Tax Suggested On Insurance, Food, Cars

Light Bulbs, Bookies, Oil, Gas, Movies Are Included

Washington, — The House Ways and Means Committee and Post-Chamber tax experts had agreed to levy tens of millions on car tax insurance and on automobiles and airplanes in consideration of plans in new revenue.

These and other levies proposed by the staff of the Joint Committee on Taxation would be in addition to a long list of proposals to be discussed by the Treasury Department and would require some form of legislative action.

Food Taxes Proposed
Post-chamber tax experts have called for the introduction of a food tax, including chocolate, coffee, and beer.

Sixty per cent of the tax, which would be levied on coffee and coca, is said to be proposed as a tax on one pound of sugar.

Some other levies in the list include $1 each annually for the use of the national parks, public and all buildings of the Federal government, and a non-refundable $5 automobiles tax.

The committee staff emphasized that the proposals are to be recommended by the Treasury.

Fifteen Years Ago

(April 28, 1925)

A group of old-time bankers who were prominent in the business of Fulton 15 years ago have recently returned to the area to make the run between Union City and Fulton in search of gold. They have been successful in their search and have discovered a great amount of gold in the vicinity of the old Union City courthouse.

The gentlemen who discovered the gold were Messrs. John, James, and Robert, all of whom have been bankers in Fulton for many years. They have been known as the "Gold Trio" and have been active in the business community for over 30 years.

The gold was discovered in a small mine located near the old Union City cemetery. The mine was originally opened by Mr. John several years ago and was abandoned due to lack of funding.

The gentlemen have already invested $50,000 in the mine and are planning to expand their operations in the near future. They are optimistic about the prospects of the mine and believe that it will be a profitable investment.

The discovery of the gold has caused a great deal of excitement in the area and has led to increased interest in the business community. Many young people are looking to the "Gold Trio" as a model for success in the business world.

The gentlemen have been active in the community for many years and have been involved in various projects. They have been instrumental in the development of the area and have been known for their philanthropic efforts.

The "Gold Trio" is planning to open a new bank in Fulton and are looking for investors to help finance the operation. They are confident that the new bank will be successful and will contribute to the growth of the community.

The gentlemen have also been active in the community's efforts to attract new businesses. They have been instrumental in bringing several new businesses to the area and are looking to continue their efforts.

The "Gold Trio" is known for their dedication to the community and their commitment to helping others. They have been active in various charitable organizations and have been known for their generosity.

Well, after Tuesday Fulton Page started to take a fill more interest in the baseball boys. For over ten years they had been doing their spring training exercises at Fairfield, but this year things were about to change. The boys and their manager, Maclay, for the Tiffin's, will soon be leaving this vicinity.

**SPORTS**

Sunday, the Muskegon Reds, who have been doing their spring training exercises here, will start the season. He will test his team here and Ins team will play against the two league here next week, when Saginaw drops In here for a game and this will give him a sort of line on what he has. During the training exercises, the boys have been at work, but they have not been able to make much out of the players. The next week the players start to go to the players and will not make much of the training, the boys will be put to the test. The training will be a great help to the boys.
