Tomatoes and Tomatoes

Among the County Agents

E. E. Hadden, a Spencer county farmer, reports an average but small production of 30.7 bushels from 50 acres last month, and a profit above feed out of $5.

The drainage projects have offered a cure of ground lime-stone in Nelson county, and has increased the yields of the local companies. Other seedsmen have encouraged alfalfa growing by offering seed and hydrosol. This pack is very thin and will be used wherever it is desired, but to those who come all ready to be used, should be used wherever it is desired to serve a particular purpose, for strained tomato, a lot of hot, dry weather.

This was first ever seen, and it is a delightful and delicious, and it is the first time in history that anyone has ever seen it.

First of all there are some tomatoes, which are very thin and will be used wherever it is desired to serve a particular purpose, for strained tomato.

Many Indiana farmers listen to the Kentucky College of Agriculture radio program, according to County Agent C. A. Webbeek, of Kenton county, who recently reported the use of the Hoover.

No Reduction on Motor Licenses

Frankfort, Ky., Feb. 10-The Kentucky Senate today voted to strike the motor license reduction bill, preventing further action on the measure. The vote was 22 to 8.

Parliamentary maneuvering prevented the measure receiving a direct vote on its merits but the trend of the debate to table and the inactivity of the line-up for the bill indicates the bill is all but dead. Senator O. C. Gurges, local introduced an amendment to the bill providing that the reduction not be effective until Jan. 1, 1922. After that time all taxes on the motor license he fixed the bill to be satisfied, and the bill was carried without discussion with the amendment.

The bill, introduced by Geo. Young, Darien, originally provided a reduction of one-half on motor licenses. Debate on the measure was he- sen last week, and action was deferred until today to permit senators to learn how the reduction would affect road measures. The fight on the bill centered on plans to reduce road revenues so that poorer counties might be "pulled out of the mud" by executive action, and that its supporters came from districts which already have good roads.

**Sunday School "Lesson"**

**Lesson for February 16**

**Jesus Heals the Centurion's Servant (Matthew 8:5-13)**

1. **The centurion's faith (vv. 8-9).** He believed that if Jesus would but come into his house, his servant would be healed. He showed his love and respect for Jesus, and His faith brought him into touch with the Master of life who revealed His power by opening the eyes of the blind, loosing the tongue of the dumb, and raising the dead. As the centurion knew enough to regard Jesus as the promised Messiah, so may we at this reading.

2. **That they knew about Christ (vv. 8-9).** He believed that if Jesus would but come into his house, his servant would be healed. He showed his love and respect for Jesus, and His faith brought him into touch with the Master of life who revealed His power by opening the eyes of the blind, loosing the tongue of the dumb, and raising the dead. As the centurion knew enough to regard Jesus as the promised Messiah, so may we at this reading.

3. **The centurion's humility (vv. 8-9).** He believed that if Jesus would but come into his house, his servant would be healed. He showed his love and respect for Jesus, and His faith brought him into touch with the Master of life who revealed His power by opening the eyes of the blind, loosing the tongue of the dumb, and raising the dead. As the centurion knew enough to regard Jesus as the promised Messiah, so may we at this reading.

4. **The triumph of faith (vv. 20, 30).** Their faith brought them into touch with the Lord of life who revealed His power by opening their eyes and giving them the faculty of speech. They knew that He was the Son of God, and as such they called upon Him to heal their child. Their faith was strong. They fully believed that He was able, but not certain that He would. Their faith was moving in the direction of power, even though their eyes were still dimmed with tears.

5. **Jesus casts out demons (Mark 5:1-46).** He told her (it was her faith, not her touch that saved her). The centurion's faith was strong. He fully believed that Jesus could heal his servant, but did not want to wait for His coming to pass that miracle. They knew that He was the Son of God, and as such they called upon Him to heal their child. Their faith was strong. They fully believed that He was able, but not certain that He would. Their faith was moving in the direction of power, even though their eyes were still dimmed with tears.

6. **Jesus heals a leper (Mark 1:40-45).** He told her (it was her faith, not her touch that saved her). The centurion's faith was strong. He fully believed that Jesus could heal his servant, but did not want to wait for His coming to pass that miracle. They knew that He was the Son of God, and as such they called upon Him to heal their child. Their faith was strong. They fully believed that He was able, but not certain that He would. Their faith was moving in the direction of power, even though their eyes were still dimmed with tears.

**Beceleton News**

A large crowd was out at Beceleton Friday and Saturday night at the double-header basketball games between Beceleton and Hickman. Both games were very interesting with each team shooting and passing. In the first game our center was in the game all the way and guards were on the job, and when the last whistle blew the score was 21 in favor of Beceleton. File was our high scorer, scoring 21 points in the game. In the second game the teams were even, and the score was 11 in favor of Beceleton. File was our high scorer, scoring 11 points in the game. The people of the community are thinking of planning some great events if weather conditions permit.

PILING UP HAPINESS

Does each year find you wishing and hoping for better things in the future—and regretting lack of accomplishment in the past?

There is one sure way to fill your hours of plenty to the brims with all the good things of life. It entails no sacrifice now. It merely means the forming of a good habit.

Save! That good old formula for the forming of a good habit.

Apply it on a small scale in your own way will bring you results in proportion.

Current Events.

IN Census.

The census of 1931 is now being taken. It is a very important event in the life of the country, and we hope that every household will cooperate in this important work.

Corr. Staff Fuel

When we announced last year that the manufacture of gas was going to be entirely electric, many persons expressed their doubts as to the efficiency of the new system. We are now able to state that the new system is working perfectly and that the gas is as efficient as the old gas. We believe that the new system will be a great improvement over the old one.

Dangerous Home Pets

Newspapers throughout the country have been making much noise over the discovery of a new disease called "parrot fever." It is said to be caused by a virus which is transmitted from parrots to humans. The virus is transmitted by the droppings of the birds. The disease is very contagious and is spread very quickly.

We often wonder, in regard to this disease, whether it is possible to be infected with the disease by handling a parrot. We believe that it is possible to be infected with the disease by handling a parrot, and we advise everyone to avoid contact with parrots.

WONDERFUL IMPROVEMENT

A Thought Worthy of Consideration

An auctioneer is addressing a group of farmers regarding the value of a cow, which he has set at $1,000. "Now what I want you farmers to do is buy this cow and give it to your boy, and it will do the greatest money you ever made in your life. You can always count on the value of a cow," he said. "And when you get your boy to work, he can always count on the value of his cow, too." The farmers were impressed by the auctioneer's words and bought the cow.

LUNCHTOP

The Valentine's Luncheon, Tendered, in our circle in the gym, of Fulton High School, was a marked success in every way. Twenty-three members of the Drama department, plus five from other classes, were honored.

The program included poetry, short readings, and a skit by the students. The participants were given a small Valentine's gift as a token of appreciation.
