TRUCK DRIVER ROBBED

Jesse Huettman, truck driver for the State Fair of Fulton, was held up and robbed of $150 at gun point on the Martin Fulton highway, north of town, at 3:00 a.m. Tuesday. The amount of $150 was carried in a small canvas bag, contained in the rear window of the truck. The driver, Jesse Huettman, was a native of Fulton County, is employed by the State Fair of Fulton, and is from the city. The driver was able to escape and was able to notify the authorities. The police are on the lookout for the robbers and are hoping to make an arrest soon.

DEPARTMENTAL ACTS

The annual dedication at Fulton's new annex to the new annex to the county hospital took place on Monday, May 26, 1930.

1930 Fulton County Fair

Preparations are now well advanced to make the Fulton County Fair this year the greatest in history. The fair and exposition will feature exhibits of outstanding merit in exhibits of the landscape, horticulture, and agricultural industries, with special emphasis on the display of machinery and equipment in the agricultural industries. The custom of events and programs on the fair and exposition will be their usual high standard. The best shows and exhibits of the poultry, cattle, and swine in the county and the best performers in the various industries will be featured. The fair will continue from May 25 to May 30.

BRIEFS

A newly inked trouser company in Fulton is about to open for business. The company is located at 1101 W. Market St., and is the creation of Mr. and Mrs. John Smith. The company will feature men's and women's clothing, with a special emphasis on fashion and quality. The company is known for its high-quality fabrics and excellent tailoring. The store will be open daily from 9 a.m. to 9 p.m.

Electric Service On the Farm

Electricity—The Time Saver

In the days before electricity, the farm, breakfast meant grinding corn into meal from the kitchen grind stone. Now, with home electric goods, anything from coffee to tea and eggs can be prepared right in the kitchen.

The time saved with these and other electric appliances, such as vacuum cleaners, washing and ironing machines, refrigerators, fans and water heaters, is worth many times the initial cost of the electricity consumed.

And around the farm, electric motors driving pumps, milking machines, feed grinders, and other farm equipment, do their work with the least amount of time and cost of hand labor.

If you are located on or near one of our electric power lines, ask our local manager for complete information concerning the possible uses of electricity on your farm.

Keep Cream Cool During Hot Months of Summer

When you can produce enough cream during the hot months, keep it as cool as possible. The following facts are worthy of consideration.

Major casks at times more quickly spoil than small ones. So, when making smaller quantities, the cooling should be done more quickly. Do not pump hot cream into cold casks, or vice versa. Never store cream at a temperature above 50°.

Distinguishable Flavors in Cream Caused by Yeasts

The growth of yeast in milk and cream is very common, and the following facts are worthy of consideration.

When high sugar content is present, the yeast will predominate and a pronounced sour flavor can be produced. The following steps can be taken to prevent such a condition:

1. Avoid overpasteurizing.
2. Use only low-sugar milk.
3. Keep milk cool while pasteurizing.
4. Keep milk cool after pasteurizing.

Solve Soil Fertility

Solving soil fertility problems is critical for maintaining a healthy and productive dairy operation. Here are some tips to help improve soil fertility:

1. Mix organic and inorganic fertilizers to balance nutrients.
2. Use soil testing to determine nutrient levels.
3. Rotate crops to avoid nutrient imbalances.
4. Incorporate green manures or cover crops.
5. Apply compost or manure to improve soil structure.

Provide Natural Shade for All Young Poultry

A shade system is necessary when raising young poultry, especially in hot climates. Here are some tips to consider:

1. Use large, overhead structures to provide shade.
2. Consider using shade nets or tarps.
3. Provide shaded areas in areas where water is available.
4. Monitor the shade system to ensure it is effective.

Always Make Fowl as Profitable as Possible

To ensure fowl are as profitable as possible, consider the following:

1. Provide adequate feed and water.
2. Monitor health and disease management.
4. Provide a comfortable environment.

SUPPORTING TWO WIVES

In the context of supporting two wives, the following strategies can be considered:

1. Provide equal care and attention to both partners.
2. Communicate openly and honestly.
3. Establish clear boundaries and roles.
4. Seek support from friends and family.

*You can't paint a house with APPLE-SAUCE!*  

It takes fine old SWP House Paint to give you a rich, durable and permanent finish on your house. The "Cheap" paint is just "Apple-sauce." When it's cheap-looking finish doesn't last a season. It's the finest paint you can buy, because it lasts a lifetime. You can't get your name on the Advertising hat as a regular subscriber. You can't get as much paint as SW I', the finest doesn't last a season. It's a rich, durable and two-year paint. It takes fine old SWP

**Money Well Spent in Remodeling Old House**

The cost of modernizing a remodeled house is low. Only a few hundred dollars are needed to make a home attractive and comfortable. An investment made in a house in this way can be considered a necessity and one that will add to the value of the property.

**City Planning Increasing Importance**

A growing town requires proper city planning. The new residential street recently completed in the city is a tribute to civic pride and intelligent planning. The streets are wide and the sidewalks modern. The new homes are large and are built for modern living.

**Fence to the Home**

There is great importance in the selection of a fence that is attractive and also serves a practical purpose. A fence in the front yard should be a distinctive feature in the home. The purpose of the fence is to enclose the property and to serve as a barrier between the home and the street.

**Shade Trees Important**

Shade trees are important in the landscaping of the home. They provide shade and beauty, as well as cooling the air. Trees should be planted in the front yard and along the sidewalks. They should be at least one or two feet apart.

**Better Light**

The problem of good lighting is an important one. The light should be well distributed throughout the house. Good lighting is essential in the home to provide comfort and convenience.

**Friendly Word**

A friendly word is pleasant to the ears and has a good effect on the mind. It is better to be friendly and kind than to be harsh and unfriendly.

**LIFE IMPRISONMENT CASE**

By ROY SPRINGER

Slayor of F. M. Barrett, Fulton Merchant: Cut and Shot Police Chief Huddleston

Roy Springer, who killed Frank Barrett's local merchant, and cut and shot Chief of Police Huddleston in Fulton, on February 4, was found guilty of guilty of murder in a circuit court jury in back week and sentenced to life imprisonment in the Eddyville prison.

Following the trial on the Grand Jury indictment, the jurors retired on the charge of murder and on the charge of shooting and cutting with intent to kill Bailey Huddleston. On this charge he pleaded guilty and the jury returned a verdict of guilty.

The jury returned a verdict of guilty on the charge of killing Bailey Huddleston. Thereafter, the trial was continued and the trial was held in the Eddyville district court. The judge continued the trial and the jury returned a verdict of guilty.

The trial ended on the charge of murder and on the charge of shooting and cutting with intent to kill Bailey Huddleston. On this charge he pleaded guilty and the jury returned a verdict of guilty on the charge of killing Bailey Huddleston. Thereafter, the trial was continued and the trial was held in the Eddyville district court. The judge continued the trial and the jury returned a verdict of guilty.
