I. C. Will Spend Ten Million

That the Illinois Central System will spend approximately ten million dollars in 1939 for new equipment is announced by W. V. Janetschek, vice president for engineering, in a letter to Mr. George W. Norwood, and chairman of the board, dated April 8, 1939.

The locomotives and passenger cars recently ordered by the Illinois Central System will be delivered in the next two years, and will replace older equipment. The new locomotives will be more powerful, and will enable the system to handle heavier freight and passenger traffic. The passenger cars will be more comfortable and will provide better facilities for passengers. The new equipment will also reduce operating costs, and will enable the Illinois Central System to operate more efficiently.

TERRY GORMAN P. T. A. TO HEAR DR. GRAFF

TERRY GORMAN P. T. A. will hear Dr. Graff, president of the University of Illinois, at its next meeting, scheduled for April 12, 1939.

The purpose of the meeting is to discuss the university's activities and to present the views of its president. Dr. Graff will discuss the university's educational policies and programs, as well as its financial situation and budget. The meeting will also provide an opportunity for the public to ask questions and interact with the president.

GROWTH OF RAILWAY ENGINEERING

The growth of railway engineering has been remarkable in recent years. The demand for new and improved railway equipment has increased, and the railway companies have been forced to invest heavily in new facilities.

The Illinois Central System is one of the largest railway companies in the United States, and its investment in new equipment is a reflection of the overall trend in the railway industry.

New Evidence Of Leadership

The display shows the company's new White Motor Co., which is now in production. The display is located in the American Legion Bakery, 117 S. Main St.

You know that White Motor Co. is the manufacturer of the famous White-Knight truck. The truck is designed for heavy-duty use, and is well-equipped with the latest in automotive technology.

The truck features a powerful engine, and is capable of handling heavy loads. It is also equipped with a number of safety features, including a backup camera and automatic braking system.

American Legion Auxiliary Conference

The American Legion Auxiliary Conference is an annual event that brings together members of the auxiliary from across the country. The conference is held in different cities each year, and is a chance for members to network and learn about new programs and initiatives.

This year's conference is taking place in Chicago, and features a range of events, including workshops, seminars, and social gatherings. The conference is a chance for members to learn about the latest in Legion activities, as well as to connect with other members and share ideas.

New Testament

The New Testament is a collection of writings that form the core of the Christian faith. It contains the teachings of Jesus Christ, as well as the writings of his apostles and followers. The New Testament is divided into two parts: the Gospels and the Acts.

The Gospels are a collection of four books that describe the life and teachings of Jesus Christ. They are known as Matthew, Mark, Luke, and John, and are considered to be the most important books in the New Testament.

The Acts is a book that describes the early Christian church, and the spread of the gospel throughout the world. It provides a historical account of the growth of the Christian faith, and is considered to be one of the most important books in the New Testament.

The New Testament is a source of inspiration and guidance for Christians, and is studied and interpreted by scholars and believers alike. It is a central text in the practice of Christianity, and its teachings continue to influence the beliefs and practices of Christians today.
The best protection for your pocket book is the service of a good bank. Money deposited with us is safe. More than that is ACTIVE. It is useful. A surplus account is building prosperity for your community as well as making money for you.

To make your money as usable as well as making money for you, prosperity for your community as well as making money for you, more than that is ACTIVE. It is useful. A surplus account is building prosperity for your community as well as making money for you.

Business Men Know

Business men know the advantages of a savings account with a good reliable institution like this one.

They know that systematic saving promotes prosperity. And they know that money deposited in this bank has sound protection. If you haven't opened an account with us yet, do it now, before you forget.

About Opportunity

We quite often hear some local citizen declaring that he is "in lack of opportunity." They argue that the time is past when young men can begin all on their own and rise to a prominent position in the corporation. Stories of able salesmen who live to remember the presidential chair of some great railroad company being offered to them in their prime. Last week, two comparatively young men who began as office boys took over the reins of a large and prosperous discount and loan company.

The proof of the pudding is in the eating. It is often difficult to separate cream from eggs, to sift the wheat from the chaff. But a good reliable institution like this one.

Business men know the all-service. They know that systematic saving promotes prosperity. And they know that money deposited in this bank has sound protection. If you haven't opened an account with us yet, do it now, before you forget.

Facts and Formulas:

Every formula in our line of feeds is submitted to our State Experimental Station for their endorsement. They are interested in promoting the feeder and help us build a feed for results and health of hens and roosters.

The ingredients used are the best that can be purchased and feed is carefully mixed and packed to guarantee the best investment on the farm.

Car Thieves Busy

Fulton car owners have been hurt by the farm men and contractors who sell surplus grain to feedhogs. They have swept through the Fulton car market treating the local warehouses as if they were the presiding chair of some of the municipal corporation. Stories of able salesmen who live to remember the presidential chair of some great railroad company being offered to them in their prime. Last week, two comparatively young men who began as office boys took over the reins of a large and prosperous discount and loan company.

The proof of the pudding is in the eating. It is often difficult to separate cream from eggs, to sift the wheat from the chaff. But a good reliable institution like this one.

Sunday School Lesson

Lesson for April 6

THE LAW OF THE CROSS

One great objective of the Christian life is to train us for suffering. The Christian life is a life of sacrifice; of service; of being used for the glory of God. The law of the cross is the law of Jesus our Lord. He faced opposition and sacrifice to establish His kingdom, and He wants us to be like Him. He wants us to be witnesses of Him to others.

Will you try now to see a few benefits to you of the Christian life as applied to the law of the cross?

FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to break down the prejudice based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat.

OUR MESSAGE OF SERVICE

There is going to be a lot of activity in the building line this year. Architects and contractors, carpenters and masons all, are busy sharpening up their pencils and their tools, and getting set for business. It is not the young married folks alone who are going to build homes—who dream dreams of happiness in homes of their own—but many others who have long, too long, been renting the roofs over their heads are going to try this year to realize their desire to have a home of their own.

Whatever you plan to do by way of BUILDING—REMODELING—REPAIRING—we want you to feel perfectly free to come in and consult our service department without the slightest obligation. Whether it's a big house or a bungalow, a new garage, new roof or new floor, a sun parlor or a sleeping porch, an alley fence, or built-in fixtures—we are prepared to give you unexcelled service and low prices on Quality Material.

LET US HELP YOU MAKE YOUR DREAMS COME TRUE.

That New "Red Strand"

For Someone Who's the Faintest of hair.

But we know, as no one else can, the secret of that amazing growth of hair... it's the "Red Strand"!

"Red Strand" is a hair tonic, a natural, liquid powder. Hair mousse that makes hair grow faster and thicker...

The world of the "Red Strand" is a world of magic that is fast growing in popularity.

STATEMENT

Of the building, management, development, and equipment of the "Red Strand", the following is true:

The building is owned, managed, and operated by R. S. Williams, Fulton, Ky., a New York corporation, the benefit of which is a non-profit organization.

The building is not open to the public, and the public is not allowed to enter.

TAXING THE RAILROADS

The taxes placed upon the railroads of the United States for 1929 exceeded 340 million dollars. Rail-

way taxes first exceeded 100 million dollars in 1911. In 1917 they exceeded 200 million. In 1928 they excelled more than 400 million dollars. In eighteen years they have increased from $200,000 a day to $1,100,000 a day.

Everyone uses railway service in some form and thus helps to pay the taxes. The average person pays only 9.2 cents for transportation, the tax collectors taking 3.8 cents. The average dollar paid for railway service bought 96.2 cents of transportation, the tax collectors taking 3.8 cents.

This statement is made in order to give the real payers of railway taxes information as to which they are entitled.

Thirty-seven states have railway taxation laws, 34 states taxing with a rate of 7.26 cents per $100,000, 11 states with a rate of 6 cents per $100,000, and 4 states with a rate of 4 cents per $100,000.

The Illinois Central, for example, has a new law which will give it the right to call on me at any time you need help on any of your projects.

The policy to scrub them with limewash is most money out of them. It will pay well to feed your lambs at least until the grass is plentiful in order that they may grow off more readily. It usually pays to feed some even lambs at least until the grass is plentiful in order that they may grow off more readily.
