character. The many contrasts in Proverbs between the worker and the lazy tout bring this out. The worker is not only adding to the sum of values in the world, he is building his own character. The hand of the diligent shall rule, one Proverb says. That is, the worker grows capable by the very work he does. The reward of good work is not usually a vacation but a promotion, that is to say, a chance to do more work on a larger scale. Most Presidents of the United States, however capable they were when they were elected, left the White House able men than when they entered. This is all just as true on the humbler levels of life. All work has dignity, all work is worthwhile, when it adds to human values and when it builds the character of the worker. A garbage collector is adding to the health-values of the community; and if he is a good one (no stuffed blue shirt!) he can be growing in character too. There is a certain professional cleaner of grease traps who looks on his work with such pride and satisfaction that he has been an inspirer of other men.

Laziness is a Sin

The Proverbs point out three sins in this area of life. One is pure laziness. The lazy man does not usually think of himself as a sinner. He isn't doing anything. But that is just the point. Not doing what needs to be done is a real sin, it eats out the lazy man's character in no time. Another sin is slackness, the "sin of slapdash." The man who is slack in his work is brother to the destroyer, it is said. How many buildings have burned down because of "defective wiring!" And what does any price of defective wiring spell out somebody's carelessness on the job? How many crops have been lost not because any one destroyed them but just because what had to be done was not well done?

Paducah Girl Wed to Boyce Clayton, Benton

Grace Episcopal Church in Paducah was the setting on Friday evening, October 15, for the wedding of Miss Doris Winthrop Simon, daughter of Mr. and Mrs. Arthur Simon of the Madison apartments, and Boyce Clayton, son of Mr. and Mrs. Dan Clayton, of Benton.

The double ring ceremony was performed by the Rev. S. Hughes Garvin. Miss Simon, given in marriage by her father, had as her only attendant her sister, Miss Martha Simon. Mr. Clayton served his son as best man. The acolytes were Arthur Simon, brother of the bride, and Melvin Cornillaud, and ushers were L. O. Miller and Jack Hester.

The traditional wedding marches, played by Mrs. Marvin Shadel, were used for the processional and recessional.

Miss Simon wore a suit of midnight blue velvet with a white satin collar embroidered in pearls and white bugle beads. Her hat was of white, she carried a prayer book topped with gardenias and satin streamers.

Miss Martha Simon's gown was of rose satin, ballet length, and made with a bateau neckline outlined in self-colored lace. She carried an old-fashioned bouquet of aqua carnations.

Mrs. Simon wore an ensemble of deep rose brocade satin. Her flowers were gardenias. Mrs. Clayton, mother of the groom, wore blue faille with white accessories.

Immediately following the ceremony a reception was held in the parish house. The room was decorated in magnolia leaves, white gladioli and pom-poms. In the windows were set white tapers centered in arrangements of magnolia leaves, and the greenery used throughout was in silver containers.

The bride's table was overlaid with a linen and Italian lace cloth and held a three-tiered wedding cake. Punch was served the guests by Misses Barbara Higdon and Mary Anne Owens, and Mrs. Fred Pittard. The wedding register was kept by Miss Bonnie Lyon.

Among the out-of-town guests attending were Mr. and Mrs. Malcolm O. Heath, Dannie Heath, Mr. and Mrs. Paul Darrell, Robert Heath, Mr. and Mrs. Mark Clayton, Tony Dungan, Mrs. Dilmer Dungan, Mr. and Mrs. Reid Heath, and Mrs. Joseph Cox, all of Benton; Mrs. Mike Egan, Mrs. Murray Falconer, Mrs. Fred Fahr and Mrs. Eberhard Bucher, all of Cairo, Ill.

Mrs. Frank Pierce of Route 1 Hardin was a visitor in Benton Saturday.
