OPENING BALL GAME BACKED BY YMBC

Meeting in regular session Tuesday night, 43 members of the Young Men's Business Club were present, with President K. P. Dalton, president of the Fulton Baseball Association, and member of the Young Men's Business Club, requested the club to sponsor the opening baseball game here May 5 with Union City.

The proposal was accepted and the following committee appointed to arrange plans: W. L. Holland, M. L. Parker, W. H. Edwards, Jack Edwards, Ward Johnson and George Moore. No quail will be released to Fulton county farmers this season due to lateness of applications, according to Buck Bushart, chairman of the game committee. The railroad committee reported a conference with J. W. Marinello Beauty Shop Brings New Beauty System to Fulton

Mrs. Frank Hendon, who operated the Marinello Beauty Shop here for a number of years, and has opened a new shop in Memphis meeting with instant success, announces a new type of beauty service for the women of this vicinity.

Taking their cue from the mass production methods employed by large manufacturers, Mrs. Frank Hendon and those associated with her in the new venture, say that each item of service will be highly specialized.

Among the many advantages claimed for the new service are much lower prices and quicker and more expert service. The new system was first tried out in Minneapolis, Minn. Hendon said, and quickly secured such a large following that larger quarters were required within a few weeks.

This new type of service is being used in Mrs. Hendon's Memphis shop. Every woman desiring to try out our new and low cost service can do so in the next few days.

A large staff of trained operators will be available to render the latest in beauty service and a special invitation is extended women of this vicinity to take advantage of the facilities of the Marinello Beauty Shop.

SCRAPBOOKS

Today I received from the mother of one of my students an old scrapbook, made three quarters of a century ago by a boy who later became a famous editor. I have been turning through it, reading a bit here and there, and trying to recreate the time and the boy. And that brings up the whole question of scrapbooks.

Reading matter was scarce, as you all know, when some of us were young. Books were passed around from house to house, so that a single volume had often had half a hundred readers. Those who could not read very well listened to others read aloud. I got my first love for poetry in that fashion and heard older people read English and American classics long before I knew A from B. Not many people could afford to buy books outright. The scrapbook became a substitute, a sort of home-made one, for books. From the weekly newspapers and the few cheap magazines we received we saved such poems or stories or pictures or jokes as struck our fancy, laying them by for a later day when we would make a scrapbook.

The scrapbook, in my case, at least, was largely a matter of winter work, when I was shut indoors with a cold or on the long winter nights around the fireplace. I still have several of these home-made books, some fairly good, others pretty bad. The astonishing thing is that my scrapbooks and others I have seen show a startling lack of arrangement or choice. The dullest things that took our eyes were given as much attention as genuinely valuable things.

Many of these old scrapbooks have

assumed genuine historical value, for they have kept material that would otherwise be lost. Libraries that attempt to preserve valuable documents often prize highly these unassuming records of things and times long gone. These scrapbooks become, thus, a sort of unplanned, unbiased history of long-past events.

My scrapbooks, quite prophetically, leant toward poetry. I have just turned through one I made in 1902 and have found more than a hundred standard poems that would be in any inclusive anthology of American and English poetry. Besides these, there are several hundred poems that might be called minor poems, good at the time they were written but now largely forgotten. I mention this scrapbook in detail to remind you that the newspapers used to feature poetry, some of them having a double column once a week. That is where I got many of my gems. Newspapers today would feel somewhat cheap to print on their editorial page a poem that has become a part of our heritage; thus time passes.

Not every one who planned a scrapbook actually made one. In a shoebox were preserved all the valuables until they became yellow with age. I have visited in some quaint old homes on the outskirts of the Fillety neighborhood in which I was entertained, really so, by being shown the poems, stories, jokes, pictures, cartoons that were to form the basis of a scrapbook that had never and will never take form. Treasured up for years, these bits of printing opened the big world to people who probably never wandered twenty miles beyond the hills by which they were surrounded.

TIMELY TOPICS

After using its present state seal for 71 years, Alabama is to have one of new design, bearing a map of the state and showing its principal rivers. The Daughters of the Confederacy sponsored the new seal, asserting that the present one, adopted in 1868, "was designed by a carpetbagger."

The picture of a cat that never existed appeared on a Spanish postage stamp issued in 1930 honoring Lindbergh, also bearing a portrait of the flyer, his plane and the Statue of Liberty. It was erroneously rumored that Lindbergh had taken a black kitten as a mascot on his

Paris flight.

After waiting 28 years for her husband, who deserted her in 1911 and hasn't communicated with her since, Mrs. Mary Hill of Oklahoma City has filed suit for divorce.

Because of a dog fight, Chris Cummins of Omaha is suing his neighbor, Luther Creek, for \$1,000. Cummins charged that when their dogs fought his wife was knocked down and injured so severely that she was unable to care for three boarders, who moved out.

TEACHING AS A VOCATION
By Dr. J. J. Oppenheimer
Dean, College of Liberal Arts

For significant service to society, no profession offers greater or more varied opportunities than education. Of all public service groups teachers are the largest, and as education expands to include everyone, through the secondary schools, teachers will increase in numbers.

Salaries are not as high as the pay in some other professions, but most educational systems provide increases, and the profession has greater stability than others have. Also, for those who are truly suited to the vocation, there are other rewards. The teacher has prestige in the community, and he derives great satisfaction from his job of preparing the nation's young for their life's work.

Within every branch of teaching, from kindergarten to college, there are new fields to conquer, new methods, new careers, as the pace

of modern life makes changes in education necessary, and those who pioneer in the new fields soon become leaders in them.

One significant change is that teaching is becoming more and more a profession for men. With fewer opportunities offered in business and agriculture, and with the constant increase in the teaching field, the masculine influence is on the upgrade in education. Especially in the administrative branch is the opportunity large, but it is by no means confined to that.

If you are considering teaching as a profession as you graduate from high school ask yourself what the qualities are that a teacher should possess. Determine what the qualities are that make the teachers you admire, successful in their work. Consult those teachers. And if you think you can qualify, make up your mind what kind of teaching you want to do, so that you will know what educational background you will need.

KITTY TEAMS WIN EXHIBITION GAMES

The Tigers of Fulton traveled to Mayfield Sunday and defeated the Browns 12 to 9 before a large crowd who gathered at Kitty League Park to see how the two teams are going to stack up against each other in league play this season. The fans came away saying that it looks like it will be a horse race in the Kitty this season.

The Tigers jumped on Frank Biscan, the lefthander of last year's team in the first inning and before he retired they had the ball game. The Browns made a comeback, but it was matched with hits and runs by the Tigers and the Fulton team came out on top. The Browns sent

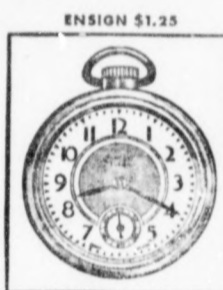

two balls out of the park, which showed that their power is in their bats. There were several errors on both sides which always mark spring games. Hans Danstrup and Herb Norquist were on the mound for the Tigers. The Browns collected 12 hits, while the Fulton boys were totaling 13.

INDIANS DEFEAT DAYTON BEFORE 500 FANS

The Indians of Paducah defeated the Dayton, Ohio, club at Hook Park Sunday 5 to 4 before 553 paid fans. Chief Ben Tincup was glad to see the boys use their bats to collect 14 hits. His pitchers did all right by themselves. Cendrowski, Shuppe, and Murphy were on the mound for the Indians. Wally Shrock, third baseman, came thru with three hits.

All the money was given to Herbie Tade, the great football player of the University of Tennessee, who was injured in a game with Kentucky. Thus the people who came and the ball club who donated their efforts and Pres. Holland Bryan of the Indians can be credited with an assist.

HOPPERS CRUSH GUTHRIE

The Hoppers of Hopkinsville met the Guthrie team at Mercer Park and slammed out 15 hits to the visitors one. The score at the end read Hoppers 14, Guthrie 0. The weather was so cold that only about 30 fans braved it to see the game.

The Hoppers with the help of several errors proceeded to hit little Lefty Sanders, while George Kosloski, a lefty of the Hoppers, Harold Rapp, speed baller, Melvin Strong, and Norman McIntyre, the all-around showman, just breezed the ball past the Guthrie boys. The Hoppers failed to display much power, but Manager Griswold who caught the game, says that they will improve.

GREYHOUNDS DEFEAT PARIS

The boys of Lee Johnson's stepped up and grabbed off a game at Turner Park Sunday when they trimmed the strong semi-pro team from Paris, Tenn. The club looks as tho it is rounding into shape with the hitters hitting harder and the pitchers showing right along. A nice turn-out of fans was on hand to watch the Greyhounds in competition against somebody besides a major league team.

BROWNS WALLOP MURRAY

The boys of Murray State College came to Kitty League Park on Saturday and the Browns of the Kitty League proceeded to beat them more than 20 runs. The Mayfield club displayed a lot of power at the plate and served notice that lots of them are going to be hard to get out.

The Browns fans are rejoicing because Bud Caughtry, Californian, who was the pitching hero of the playoffs in 1937, is back in Mayfield.

DAYTON BEATS HOPPERS

The Hoppers lost a game 5 to 3 to the Dayton, Ohio, club of higher classification at Mercer Park on Thursday afternoon. Al Holtz and Orville Grubbs did a fine job of pitching, while Stencil came up with a helpful double. Starr 2b, Wilson 2b, Perkins rf, Stencil lf, Erdman lf, Karas 1b, Crum ss, McGurie 3b, Hier cf, Adler cf, and Kosloski was behind the plate. Wilson got two hits, Stencil picked up one, Karas racked up two and Crum had two.

BARONS BEAT WESTERN

The Bowling Green Barons broke loose with lots of power piling up 19 hits to collect 21 runs in beating Western College boys 21 to 3. Keith Wassmuth catching for the Barons had a big day at bat when he hit safe four times out of five and climaxed the day with a smash over the left field wall with the bases loaded. The pitcher who saw duty for the Barons were Cliff Shaw, Howard Arbeiter, Lefty Ray and Cecil Hutson. Players seeing service were Maret, with 2 hits, Paisley, ss, 2 hits; Johnson, ss, Wood, 2b, Andereck 2b, one hit; White, cf, two hits; Smith, rf, with three hits; Hill, lf, with two hits; Bibich, lf, Haas p-1b, two hits and the catcher.

BLOOMINGTON DEFEATS HOPPERS TWICE

The Hoppers played their big cousin the Bloomington club of the Three I League at Hopkinsville Saturday and Sunday and were defeated in both games 9 to 8 and 5 to 2.

The Saturday game went eleven innings before Bloomington won out when Harold Peck singled and Joe Skurski followed him with a double.

The mound staff looked good, but the hitters didn't pack much power in their bats. Grubb, Harrison and Drake looked good Saturday on the mound, while Koslo, Cheeseman and Holtz showed up well Sunday. Errors played a big part in both games. Roberts, McGuire, Griswold and Starr looked tops at bat.

What A Scout Looks For In A Ball Player

NEW YORK—What a big league baseball scout looks for when he tours the sand-lots and school towns of the nation is revealed by Paul Krichell, chief scout of the New York Yankees, in a signed article in the May issue of Country Home Magazine.

Krichell, who has traveled 300,000 miles during the past 20 years to look over 80,000 prospects, lists the big league requirements as follows:

OUTFIELD—A good throwing arm, speed of foot, and most important, the knack of taking a good cut at a pitched ball. An outfielder should be able to spice his batting average with a generous sprinkling of doubles, triples and home runs.

INFIELD—A good pair of hands for ground balls, a good arm to throw out runners at first base, and a fair hitting eye. Infielders are

not expected to chip paint off the fences with drives, although power at bat makes them that much more welcome.

FIRST BASE—First sackers are not listed with infielders because of the vogue to have a big bruiser of the Jimmy Foxx, Hank Greenberg, Lou Gehrig school at the initial corner. In short, one who can dig a badly thrown ball out of the dirt and who can hit like a Missouri mule.

PITCHER—I want size and weight in pitching prospects. The right numbers are five-ten and six-two in height and between 180 and 200 pounds in weight. The sine qua non, of course, is a fast ball. Everything else can be taught.

CATCHER—A catcher must be able to throw to second base and he must be able to hit. He must also be smart enough to call for the right pitch. But here, too, if the prospect can throw and hit, and brains department can be developed.

As a final and absolute requirement for every great big league ball player Krichell lists "love of the game."

"Combined with ability," he writes, "he must possess a burning love of baseball that will allow him no other destiny. Don't underestimate that love of baseball. To be a star you've got to eat, drink and sleep baseball. Rogers Hornsby, who was probably the greatest right-hand hitter in history, never saw a movie during his big-league career because he was afraid it might strain his batting eye.

That Krichell knows what he is talking about is evidenced by the fact that he has discovered, among others, such famous stars as Tony Lazzeri, Mark Koenig, Billy Werber, Leo Durocher, Buddy Hassett, Red Rolfe, George Selkirk and Lou Gehrig, to mention only a few.

DEANNA DURBIN WINS ACADEMY AWARD TROPHY

Hollywood has officially and publicly paid homage to 16-year-old Deanna Durbin whose latest Universal success, "Three Smart Girls Grow Up," comes Sunday to the Fulton Theatre.

At the eleventh annual Motion Picture Academy Awards Banquet, Deanna was presented with a special statuette, her first Academy award the following inscription:

"To Deanna Durbin and Mickey Rooney for their magnificent contribution in bringing to the screen the spirit and personification of youth, and as juvenile players setting a high standard of ability and achievement."

In Deanna's simple and effective

acceptance, she said, "Two and one-half years ago when I came into this business, I had one desire. That was to be as good as I could be. Tonight you have made me very, very happy. My aspirations had not reached such a peak. I am extremely grateful."

BRADY BROS. GARAGE

NO PRESSURE?

JUST like your water service, electricity is delivered to your home at suitable pressure—the electrical term is voltage.

You expect water to flow at full pressure from every water faucet in your home. When you don't get it, there's a hurry call for the plumber.

But what about your electric service? Your lamps and appliances need this full voltage for their satisfactory operation. Are they getting it? Or does inadequate home wiring choke off their supply of energy, as it flows from the meter to the outlets, causing

slow operation of your appliances, dimmed lights and increasing your monthly electric costs for any given operation.

Adequate wiring has a large enough core of copper to deliver electricity at full voltage to each outlet, and give you the full use of the electricity you pay for.

An adequate home wiring system also provides enough lighting and convenience outlets, and switches, for your complete comfort and convenience.

Inquire about adequate wiring TODAY.

TIMELY TOPICS

Alabama magazine reports an alleged conversation between Jim Farley and Senator George Farley tried to placate George, assuring him that most New Dealers were against the purge, adding, "After all, the Chief (Roosevelt) is his own worst enemy." The senator is said to have shot back: "Not while I live."

Thinking war had broken out, or something, citizens of West Kingston, N. C., rushed out to buy a paper early one morning when a boy ran down the street shouting "Extra! Extra!" They discovered later that "Extra" was the name of his dog.

When You're Hungry at The Fair—

NEW YORK—More than 80 restaurants at the New York World's Fair 1939 will serve its millions of visitors. Their combined seating capacity at once will exceed 42,000. At top is the Turf Trylon Cafe with searchlights

in full play. In center is the Rheingold Inn and Terrace where patrons will witness an ice carnival. Below is the Casino of Nations which will have a corps of waiters able to take orders in a dozen languages.

Mississippi Serenaders Will Play on Capitol

One of the Mississippi's "hottest" dance bands will be heard when the steamer "Capitol" calls for its first excursion outing of the season at Hickman, Saturday night, May 6.

The "Mississippi Serenaders," a 12-piece novelty band celebrated music-makers, was recruited by Capt. Roy Streckfus before the big stern-wheeler sailed from New Orleans on its 2,000-mile cruise to St. Paul. Included in the troupe are several outstanding instrumentalists who have been heard in leading entertainment spots in Dixie.

Novelty is a prime ingredient in the musical repertoire of these musical entertainers, who mix the latest thing in "swing" with their own original interpretations. And there's never a dull moment in the Capitol's big ballroom when the Serenaders entertain.

Excursion boat dance crowds know their music, for they have danced in past seasons to the music of Streckfus bands which have produced some of the country's most noted rhythm-makers.

Excursion outings are constantly increasing in popularity, said Capt. Roy Streckfus. Hundreds of prominent organizations annually make them the featured event of their social calendar because they offer a welcome change from the ordinary routine and provide a delightfully different form of entertainment.

NEW STAMP "AUTOMAT"

Tests of a new stamp vending machine are being made by the Post Office Department in a large Philadelphia department store with a view to its wide use if it proves satisfactory.

The new machine is different from those at present used in various public places in that it gives full value for the customer's money, instead of only 2-cent stamps for a nickel. It is intended to be used in post offices to relieve patrons from waiting in line at stamp windows during rush hours.

Stamp "automats" deliver a 1-cent stamp for a penny, a 5-cent stamp or five 1-cent stamps for a nickel, and either one special delivery stamp, two 5-cent stamps or five 2-cent stamps for a dime. Three-cent stamps are not sold by the

automat, as there is no coin of that denomination in use at present.

When any compartment of the automat is out of stamps, the corresponding slot is closed. If a counterfeit coin or slug is inserted, it is rejected by the machine and returned, accompanied by the ringing of a small bell. Coins which are too badly worn are similarly rejected.

The new machines should prove a great convenience for the public, especially when installed in post office lobbies, and available when stamp windows are closed.

OLD KITTENS

By The P. M.

For you interested in the present whereabouts of ball players of other years, we submit the following: viz:

Hal Gregory, Fulton third sacker, is now with Anniston, Ala., in the Southeastern.

Dutch Welch, former Jackson manager, is managing Jonesboro, Ark., in the North East Arkansas League.

Harry Rice, who played with Fulton and Clinton Independent teams some twenty years ago and "went up" is now the manager of the Cordalla, Ga., team in the Georgia-Florida League.

Carl Barnhart, former Mayfield outfielder is now in the Three-I with Springfield.

Elmer Wright, Mayfield pitcher in '37 is with San Antonio in the Texas League, advancing from Johnstown.

Artie Granguard, Paducah third sacker, who was to go to Springfield, in the Western Association, has announced he will not report as he desires to finish college and take a job as coach.

Joe Just, a fine backstop on the '36 Hopkinsville team, will be with Milwaukee again this year.

Red Smith, former Hoptown manager, now is one of the Milwaukee coaches but is at present in Hopkinsville, helping select players for his old club.

William Shewey, once with Union City, later with Albuquerque, N. M., is now with Columbus, Ga., in the South Atlantic. He has just been sent there from Albany, Ga., as the result of a player swap.

August Bergamo, who hit 360 for Paducah last year will also play at Columbus this year.

Junior Thompson, Paducah pitcher of some two years ago, will likely remain with the Cincinnati Reds this year and may be a starting pitcher in the big show.

Julius Bonnetti, chunky left hander with Union City in '37 is going good with the Angels out on the Pacific Coast. His sinker ball is working good and Julio has won his first three starts.

Jack Farmer is managing the Postoria Club in the Ohio State League. He was with Dyersburg in the old independent days of twenty years back.

Jimmy Hamilton, business manager of the Nashville Vols for several years is now with Buffalo in the International. He has charge of several farms.

George Valine, infielder of the Greyhounds for the last few years has been sold to Springfield, Mo., of the Western Association.
