Child Health Day May First

On May 1, let us join in celebrating National Child Health Day, sponsored by the Fulton County Health Department, the Fulton County Health League, the Fulton County Health League, and the Fulton County Health League. This year's theme is "The Child as a Citizen of Today." The purpose of this celebration is to raise awareness about child health and to promote preventive health care.

The celebration of May 1 as National Child Health Day may be likened to the ring of an alarm bell, saying that we may be paying the price for our neglect of child health for too long. A national program for health education has been worked out and children meeting the requirements will be awarded a badge and a certificate.

The celebration of May 1 as National Child Health Day may be likened to the ring of an alarm bell, saying that we may be paying the price for our neglect of child health for too long. A national program for health education has been worked out and children meeting the requirements will be awarded a badge and a certificate.

Large Crowds Visit Laundry

A tripe through the Fulton's charming society was the occasion of one of the most delightful and entertaining events of the year. The Smith-Willis Stock Co., located in the second floor of the Masonic Temple, held its annual banquet to honor the hostess, Mrs. Boyd B. Owen. The event was attended by over 500 guests, including many prominent citizens of the community.

The Smith-Willis Stock Co. is known for its high-quality goods and excellent service. The store is located in the heart of the commercial district, making it a popular destination for shoppers.

Huddleston Improving

Friends of Huddleston will be glad to know that the improvements continue to progress. The site of the new building is being prepared for construction, and the work is expected to be completed within the next few months.

ROADS GET PART OF MOTOR COST

Too 75c Cost of Motorizing Bill Goes to Highways in Minnesota.

By A. M. RUSSELL

It is a matter of public record that the public is paying at least 75c. of every dollar of motorizing bill to road building in Minnesota. In fact, over 80% of the money raised by the so-called "motorization" is going to pay for roads. The car owner is paying for his road, whether he has an old or a new car, or no car at all.

In the case of the state the old and new roads are being replaced by a hundred or more new roads each year. Many of these roads are being paved or surfaced and many of them are being built on the best of the old roads. The cost of this work is entirely paid for by the owner of the roads.

The car owner is paying for the roads that are being built. The state is paying for the roads that are being replaced. The money paid by the owner of the car is going entirely to the roads and the public is paying for the roads.

OUR MESSAGE OF SERVICE

There is going to be a lot of activity in the building line this year. Architects and contractors, carpenters and masons all, are busily sharpening up their pencils and their tools, and getting set for business. It is not the young married folks alone who are going to build homes—those dream dreams of happiness in homes of their own—but many others who have long, long, been renting the roofs over their heads are going to try this year to realize their desire to have a home of their own.

Whatever you plan to do by way of BUILDING—REMODELING—REPAIRING—we want you to feel perfectly free to come in and consult our service department without the slightest obligation. Whether it's a big house or a bungalow, new garage, new roof or new floor, a sun parlor or a sleeping porch, an alley fence, or built-in fixtures—we are prepared to give you unexcelled service and low prices on Quality Material.

LET US HELP YOU MAKE YOUR DREAMS COME TRUE.

FOOD LIKE YOU GET AT HOME

This is truly a home-like restaurant because it has endeavored to keep the prejudices based on the theory that restaurants could not serve food like you get at home. Many patrons will testify that there is no difference between our meals and the meals they get at home. That's the reason they come here so frequently to eat. Years of catering to the appetites of particular people make it possible for us to serve appetizing meals.

OUR KIND OF FUN

We may not have as many attractions as the big city, but we do like the way we are, and just kind of what entertainment we do have is clean. And that the day of clean fun and amusement is far from being just evident on all sides.

In the way of radio, we do have several broadcasting companies, "Aunt S. A. and the boys," and other similar music groups, but we are thankful that our thrillers that make College Town on the air, and all at the same time the big city. In the matter of movies, these desirable require for their showing here are hit and rate, but the money they can get out of them regardless of what the thousands might be in our boys and girls. They must be clean and wholesome and with a limited population to cater to and hundreds above the city can enjoy in the city that only clean ones are shown.

Good, clean entertainment has always been the "must" in our home, and before the "big age" brought out entertainment with the phonograph and the amusement companies, the money that the dollars of all of everything else, it was the public what the want the public to go have—make and such-like it. Hence the reason why we do have the clean films, and it demands fun that does not also as a dance and not assured that the community is gone to remain as clean as possible.

MORE MONEY PER ACRE

We have always argued that experimenting with new crops is worth the time and money spent on it. Here comes a statistic to prove the statement.

The French coffee growers in Brazil, after a few years, had increased their profits by 1,000% over the cost of their original coffee. The increased yields have been due to the use of new varieties and improved farming methods. The coffee growers have also benefited from the increased demand for coffee beans, which has led to higher prices.

EASTER EGG HUNT WAS ENJOYABLE EVENT

Last Saturday, hundreds of children enjoyed the Easter egg hunt at the fair grounds, sponsored by the Lion Club. It was one of the largest crowds ever to attend, and the parents enjoyed the occasion equally with the children.

Thousands of eggs were hidden over the grounds, hundreds of which carried prizes and no number of prize winners were lucky in finding them all. Each child carried arm fulls of eggs to the homes of happy mothers and fathers.

The Fulton Junior High School band held its annual concert meeting April 6th, beginning at two o'clock. The program was well received by all present.
