## An Infant Killed by Medicine.

HENDERSON, Ky., July 19.—Frank Ponda Blackwell, infant son of R. C. Blackwell, was found dead in bed by his parents this morning. The child had been sick a few days; its mother gave it a dose of medicine during the night and then went to sleep. On waking this morning it was discovered that the child was dead.

## Local News.

M. M. Hanbery, Penn. Mut. Life Ins. Co.; office with Lee Johnson.  
Muzzle the dogs.  
Candler's stock sale next Saturday.  
"O. V. proposition" on second page.  
For Bargains in genuine Hand-made Harness, go to John W. Poff.  
Mr. W. A. Radford will give a hop Friday evening next to his young friends.  
Tobacco is very strong this week, having fully recovered from the slight decline of last week.  
The largest stock in the jewelry line, and lowest prices, at M. D. Kelly's.  
A moonlight picnic will be given next Tuesday evening at Flemming's Cave, near the city.  
There have been several mad dogs killed in this city this summer. Why don't the council have the "muzzle" ordinance enforced. One human life is worth the lives of a thousand "canines."  
A mad dog is terrorizing the citizens of North Main street. The dog is the property of Mrs. Moore. The police went out yesterday to kill the animal but it did not reach him. He should be killed by all means.  
The lawn party at the residence of Hon. John F. Foland, Tuesday evening, given for the benefit of the Methodist church, was very largely attended. The ladies made, we understand, thirty odd dollars. A most delightful evening was spent by all who were so fortunate to attend.  
In the case of Carter against the L. & N. Railroad a motion for a new trial has been overruled and it is probable that an appeal will be taken. We understand that the jury was unanimous for damages the least sum contemplated being \$2,000. It will be remembered that the verdict was for \$2,000.  
The members of Co. D and the public generally are requested to send all State property such as blankets, uniforms, etc., which may be in their possession to the armory of the Latham Light Guards on Tuesday, July 26th, at 8 p. m.

## Death of Mrs. Crist.

Tuesday afternoon as the sun sank to rest the soul of Mrs. Ann Morgan Crist took its flight to that home beyond the skies where the weary are at rest. She had been sick for about four weeks and during that time bore her suffering with true Christian fortitude.  
She was the wife of the late Dr. H. C. Crist, who preceded her to the grave several years. She leaves three children—all grown—Mrs. Straus, of Louisville, Mrs. John W. Logsdon and Mr. Claude Crist of this city. She was born and reared near Shepherdsville, Bullitt county, this State, and was a first cousin of the late Gen. John H. Morgan. The remains were taken to Shepherdsville for interment beside the remains of her husband.

## Chinch Bugs.

SPRINGFIELD, Ill., July 19.—An alarming letter was received here to-day from Prof. Forbes, State Entomologist, in which he states that chinch bugs have obtained a foothold in the northern portion of Illinois to such an extent as to assure an immense number of them next year, unless weather unfavorable to their development should intervene. He says that the danger from this source threatens to damage the wheat crop of 1888 to an extent in comparison with which the pleuro-pneumonia and other recent outbreaks of contagious diseases among domestic animals will be insignificant. The Entomologist's investigation in the southern sections of the State develop the fact that there is no interruption of the chinch bug's devastation in that direction.

## Ex-Gov. Tilden's Estate.

NEW YORK, July 18.—The following is published here: "The announcement by cable that the executors of the estate of the late ex-Gov. Samuel J. Tilden had probated his will in England, in order to assume jurisdiction over his large English estate, was a surprise to all but a very few of the dead statesman's friends. It was not generally known that he had any English estates. The value of the English property, according to the London Illustrated News, is £138,000. A friend of Mr. Tilden in this city says the most of the investment is in consols bought at low prices, and that they were worth from \$800,000 to \$800,000.

## NEWS.

The White House is being thoroughly overhauled, dusted, painted, calcimined and generally fixed up during the absence of President and Mrs. Cleveland.

The count of the cash and securities in the vaults of the United States Treasury, which began May 23, will probably close this week. Up to the present, not a single penny's deficiency has been found.

Schuyler Duryea, a \$2,200 clerk in the Patent Office, who is a Republican, has resigned, and under the beautiful civil service law, some one of the clerks of the same political belief remaining in that bureau will be promoted to succeed him.

Mrs. James Smith, of Pittsburgh, killed her fire with coal oil and was fatally burned, her husband and sister-in-law also receiving serious injuries. This is the sixth casualty of the same kind occurring within forty-eight hours at Pittsburgh.

Portland, Me., has a Sunday law which promises to prove somewhat of a boomerang. The City Marshall ordered all druggists not to sell soda water or cigars last Sunday, which order the druggists obeyed by closing their stores entirely, refusing to put up prescriptions.

A man named Albert Filizroy, who has just died at Holyoke, Mass., stated on his deathbed that he saw Jennie Cramer throw herself into the water at Savin Rock several years ago. Young Walter Mailey, of good family and standing at New Haven, Conn., was accused of her murder, and narrowly escaped conviction. A trial creating intense excitement in the East.

William Coppinger, Consul General to Liberia, and Secretary of the Colonization Society, says that he could send a couple colored people to the land of their fathers, to-morrow if the society had the money to meet the expense. Many of the Southern negroes who went to Kansas a few years ago are anxious to leave for Liberia. The same feeling, Mr. Coppinger says, is prevalent throughout the North, where the negroes feel that he is not a part of the dominant race, and that he is not properly recognized, socially and politically, by the whites and never will be.

If you are bilious, take Dr. Pierce's "Pleasant Purgative Pills," the original "Little Liver Pills." Of all druggists.
