**HIGHWAY TO
MAYFIELD TO
BE SURFACED****Black Top Treatment Order-
ed Last Week by High-
way Commission****WORK EXPECTED TO
BEGIN IMMEDIATELY****Will Be Paid For Out of
Highway Maintenance
Funds**

The Mayfield-Murray road is to be surfaced with a "black top" treatment. It was announced last Thursday by Roy M. Shelbourne, Paducah, member of the State Highway Commission from this district.

At a meeting of the highway board last Wednesday at Frankfort, T. B. Smith, state maintenance engineer, was directed to come to Mayfield and Murray, so over the road and then decide on the type of surface treatment to be given.

Mr. Shelbourne stated last week that Mr. Smith would be here some time this week to inspect the road and make his recommendations, after which the work would be promptly started.

Political leaders in both Murray and Mayfield have been working on this project for some time and received assurances some time ago that the work would be ordered.

It is understood that the type of road to be built will be that constructed with limestone rock and tar. This type road is the next step above gravel. It is smooth, hard and dustless but requires considerable maintenance as the tar is washed out by water.

The distance from Murray to Mayfield is 26.3 miles, the road running west to city, thence north through Sedalia to Mayfield. It is understood that the road will be surfaced as it now runs, that the sharp curves between Sedalia and Mayfield will not be straightened.

The black-topping will be paid for out of the road maintenance fund and will not affect the construction budgets of either Graves or Calloway county.

Road To Be Ready in November

Traffic on the Mayfield-Murray highway will be riding on a hard-surfaced road about November 1, a group of Mayfield citizens were assured Monday night by T. B. Smith, Frankfort, state engineer of maintenance for the Kentucky Highway Department.

Smith and J. A. Spears, Paducah, district maintenance engineer, were in Mayfield Monday night after going over the route from Murray to this city with prospects of placing "black top" on the road.

Engineer Smith, according to those in conference with him here, stated he would order material immediately for the surfacing of the road. A mixture of limestone and tar will be used as retarder for the route.

Within eight days, four crews will begin work on the road surfacing project. The divisions of the work will be at Mayfield, Sedalia, Tri-City and Murray, it was stated.

The road work is to be paid for out of the emergency maintenance fund of the State Highway Department without cost to Graves or Calloway county, it was announced. Mayfield Messenger.

**Pouring Concrete
for New Postoffice**

Construction of the new Murray post office continues to proceed at a fast pace. More than half of the concrete foundation had been poured at noon Wednesday and the complete foundation will be ready within a few days.

Brick is already arriving on the grounds and masonry will be begun some time next week, it is expected.

**Murray Store To Be
Lerman Bros. Frisest****Says Ed. Bellenger Publicity
Director for the Organization.**

Ed. Bellenger publicity director for the fifteen Kentucky stores of Lerman Brothers arrived in the city Monday and expressed himself highly pleased with the work of remodeling done on the company's latest store in the Turner building.

Mr. Bellenger said, "Our Murray store being our latest addition, will naturally be our most up-to-date. It will carry a complete line of ladies' misses and childrens dresses, coats and accessories as well as an extensive line of men's and boys clothing; shoes for the entire family, while another department will feature household furnishings. The dry goods department will be the most complete ever shown in this locality.

Mr. William Packman who will be resident manager of this new store has been here for sometime with Mrs. Packman and family and will move into the new home being erected for them by Mrs. Pittman here in Murray.

When you do attend the opening Friday, October 9, you will really see the job has been completed in a thorough manner. The most modern design of fixtures have been installed showing just how a modern department store should look.

Mr. Packman has a large force of help busy marking and arranging merchandise for the opening. So that you may be waited on efficiently by a force of alert and courteous salespeople who have been picked from over two hundred applicants.

The statement follows:—"In the marketing of your crops, your attention is invited to the advantages which will accrue to you by handling through a co-operative association."

**HOUSEBREAKER
LOOTS 1 HOME,
TRYs ANOTHER****Takes Valuables from Wil-
liams Residence on Pop-
lar Tuesday Night****POLICE DOGS TRACE
TRACKS TO RAILROAD****Thief Alarms Frazee, Resi-
dence Trying to Enter
Through Window**

Murray residents are somewhat fearful of an outbreak of house-breaking and petty thievery during the coming winter, following the looting of one home and ineffectual efforts to break into another here Tuesday night.

The housebreaker went into the home of Mrs. Love Williams, on West Poplar, shortly after 10 o'clock Wednesday morning. He entered by the front door which was unlocked.

Entering the room of George Williams he took small change from the dresser, stole Mr. Williams' watch and a 32 calibre Smith & Wesson revolver. Two pairs of Mr. Williams' trousers were rifled. The thief failed to rouse Mr. Williams, who is a sound sleeper.

Afterward he entered the room of Miss Mary Williams, also on the second floor of the home, and had taken two rings and a dresser when the reflection of his flashlight in the mirror awoke Miss Williams. Her calls for help sent the marauder running and also awakened her brother.

Mr. Williams followed the thief to the steps but was halted when he was threatened with the gun. The man did not speak. Mr. Williams said, Mr. Williams looked at the house clock when the man left and it was 3:20.

About three o'clock, presumably the same crook attempted to enter the home of K. C. Frazier at Ninth and Main streets. No one was home.

A screened window aroused Mrs. Frazier and her screams aroused Mrs. Frazier. The man ran but the shrubbery thinking perhaps he had hidden there.

Police dogs were brought from Sobres, Ky., Wednesday morning and from both residences traced tracks to the small park near the railway station.

John Lovell, who works on the highway construction gang south of town, Wednesday morning found a key ring belonging to Mr. Williams in the street near the park. The ring was taken from Mr. Williams' pockets the night before.

IDLE STILL FOUND

A fifty gallon still and two barrels of mash were taken by the local sheriff force last Thursday night. The still was located on a farm belonging to Mrs. Mary Cutsler, four miles east of here on Clark's River.

The still was not in operation when found and no liquor was taken. No arrests have been made concerning the operation of the still. The officers making the seizure were: Sheriff Clint Drinkard, J. H. Orr, W. V. Parker, and Bart Osborne.

**District Methodist
Meet Opens Tuesday**

Reports and addresses will be made by the delegates. The evening service at 7:30 will open with a prayer given by the children of the Children's World Club, following will be a sermon by Dr. C. C. Daniel of Paris.

The meeting will continue through Wednesday with lunch served at the church for the visitors.

**Parker Brothers Have One of Finest
and Most Modern New Bakery in State****E. J. Miller Produces
16-Foot Sorghum Stalk**

A stalk of sorghum sixteen feet high was brought in Wednesday by Mrs. E. J. Miller. The stalk was produced on Mr. and Mrs. Miller's farm about four miles south of Murray on the Hazel road.

Mrs. Miller says that these specially tall stalks grew in a slight depression in the land where they got plenty of moisture.

The stalk is now on display in the lobby of the First National Bank.

**VARSITY, FROSH
BILLED AT HOME****Thoroughbreds Meet Delta Here
Friday; Miller's Men Meet
Freed-Hardeman**

The Thoroughbreds will set paces for out-of-state teams here this week-end on the College Field with the varsity meeting the Delta Teachers on Friday afternoon and the Freshmen taking on the Freed-Hardeman Junior college eleven Saturday afternoon.

The varsity coming out of last week's defeat at the camp of the Union University eleven will meet the Delta gridders for the second time. Last fall the Cutchmen outplayed the visitors in all phases of the game defeating them by the count of 26-0. The passing of Mahew to Miller was the feature of the clash.

The varsity promises to be an array of gridders—wits. The local gridders will be in better shape than when they faced the Union eleven with the return of injured. The visitors will be a stronger eleven than the one faced last fall.

The yearling struggle on Saturday is creating much interest among local fans who are anxious to see the prospective Thoroughbreds in action against college gridders. The yearling squad composed of thirty-eight heavies took their first game against the Mayfield Cardinals last Friday by the score of 12-0.

Much improvement in plays and team work has been made and is reported to be a strong eleven and are rated to give the Freshmen ball toters trouble in their first clash.

**Jennings to Expand
West End Business**

Charley Jennings, proprietor of "The Hut" improvement addition just east of the new library building, began work Wednesday morning on constructing two large additions to his delicatessen.

Mr. Jennings says that his expansion is necessitated by growing patronage. The space will be doubled on the north side and Mr. Jennings will also build a large serving room on the south side of the building.

Mr. Jennings opened his attractive and modern new fountain and lunch business this spring. He will add regular lunches and dinners when his additions are completed.

**Fiddler's Contest at
Concord Saturday Night**

A large crowd is expected at a fiddler's contest which will be given in the New Concord School auditorium Saturday night under the auspices of the school.

The program will open at 7:30 o'clock by two numbers by the Concord high school band, to be followed by the contest proper. Admission charges of 15 and 25 cents will be made for the benefit of the school improvement fund.

A nice prize list has been contributed by Concord and Murray merchants, and cash donations from members of the Concord faculty and other individuals.

Shoemaker Not Fined

George Shoemaker, local mail carrier, has asked the Ledger & Times to make a correction in the story in last week's edition concerning the wreck in which Willard Graves county between Mayfield and Paducah. The story in the Ledger & Times was a reprint of the report in the Mayfield Messenger.

Mr. Shoemaker was not fined for violating a traffic law.

**Burns Fatal to
Caldwell Baby**

Funeral services of the fifteen months old son of Mr. and Mrs. H. B. Caldwell were held this afternoon at the McCusick grave yard. The services were in charge of the Rev. J. H. Thurman. The child died at the home of its parents in Detroit, Mich., Sunday morning from scalds received last Thursday.

Mr. and Mrs. Caldwell, parents of the child, were formerly of the New Concord community. Mrs. Caldwell is the daughter of Mr. and Mrs. R. D. McCusick of near Concord. They will spend a few days with Mrs. Caldwell's parents before returning to their home in Detroit.

**Doesn't Like Trip
So He Pays a Fine**

MAYFIELD, Sept. 28.—Officers today went to Murray to take into custody Charlie Rose of that city. He was charged by the county on a warrant of petty larceny.

He is alleged to have stolen clothing from Will High, west of Mayfield several weeks ago. When the officers told him they were going to bring him to Mayfield he didn't want to come to Mayfield so he paid Squire Rogers a fine of \$1 and costs and he was turned loose.

Dr. H. Munt, Mayfield, was a visitor here Tuesday.

Larry Critchden of Christmas Cove, Mo., has a library of 4,500 authors.

What Is Masonry?

What is Freemasonry? It is a great world-wide and age-long fraternity, in which men of various origins and different views, agree to be brothers, in the enjoyment of brotherly love, the practice of mutual relief and living by the truth of God. Masons are urged to realize their duties as citizens and to take an

active interest, a personal interest, in civic affairs and in all agencies that aid in developing character. Freemasonry deepens the reverence for the Supreme Creator—Masonic Home Journal. The next time you hear some fellow knocking on the Masonic fraternity shove the above truths under his nose. It is the TRUTH and no man can successfully controvert it.

M. O. WALSTON OF DEXTER IS DEAD

Retired Merchant, 80, Dies of Heart Attack Thursday, September 24.

M. O. Walston, retired merchant, died Thursday morning, September 24, of a heart attack at the age of 80. Mr. Walston was able to be about before taken ill Wednesday night.

He is survived by his widow, Mrs. Nancy Walston; one son, Rex Walston, Paducah; one brother, Dave Walston, Eminence, Ky., and two half-brothers, Horace Walston, Dexter, and Slater Walston Garner, Texas.

Funeral services were conducted from the home in Dexter Friday afternoon at 2:30 o'clock by Rev. Allie Leitch, of Paducah, and burial was in the Stewart cemetery.

Uncle Tink, as he was called by old and young, in past years was born on April 8, 1851.

After he reached manhood he was married to Nancy Elizabeth Jones, December 27, 1880, and to this union were born three children, Rex, Baby, and Gentry.

Mr. Walston preceded his father to the grave five months after a lingering illness, then "Uncle Tink," with his faltering step and willing hands, was always ready to attend to the boy's wishes; after his death his condition grew weaker and more feeble until with a weakened heart he shocked the community and his neighbors with announcement of his sudden death after a night of illness.

Much of his life was spent in Paducah, where he kept a grocery and did well.

Mr. Walston was known by all as a friendly, jovial man considered an upright citizen.

In their declining years the old couple have resided on their farm southwest of Dexter.

In the last five months three of this good family have passed. Gentry, a son, March 31; an infant grandson departed this life September 21; then Uncle Tink, September 24.

S. Pleasant Grove

Mr. Lucian Gupton efficiently superintended Sunday here Sunday in absence of the superintendent, Leslie Ellis, who with his family attended the funeral of Mr. Billy Nance at Murray Sunday afternoon. As reported to the writer Bro. H. B. Taylor, who officiated at the funeral, made a very interesting talk from the book of Job.

Brent Phillips, one of the Hazel high school boys, while playing ball at Almo Friday afternoon happened to the painful accident of breaking his right arm above the elbow while pitching.

Mrs. Lovie Tidwell, widow of John Tidwell, both formerly of Calloway, recently died at her home in Hamilton, Tex. She had been in poor health for several months. She is survived by several children of Texas, three brothers, Rev. Billy Adams, Davey, and Hias Adams of Calloway; two sisters, Mrs. Alice Ellis of this vicinity and Mrs. Belle Story, Edgemoor.

Mrs. Edgemoor, Mrs. Tidwell was a member of the Baptist church and a daughter of the late Abe Adams.

The little son of Mr. and Mrs. Coff Phillips has been named James Frank.

Quarterly conference will be held here next Saturday and Sunday and the revival will commence Sunday. Bro. Jno. Enser of Murray will assist his son who is our pastor.

Thoroughbreds Lose to Union Bulldogs

Last Friday evening at eight o'clock the Thoroughbreds opened their season, with the Union Bulldogs of Jackson, Tenn. Being outweighed about ten pounds per man and with six regulars out on account of injuries the fighting Murray eleven gave way to a 20-2 defeat.

Within three minutes of play the Thoroughbreds had backed the Bulldogs to their own line and on a fumble and recovery by the Jacksonites behind the goal line two points were garnered, which ended the scoring for the locals. At the end of the half the Murrayans were on the 1 yard stripe, 2 down and goal to go when the whistle broke up their best threat. The passing of Allen and Cutchin was a great factor in placing the ball so near the wanted line.

The game was hard fought throughout and the score showed no indication of the type, of same played.

Lauderdale, Union's right end, and Moore, half back, were the outstanding Bulldogs warriors. Lauderdale is a great receiver of passes and also plays a heads-up game on the defense. Moore is a speedy back and showed great ability as a broken field runner.

For the Thoroughbreds we picked Allen to be the outstanding man. He handled team with a master generalship and called the team plays with deadly accuracy.

His punting was excellent, kicking out on the five, six, eight and ten yard line was consistent. He also gained more distance by a good average than his opponent. Wicklife was on top of nearly every punt and tackled with a drive that made them stay put. Zahn Wells at tackle made many tackles and played a good brand of ball throughout the entire periods.

The words of "Get number 14 out of there" was the continuous cry from the Union spectators. And 14 was nobody but "Cricket" Purdue, co-captain, who was mixed in every play and was an outstanding linesman for the Murray team. "Cricket" is playing his last year for Murray State and he made a great start for his last season.

The Thoroughbreds will meet Delta State Teachers Friday afternoon with a greatly improved team and are expected to get revenge for dropping the opener.

Smotherman 4-H Club Meets Friday

The Smotherman community 4-H club will have its regular monthly meeting Friday, October 2, at the Smotherman school house. The meeting will be called at 2 o'clock with Miss Rubena Dunn, president, in charge.

The program committee has arranged a most interesting program for their first fall meeting.

MURRAY TIGERS TIE METROPOLIS TEAM

Local Line Remains Uncrossed in Clash With Illinois Eleven Tigers Show Improvement.

Last Saturday afternoon the Murray Tigers played a 0-0 tie with the Metropolis High School gridders. The Local team showed a great improvement and played a superior brand of ball. The game saw-sawed throughout the tilt and seemed to be anybody's game until the last whistle.

The Tigers made a great threat early in the first quarter but was turned back by the fighting visitors who have an unusual by uniform team. In the second quarter the visitors showed a slight edge but was evened up in the third. The last frame was divided and both teams showed a decidedly better defense than offense.

The Murray line was greatly strengthened by the addition of Roberts who has been out on account of injuries. He played a bang-up game and was in nearly every play of the game. Captain Banks again displayed his wares and added more yardage than rest of his mates. The local ends are showing up great and should make great improvements before the season ends. C. Jones and Karl Irvan are holding down these positions, both are long and rangy and for the first time in high school history we boast of six-foot ends.

The reserve strength was shown in the last few minutes of play when Coach Holland sent in a few to stem the tide when the visitors were making a great threat to score. Marshall Walker, a reserve tackle, applied his tonage to a great degree to hold the struggling visitors.

So far the Tigers goal line remains uncrossed and when they meet the McKenzie eleven, at McKenzie, Friday afternoon, we think with the terrific scrimmages of the week that they will be prepared to keep it uncrossed.

Mother of Concord Teacher Is Dead

Mrs. Mollie Dinning, 49 years old, mother of Prof. Houston Dinning of New Concord high school, died Thursday of last week at her home near Melber, in Graves county.

Funeral services were held Friday afternoon at two o'clock at the Melber Baptist church.

Besides her son here, Mrs. Dinning is survived by her husband, one other son and three daughters.

A FIRE is expensive EDUCATION!

This agency has always made a constant effort to lower its policyholders' insurance rates.

We are not merely selling insurance by the old-fashioned hand-shaking method—WE ARE SELLING PROTECTION AND SERVICE.

There are many ways you can lower your rate and we want you always to feel free to call up us for our assistance in that respect.

Every loss increases the rate of every policyholder. Won't you do your share to impress upon every one the necessity of fire prevention?

FIRE PREVENTION WEEK OCTOBER 4th to 10th

Thoughtful people throughout the United States will again observe Fire Prevention Week, as suggested by the President in his annual proclamation.

This year October 4th ushers it in. Commercial, civic, social and other organizations will hold appropriate meetings. Millions of school children will take part.

You can make a definite contribution to Fire Prevention Week by increasing your efforts to safeguard your own home and business.

STOCK FIRE INSURANCE

has always been an active factor in Fire Prevention Week—through the National Board of Fire Underwriters and other organizations, and through its local agents in all states.

The purpose of Fire Prevention Week is not only to reduce the fire waste, but to save human lives. In doing that, further reductions in the average cost of insurance will be justified—a cost that has consistently declined for many years.

Tobacco Purchasing Policy of American Tobacco Co.

A letter by Mr. George W. Hill, president of the American Tobacco Co., to each of their buyers on July 28, 1931, reads as follows in part:

"Within a short time each of you will begin to buy tobacco for the company. I want to set before you, as clearly as I may, the tobacco situation from the American Tobacco's point of view. I don't have to tell you I am sure, that the farmers should get a good price for his tobacco. We have wanted him to get good prices and last year as you know the prices paid him by the American Tobacco Co. to the farmer provided him handsome profits on the tobacco he sold us."

"(Great God said the woodcock and away he flew.)"

After further instructions as to setting ready to buy the present crop he winds up his letter by saying that, "We buy our tobacco of necessity in competition with our competitors. For every pound we pay the highest price bid, now according as I have

stated in the beginning of this letter, The American Tobacco Co. paid the farmer a good profit for his labor in the last crop and we hope to do as well again this crop."

What does the farmer think about the price paid. Is it possible that the president, Mr. Hill, knows what was paid or if he knows what constitutes a fair price for your labors, or what it costs to raise 100 pounds of tobacco.

Now you see from this letter what the great tobacco interests expects to pay for this crop. (It takes an elephant longer to turn around than it does a mouse so what are you going to do about marketing this crop; you are unable to have an elephant on your hands.)

You have a good crop, as much good tobacco this year as in two ordinary crops; a good time to pull for a good price, and not give it away as last crop.

There has not been an advance from very low prices except when cooperations have been formed at any time in the past.

The government realizes that fact and now through the Farm Board—proposes to help the farmer as it never was helped before, what will he do?

In the past the organizations had to group along without money, buy on a credit, rely on merchants, local banks and forced to sell tobacco to raise money to run it with and at 6 per cent, but the government proposes to lend money at not more than 4 per cent and until the tobacco is sold. What about it?

What has the young people of the country to hope for? Can they hold the old homestead with the present low prices.

What is the farm worth now? About half what it was when tobacco was selling for good prices.

There is no secret road ahead, sound reasoning reveals your opportunity that lies before you. Out of this depression must come strong sons from noble sires to save this country from ruin, a transfer of title for many farms to land banks and to secure other obligations must, come without something is done.

Young men should be induced to take hold of this proposition to save homes for their old folks and to build an estate for their old age which is to come; will they save the roof that shelters their parents and their own growing families?

Intelligent cooperatives, use of your brains and you have an opportunity to cooperate with the syndicate that handles your years work.

The fact that we have weathered so many storms is no reason to say that we can still sacrifice your labor in raising these crops.

You had better hunt a paper and sign. Lot of people of the county are giving their time to this work but why make them do so much, it is your business to sign and help sign others. What will you do?

Some are waiting on some other fellow to come to the rescue, say they did not get their last payment in the old association but you got more the first draw than you got last crop. Some did not get even a first good draw on the last crop; when are you looking for the second payment on last crop; I can tell you it will be when you cooperate with the government to sell your future crop in an orderly manner.

October 5 is the time of reckoning as to whether you will help yourselves.

Membership fee is only \$7 and not payable until you deliver tobacco.

Mercury Drops to 4 Above Freezing

Temperatures fell sharply after three-quarters of an inch of rain here last Friday evening, which was accompanied by considerable wind, and the weather this week has been much cooler.

The mercury dropped to 36 Tuesday night, only four degrees above freezing. Many homes have had grate fires early in the mornings.

It began to warm up somewhat Wednesday and a maximum temperature of 84 was reported for that day by the local weather bureau.

Forecast for the week is fair and somewhat warmer.

Precipitation for the month is 2.24 inches compared to 1.61 to date last September. Total rain fall for the year is still below 1930, the figures being 23.47 inches and 24.91 inches.

The Louisville weather bureau says:—

"The moderate to heavy rain that accompanied the break in temperature was beneficial to pastures, late potatoes, tomatoes and alfalfa. These rains also produced conditions more favorable for plowing, and replenished creek water in the drier upland districts. Pastures were drying up under the intense heat, with considerable feeding required in some places. They need more rain nearly everywhere."

Temperatures fell sharply after three-quarters of an inch of rain here last Friday evening, which was accompanied by considerable wind, and the weather this week has been much cooler.

The mercury dropped to 36 Tuesday night, only four degrees above freezing. Many homes have had grate fires early in the mornings.

It began to warm up somewhat Wednesday and a maximum temperature of 84 was reported for that day by the local weather bureau.

Forecast for the week is fair and somewhat warmer.

Precipitation for the month is 2.24 inches compared to 1.61 to date last September. Total rain fall for the year is still below 1930, the figures being 23.47 inches and 24.91 inches.

The Louisville weather bureau says:—

"The moderate to heavy rain that accompanied the break in temperature was beneficial to pastures, late potatoes, tomatoes and alfalfa. These rains also produced conditions more favorable for plowing, and replenished creek water in the drier upland districts. Pastures were drying up under the intense heat, with considerable feeding required in some places. They need more rain nearly everywhere."

Hardin Plays Hazel Sept. 25, At Almo

The team of Parker Miller, who had been out of eleven battles, broke his arm while throwing the knuckle ball. There was no physician in Almo and he had to be carried to Murray.

The coach and players of Hardin and Hazel met at Almo to play on Community Day to furnish amusement for some 400 people. In this game the Hazel team was 6-1 in the lead at the fourth inning when Phillips, who had turned nine out of eleven battles, broke his arm while throwing the knuckle ball. There was no physician in Almo and he had to be carried to Murray.

Young Democrats Will Organize

Organization of a Democratic club for young men and young women voters of eight counties in the first district will be completed in Mayfield tonight. The conference will be held at 7 o'clock in the courthouse.

Louis W. Arnett, Lexington, state organizer of young voters, is coming to Mayfield to meet with youthful Democrats of Ballard, Carlisle, Graves, Hickman, Fulton, Callaway, McCracken, and Marshall counties.

Two clubs one for men and the other for women, are to be formed in each of the eight counties in the purchase. The Young Men's Democratic Club of Graves County has been functioning for more than a year.

Scores of Young Democrats from here indicated they will attend.

Presbyterians Will Form Sunday School

At the court house, Sunday, October 4, Presbyterians of this city will meet at 9:45 o'clock, to organize a Sunday school. It is earnestly requested that all who are interested will be present at that time, and help to launch this great work.

At eleven o'clock, Dr. Watson of Lexington will preach the sermon. Dr. Watson has been in Murray several times and made many friends, who will be glad to know that he will be the speaker next Sunday.

Rally Day In First Christian S. School

Next Sunday, October 4, the Sunday school of the First Christian church is observing Rally Day. Each class has set a definite attendance goal. Come and help your class reach its goal.

Every member and friend of the Sunday school is urged to be present and try to bring a new scholar to a visitor. We are anxious to have an increase of at least 125 over the average attendance.—E. B. Motley, Pastor.

Wartfield Will Haul Thoroughbreds

The 138 Taxi Co. received the contract to transport the Thoroughbreds for the eighth consecutive year. The Thoroughbreds will travel 6,719 miles this season according to Mr. Wartfield.

Mr. Wartfield has secured the contract to transport the Thoroughbreds since the college has first participated in inter-collegiate sports.

1st Christian Church

Early Day in the Sunday school. Come and bring an extra. We were delighted to have a number of students and faculty members from the college present last Sunday. A cordial invitation is extended to all to be with us Sunday.

A special invitation is extended to students and faculty members to attend the morning service next Sunday. "All Always Welcome." The pastor will preach at 10:45 A. M. and 7 P. M. Special music by the choir at both services.

Christian Endeavor at 6:15

The elders and deacons are asked to be at the church by 6:15 o'clock Friday evening of this week. Supper will be served by the ladies and the monthly Board meeting will follow.—E. B. Motley, Pastor.

Pleasant Valley Hi.

Pleasant Valley high school opened August 21 with the largest enrollment in history of the school. Principal F. H. Spiceland gave an enthusiastic talk on co-operation with teachers, followed by talks from L. L. Spiceland and Mrs. Estelle Spiceland.

The people are very much pleased with the outlook of the work that is being done at this place.

A pie supper was given Thursday night. Mr. Bell being our auctioneer and as usual put much pep in the boys by causing the pies to sell at premium. The prettiest girl being Miss Lizzie Elkins, one of our school girls.

Pleasant Valley baseball team with Boatwright as pitcher and Elkins catcher, trounced over Almo high school boys with a victory of 13 to 9 Friday afternoon.

The government men are very busy drilling, surveying and laying plans for the power dam which the people hope will come.

Mrs. L. L. Spiceland gave an inspiring talk Wednesday morning in chapel from the Bible, showing we were all fools, too.

Value of Time, the theme

which F. H. Spiceland discussed in chapel Tuesday morning put much pep and vim into the boys and girls.

Our school has purchased a new library this being about two hundred dollars worth of books this school has bought in twelve months.

We are proud of our Tennesseans in school. Hopkewell may have more of the same quality.

WHY, SELL YOUR COWS?

Cow buyers from the North have been rather active recently in trying to buy some of our best cows. Now if the dairy business really is shot to pieces, we wonder why these cow buyers are so anxious to buy your cows. It costs quite a bit of money to ship them to their new home. It costs the buyer real money to come down here to buy them and they are not doing it for their health. They figure on making a nice profit on them. So we repeat, why are they doing it if the dairy business is gone to the dogs. There is only one conclusion to come to and that is there are dairy farmers in the North who think dairying is a GOOD business and they are willing to pay good stiff prices for good cows. The cow buyers would have you believe that there is no money in dairying and that your cows are not worth much. We believe that the majority of our farmers have too much sense to fall for that line of talk. But why should you want to sell your cows even if you could get a fair price for them? We want to give a few good reasons why it would be very poor business on your part to sell.

(1) Price on dairy products are decidedly on the up grade. The butter surplus has been getting smaller and smaller until on September 1 there was 40,000,000 pounds less butter on hand than on September 1 last year and indications are this figure will be about 50,000,000 less on October 1 than last October.

(2) The price of dairy products now is better than anything else you grow on your farm. Dairy products have declined only 4 per cent using the last 5-year average. While other farm products have declined from 45 per cent to 65 per cent.

(3) We have an abundance of home grown feed that you cannot sell at hardly any price except through your cows. Cottonseed meal we believe can be bought soon at considerably less than \$1.00 per 100 pounds. So we call your attention to the fact that you can mix a feed that will not cost you over 75 to 85 cents

per hundred. Which is not much over 1-2 what your feed costs were when you were getting 55 to 60 cents for butterfat so on this basis you can readily see that you are really getting more for your milk considering feed costs than you were 2 years ago, and girls.

(4) You need your cows to increase the fertility of your farm in order to grow more and better crops. To get anything like a fair price for your tobacco you must grow good tobacco, medium and low grade tobacco is going to sell at a price under cost of production.

Several good farmers have told us recently that they are making money on their cows and we know of several who are quietly buying up good cows to increase their herd as they believe we have come through the hard pull and that better times are at hand for the dairyman.

We are not trying to run your business, but we just want you to do some figuring for yourselves and when you do, we think you will agree with us that it is the wrong time to sell your cows and do not be misled by the "Calamity Howlers" who talk the dairy business down then wants to buy your cows. They are not consistent.

Yours
C. E. SCOTT

Not Against Organization

Dexter, Ky.
September 28, 1931
Dear Ledger & Times:

As I see there is some misunderstanding about that little article I put in your paper I find some have mistaken me, thinking I was against an organization because I have some of the bad features of our last association. Now, I am for an organization and always have been but in the right way, not to make a few men rich and set them up in business, but for equal rights to all and exclusive to none. Now since I have learned about this new organization I think it is alright and that it is our only hope to exist in the financial business. The government standing at our back we need not fear, so come on boys let's go and try to help ourselves while the government is willing and ready to help.
