FULTON BOXER LOSES IN CHICAGO JOURNEY

FULTON wants to lose the Fair Grounds. That is the sentiment prevalent among local business men and civic-minded citizens.

The Fulton Fair Association was organized in 1911, and since that time many successful fairs have been held here. The stockholders and directors have always an important role in the promotion of community and agricultural progress of this territory.

But with the changing conditions in this city, small use has been made of the fair grounds. It is believed that the annual fairs have outlived their usefulness. It is further believed that the fair grounds should be turned over to a permanent project.

TRIP TO HEAVEN
Conducted by Seventh-Day Adventist Telus We Will Live There
A very common man was numbered among the Adventist churches. He heard one of the Adventist people tell his friends about the beauty of Heaven and the happiness of those who are there. He then decided to go there too. He was a printer, and he knew that the small-town printers ran their presses 24 hours a day. He thought that if he worked in Heaven, he would not have to work. He also thought that Heaven was a place where everyone would be happy and that there would be no more sorrow or pain. He asked his family if they would like to go to Heaven with him, and they all agreed.
