Blue Ribbon Health Standards

The following are the restrictions applicable to the Meadville Health Department which children entering from outside the Meadville limits must conform to in order to be registered by the Meadville Health Department. These standards are the same as are applied to all resident children in Meadville.

1. Physical Examinations: Physical examinations for registration by the Meadville Health Department are required at the ages of 2, 7, 12, and 17 years. The examinations must be performed by a State-registered physician and must include the following:

- A complete physical examination
- A urine test
- A blood test
- A stool examination
- A chest x-ray

2. Immunization Requirements: All children must be fully immunized against the following diseases:

- Diphtheria
- Pertussis (whooping cough)
- Measles
- Mumps
- Rubella (German measles)
- Poliomyelitis

3. Dental Examinations: All children must have a dental examination by a registered dentist at the ages of 2, 7, 12, and 17 years. The examinations must include:

- A complete dental examination
- Treatment of any dental problems

4. Health Standards for School Attendance:

- Children must be in good health and free from communicable diseases
- Children must be free from symptoms of communicable diseases
- Children must be able to attend school without interfering with the health and safety of others

5. Additional Requirements:

- All children must be registered with the Meadville Health Department
- All children must be enrolled in a school in the Meadville school district

These requirements must be met by all children entering Meadville, regardless of age, in order to be eligible for registration with the Meadville Health Department.

Facts and Formulas:

Every formula in our line of feeds is submitted to our State Experimental Station for their advice. They are in room, protecting the feeder and help us build a feed for results and health of herds and flocks.

The ingredients used are the best that can be purchased and feed is carefully mixed and packed.

The Baby Chick Season will soon be here and we have made an endeavor to produce chick feeds equal or better than other brands.

We do not carry on an extensive and expensive advertising campaign, making the users of the feed see the hill. But you will be pleased and surprised. The results will be pleasing and profitable.

We manufacture the following feeds:

Chicken Feed:

Big Eye Scratch Grains
Bokk's Choice, Laying Mash
Baby Chick Grains
Intermediate Grades

FOOD EXAMPLE

New York has set every state in the Union a good example in passing a law whereby any driver while intoxicated, *contributes* the *degree* it to drinking alcoholic liquor. But we suppose there are those who cannot always be free from the temptation of drinking while intoxicated. To those who indulge in alcoholic liquor, and drink with no regard to the consequences, we offer the following food.

**BENNOELL'S Live Stock**

Yes the Coleman IS Different

Besides this month's speedy cooking convenience, you'll find many other features that make the Coleman different—features that make a big difference in your daily preparation of meals.

Just think what a difference it would make in each day's household duties to have gas for cooking, .. with its speed, its comfort and its economy. The Coleman gives you that wonderful convenience—no matter where you live. It makes and burns its own gas from regular clear-white gasoline. No pipe, wiring or installation experience whatsoever.

And what a difference to have your kitchen free from smoke, dirt, blackened pots and pans. The Coleman Range brings you that freedom. Ceilings, curtains and windows stay clean longer than you have this modern range.

You'll find the Coleman makes a difference in the cost of preparing each meal, too. Cooks a meal for the average family on less than a cent's worth of fuel.

There are other features about the Coleman Range that make cooking so entirely different. Come in and see them. Pick yours. There's a style and size for every cook and kitchen.
