ECONOMIC HIGHLIGHTS

The possibility of making small business with government loans has been greatly increased by the recent changes in the government loan program. The FHA plan is similar to the FHA plan now in operation, and it is said that this increase in the amount of loans still outstanding will eventually lead to a rise in business.

THE FORUM
By J. PAUL BURNS, Editor

A column dedicated to news, notes, and comments, to which readers of The News and 21st Street are invited to participate. Mail contribu-
tions to THE FORUM, this newspaper.

W. S. West, owner of the West. 1204-06 Park
Avenue, was named President of the Ramsey Art. 10th Ave., for the past year. Other

The election, which is to take place on the Second Avenue Press, is in the hands of the
Guard, Fred Patterson, J. K. Bull, W. J. Atchison, and G. N. Gourley.

Immediately after they received the living room inviting people to come to the banquet, The
Forum was held at the headquarters of the American Legion, Freehold, as an effect of the
citizen of the world, and those who fail to vote because not only letting his business
become confused about the issue, but 1, allowing his con

Drinking Milk can reduce the chances of heart disease, as it is one of the most important
items of the diet.

We have just completed the installation of a modern, sanitary Milk Plant, and invite you to visit us.
We are located on Mears Street, and will be glad to have you inspect our plant and sample the delightful,
wholesome and pure dairy products we are producing. There's nothing to equal it in this section.

THE WAGES OF SIN

Milk is a food no one should do without. Because it contains so many elements of a health-
ful diet. We should use it daily. A quart for each child and a pint for each adult is a good
dail allowance. Milk is a rich energy food.

THINGS TO REMEMBER ABOUT MILK

1. It is one of the most important items of the diet.
2. Pasteurized milk is safest.
3. It should be bought in a sealed bottle.
4. It should be kept cool, clean and covered.
5. Pasteurized milk is purest and most wholesome.

Drinking milk is good for health, as it is one of the most important
items of the diet. We should use it daily. A quart for each child and a pint for each adult is a good
dail allowance. Milk is a rich energy food.

WORKING THE ROAD

Before the WLAs or the PWA rescued the rural areas of the United States, the job of maintaining the roads fell to the farmers. In the early days of working with the WLAs, the young women were assigned to various tasks that helped maintain the roads. One of the most important tasks was to help carry the gravel to the gravelers.

With this we knew we were working hard. As a WLAA member, I can testify to the fact that we worked hard. We had to carry the gravel to the gravelers. We had to work hard and we did.

The work was hard, but it was necessary. We had to maintain the roads to make sure that the cars could travel safely.

Today, the roads are maintained by the state and local governments. The work is still hard, but it is done by machines and trucks. The WLAA and the PWA were important in the history of rural America.
