## Fine Wood Carving by Will Hamrick, Jr., 13

Master Will Hamrick, Jr., 13 year old son of Mr. and Mrs. W. B. Hamrick, of Murray, has produced a piece of wood carving that is a genuine masterpiece.

Out of a single piece of hard pine, Young Hamrick has carved with a pocket knife a beautiful realistic bas-relief of Jefferson Davis, Robert E. Lee and Stonewall Jackson mounted on horses.

The work was done at odd times and finished in about 30 days.

It is a fine tribute not only to the young man's genius but also to his persistence. The work is exceptionally well done and each of the three characters is readily recognizable.

## MASON MEMORIAL HOSPITAL O. K. 'D

By American College of Surgeons at 14th Annual Session in New York

The stamp of "full approval" has again been won by the Mason Memorial Hospital, Murray, from the American College of Surgeons. Announcement of the list of 2,158 hospitals in the United States and Canada on the approved list was made Monday morning at the 14th annual clinical Congress in New York.

Twenty-five other hospitals in Kentucky were fully approved while four others were conditionally approved. A significant fact in connection with the approval of the Murray institution is that it is the only private hospital in Kentucky on the approved list.

The work of making hospitals safe for the public has been carried on for 14 years by the American College of Surgeons through continuous inspections and survey of all hospitals of 25 beds or more in which acutely ill or injured patients are treated. This is done at no expense to the hospital. To obtain approval by the American College of Surgeons hospitals must comply with requirements relating to virtually every phase of hospital work. The physicians, for instance, must be licensed but must be reputable graduates of recognized medical schools. Records of all that transpires to the patient during his hospital stay must be kept. The result of treatment must be discussed in a group meeting of the medical staff. The hospital is required to have facilities for x-ray work and laboratory examinations. All these and numerous other standards have been established for the protection of the public.

A unique feature of the hospital standardization movement is that enforcement of the requirements is voluntary. Yet in spite of this fact 93 per cent of all hospitals of 100 beds or more have met the standards and 79.3 of all hospitals of 50 or more beds have won approval.

The requirements for hospitals are:

- (1) A modern plant, free from hazards, with a competent governing body.
- (2) An efficient, chief executive officer or superintendent with a competent personnel.
- (3) An organized medical staff of qualified physicians and surgeons who hold regular meetings to review and evaluate the professional work of the hospital.
- (4) A thorough system for recording conditions, treatment and progress of each patient.
- (5) Acceptable diagnostic and therapeutic facilities.
- (6) Definite evidence that the staff members are opposed to fee-splitting or payment of commissions by surgeons for patients referred to them.

## Murray-Mayfield Road Surfacing To Be Better Than Ordinary "Black Topping"

Actual construction of the all-weather surfacing on the Mayfield-Murray highway is expected to be started this week. The surfacing will be of bituminous material and will be much better than what is usually believed about "black topping".

The surface to be placed on this road will be smooth, durable and will last a long time. It is authoritatively learned. It is said that the surfacing will be far beyond expectations of Murray and Mayfield citizens.

This is the same type road that has been built extensively in Michigan, California and other states. While it has been successful with ordinary bank gravel alone, it is announced that the Murray-Mayfield road will get clean additional gravel for mixing with the bituminous material.

The road is expected to be finished shortly after November 1, provided weather is at all favorable, since not less than three drilling outfits are expected to be placed on the project.

The work will be paid out of state emergency maintenance funds and will not affect either the Calloway or Graves county road building budgets.

## SUGGESTIONS FOR THE TABLE OF THRIFTY HOUSEWIVES

### Why Elect Harrison?

What has he done? What is his record? Come, let us reason together.

Mr. Harrison endorses the Hoover administration. Under that administration the country groans under the burden of hunger and economic distress. Men are unemployed, their families are hungry and poorly clothed and Mr. Hoover shows a pitiful helplessness when faced by these conditions. That is the record of Mr. Harrison's party—the Republican party—and upon this record he must stand or fall.

Mr. Harrison "soft-pedaled" all these ugly facts that unemploy-

ment, hunger and financial distress exist under a Republican administration.

He tells the people: "We should accommodate ourselves to the times with a cheerful and abiding confidence."

Mayor Harrison, by his evasive falling back on a meaningless platform utterance, endorses Sampsonism and all that Sampsonism implies.

Under that endorsement he necessarily gives his approval to the cement plant deal; undated resignations, the school-book adoption scandals, the proposed bridge bond sale and the holding up of appointments in order that appointees might be dominated,

### Baby Boy, Left on Porch, Now Monarch of New Found Home

The following item from a Birmingham, Alabama, paper will be much enjoyed by Mrs. Street's many friends here, where she is a native.

Despite the fact that Mr. Street is Republican National Committeeman for Alabama, Mrs. Street says that the youngster will be reared as a staunch Democrat.

The article follows:—

"Unaware that he has a 'brand new' name, the blue-eyed baby boy left Monday night on the porch of Mr. and Mrs. O. D. Street's residence, 4007 Eighth Court, South, was sleeping contentedly Tuesday night, his chubby hands holding tightly to soft blankets tucked about him.

"Charles Alfred is the name Mr. and Mrs. Street have given the baby boy."

"Child Gets 'Sweetener'"

"He gets sweeter all the time," Mrs. Street said Tuesday night, telling about her shopping trip to Birmingham stores where pretty new dresses, tiny socks and dainty little shoes were bought to please the reigning monarch of the Street home.

"Mrs. Street is certain Charles Alfred, who, by the way, is about three months old, 'came from good parents.'"

"He has such a fine shaped head," Mrs. Street declared, her voice unmistakably showing pride in the pretty young founding.

"Mrs. Street has no children of her own and she delighted Tuesday in arranging the baby's clothing and tending to his feeding."

"She dressed him up in the new things she had bought during the day, declaring he is 'beautiful and has a wonderful disposition.'"

"When asked if she had learned who the child's mother is Mrs. Street seemed to dread the possibility of the mother coming back for the baby."

Many Ask For Baby

"Many couples want Charles Alfred, but Mrs. Street is not certain just yet she will give him up, she said."

The baby was left on the porch about 11 p. m. Monday and was found after neighbors heard him crying and investigated.

"Mrs. Street said a woman came to their home early Monday night and asked about street numbers and about the number of their residence. About midnight a woman called and asked if they had found a 'package' on their porch, the woman's voice leading Mrs. Street to believe she was the visitor of the early evening."

ed solely by Flem D. Sampson.

He endorses by implication the frantic effort of Mr. Sampson to have the legislature refuse the gift of Cumberland Falls at the hands of a native son—Coleman Dupont—the acceptance of which Mr. Harrison, himself refused to endorse.

Having signed himself with Governor Sampson, titular head of his party in Kentucky, Mr. Harrison must stand or fall on the record of the Sampson administration.

Mayor Harrison says that he is a business man but his record as Mayor of Louisville does not

### HAZEL ROUTE THREE

Jake Perry was a visitor in Mayfield one day this week.

Mr. and Mrs. Lassiter Hill of New Providence, visited his father, Lonnie Hill, Wednesday night.

Mr. and Mrs. Hubert Wilson and daughter, Rozelle, visited Mr. and Mrs. Bob Moore Sunday and attended church at Pleasant Grove.

News of the Wisehart-Alton wedding reached us, Saturday. Mrs. Wisehart is the charming daughter of Mr. and Mrs. Lum Outland. Mr. Wisehart is the son of Grant Wisehart. Mr. and Mrs. Wisehart have many friends who wish them a lifetime of joy.

Mrs. Addie Wilson, who has been ill, is able to be up now.

Mr. Preston Perry visited in the neighborhood Sunday afternoon.—Tilda.

show it?

The tax rate in the city of Louisville has risen each year since Mr. Harrison became mayor—from \$2.05 in 1927 to \$2.10 in 1930. In 1931, Mr. Harrison having decided to run for governor, the rate shows a reduction of 4 cents.

The bonded indebtedness of the city of Louisville has increased \$8,699,400.00 since Mayor Harrison went into office.

The bonded indebtedness of the city of Louisville has increased under Mayor Harrison's administration.

Telephone rates have been increased under Mayor Harrison's administration.

Gas and electric rates have been increased under Mayor Harrison's administration.

And yet Mr. Harrison calls himself a business man and talks about the "business administration" he would give the state of Kentucky.

Are the taxpayers willing to turn over to this man the management of the State of Kentucky?—Fulton Daily Leader.

## First Christian Church

Sunday School 9:30. Too many of our members and friends are missing Sunday School. You cannot find any chapter and verse in the Bible giving you license to sleep late on Sunday morning. Let's get up and get to Sunday School. It is a privilege and duty and an opportunity to help others by our example and influence. We should have at least one hundred more scholars present each Sunday than we are having now.

Preaching by the pastor at 10:45 a. m. and 7 p. m. At the morning service the special music will be a solo, "If God So Willed the Grass," by Tom Jackson, and an anthem, "Sanctus," by the choir. At the evening service the choir will sing "Lift Up Your Heads," by Ashford.

**Junior and Senior Christian Endeavor** 6:15 Sunday evening. More of our boys and girls and young people should be working in these groups. A little encouragement on the part of the parents will help. "Always Welcome"—E. B. Motley, Pastor.

## Danville Opening Sales Disappoint the Growers

(Tobacco Journal)

DANVILLE, Va., September 29.—The Danville market opening today was highly disappointing, and there were the elements of an Agrarian revolt among the growers when it was found that the average for the opening sale would be between one and two dollars, prices sagged from the start.

Good tobacco was in demand and sold well, but common and medium types were heavily off. The whole situation seemed to reflect the disturbed world economic situation, and it was ascertained that the quality of the crop was the best in many years.

Farmers gathered in groups protesting against the situation, and a mass meeting was called for Chatham tomorrow, at which resolutions will be adopted calling on the warehouses to close, and on the farmers to keep their tobacco in the barn until conditions improve.

Danville opened with a 500,000 pound sale of bright, sweet tobacco, held to be the very type most needed by the trade.

Reynolds and Liggett & Myers, also the American Tobacco Company, were free bidders. Chemical companies were off the sale.

Rarely had a more critical eye been turned on the resumption of a selling season by the farmers of the Old Belt. Theirs was a good crop which has usually sold well at its face value. This year, however, there are financial complexities, the effect of which remain yet to be registered on the sales.

It was not known how the export situation would be affected by the difficult financial situation which has developed suddenly in Great Britain, nor the effect of the new high tariff which has increased the tobacco duty.

It will be several days yet before the strength of the demand is indicated for the early sales are expected to be small.

The pool movement is also claiming interest again and there is a possibility of a low market, whether justified or not, forcing into a cooperative movement the growers who resisted it last spring. At that time little short of the requisite sign-up of twenty million pounds was secured, and if there is much feeling engendered against the auction system, a co-operative organization may develop.—Tetley.

## IN MEMORY OF CLARENCE OFFIE (BUB) COLE

Clarence Offie (Bub) Cole departed this life August 25, 1931, making his stay on earth 17 years, 19 days, all of which had been spent in true boyhood. Besides his mother, Mrs. Rachel Cole, two brothers, Lois and Trellus, and two sisters, Verba and Flora Mae, Bub left a host of relatives and friends to miss him in their midst. His father and two sisters preceded him to the grave by five years.

But loved ones, why grieve? For he often said, "I am not afraid to die, I am ready to go." Relatives and friends did all in their power to restore Bub's strength but he heard the gentle voice that said "Come" and his spirit took flight.

A loved one from us is gone, A voice we loved is still A place is vacant in our hearts That never can be filled.

To a land of new delight, To a land where angels sing, To a land where Jesus dwelt, Bub has gone to reign.

Bub we miss you, oh! so sadly, But we know that you're at rest, And we know the life you led here.

That in Heaven you are blessed, Bub we know that you are happy; Free from every strife and care, May we meet you, Bub, in

Heaven Where no more of earth we share.

He went like a flower in the evening That withers and fades from view. But his spirit will bloom in heaven Like a lily fresh watered with dew.

We hope, though he had to cross That dark deep valley alone, We can all rejoice together When we meet on that Heavenly Throne.

Sleep, blessed one, sweetly sleep; Holy Angels Vigil keep—While above thy form we weep: Sleep on beloved one, sweetly sleep—Written by a true friend.

## S. Pleasant Grove

J. S. Smotherman, who since our last letter has been very ill for a few days, is able to be up most of the time.

The revival closed here Sunday night. The pastor, Rev. W. L. Ensor, was assisted by the Reverend Kendall of the county. There were several conversions and the church in general helped much spiritually. Several new family altars were established. The prayer services in home in the afternoons were a power that scattered its radiance long to be remembered. To the heads of families everywhere, if you do not, we implore you to ask yourselves to search and find if you can before God give a good reason for not asking God's blessings upon the food God has permitted you to have and the family he has blessed you with. The mothers are well as the fathers should verbally assume responsibilities—imploping God's blessings. The short talks made

by our retired pastor, Bro. R. H. Pigue, who is so frail that he remained seated, were very inspiring.

Mr. Joseph Moore, Rev. and Mrs. Jno. Ensor, Mrs. Mary Neaf and son, Supt. M. O. and Mrs. Wrather of Murray, Mr. Riley Gunties and daughter of Paducah and many from other places attended the revival services.

Mr. and Mrs. L. Winsor and children, Mary Moore and Joe of Fulton, were week end visitors with relatives Saturday at the meeting.

Brother Smith filled the appointment at Mason's Chapel Sunday afternoon for W. L. Ensor. Mr. Smith, though young in the ministerial work, is so imbued with the Holy Spirit, and delivers his messages in such a way that much good may be accomplished through his ministry.

W. L. Ensor's message Sunday morning about bearing one another's burdens was delivered to a large audience. The sermon was so inspiring that it may bear fruit on and on through many decades. The Scripture, "There is joy in the presence of the angels of God over one sinner that repenteth", was recalled as there were new born souls before the services closed.

## EXPLANATION OF TABLE

A 60 candle power lamp costs only three-fifths of a cent an hour to burn. If you burn one 60 candle power lamp from dusk till 10 o'clock every night through the year it will burn 38 hours in June and 204 in December. At three-fifths of a cent an hour per lamp you would use 22 4-5 cents worth of electricity in June and \$1.23 in December. You are getting the same amount of light in each case, but in the winter you have used Electric Light More Hours. If you keep a store and close every night at 6 o'clock in summer you will need no light whatever, but in December there are 30 dark hours from dusk till 6 o'clock, and it will cost you 48 cents per lamp for the 80 hours. Whenever you think your electric light bills are too high we want you to tell us about it—but kindly take the above into consideration in contrasting your winter and summer bill.
