KIDDIES SHOULD SEE "TEN NIGHTS" AS WELL AS ADULTS

Though the play "Ten Nights in a Bar-Room" is many years old, go greater note in human emotions has ever been sounded, than that of a child's love for its father.

This love and faith on the part of little Mary Morgan, in the picture is a splendid thing to see it brings to the mind the old axiom "My parents right or wrong, my parents just the same."

Children and adults as well, can profit from the entertaining and important message revealed in "Ten Nights," which will be shown at the Capitol Theatre on October 20.

with symptoms of whooping cough should be immediately sent home until an examination is made.

Dr. Outland asks that the teachers and parents urge the use of small pox and typhoid vaccines in order to prevent any possible outbreak of an epidemic of either.

Politics

Mayor Harrison refused, during the fight to save Cumberland Falls, to endorse the effort to get the DuPont gift of the Falls to Kentucky accepted. He does not refuse to endorse Flem D. Sampson, who attempted to snatch from Kentuckians and their posterity, for the benefit of a power company, this magnificent natural wonder. The young Mayor now attempts to climb on to the Cumberland Falls bandwagon.

Note the picture, in last Wednesday's Courier-Journal of Geo. W. Schardin, close political friend of Mayor Harrison, in a quick huddle to prevent the photographer from getting a picture of indicted county clerk, Stiglitz. Stiglitz may be down—but he is not "out" with the bunch.

"The ancient tariff skeleton!" But the Grundy tariff is not so ancient. It is in effect now and Mayor Harrison will have to try pretty hard to laugh that off.

So "Samponism" yet lives and has strength to make ambitious young politicians dance to its string-pulling. Mayor Harrison endorses Sampsonism and all that Sampsonism connotes. He does it carefully, timidly, but he does it. Does he think Kentuckians will endure four more years of Sampsonism?

"The people cry for bread," said a French courtier. "Let them eat cake!" replied a haughty queen. Let us "accommodate ourselves to the times with a cheerful and abiding confidence," said Mayor Harrison in his opening speech at Hazard.

Mayor Harrison sees "restraint and patience" in the explosive diatribes of Flem D. Sampson, in which he exhausts the dictionary of derogatory adjectives upon every occasion since he was ripped from the control of the political juggernaut he was riding. If this be restraint, we should hate to see Flem turn himself loose in earnest.

Does Mayor Harrison, "climbing on to the Cumberland Falls Bandwagon too late," to quote the Louisville Times, endorse in his timid, but definite sanction of the administration of Flem D. Sampson, the attempted rape by Governor Sampson of this scenic beauty? Does he endorse Sampson's frantic effort to save Cumberland Falls for a power company? Let him answer that.

Local Orchestra Gets Wide Recognition;
Picture of Stompers in Musical Truth

Conn Linn Humphreys and his "Kentucky Stompers Orchestra" are receiving national recognition as one of the outstanding dance orchestras of the country. A picture of the Stompers appears in the fall issue of Musical Truth, a musical magazine published at Elkhart, Indiana by the Conn Band Instrument Co.

The Stompers are pictured as the caption of "The Finest Professional Orchestras" along with Duke Ellington and his Cotton Club Orchestra, recently engaged at the Lincoln Tavern, Chicago.

Mr. Haynes, who has been section foreman at Dexter, has moved to Paducah. Mr. Ferguson gets the Murray job by the seniority rule.

The Stompers organized October 1929 and made their first appearance under the present leadership at the opening of the Murray National Hotel on October 1. Since that time the Stompers have become known as an outstanding dance orchestra. They have filled engagements throughout West Kentucky and West Tennessee and southern Illinois. The Stompers are a credit to Murray State College and an especial credit to the Music department.

Pine Bluff Defeats Dover Nine 13-2

By D. Sawyer
Boatwright and Kingsins held Dover to two hits as Pine Bluff crushed Dover 13-2 at Dover October 3.

Boatwright well deserved a shut-out—the six innings he pitched as the two singles he allowed came in separate innings. Kingsins faced Kingsins the last three frames.

So effective were the Bluff hurlers that only three balls reached the outfield.

Williams starting pitcher for Dover was batted out in the first inning when 4 runs crossed the plate. Bryley got a homer in the initial frame.

Each Bluff player got one or more hits. Brandon and Kirks setting a double and a single while Thurman, speedy lead-off

man, collected a single and a triple.

Although Boatwright and Kingsins are both right handers, so dissimilar is their pitching tactics that a combine of the two on the mound proves very successful.

They downed Hazel at Murray September 25, 9-5, in the game sponsored by the American Legion. After Hazel got to Kingsins for 4 runs in the fifth, Boatwright stopped them until the ninth when Simmons homer counted their final tally.

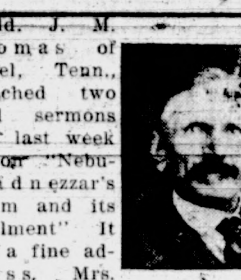

Dover promises a return game at Pine Bluff October 18. Walters, a former Pittsburgh Pirate, will probably be Dover's pitching choice.

According to report Walters won two games for the Smoky City outfit, one a shut-out before he received an injured shoulder. He played the latter part of the season with Omaha.

Boatwright won his seventh consecutive game October 4, defeating Dexter 7-3.

Tobacco Growers' Notice

One more week to sign contract. You should hunt one and sign it at once.

We will have some one at the court house on Saturday with contracts for those who have not signed. Sufficient tobacco must be pledged or those that sign are not bound.

Much interest has been manifested in slow signing; waiting for some one else or relying on the promises of the tobacco buyers.

One half of this crop will bring as much sold cooperatively as all will if thrown on the market as last year.

Promises from the tobacco interests avail nothing except to hold you in bondage, as a tyrant reigning over you with brute force to lead you to the altar (loose floor) to sacrifice your years labor and hold captive to raise another crop for them, to enrich themselves from your toil, and will continue to do so as long as you continue to sell separately this foreign consumed commodity.

All your efforts to affect your deliverance will be in vain and until resolutions to throw off this yoke by cooperative efforts will it be unprofitable to raise dark tobacco.

This is no favor to me for you to sign, I am not asking you to sign, it is the voice of tobacco growers crying under the load. If you are interested in building your own estate, state and county you will sign and help sign this crop of tobacco or help sign this crop of tobacco or help sign this crop of tobacco.

By your managers to be elected to market this crop.

Most people have finished cutting tobacco, and now have the pleasure (?) of firing.

A tobacco barn containing some four thousand sticks of tobacco, belonging to Will Shelton and Mr. Jeffrey burned last Sunday. The barn and tobacco were both a total loss.

William D. Waldrop and sister, Miss Ida Waldrop of Detroit Mich., nephew and niece of Mrs. W. T. M. Jones, and also Mrs. M. E. Waldrop and daughter of Mayfield are visitors in the home of Rev. W. T. M. Jones and family this week.

1st Christian Church Will Vote on Pastor Sunday Morning, 11th

Every member of the First Christian church is urged to be present next Sunday morning. A recommendation regarding a pastor for 1932 will be presented to the congregation and a vote will be taken.

Instead of calling for a rising vote or a show of hands, each member will be given a slip of paper and will vote by ballot, thus giving each individual member an opportunity to vote his or her own mind and heart in this matter.

The church is thoroughly harmonious and the kindest feeling exists between pastor and people. The pastor and officers just want to give every member an opportunity to express his or her desire regarding a pastor for another year.

Needed Streets

Murray continues badly to need two street improvement projects. The Olive street extension leading to the college and South Fourth street to the beginning of the new Hazel highway.

Former Murray residents who have been away for the past five years might feel strange on the downtown pavement but they can soon be made to feel at home by driving them "on Olive from Twelfth street to the college cam-

pus and from the end of paving on South Fourth to the beginning of the Hazel highway.

The Olive street extension is a baby that nobody wants and that no one will claim. It's the ragged orphan of an otherwise fine family of Murray thoroughfares.

What are we going to do about it? Let the dirty flag wave?

The Jersey Show

Jersey breeders and farmers

of Calloway and surrounding counties are sincerely welcomed to the annual Jersey show to be held here Friday and Saturday of this week.

The great development of the dairy industry in this county is regarded with keen pride by every citizen of Calloway county and the annual exhibition of these prize cattle is one of the most eagerly anticipated events of the year.

Of especial interest this year is the new event for register of merit cows. This places a special significance on and merit in production, which is after all the goal of all the work in developing purebred cattle.

Many times welcome to the dairy show. Don't fail to come early and remain until the last event.

BAD IN YOUR MOTOR OIL

Petroleum jelly—that thick, jelly-like salve so well known to beauty experts—is the substance which gives motor oil a rich, heavy body when cold—but turns water-thin in a hot engine. Sinclair refiners remove petroleum jelly from Sinclair Opaline at as low as 60° F. below zero—a temperature much lower than required for removing wax. Hence Opaline is more fluid at low temperatures and has a better body at high engine speeds.

A Pound of Butter

Often a pound of butter takes a ride of a thousand miles to find its dinner table!

In more than a hundred produce plants, Swift & Company is taking the butterfat, eggs and poultry of its 200,000 farm patrons daily, paying cash for them and sending them into national channels of distribution.

Thousands of miles of leased telegraph wires keep Swift & Company executives informed where these products command the best prices. To the best markets are rushed the surpluses of over-supplied districts. Lacking a national market like this one, many a pound of butter—and many an egg, too—would grow useless right at home, or else be sold at much less than present prices.

To distribute produce as well as quality meats, Swift & Company uses all the facilities of its over 400 branch houses and its 600 refrigerator car routes. Its great organization has 55,000 employees living in hundreds of towns where their pay checks help support community interests and trade. They are local men doing a national job, relieving producers of all selling worries and minimizing local gluts and shortages.

A nation-wide marketing system for poultry, eggs and butterfat must render a complete service, covering purchasing, grading, refrigeration, transportation, selling and delivery. The system functions smoothly when one concern undertakes all these steps. Swift & Company performs all these services at the lowest possible cost. Swift & Company profits from all sources, over a long term of years, have averaged less than a half cent a pound.

Crippled Children of County To Get Free Examination at Mayfield Clinic Friday

Final plans are completed for the free clinic for crippled children to be held at the Methodist Church, Mayfield on Friday, October 9th, by the Kentucky Crippled Children Commission. The clinic will continue from 8:30 A. M. to 2:30 P. M. Patients will be examined in order of their arrival.

Examination and diagnosis of every case will be made by Dr. Orville Miller, Louisville, orthopedic surgeon and member of the Professional Advisory Committee cooperating with the Kentucky Crippled Children Commission. The clinic at Mayfield has become an annual occurrence, and Dr. Miller has treated a large number of crippled children from this section of the state. It is hoped that all these cases will attend the clinic next Friday so the doctor may ascertain their present physical condition and give further advice if needed. A large percentage of these cases can probably be discharged as having attained the maximum improvement, and requiring no further attention from the Crippled Children Commission.

The Mayfield clinic is for the benefit of all crippled children in Graves, McCracken, Marshall, Calloway, Fulton, Carlisle, Ballard and Hickman counties and approximately 100 children are expected to attend.

A free lunch will be served at noon by the Mayfield Rotary Club, which is promoting the clinic in that community.

The Kentucky Crippled Children Commission has held 17 clinics this summer and examined over 1200 crippled children.

TIGERS WILL MEET MAYFIELD FRIDAY

Local Eleven in Excellent Condition to Meet Cardinals, Line Is Greatly Strengthened.

On tomorrow afternoon the Murray High School Tigers will journey to Mayfield to meet the powerful Cardinals. The Murray team is in excellent condition for the fray and are anxious and ready to meet their friendly rivals. Although outwitted several pounds to a man the smiling pack will give an exhibition that no one will want to miss.

For the last two years with great odds the local team has given the Cardinals all they were looking for. Year before last Mayfield was thrilled to be able to hold the "Animals" to a lone marker and last year were finally emerged victorious with twelve hard earned points. Both these years and this season we note that the local boys are out-weighted.

Coach Holland has spent the week in adding strength to the line and has successfully added poundage to the line and has made a defense that has great power. The return of Wells in the lineup adds greatly to both defensive and offensive play. The "Mighty" Roberts, who played his towering opponent, Throckmorton, to a standstill last year, will be one of the game with injuries received in last week's game with McKenzie, Tenn. He was the "thorn" in Mayfield's side last year and will be greatly missed.

Throckmorton and Cochran seem to be the "best bets" for the Cardinals. Throckmorton is their triple threat man and his shoes nicely with tossing of neat passes, punting the sphere well and takes a punch at the line now and then.

With Voris Wells, booting the ball for the Tigers, it is hoped the ball will be kept far out of danger. Banks, White, Martin, Enderwood, Fair, Ryan, and Weeks, will probably take place in the backfield. Adams, Burgess, Jones, Irvin, Walker, Finney, Russell, Starks, Duguid, Wear, Perkins, Bailey, J. Duguid and Dunn will probably see action on the firing line.

Missionary Meeting Closed Yesterday

The Paris District of the Woman's Missionary Society will hold its next meeting in McKenzie, Tenn. It was announced at the close of the meeting here yesterday afternoon. The district meeting was in session here Tuesday and Wednesday at the First Methodist church. The meeting was presided over by Mrs. George McClaren, district secretary of the Paris district.

The opening session of the meeting was held Tuesday afternoon at 2:30 o'clock. The afternoon was given to reports on child work and inspirational talks by Mrs. E. P. Phillips, Murray, and Mrs. Dale McSwain, Paris.

The evening meeting was opened by a prayer by the Children's Word Circle. The program was conducted by Mrs. Joe T. Lovett and Mrs. N. P. Hutson. After the prayer the Rev. C. C. Daniel, Paris, delivered a sermon on missions.

The Wednesday morning services were opened by Mrs. L. O. Hartman, Paris. The sacrament was taken, being administered by the Rev. O. C. Wrathe and visiting ministers, Mrs. J. A. Robbins, McKenzie, gave a discussion on "Financing the Kingdom in Times of Depression."

Miss Mary Hood, superintendent of the nursing department of the Margaret Williamson Hospital, Shanghai, China, gave an interesting talk on her work. Lunch was served to the one hundred fifty delegates in the basement of the church.

John W. Carr conducted the memorial services at the beginning of the afternoon meeting. Reports were made on the work being done showing the increase over that of last year. The Paris District, it was noted, led the Memphis Conference in new members.

Mrs. Roy Brassefield, Dresden, gave a report on "Spiritual Life Groups and Messages." The meeting was closed by consecration services conducted by Mrs. Harold Cooper, Paris, after resolutions were drawn up extending thanks to the local organization.

Freshmen Crash Way to Win 67-0 Saturday

Last Saturday the Freshmen eleven got out of their hobbles and spent a pleasant afternoon on the turf. Fred Hardeman was also on the "dirt" but kept out of the way of the "Thundering Herd".

King, Moss, Wilmoth, Potter, Mize, Greer, Morse, and Thurman had a great day and won many faces with Garver jockeying the ball more than his share. When the dust had cleared off the track and the "Horses" blanketed and rubbed down we noticed that a speed of 67 to 0 had been established.

The entire line functioned well with no outstanding men but all played as one great star. Hardcastle and Webb in the backfield and Pitts in the line seemed favorites for Fred Hardeman.

Tomorrow afternoon the Fresh eleven will meet the Beginning eleven from Bowling Green. A great battle is expected and if the Murray eleven ever won a game we hope it will be this one.

Four litters of pigs raised by county school members in Taylor county, reached school or more than six months old, and sold for ten cents a hundred above top hog prices.

Elder Taylor Is Outed as Baptist Pastor Here
(Continued from page one)
Martin, Tenn., about seven years ago when he was called to evangelistic work, which he has done since that time. In September, 1930, he preached during a two weeks revival at the Murray church and last month conducted a revival at Elm Grove Baptist church, east of Murray.

He and Mrs. Skinner are the parents of three daughters and four sons and two of the sons are Baptist preachers. He is at present a resident of Jackson, Tennessee.

In his morning sermon, last Sunday, Elder Taylor attacked Free Masonry and is declared to have said that "all Masons are going to hell."

"Religious Politics" was his text Sunday night in his last sermon. He used references from the 22nd chapter of Numbers as his main points. He declared that "religious politicians are crooked and their end is punishment." He said that in his 35 years stay in Murray he had observed several church politicians and he could tell of them out of the pulpit.

After closing his Bible at the conclusion of the sermon, Elder Taylor advanced to the front of the platform and told the church that it was the custom of the congregation to give letters to those members of the church who wanted them, provided there were no charges against them. In accordance with this custom, he asked the church to give him his letter. The motion was made by Dr. Hugh McElrath that the letter be granted him. J. H. Churchill, church clerk, put the question to the house and counted 49 votes for the letter to be granted. There was not any opposition.

Elder Taylor in his sermon Sunday night announced that on account of indebtedness there would be no "News and Truths" this week, but that he received a check for \$500 from a friend. This he said, would be applied on the indebtedness.
