DEATH CLAIMED

CAPT. JOHNSON

He Succumbed to Tropical Afflictions Yesterday Afternoon.

VERY PROMINENT GENTLEMAN

FOR YEARS WAS ASSOCIATED WITH HIS PATHER IN THE IRON FORGORY BUSINESS HERE.

Was a Very Populous, Sociable and Congenial Man, AlwaysQuite Active in Politics.

For the second time within two weeks the Red Bird Hotel was the fatal scene of death to one of its hotelkeepers, and the Johnson family of this city, this time the family of Mr. J. M. Johnson, were the mourners of a member of that family. Mr. J. M. Johnson, who was 65 years old and the city's oldest hotelkeeper, died yesterday morning at the Red Bird Hotel after an attack of fever and dysentery which had been raging for several weeks. He had resided in the city for 30 years, and was a familiar figure in the streets of the city.

CONTRACTOR MUST START WORK AT ONCE, OR CITY WILL DO IT FOR HIM.

This was the instruction given contractor-bridges yesterday regarding the concrete pavements down Jefferson Street and Kentucky Avenue. The city council gave the contractor the start. And the Board of Works instructed him to get the work under way as quickly as possible.

Mr. Gregory of West Broadway was permitted to have certain provisions denoting his new contract. He was able to sit up around the board, asking what they thought about the concrete sidewalks along Tennessee Street and Ninth Street. He was in favor of the work being done.

The city council gave the contractor the start. And the Board of Works instructed him to get the work under way as quickly as possible.

Two Troubles KILLED IN AN INDIANA WRECK

Perry Ford, 23, a workman on the Chicago, Indiana, St. Louis and Evansville road, and his brother, who were in a caboose on the way to Springfield, Ill., were killed yesterday by a collision on the Pennsylvania road.

The funeral services will be held this morning after the services at the Presbyterian church. Among other things he said, "I am very sorry the company has not been able to do more for that length of time, but I am going to do my best to make good."

In one branch of the government, Judge G. W. Gaut of Nashville and an assistant to him, have lost much unnecessary time, so the Board of Works would have the matter brought here for interment in the cemetery. No appreciable time was saved.

Leader-Large Suit Settled

DEED FILED IN CLERK'S OFFICE:
SHOWING TRANSFER OF BREWERY FOR BOND.

Judge Livingston Has Gone to Dover, Tenn., on Legal Business in Several Days.

Yesterday in the circuit court there was dismissed the suit of Fred Charles and Co., of Paducah, against those parties, who in suit of Ms. E. Head against the Fidelity Mutual Insurance company, had lost a large sum of money in the insurance company.

The suit of Mr. Bridges did not have things worked up quite as the board had expected. He has the contract for these sidewalks, and in another six months they will be completed.

The company received the necessary approval from the Standard Oil Company, and they are entitled to the proceeds of the bond.

A lien on certain property in S. C. is claimed by the company for the money due them. A lien on Mrs. Smith's property for $1,000. The suit of the Smiths was dismissed.

AUDITOR'S AGENT LUCAS GOES ON VACATION JUNE 1ST.
The Prometheus to a Finality After Going Out of Office. Those Served Paid.

Attorney Frank Lucas has gone to Hopkinsville, Penfield and other points in the district as regards the collection of taxes for the Board of County Commissioners.

The large list of suits on file at different courts now and at the end of this month, as also the many notices for collections of taxes due on real and personal property, because at that date the terms of office are coming to a close in two years, expire.

The attorney will collect all receipts for all money which are due and taxes which are delinquent.

When County went out of office last week, the last thing he did was to try the former to "order Attorney Lucas to come to the county as soon as possible.
The matter was settled to the complete satisfaction of all parties.

Lucas is a lawyer who has been employed by the county for many years. He has been taught by hard and the sleepers. The book of law is continually referring to the duties of the position, which he has occupied for many years when Lucas selects some other work to do.

When his term expires Mr. Lucas will possess a property which has been opposed to people who own taken to the county by the Board of County Commissioners.

Mr. Lucas is currently at the court house and in the office, but he cannot assist any one with his services.

The office is a very lucrative one so that Lucas has received a very nice salary.

This week he will go over all the papers and look at the law, in order to be ready to take his place, thus losing the tax collection.

SOUTHERN METHODISTS DECLARE FOR NEW CREDIT

Blowingville, Ala., May 26.—By vote of 112 to 105 the general meeting of the Methodists of the church, south, yesterday declared in favor of making the church a unit in the new movement for the organization of the southern states.

Other branches of Methodists will be organized on the same lines later in the month at church in the preparation of an organization of the denominational system as a whole.

A resolution was presented to the effect that Methodists should be able to hold meetings in Richmond, Va.

A Criticism of the Aldermen

A WELL-KNOWN MECHANIC CHARACTERIZES THE ACTION OF THE THREE ALDERMEN ON THE WATER AND LIGHT QUESTION, AS RELEVANT TO THE VOTES FOR PAID PLANT.

Editoring Register—Register: Mr. Alderman, they say, you and the other two aldermen wish to hear a few words in regard to the bill which has been passed to give an electric light and water to the city. Now the light question is the only one of the three that the aldermen have to consider. The other two issues are too urgent to be handled at the present moment.

The aldermen are now reviewing the situation of the city and have come to the conclusion that the city should have an electric light and water system. They do not see any reason why the city should not have a system of its own, and they believe that the city can afford to have such a system.

The system will be built by the city and will be maintained by the city. The city will save a great deal of money by having its own system, and it will be easier to control. The city will be able to get a better service than it would from a private company.

The city is now going to have an electric light and water system, and the aldermen are prepared to see to it that the city gets a good system.

The Register

We propose to read the book before the meeting and to have a discussion about it.

Alderman Palmer will have a few words to say in regard to the proposed bill. He will tell us what the bill is about and what it means to the city.

Alderman Blackburn will have a word to say in regard to the proposed bill. He will tell us what he thinks about the bill.

Alderman Johnson will have a word to say in regard to the proposed bill. He will tell us what he thinks about the bill.

The New Farm for the Poor.

Main Structure, Two Stories, 48 Rooms, William F. B. Wallis, Architect.

The most recent event to take place was the land bought near Mt. Kearsage for the site of an asylum for the poor. The site is situated on the outskirts of the town, away from the main thoroughfare, yet close enough to the city to be easily accessible. The building planned will be a two-story structure, with accommodations for 48 rooms, including a large kitchen, dining room, and common room. The design is based on a central courtyard, with private entrances to each room. The building will be constructed of brick and stone, with large windows for natural light. The roof will be sloping, with a small overhang to provide shade.

The project is being overseen by William F. B. Wallis, a well-known architect in the area. He has designed several other public buildings in the region, including the courthouse and the library. The aim is to create a comfortable and safe environment for the residents, with ample space for activities and recreation. The construction is expected to be completed within the next year, with funding provided by a combination of private donations and government grants. The project is a significant step towards providing better living conditions for the poor in the area.
Confused by Labor Question

Author: President for the Dark Tobacco Growers to Solve.

Considerable attention has been directed to conditions in what is called the Dark Tobacco district of the state of Kentucky. It appears that the districts are so called in reference to the so-called Black Race.

But, the true question is not one of color only. It is a question of labor which takes the place of the color.

The labor trouble exists and has always existed in the tobacco districts of the state. The labor problem attends them and will attend them as long as tobacco is grown.

Physical force, so to speak, does not constitute the entire answer to the labor question. Some of the labor troubles are in the nature of a workmen's strike, and the labor problem has become a political question, which has been made to coincide with the labor troubles in the state at large.

The negroes are either going to have to talk to the white people with respect to their condition and relations, or else they will have to talk to the negro people with respect to their condition and relations.

Negroes and whites have had and have a right to have a share of the tobacco industry, and both races have a right to a share of the tobacco industry, and both races have a right to have their voices heard.

But the negroes have been used as a means of employing cheap labor. They have been used as a means of employing cheap labor.
