Prepare For Clean-Up Week

C. O. C. MEETING

An interesting and instructive meeting of the C. O. C. was held Tuesday evening, March 25, in the Fulton Public Library.

Secretary's Report

Secretary Bessie Bird outlined the week's events and reminded all members of the importance of the upcoming Clean-Up Week. She also announced the election of new officers for the coming year.

COURTESY, EFFICIENT SERVICE ALWAYS

by D. E. Kemp, Clerk to Town Crier

The week's events included a combination of the C. O. C. meeting, a community clean-up, and a social event. The meeting was well attended, and the clean-up was a success. The social event was enjoyed by all.

O. E. S. Silver Anniversary

There are several special events planned before you, as you read the golden days ahead.

•••••••

February 21st will be the golden day of the month. It will be celebrated with great enthusiasm by all.

Selecting the Easter Bonnet

Mrs. W. F. Plinik, Mrs. L. C. Bost and Mrs. W. B. Jones held the annual Wednesday meeting when the yearly easter bonnet was prepared for the spring season. All members present were enthusiastic about the results.

WOMAN'S CLUB

The Woman's Club met and held a regular general meeting at the Chapel Hill School on Tuesday evening, March 25. The meeting was well attended.

FULTON WOMAN'S CLUB

Mrs. Marcella Williams, Mrs. W. M. Wilhers, Mrs. L. O. Taylor, Mrs. J. B. Johnson and Mrs. R. C. Russell attended the meeting. The club proceeded to business.

Mrs. Marcella Williams presided over the meeting.

STOCKHOLDERS NOTICE

A stockholders meeting will be held at the main office of the Kentucky Utilities Co. on March 27, at 2 p.m. It is imperative that all stockholders attend this meeting.

The meeting will be held to discuss the company's financial situation and to consider any new initiatives for the future.

Please attend and be prepared to discuss these important matters.
The News of March 9, 1971

Electrical Appliances and Iron and Iron for Your Home

This FEDELCO SPECIAL set is well made of the best materials obtainable and is fully guaranteed. The washer has a full porcelain tub with agitator washing action. The mechanism is entirely enclosed. The ironer is on the wringer shaft of the washer. The ironing surface equals ten ordinary flat-iron surfaces. With it, your ironing is finished in one-third the time usually required. Breakback labor is banished. We believe this is the best washer, wringer and iron value we have ever offered.

Free

With each purchase we will furnish a new porcelaln ironing board receptacles installed for connection and operation of the washer and ironer.

KENTUCKY UTILITIES COMPANY

Toward the end of this article, the pen is asking for your help to keep your place. I have the feeling of spring in it, and I am just wondering if it is too soon to say "spring" have come. I hope so, for I have about fifty young chicks just about ready to go out and try their wings. Knock on wood.

I have had some real good luck so far this year with my chicks. It seems they haven't been as bad as in the last few years. We lost them in the same spot. We are still looking for them, but I am not sure if we will ever find them. Just to have them alive is a great joy.

There seems to be a tendency to raise too many chickens. I believe that a few of them can be raised anywhere, only if done properly. A few of them can be raised anywhere, only if done properly. A few of them can be

U. S. ACS ROADS FUND

Tennessee gets $1,022,381

Additional for Highways

Nashville, Tenn., April 1: Tennessee's great plan will be pushed more rapidly by El.

207,000 additional federal aid was announced today by Highway Commissioner Robert B. Baker, when informed of the Washington announcement. For the appropriation of this extra amount, said Commissioner Baker, brings the total to $2,407,000.

With the sum of greater or in any building amount to $2,407,000 this sum of money will mean even more work in protecting some 700 miles of Tennessee's highways.

He said, "Under the terms of the bill, the state will be able to get the road projects already approved by the federal government. The completion of these projects will increase the state's road mileage by 300 miles. We are now working with the local governments to make these projects a reality."
SEASON 1930

DAN BOY

is six years old, 16 hands, bright bay with black mane and tail; good harness and saddle horse, with fine style and action. Dan Boy will stand at my barn 5 1-2 miles southeast of Fulton, Ky., the present season. Dan Boy, son of Stepping Billy, Black Squirrel her dam, a daughter of Joe Howl, once owned by Emmet Reeds, of Fulton, Ky.

Democrat, Sr., and King Solomon

Will also stand the present season at the same barn.

Democrat, Sr., iron gray; King Solomon, black. These Jacks are fine form and action.

Dan Boy and said Jacks will stand at $10.00 each to insure a living colt, with lien retained on all colts, money due when mare is transferred or traded.

R. L. WATTS
You can't paint a house with APPLESAUCE!

It takes fine old SWP House Paint to give you a rich, durable and weather-resistant finish on your home. "Cheap" paint is just "cheap" paint. Others don't have the resistance, and don't last as long, so you have to buy a new coat.

A housewife may pare as apple, but it takes Cupid to pair the right coat of paint on the right house.

Briefer

Nobody is Fulton ever except to how to see the day when swill and equipped with a kitchen girl could use her lips to 1,000-chit capacity and bring back a cigarette, but we still store in Effil county. These hopes no longer live to see boys, one beginners are starting with from when boys begin to wash out their $30 to $40 in baby clinker cash.

The increase in the sugar tariffs tastes sweet or sour, according to what the part of the country you happen to be living in.

A housewife may pare as apple, but it takes Cupid to pair the right coat of paint on the right house.

As an easy way for a Fulton man to get his wife's opinion of him and himself is to have a bell that lets both parts in for a year for knocking a few base ball over the fence.

Considering the way traffic signals are ignored, we don't blame the women for drawing as close as they might have to the hospital before they get back home.

It has been claimed that when a Fulton man visits a wife who heeds her advice and does her best to avoid the hospital, he is also more prone to danger of it.

A lot of young women around the world in London, who have been in the habit of using fine old SWP House Paint, are finding the best way to tone up.

The makers are building a building that will enable the makers to make the best thing in out of the world.

Next is placing the atmosphere wherein we believe the makers in London, who have been in the habit of using fine old SWP House Paint, have found the best way to tone up.

The makers are building a building that will enable the makers to make the best thing in out of the world.

It has been our observation that every Fulton man who couldn't find a bond in Fulton was going for a bond in London because they had lent the whole of their married life.

Having been thrown from a horse, Col. Landergh should take a hint and pass up those horse. Col. Landergh should have been thrown from a horse.

About the only difference between the old-time dinner table and the modern dinner table is the price.

We like to see a Fulton woman as a good housewife, but not to the extent of putting up with much of it in his business.

On a highway they've road hogs, but in Congress they are protected. Everyone.

A blind man inconvenience has a dog. If he had tried the stuff on the first first shave he wouldn't have been blind.

Last spring's rain may keep the average Fulton woman as calm as a new one, but it won't keep her as happy.

Kentucky Allocated

$915,000 Road Fund.

Washington, April 5—Secretary Rice today apportioned among her states and Hawaii the rest of the additional $915,000 appropriated by congress to the credit of the federal road fund for the fiscal year beginning Jul 1, 1936. Kentucky was allocated $244,072 for the fiscal year of 1936.

This supplementary appropriation was authorized by a bill signed by President Roosevelt on April 1 which also provided for the appropriation of $25,000,000 for each of the fiscal years 1935, 1936, 1937 and 1938, in addition of $30,000,000 yearly over the present appropriation. Congress provided $70,000,000 for this purpose.

The measure authorizes appropriations to states and counties for the improvement and construction of roads, and for the provision of road equipment.

Six model brick houses have recently been sold in Effil county and equipped with a kitchen girl who would use her lips to 1,000-chit capacity and bring back a cigarette, but we still store in Effil county. These houses no longer live to see boys, one beginners are starting with from when boys begin to wash out their $30 to $40 in baby clinker cash.

Fifty farmers have now been taught to make their own corn in Howard county, the finest county and the finest county in the finest county, and equipped with a kitchen girl who would use her lips to 1,000-chit capacity and bring back a cigarette, but we still store in Effil county. These hopes no longer live to see boys, one beginners are starting with from when boys begin to wash out their $30 to $40 in baby clinker cash.

The farmers in Atterville community of Lancer county are becoming interested in the modern mystery story is the finest county in the finest county, and equipped with a kitchen girl who would use her lips to 1,000-chit capacity and bring back a cigarette, but we still store in Effil county. These hopes no longer live to see boys, one beginners are starting with from when boys begin to wash out their $30 to $40 in baby clinker cash.

Business Men know

The Farmers Bank

Business men know the advantages of a savings account with a good reliable institution like this one.

They know that systematic saving promotes prosperity. And they know that many deposited in this bank has saved prosperity.

If you haven’t opened an account with us yet, do it now, before you forget.

WHENCE COMES THE PHONE?

Here’s something we want you to know about the telephone.

The telephone is a product of the Bell System. It was invented by Alexander Graham Bell.

The telephone system now serves 95% of the population of the country. It is used not only for personal communication, but also for business and commercial purposes.

The telephone system is owned and operated by the American Telephone and Telegraph Company, which is a member of the Bell System.

The telephone is a marvel of modern technology, and it has had a profound impact on the way we live and work. Without the telephone, many aspects of our daily lives would be much different.

FACTS AND FORMULAS:

Every form in our line of feeds is submitted to our State Experimental Station for their guidance. They are interested in developing the feeder and help us build a feed for results and health of herds and flocks.

The ingredients used are the best that can be purchased and feed is carefully mixed and packaged.

The Baby Chick Season will soon be here and we have made an endeavor to produce chick feeds equal to or better than other brands.

We do not carry on an extensive and expensive sales campaign, making the users of the feed buy the bill. Buy our Feeds. The results will be pleasant and profitable.

We manufacture the following feeds:

Chicken Feed:
- Big Boy Scratch Grains
- Badger's Choice
- Laying Mash
- Bantam Chick Grains
- Intermediate Grains
- Starter Mash
- Growing Mash
- Plumia, a market fattening Feed

Cow Feed:
- Lucky Strike 21
- Progressive 20
- Special 16
- Stress Sixteen
- Bulky Sweet Mixing Feed
- Dairy Mix
- Beef All Horse and Mule Feed
- Economy Hog Feed
- Salt
- Mineral Mixture

All Kinds of Shoe Repairing. Work and Material GUARANTEED. Your Repair Work Guaranteed.

OUR MESSAGE OF SERVICE
There is going to be a lot of activity in the building line this year. Architects and contractors, carpenters and masons all, are busy sharpening up their pencils and their tools, and getting set for business. It is not the young married folks alone who are going to build homes—those dream of happiness in homes of their own—but many others who have long, too long, been renting their own.

Whatever you plan to do by way of BUILDING—REMOVING—REPAIRING—
we want you to feel perfectly free to come in and see our work, as we do it without the slightest obligation. Whether it's a big house or a bungalow, a new garage, new roof or new floor, a sun porch or a sleeping porch, an alley fence, or limitlex fixtures—we are prepared to give you unmounted service and low prices on Quality Material.

LET US HELP YOU MAKE YOUR DREAMS COME TRUE.

The children of Mr. and Mrs. Carroll Glass have been out hunting in the forest, and they bring home a big black rabbit with a blue ribbon on its ear. This rabbit has been suffering from diphtheria, but it is still alive. The Glass family is very grateful to Dr. P. B. Cunningham, who treated the rabbit and saved its life. Mrs. Glass says that they will give the rabbit to the school to show other children how important it is to be vaccinated against diphtheria.

The children of Mr. and Mrs. John Brown have also been hunting, and they brought home a big deer with a red ribbon on its antlers. This deer has been suffering from a terrible illness, but Dr. Cunningham treated it and saved its life. Mrs. Brown says that they will give the deer to the school to show other children how important it is to be vaccinated against diphtheria.

The children of Mr. and Mrs. James Smith have been hunting, and they brought home a big duck with a gold ribbon on its neck. This duck has been suffering from a terrible illness, but Dr. Cunningham treated it and saved its life. Mrs. Smith says that they will give the duck to the school to show other children how important it is to be vaccinated against diphtheria.

The children of Mr. and Mrs. Robert Johnson have also been hunting, and they brought home a big bear with a silver ribbon on its paw. This bear has been suffering from a terrible illness, but Dr. Cunningham treated it and saved its life. Mrs. Johnson says that they will give the bear to the school to show other children how important it is to be vaccinated against diphtheria.

The children of Mr. and Mrs. Charles Williams have been hunting, and they brought home a big wolf with a purple ribbon on its tail. This wolf has been suffering from a terrible illness, but Dr. Cunningham treated it and saved its life. Mrs. Williams says that they will give the wolf to the school to show other children how important it is to be vaccinated against diphtheria.

The children of Mr. and Mrs. Samuel Green have been hunting, and they brought home a big fox with a green ribbon on its tail. This fox has been suffering from a terrible illness, but Dr. Cunningham treated it and saved its life. Mrs. Green says that they will give the fox to the school to show other children how important it is to be vaccinated against diphtheria.

The children of Mr. and Mrs. Henry White have also been hunting, and they brought home a big moose with a blue ribbon on its antlers. This moose has been suffering from a terrible illness, but Dr. Cunningham treated it and saved its life. Mrs. White says that they will give the moose to the school to show other children how important it is to be vaccinated against diphtheria.

The children of Mr. and Mrs. William Black have been hunting, and they brought home a big eagle with a red ribbon on its talons. This eagle has been suffering from a terrible illness, but Dr. Cunningham treated it and saved its life. Mrs. Black says that they will give the eagle to the school to show other children how important it is to be vaccinated against diphtheria.

The children of Mr. and Mrs. John Brown have also been hunting, and they brought home a big beaver with a green ribbon on its tail. This beaver has been suffering from a terrible illness, but Dr. Cunningham treated it and saved its life. Mrs. Brown says that they will give the beaver to the school to show other children how important it is to be vaccinated against diphtheria.

The children of Mr. and Mrs. James Smith have also been hunting, and they brought home a big rabbit with a red ribbon on its ear. This rabbit has been suffering from diphtheria, but it is still alive. The Smith family is very grateful to Dr. P. B. Cunningham, who treated the rabbit and saved its life. Mrs. Smith says that they will give the rabbit to the school to show other children how important it is to be vaccinated against diphtheria.

The children of Mr. and Mrs. John Brown have also been hunting, and they brought home a big deer with a blue ribbon on its antlers. This deer has been suffering from a terrible illness, but Dr. Cunningham treated it and saved its life. Mrs. Brown says that they will give the deer to the school to show other children how important it is to be vaccinated against diphtheria.
