Bartlehan, Harheem Strikes End

U. K.'s Only Girl Flying Student

Highly Place Observers Predict

Two New Armed Divisions To Be Organized Soon

Says Planes Are Safer Than Cars

D. T. McLaughlin

The New American armed forces will soon be bolstered by two new divisions which have recently been announced. The 7th Armored Division will be stationed at Fort Bliss, Texas, and the 9th Armored Division will be stationed at Camp Polk, La., organized by the U.S. Army. The divisions will be used for the purpose of conducting maneuvers and training the men for military combat.

Highly Place Observers Predict Last ditch Assault by Secret Agents

These two divisions are part of the nation's defense system and are being prepared for possible conflicts in the near future. The 7th Armored Division will be under the command of Major General John J. Pershing, and the 9th Armored Division will be under the command of Major General George C. Marshall. Both generals have a wealth of experience in military operations and are well respected for their leadership.

The 7th Armored Division will include a mix of infantry, cavalry, and artillery units, while the 9th Armored Division will focus on armored forces. Both divisions will be equipped with the latest technology and vehicles to ensure their effectiveness.

SCHOOLS MEET LAST WEDNESDAY

Meetings of the Dyersburg Senior Club, which serves members and three visitors, was held in the Salon room of the Home of Quality, the meeting then adjourned to the home of the honoree, Mrs. Maude Morris, Mrs. T. J. Gates, and Mrs. Hugh McClellan, parents of the Dyersburg; Mr. and Mrs. W. H. Cox, Mr. and Mrs. E. C. Cosslett, Mrs. Charlie Pertif, Mr. R. B. Moore, Mr. J. B. Blue, Miss Mary Lancaster, Mrs. and Mrs. Ruth Prichard, and Mrs. Gates and Tommett Nel.

EASTER CELEBRATIONS

In all an atmosphere 2 or 3 ounces and the delicious menu consisted of fruit juices, tonics, and jellies. A color scheme of yellow was given, and the leaders took up the topics of the day. Misses Joyce Moore, Mrs. Earle Morgan, and Mrs. Irwin Huddleston served as the hostesses for the event.

The meeting was adjourned, and the members prepared themselves for the refreshments. Following the banquet, the guests went to the gardens and enjoyed the beautiful designs and attractive Easter place settings.

The more the hostess saw it, the more she loved it. The same was true for the guests, and the event was a success.

Friday to answer an indictment for death and senescence of their cattle. I will have to go to camp. If I don't, I just decided not to answer."

He said that would cost no more than six days in jail and a $100 fine. I just decided out of necessity. Judge Neblett fixed Spircy $100 fine.

The census man wanted to count my family. Then he warned me that if I didn't, don't know where my local board of health, possibly gave an accurate account of the children who perished, some were swept by flood, and some died of exposure after they had been taken from the scene of the fire.

The Otter, converted from a yacht to a naval auxiliary shortly after the war, was equipped to the tune of $200,000 in 1939.

The Otter's main function is to carry mail. During her first year of service, she was employed on a number of occasions, and was able to carry the mail. When she arrived at a location, she was able to deliver the mail. The Otter's name was derived from a Canadian war vessel. She was the only vessel of its type which it is known to have been taken from the icy Atlantic Ocean.

NICKEL "RUN" AT TWO BILLION

Mr. Taylor, President of the National Association of Farm Women, declared today "Kentucky is the most solvent state in the union." He said that Kentucky has passed the 2,000,000,000 mark in defense orders, and that the total is expected to reach the highest February level ever reached.

The Department attributed this to the success of the farm extension service and the fact that Kentucky farmers have been able to maintain normal production levels.

The Governor, addressing the Lexington Rotary Club, said "The most vivid memory of the Governor's term is the hope that the people have for the future."

The Governor said that he had a vision of a Kentucky that was going to be better than it was.

"The people of Kentucky," he said, "are working hard to make our state a better place to live."

Mr. Taylor said that the farm extension service had played an important role in this.

"The FDA is working hard to get the message out to the farmers," he said. "We have had some success, but there is still a lot of work to be done."

Mr. Taylor said that the FDA was working on a number of things to help the farmers, including a program to help them with their records.

"We have a lot of work to do," he said. "But I believe that we can do it."
