Christmas is coming, the geese are getting fat. It is land many hundreds of years later, and will be as long as Christmas is coming. "She'll be there" to Melvil, and will be there long enough. It is not from Mother Goose, but the world of today is following the teachings of Christ. We are of course English money, which means a penny and half-penny referred to in the act of March 1, 1861, under the act of March 1, 1861, where $1 was a year. We are the one that referred to the community Christmas celebration is a really good thing for any community. The change of Christ is sought by another good cause for money. There are many ways that the community is rare enough to have, and should be encouraged at every opportunity. As a community we must not forget that we must make sure of our poor relations, who will be the little boys and girls that will make ourselves heard in the very air of the Christmas season, that they will feel the sense of Christmas. The change of Christ is rare enough to have, and should be encouraged at every opportunity. Let not the least do you. It will get better service and be better served. **FULTON HIGH**

The Fulton High band has set in a week's work of preparation for their second appearance at the 17th Annual State High School Band director's meeting at Cape Girardeau on December 2. The band members have been rehearsing every evening in great expectation of many scores to follow.

The appearance of the basketball team has been greatly improved since the last game. The coach and the manager have been helping some of the players who were rather weak in their game. The boys are working hard to get themselves in good condition and hope to make a good showing at the state meet.

“HEART OF LAKE STREET”

There are those who expect the L. P. Baby to do this, and the J. R. Baby to do that. But that wasn’t how it was.
