## THE LISTENING POST

● I noticed reports of a discussion among ministers in the Memphis Commercial Appeal a few days ago which interested me. I have often thought of the matter and confess that I never reached any definite opinion on the matter. Frankly I do not know the answer to the question that was posed. The discussion revolved around the main thought of whether ministers of the gospel should be placed in a class apart from other professions, or whether they should at all times regard themselves as citizens and take part in all matters affecting government and society, and really be men among men.

● One Memphis minister confessed that he did not know which was the better course and brought out some of the embarrassments which a minister faces at times. "Suppose, for example," he said, "that a minister officiates at a fashionable wedding where liquor is served at the reception. Or suppose he is a member of a service club where there is occasional drinking and gambling. All these things are embarrassing, but if a minister is to be a man among men he must do all those things. Should he refuse to attend all such affairs in order to avoid this embarrassment, to himself and to the others? I confess that I do not know."

● I have been in certain meetings which were also attended by ministers and have seen some of them manifest embarrassment. Once or twice I have seen them quietly leave the place in order to avoid this embarrassment and frequently have wondered if it might not have been better for them not to have attended. Yet I know if ministers drew off to themselves, if they led a perfectly cloistered life, they would lose many opportunities for rendering real service to their fellow men. All told, it is a baffling problem and difficult to solve. This modern life of ours is so complex, so mixed up, the things which some people look on as evil are looked on by others as perfectly all right, that it is difficult to know just what is right.

● In a sense, I have been through some of these experiences. Naturally, not being a minister, little is thought of what I do or do not know, and my mere presence or absence has no significance for any gathering. Yet I have felt this embarrassment many times because of the fact that I do not drink. Understand me now, I am not bragging about the matter. Probably I do plenty of things worse than drinking, but this has never been one of my habits. In attending certain professional gatherings in recent years I always find a bar has been set up. For a long time I avoided these places, for I felt I was a killjoy there. This is a sort of lonely remedy for such a condition, and in recent years I have been following the crowd. Now if I happened to be a minister my presence in the bar would be wrong, but being a layman this does not matter. I go right along with my friends, get a bottle of some soft drink and drink with them. It makes the situation much easier, for I am with my friends and they seem to think nothing of the fact that I am not taking the highballs and flares and such drinks. Whereas, if I remain outside, a sort of lonely figure in a hotel lobby, I am constantly besieged by friends who insist on my coming to the bar. I have tried both plans, and find that my plan of mingling with the crowd is less awkward, less conspicuous and really more enjoyable than the former custom of

(Continued on Page Two)

## Coal Strike Is Near End; H. Ford Talks

Knutson Suggests U. S. Take Over Stalemate Plants

The wage stalemate in the soft coal industry appeared near an end last night but negotiations were still going on to settle the Ford Motor Company strike.

James F. Dewey, federal mediator, said in Detroit that there would be no letup in the Ford negotiations but that joint conferences between company and union representatives would be discontinued for the present.

Philip Murray, president of the CIO who conferred with President Roosevelt during the day, had hinted earlier that an important announcement was expected in Detroit but it failed to materialize. The CIO United Auto Workers Union seeks a contract with Ford, a 10-cent hourly wage increase and substitution of uniformed protection employees for the Ford service department.

John R. Steelman, reporting in New York on the soft coal conference, said that operators in the 8-state Appalachian area and the CIO United Mine Workers had reached a sufficient agreement to "assure the country that there will be no danger of a soft coal shortage."

The federal labor conciliator did not say when the mines would re-open, but he said that 55 per cent of the tonnage in the 8-state area was willing to meet demands of the UAW for a wage increase. He added that outlying areas probably would follow immediately and thus bring into production "68 1-3 per cent of the American tonnage."

The agreement was reported to call for a basic \$1-a-day wage boost, annual paid vacations, and elimination of a 40-cent differential between northern and southern mines to bring the basic rate to \$7 throughout the industry.

**DRAFTEE TAKES JOB ON FARM TO GET TOUGH**

Springfield, Ohio. —Robert J. Garmon, 24-year-old accountant, today prepared to turn from laborer for three weeks before entering the Army to "toughen up" for military life.

Garmon, who was registered in Cleveland, where he worked, resigned his job when he found he would be inducted into the Army and came home to stay with his parents until he could find strenuous physical work to put himself in shape. He inserted the following advertisement in a local newspaper:

"Draftee needs toughening up. Wants any kind of manual labor. Has car. Approximately three weeks before call. Will work for practically nothing."

The ad brought results. He received three offers and decided farm work best suited his purpose.

## Lingerie Workers Now Turning Out 'Skeeter' Nets For Army Camps

Bloom, Miss. —The defense program has turned American manufacturers into such strange channels that ladies' lingerie concerns now are making mosquito nets for the Army while a decoy duck maker is turning out shoe lasts.

These were some of the examples of American adaptability cited Tuesday by the Southern Commercial Secretaries Association by Col. Roy M. Hare, director of the Army-Navy Munitions Board.

The colonel said that when the industry was found to be almost extinct, since the nearest thing to nets was women's underclothing, some of these concerns were given orders for 4,000,000 nets. There were not enough lasts for

## Candle Light Communion Service To Be Held

A Candle Light Communion service will be held at the First Christian Church Thursday Evening at Seven Thirty o'clock. This service is not limited to their own members and any one is welcome to attend. The Lord instituted the Supper on Thursday Evening in the Upper Room with the apostles before the First Easter, and as His followers we ought to keep sacred the anniversary of the Lord's Supper.

The Minister's Association will hold their annual Good-Friday Service this year in the First Christian Church during the noon hour. The service will begin and end on time (12:00-1:00). According to the Scriptures the sun was darkened from noon until Three o'clock at the death of Jesus. The Association upon every follower of Christ to set aside this hour for worship even if it means sacrificing the noon meal to do so.

Prelude—Mrs. Waterfield. Praise hymn—Congregation. Invocation—Rev. Autrey. Scripture Lesson—Rev. Sloan. Worship hymn—Congregation. "Jesus Faced the Cross"—Rev. E. R. Ladd.

Duet "On a Green Hill"—Miss Jones, Miss Gates. Consecration hymn—Congregation. Benediction—Rev. William Woodburn. Postlude—Mrs. Waterfield.

## U. S. Gets 1st Battleship In 18 Years

New York. —One thousand of the Navy's fighting men, representing every state in the Union, Wednesday commissioned the 35,000-ton battleship North Carolina before 1,500 special guests at the Brooklyn Navy Yard. The \$70,000,000 dreadnaught, most formidable ship of the fleet and one of the deadliest in the world from the standpoint of shooting power, was the first capital ship to be commissioned by Uncle Sam in eighteen years and her commissioning showed her pride in a colorful and traditional twenty-nine-minute ceremony.

First of 17 On Order Secretary of the Navy Knox told the audience and the world that "we are foreshadowing with this ship the greatest Navy the world has ever seen."

The North Carolina is the first of seventeen battleships ordered by the Navy.

Knox, stressing that Americans want peace, emphasized that the best way to insure it was to have a Navy so strong that no nation dare attack the United States.

Admiral Harold R. Stark, Chief of Naval Operations, who flew here for the ceremony, handed the vessel over to her captain, Olaf M. Hustvedt, and ordered the crew to put her in the best running shape, ready "for a fight or a frolic."

## Senator George Says Balkan War May Help Keep U. S. Out Of War

Washington. —Chairman George (D-Ga.) of the Senate foreign relations committee said today that establishment of a Balkan front in the European war would ease the Nazi counter-blockade against Great Britain and reduce to some extent the chances that the United States might become more deeply involved in the conflict.

While George said it remained to be seen whether Greece and Yugoslavia could halt the German invasion long enough to establish a solid front, he declared that Nazi concentration of airpower there seemed sure to be reflected in a lessening of raids on shipping around the British Isles.

This in turn, he told reporters, appeared likely to retard the demand both in and out of Congress for the conveying by American naval units of war shipment to Britain. George has contended that the institution of such convoys would be almost certain to involve this country in naval warfare.

Furthermore, George said he doubted that President Roosevelt was giving any "serious" consideration to convoys at this time and Senator Norris (Ind.-Neb.), agreed. Norris said that while there had been a great deal of talk about convoys "there is no evidence that the President is going to do it, so I don't see any reason to worry about it."

The convoy question was raised in a resolution by Senator Tobey (R-N.H.), which would put Congress on record against such a method of Atlantic transport. This resolution was scheduled for consideration by the foreign relations committee Wednesday, but George said action would have to be delayed because so many members were absent from the city.

## Judge Held Unqualified To Carry Gun

Frankfort, Ky. —A Kentucky police judge was informed Wednesday that State law prohibits him from carrying a concealed weapon as a protection against what he described as a "threatened beating" because of fines he imposed for drunkenness.

However, Assistant Attorney General Guy H. Herdman told Police Judge D. B. Robinson of Junction City there was no law against carrying a revolver or any other weapon openly.

"If you carry this in your hand with no concealment," he wrote, "there is no law against it, although perhaps it may not be a good policy for a judge to go around armed, even openly."

Robinson, who said he was 74 and in poor health, wrote that he had given "some drunks pretty heavy fines here and I understand from very reliable friends that they have made it up to give me a beating."

## GREEKS BARE MASS EXODUS

Los Angeles. —Capitalizing on French errors, Greece quietly has evacuated 1,000,000 men, women and children from the Macedonia-Thrace theater of war, President Syros P. Skouras of the Greek War Relief Association of America reports.

Skouras called this the greatest, most dramatic wholesale evacuation in history.

Over night cities of 50,000 population were drained of civilians and became ghost cities.

Northern Greece has been vacated to its soldiers before the Nazis tried to move in. Greek fighting men were not hampered by demoralized civilians, as French troops had been. Speeding into battle, they did not have to share narrow highways with men, women and children frantically seeking a refuge.

Skouras, talking with reporters after his arrival from New York last night, said Greek diplomats in Washington just had released this information.

## Sen. Sheppard, Senior Member Of Congress, Dies In Capital

Washington. —Senator Morris Sheppard of Tex., dean of Congress in point of service and sponsor of the National Prohibition Amendment, died at 5 a. m. today. He would have been 69 years old next month.

Expressing "sincere sorrow" at his death, President Roosevelt described him as "a tower of strength" in the work of national defense. Dr. George W. Calver said death resulted from cerebral hemorrhage. "Senator Sheppard suffered hemorrhage April 4 but remained at home in care of his physician until he was taken to Walter Reed

## Red Cross Directors To Meet Friday

J. O. Lewis, chairman of the local chapter of the American Red Cross, has announced a meeting of the new Board of Directors for Friday afternoon at 4:30 at the Woman's club. Members of the board are A. G. Baldrige, J. E. Fall, Bill Browning, Joe Davis, Leon Browder, P. M. Hornbeak, F. A. Homra, Mrs. J. E. Fall, Mrs. Mansfield Martin and Mrs. Nora Alexander.

This is a very important meeting and all board members are urged to be present.

## HOSPITAL NEWS

Olena French is slightly improved today at the Fulton hospital.

Mrs. Clara Wilson is doing fine at the Fulton hospital.

Lowell Weatherspoon is improving at the Fulton hospital.

Mrs. Lula R. Jones was dismissed yesterday from the Fulton hospital.

Mrs. Laura Bowlin is improving at the Fulton hospital.

Zollie Holland, Sedalia, is doing as well as could be expected following a major operation at the Haws-Weaver clinic.

Mrs. B. F. Hill has been dismissed from the Haws-Weaver clinic.

Mrs. J. T. Fowkes continues about the same at the Haws-Weaver clinic.

Mrs. D. L. Griffey, Clinton, is improving at the Haws-Weaver clinic.

Mrs. Hester Bennett continues the same at the Haws-Weaver clinic.

Mrs. Hubert Bynum, Dukedom, is doing fine at the Haws-Weaver clinic.

Rev. Robert Rucker is about the same at the Haws-Weaver clinic.

Aulcy Plumlee is about the same at the Haws-Weaver clinic.

Mrs. N. W. Burnett and baby are doing fine at the Haws-Weaver clinic.

## URGES STUDENTS NOT TO LEAVE SCHOOL FOR JOBS IN DEFENSE INDUSTRIES

Lexington, Ky. — Acting President Thomas P. Cooper of the University of Kentucky urged today that high school and college students continue their schooling "rather than take a defense job."

Declaring the student "expecting to find a position in defense activities" is "often strongly tempted to defer his education," Dr. Cooper added in a statement:

"While the demands may not be as great after our defense period yet the trained man is undoubtedly the one who will be in demand and the one who will have the better opportunities in civil life."

The state carried the explanation that "it is nearing the close of the school year, and many students may change the course of their whole lives by making a quick decision at this time."

Now is the time to renew your subscription to the Fulton Daily Leader.

## Rationing Of Mill Workers Is Foreseen In Varied Industries

New York. —The "rationing" of skilled men to certain industries may become necessary unless labor training activities are increased, L. C. Morrow, editor of "Factory Management and Maintenance," said Tuesday in that publication.

Morrow reported the Labor Department had estimated the first \$16,000,000,000 of defense spending would provide the equivalent of one year's work for 8,400,000 men, or four year's work for 2,100,000 men.

**Data Analyzed**  
Morrow measured this against 1939 data in the manufacturing industries of the Nation. The indicated labor equivalent was a full year's work for roughly 7,414,000 men on a forty-hour week basis.

The added deficit, in other words, would equal about 26 per cent of the total 1939 peacetime

## Debate Naval Assistance To Great Britain

Rear Admiral Land Says Ship Losses Over Replacements

Washington. —An outspoken suggestion by the chief of the maritime commission that the United States might well help Britain combat Nazi convoy raiders aroused fresh discussion here today of the possibility of an early government move toward giving the British naval assistance.

The commission chairman, Rear Admiral Emory S. Land, U. S. N., retired, compared German submarine attacks on British shipping to a bonfire and said Americans should ask themselves whether they could not "give greater help by aiding the British to put out the fire than by concentrating our efforts on feeding it with fuel."

**5,000,000 Tons Yearly**  
Britain's losses are now "occurring at a rate close to 5,000,000 tons a year," he said, adding: "It is obvious that large as the British merchant marine was before the war, it cannot long withstand such losses." Moreover, he declared, America and Britain together cannot furnish adequate replacements.

Land, President Roosevelt's key man in shipping phases of the defense program, spoke over the radio last night. Earlier in the day Mr. Roosevelt disclosed to his press conference plans to add 39 seized Danish ships, totaling approximately 135,000 tons, to the American merchant marine.

The President will ask Congress tomorrow for funds to purchase the vessels, which probably will be turned over to Britain eventually.

The chief executive also indicated the United States might declare forfeited and take possession of 28 Italian and two German ships put under protective custody by the Coast Guard after their crews attempted sabotage. Mr. Roosevelt said the ships were subject to forfeiture.

Land declared that when the present U. S. shipbuilding program "gets into full speed" a few months hence it will produce from 3,500,000 to 4,000,000 tons of cargo ships a year. "This may be insufficient to meet the full extent of British losses," he said.

## CONCESSION RIGHTS TO BE GIVEN TONIGHT

Concession rights for the baseball park will be awarded tonight at 7:30 at the City Hall by the Fulton Baseball Association. The rights will be given to the highest and best bidder and the Association will have the right to object to all bids.

Now is the time to renew your subscription to the FULTON DAILY LEADER.

## FULGHAM NEWS

By Miss Docie Jones

The W. S. C. S. of Mt. Pleasant is sponsoring a local project to beautify the church by planting shrubbery around it with Shupe's Nursery of Sedalia furnishing most of the plants. In addition to the beauty, there's a little history and a bit of sentiment attached to each shrub.

With two or three exceptions, most of them are in honor of those who used their efforts or influence in building our present structure (since the burning of the other one in 1935) and for its pastors and Sunday school teachers up to the present time. Of the eight evergreens in front, six are in honor of the following:

Rev. H. H. Newsom of Oakland, Tenn., pastor when the church was built in 1936.

Bishop U. V. W. Dartington and Rev. W. F. Maxedon of Ripley, Tenn., presiding elder at that time.

Rev. J. T. Walker (1935) and building committee of ten men headed by Lonnie Kimbro, chairman.

The L. L. Hindman class at Clinton and Rev. M. H. Stroud (home boy) of Covington, Tenn.

In memory of two—Rev. F. M. Bone, a beloved local minister who preached in the old log church and the late Rep. Morman B. Daniel, another home boy who attained honors.

Blooming shrubs on right side of church are for former pastors: Rev. J. C. Gilbert of Dyer, Tenn.; Rev. H. C. Jones of Louisville and our present pastor, Rev. H. F. Clayton of Clinton.

On the left side the Sunday school teachers and classes are represented as follows: J. W. Stroud's class of men, J. W. Brinkley's class of women, Mrs. Len Barclay's class of young people, and Mrs. Jack Vaden, Superintendent of the children's department.

The three teachers of the children—Miss Addie Bone, Mrs. Boyce Story and Mrs. Jimmie Moore; will plant rambling rose bushes for a church back ground.

**Program Postponed**  
The "Minstrel Show Boat," sponsored by the Columbus Parent-Teacher's Association and scheduled to appear here April 4, has been postponed on account of illness of characters and also due to much illness here.

**W. P. A. Garden**  
Part of Fulgham's W. P. A., a two acre garden, was altered and planted last week.

**Tarver's Trip**  
Mr. and Mrs. Ferdie Tarver, Mr. and Mrs. W. R. Tarver and Mr. and Mrs. Paul Tarver had an enjoyable and educational trip last week-end to Mammoth Cave, Bowling Green and other points of interest. (Note—Ferdie and his two sons are all merchants. W. R. at Watts Station and Paul at Dublin.)

**Jones-Johns**  
The marriage of Miss Allene Jones of Mayfield and Narvelle (Pal) Johns of Detroit was performed at Union City Saturday, April 5, with Rev. O. A. Marrs of the First Methodist church, officiating.

Mrs. Johns is the daughter of Mr. and Mrs. Jack Jones of Mayfield and a graduate of Wingo high school, class of 1938.

Narvelle is the son of Mr. and Mrs. John Johns and finished Fulgham High school in 1936. Since then he has been engaged in farming and also as a dealer of the Watkins Products until he went to Detroit last fall.

He is now connected with the New York Central Railroad Company in Detroit where they will reside.

Martha Gore Weds Douglas—R. Schiemann-Gore

The following wedding is of interest to a large circle of friends in Hickman County where the bride and her parents formerly lived.

The marriage of Miss Martha Gore, only child of Mr. and Mrs. Jim Gore of Detroit, Mich., and Douglas Schiemann of Detroit was solemnized with sweet simplicity Saturday, March 29, at 6:30 p. m.

In the Saint Norton's on the Lake Rectory, in the presence of the two families.

Mrs. V. Clark of New York attended the bride as maid of honor and Mr. Clark attended the groom as best man.

The bride was lovely in a light blue sheer wool redingote with navy accessories. She carried a corsage of white roses and white sweet peas.

Mrs. Clark wore a dusky pink wool dress with matching accessories.

Following the impressive ceremony a reception was held at the home of the bride's parents of 3113 Helen Avenue, with more than one hundred in attendance.

Mrs. Schiemann finished Eastern High in Detroit a few years ago and has since held an enviable position with the Parke Davis Company.

Mr. Schiemann is an ambitious college student and is now connected with one of the big department stores in the city.

They will reside at 2967 Gladstone Avenue.

The bride is related to the Batts and Vaden families in Fulton where she visits frequently.

**Hello! Hello!**  
Mr. and Mrs. Bill Bone are the parents of a daughter, born Sunday, April 6, at the Mayfield hospital.

**Sick Patients**  
"Man" McNeely is ill of pneumonia and malaria fever at the home of A. J. Whitlock.

Mrs. Tom Montgomery who received a broken and dislocated shoulder last Sunday, is doing fairly well. Her arm was supported in a steel brace until Monday when it was placed in a cast. She remains in the Mayfield hospital.

The condition of Mrs. Emma Bone who suffered a broken hip March 19 is some better. Her daughter, Mrs. A. L. Montgomery of Rochester, Mich., who was called to her bedside last week, is returning home this week.

**Personals**  
Mrs. Bill Dowdy and children have gone to Detroit to join Mr. Dowdy. Enroute they will spend a week in Providence, Ky., with Rev. John Robinson and Mrs. Robinson, her sister.

Narvelle (pal) Haskell, Lee Jones and Gene Nicholas of Detroit spent

the week-end here.

Mr. and Mrs. Rudell Johns and son, Larry Dell, of Evansville, Ind., were week-end visitors in Fulgham.

Sunday guests of Mrs. Smith Pharis and Mrs. Jimmie Moore were Mr. and Mrs. Ted Hitch and two sons of Evansville, Mrs. Walter Jewell and children and Mrs. Nancy Day, Montgomery, all of Clinton, Mrs. Clint Hopkins and son, Billy Dale. Mrs. Pharis is reported slowly improving.

Art Vaden of Hardin, Ky., spent the week-end in the homes of Grate Vaden and Fred Hopkins.

Mr. and Mrs. Jim Hickerson, Mrs. A. J. Whitlock and Mrs. L. H. Tynes spent Monday in Campbell, Mo., with their brother, Ogle Hickerson and wife of Sterling, Colorado, who were called to Missouri by the illness of the latter's mother.

Mrs. Roy Waller of Detroit is attending the bedside of her father, Crit Nall, at Milburn.

Mr. and Mrs. Harry Sullivan have moved to St. Louis with the Bob Burkett family.

John Wimon Batts, June Batts,

Vadene Hopkins, Rebecca Elliott, Alta Mae Burgess, Billy and Johnny Parrott are quite ill of old-fashioned "red measles."

**This and That**  
While we were hunting up a little more fuel to add to our fire, we heard that Ernest Bolin, M. B. Burkett, Walter Humphreys, F. Armbruster and Jess Jones have actually planted corn. And that isn't all. M. B. Burkett reports 50 watermelon hills in plant. . . . Red measles are raging here now. Years ago, members of the "other generation" caught their measles at church instead of the schools and movies. . . . Rev. F. M. Bone, grandfather of the late Morman B. Daniel, whose birth dates back to 1841, delivered a sermon one Sunday with the measles and the whole congregation received them both.

About 35 years ago measles "broke up" a school for J. D. Via at the old Tarver building. H. V. Bugg was responsible for that. . . . Sunday school attendance last Sunday was Bethel 26, Salem 28, Mt. Moriah 31, Jackson's Chapel 46 and Mt.

Pleasant 34. A total of 215. Can we double it next Sunday. . . . A year's subscription to a local newspaper follows the Bill Dowdy family to Detroit. . . . I am wondering who the reporter is at Mt. Moriah who taught school at Rays one time. . . . J. R. Jackson is having a lot of trouble with his mumps and has been in bed a week. . . . Our people will attend the Hickman-Fulton County Singing Convention at Mt. Zion Sunday.

tell the ministers to follow my example. If a preacher went into such a place and drank a bottle of pop it would not be twenty-four hours before his congregation learned that he had been drinking in a public place, and probably not more than forty-eight hours before he would be reliably reported as being thoroughly and completely drunk. For ministers must be above reproach, whereas the public thinks the worst of newspaper men.

## SOCIAL and PERSONAL

N. M. (BOOK) CULUM, SOCIETY EDITOR—OFFICE 30

### MOTHER'S CLUB MEETING YESTERDAY

This Mother's Club of Fulton held its monthly meeting yesterday afternoon with Mrs. Bud Edwards and Mrs. Harold Newton hostesses. The meeting was held in the home of Mrs. Freeman Dallas in Highlands.

Mrs. Dallas is the president of this club and she presided over the business session. The program leader for the afternoon was Mrs. Newton, who presented a very good program on "Science for the Pre-School Child," taken from the Parent Magazine.

At the conclusion of the program the hostesses served a dessert course and cold drinks to nine members and one visitor.

The meeting will be held in May at the home of Mrs. W. L. Durbin in Water Valley.

### KENTUCKY CIRCLE OF LIBERTY CHURCH

The Kentucky Circle of the Liberty W. M. U. met Monday afternoon at the home of Mrs. S. J. Holt. Ten members were present with three visitors from the Tennessee Circle.

The meeting was called to order by the chairman, Mrs. Mary Bondgrant, and each member answered the roll with a Bible verse. Mrs. L. M. Bratcher gave the devotional, taken from Matthew 20:20-28, followed with prayer by Mrs. Coyle Wade. The program was then turned over to Mrs. Fred Bondurant, Mission Study Chairman, who gave the first four chapters of "The Lower Levels of Prayer."

The closing prayer was led by Mrs. Allen Austin. During the social hour Mrs. Holt served cold drinks and cookies.

### MRS. BUSHART UNDERGOES OPERATION

Mrs. Glynn Bushart underwent an operation this morning in the Baptist hospital in Memphis. She will be removed to Campbell's Clinic following the operation. Dr. Bushart is in Memphis today attending his wife's bedside.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. Naylor Ward Burnett announce the birth of a son, born Wednesday night, April 9, 1941, at the Haws-Weaver clinic. The baby has been named Ward Watkins Burnett.

### MUSIC DEPARTMENT MEETING YESTERDAY

The April meeting of the Music Department was held on Wednesday afternoon at the Woman's club. Mrs. E. C. Grymes, the chairman, presided over the business session. The nominating committee recommended the following officers for the year 1941-42, who were unanimously elected: Mrs. W. L. Durbin, chairman; Mrs. E. B. Grymes, vice chairman; Mrs. G. N. Frey, secretary and treasurer; Miss Ruybe Boyd Alexander, historian; Mrs. Hugh Pigue, Junior Club director.

Following the business session, Mrs. Grymes presented the following program on "A Day of Music": Voice—"Dawn"—Pearl Currah; By Mrs. M. W. Haws; Piano—"The Fawns"—Chaminade by Miss Martha Ellen Duley; Vocal Trio—"Sunset"—Warrell by Mesdames Charles Gregory, F. H. Riddle and Charles Robert Bennett; Voice—"In the Silence of the Night"—Rachmaninoff by Mrs. Walter Voelgel.

After the adjournment the department attended the Red-Cross display on the invitation of Mrs. Hazel Scruggs.

At the conclusion of contract games Mr. and Mrs. James Warren were high scorers and were given attractive prizes.

Mrs. Wiggins then served a delightful plate, with favors, napkins and tables carrying out the Easter motif.

The club will have its next meeting with Mr. and Mrs. Warren at their home on Fourth street, in two weeks.

Robert was a sophomore at the University of Kentucky and was enrolled there until January.

### Says Income Tax Rate May Have To Be Doubled

Washington. —Two members of the Senate finance committee—George (D-Ga.), and Taft (R-Ohio)—agreed today that Congress might have to double existing personal income taxes and hike the corporation rate to 30 per cent to help finance national defense and British aid expenditures.

The basic individual income tax rate now is 4 per cent of net income above \$2,000 for married persons and above \$800 for single individuals. George, ranking member of the finance committee, suggested that the rate might have to be increased to 8 per cent.

The corporation rate is 24 per cent on companies with a net income of more than \$25,000 annually. George said that if it were in-

creased to 30 per cent and the personal rate were doubled the government would collect at least \$1,000,000,000 additional each year.

## Water Pollution, Flood Control Held Big Ohio Valley Problems

Washington.—Water pollution and flood control were listed by the National Resources Planning Board as two of the major problems that must be solved in the development of the Ohio valley region.

"Industry in this region has a definite obligation not only to other industries but to the public, to return water, which has been used for industrial purposes, to the streams in a reasonably pure state," the board said in a report submitted to Congress by President Roosevelt.

**Solution Essential**

Pointing to the heavy urban population of the region, the board said solution of the pollution problem was "particularly essential" and suggested cooperative efforts of industry and public bodies to meet the situation.

"Research is developing ways in which many industrial wastes may be profitably reclaimed and pay all or a large part of the cost of

controlling pollution," the report continued. "These efforts should be expanded as rapidly as research points the way to solutions."

"Complete insurance against flood damage" must be provided, the board said, in the development of the "idea" future region.

**Suggest Four Point Program**

The board suggested this four-point development program for "the welfare of all the people" in the region:

"1—Development of the use of the natural resources of the region in a manner that will conserve their potential capacity, insofar as conservation is compatible with utility.

"2—Restoration of renewable natural resources that have been depleted.

"3—Expansion of appropriate industry to provide greater diversified opportunities for employment throughout the region.

"4—Provision of ample facilities for research and the equipping and educating of people to take advantage of employment opportunities."

### PHONE-BY-PHONE CHECK FINALLY STOPS RADIO PROGRAMS IN SYSTEM

Golconda, Ill.—A little radio music to break the monotony of saying "number please" is a welcome relief for a telephone operator, that is until it becomes too monotonous itself and interferes

with conversation. At least that was the experience of Mrs. Hazel Dixon, operator for a telephone system serving a wide rural area near the Robbs community in Northwestern Pope county.

Several days ago Mrs. Dixon was surprised to hear radio programs coming over the telephone system, especially when they continued from 5 o'clock in the morning until night. When the radio programs began dominating conversation, linemen began a search for the trouble and finally resorted to the task of calling each number one by one, and asking patrons if they were playing their radio.

After a long delay Mrs. George Parmley finally answered her phone and the radio stopped. Asked if she had her radio on Mrs. Parmley replied that she had, but had turned it off to answer the phone. At the suggestion of the operator, Mrs. Parmley hung up her receiver and turned on the radio and again the music came over the phone wires.

Investigation disclosed that the

radio aerial and telephone wires entered the house close together, though not touching. Separating the wires corrected the interference.

### POLICE COURT

Harold Gregory was tried this morning before Police Judge Lon Adams on a charge of being drunk in a public place. He was given a 10-day jail sentence, suspended

## Bread with Extra FOOD VALUE

Are you among the many Fulton families who have discovered the bread with the extra food value—Hornbeak's Enriched Bread? If not you should know about this delicious new loaf.

Hornbeak's Enriched Bread meets the vitamin and mineral requirements proposed by the Committee on Food and Nutrition of the National Research Council. More than that, it equals bread made with average whole wheat flour in those nutritive factors.

Hornbeak's Enriched Bread gives you a new taste thrill . . . and extra amounts of important vitamins and iron.

## HORNBEAK'S BAKERY

## "I Need a New Range, John"

What you really mean is that you "deserve" a new range. And your husband will see your point, for he knows the importance of modern equipment. Be sure it's a modern Perfection Oil Range. In our store he can see how really modern the latest Perfections are—how fast, how clean, and adjustable for the exact degree of heat needed for any cooking job. There's no better way to cook—and no other range using a modern fuel costs so little to operate.
