One of the best chicken raisers in the community is Mrs. B. S. Allen, who lives on the Bowen school road. Mrs. Allen has a five acre farm, and she has raised over $200.00 in chickens this year. She has 1,200 chickens on her farm, and 400 of them are Rhode Island Reds. She takes care of her chickens very well, and she says that the Rhode Island Reds are the best breed of chicken for raising. Mrs. Allen sells her chickens to local stores and he says that her chickens are always in demand. He also raises some pigs and hogs, and he says that he plans to increase his livestock in the future.

There is a lot of activity in the Fulton County in the state. The county is known for its fertile soils and its abundant resources. The county has a lot of opportunities for farmers and ranchers, and it is a great place to live and work. The county is home to many small towns and cities, and it is a great place to visit. The county is rich in history and culture, and it is a great place to learn about the past. The county is also known for its beautiful landscapes and its abundant wildlife. It is a great place to hike, bike, and explore.

PUBLIC UTILITIES PROGRESS IN THIS YEAR

by E. D. HOFFSTETTER, President K. C. U.

As the new year gets under way, the Fulton Utilities Corporation is working under an expanded program, with a better equipped office and a more efficient staff than ever before. The company has grown and prospered in the past twelve months. This has been due to the satisfaction of our customers, who have done their best to promote our interests by publicizing our services to others. The company has worked hard to improve the service we provide, and we are confident that we will continue to do so.

The board of directors of our organization has met to plan the future direction of the utility. The members of our organization are committed to providing the best possible service to our customers. We believe that the success of our organization is due in large part to the efforts of our members. We are grateful for their support and we look forward to continuing to serve them in the future.

The confidence felt by public service corporations in the future of their industry is confirmed by the record of the past year. The growth of the utility industry is reflected in the increase in the value of real estate, in the increase in the number of customers, and in the increase in the income of the company.

The anticipated expenditure for the coming year will be more than $600,000. We are committed to providing the best possible service to our customers and we are confident that we will continue to do so.

NEW AGENT FOR WESTERN KENTUCKY

H. C. Brown was appointed county agent for Fulton county to sell Western Kentucky Agricultural Implements. He has been connected with the Agricultural Implements Association in the state for several years and is well known throughout the state. He is a man of experience and ability and we are confident that he will prove to be a valuable addition to our staff.

Mr. Brown is a native of this county and has been connected with the agricultural business for many years. He is a man of great energy and determination and he will do his best to sell the Western Kentucky Agricultural Implements.

We are sure that Mr. Brown will prove to be a valuable asset to our company and we are looking forward to his services.
